**MINUTES OF MEETINGS**  
**OF THE**  
**Board of Commissioners**

**JANUARY, 1926**

Newark, N. J., January 5, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Absent: Commissioner Gillen.

The minutes of meeting of December 29th were read and approved.

Mayor Raymond: Does any citizen desire to be heard by the Commission this morning?

(No response.)

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The Clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled, "An ordinance to establish a

Law Department in the City of Newark," adopted January 27, 1921.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Section 13 of an ordinance entitled, "An ordinance to establish a Law Department in the City of Newark," adopted January 27, 1921, be and the same is hereby amended to read as follows:

Section 13. The salaries of the various members of the Law Department shall be as follows:

Corporation Counsel, \$12,000 per annum.

First Assistant Corporation Counsel, \$8,000 per annum.

Second Assistant Corporation Counsel, \$6,000 per annum.

The salaries of the legal assistants, clerks, secretary to the Corporation counsel and other employes of said department shall be fixed by resolution of the Board of Commissioners and be payable as other salaries are paid.

Section 2. All ordinance and parts of ordinances inconsistent herewith be and the same are hereby repealed.

Section 3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that Tuesday, January 12, 1926, at 10 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give notice of its introduction and passage on first reading, as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the regulation and control of vehicular traffic and the parking of vehicles in certain streets of the City of Newark and providing penalties for the violation thereof, and stated that to-day was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Brennan: I move the ordaining clause be stricken out. The ordinance has been so amended and and changed that I desire to introduce a new ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance providing for the regulation and control of vehicular traffic and parking of vehicles in certain streets of the City of Newark and providing penalties for the violation thereof.

The Board of Commissioners of the City of Newark do ordain:

Section 1. The following streets in the City of Newark are hereby designated as through streets:

Broad Street, from Clay Street to Harvey Street.

High Street,

Park Avenue,

Summer Avenue,

Sussex Avenue,

Roseville Avenue,

Thirteenth Avenue,

Lafayette Street,

Avon Avenue,  
Lyons Avenue,  
Chancellor Avenue.

Section 2. It shall be unlawful for the driver of any vehicle to enter or cross any of the streets designated as through streets unless he first brings his vehicle to a complete stop at a point not less than ten feet from the curb line of the intersecting street and as near to the right-hand curb as possible, provided, that this section shall not apply to intersections where a traffic officer is on duty or a signal regulating traffic is in operation.

Section 3. The following streets in the City of Newark are hereby designated as one-way streets, and traffic therein shall move only in the direction specified:

Cedar Street—eastbound.

Halsey Street—southbound.

Academy Street from Broad to Plane Street—westbound.

Franklin Street—westbound.

Green Street—eastbound.

Mechanic Street—eastbound.

Clinton Street—eastbound.

Beaver Street—southbound.

North Canal Street—westbound.

South Canal Street—eastbound.

Bank Street from Plane Street to Broad Street—eastbound.

Orchard Street from Camp Street to Walnut Street—northbound.

Section 4. It shall be unlawful to park any vehicle for a longer period than one hour between the hours of 8 A. M. and 6:30 P. M. in or upon any of the following streets in the City of Newark:

Market Street from New Jersey Railroad Avenue to Fleming Avenue,

Fleming Avenue,

Springfield Avenue from High Street to Bergen Street,

South Orange Avenue from High Street west to Bergen Street,

Orange Street from High Street west to City Line,

Ferry Street from beginning to Wilson Avenue.

All of the streets of the City within a zone bounded on the north by Orange Street, on the east by Ogden Street, Front and River Streets and New Jersey Railroad Avenue, on the south by South Street from New Jersey Railroad Avenue to Broad Street and Lincoln Park, and Spruce Street from Lincoln Park to High Street, and on the west by High Street, including both sides of the streets bounding said zone.

Section 5. For the purpose of interpreting this ordinance, parking a motor vehicle is defined as leaving a motor vehicle unattended by a licensed driver.

Section 6. It shall be unlawful to leave standing or permit to be left standing any motor vehicle in or upon any of the public streets where such vehicles are permitted to stand during the hours specified in this ordinance in any other position than parallel to the curb of any street not more than 12 inches from the curb line.

Section 7. It shall be unlawful to park between any safety isle and the nearest curb.

Section 8. It shall be unlawful to make either a right-hand or left-hand turn at the intersection of Broad and Market Streets.

Section 9. All commercial vehicles shall be excluded from Broad Street between State Street and Chestnut Street and from Market Street between **Plane Street and Alling Street**, except as it may be necessary to carry supplies to or from residences or places of business on either side of said streets, or in case of buildings being erected fronting on said streets. In all cases, however, such vehicles must enter said streets from the street nearest to such residence or building in course of construction and shall leave the same at the nearest intersecting street.

Section 10. The provisions of this ordinance shall not apply to vehicles standing for the purpose of loading or unloading goods, wares or merchandise

during such period as may be necessary for such loading or unloading, or to vehicles in attendance at funerals, weddings, receptions or celebrations, and doctors calling on patients.

Section 11. No person shall leave any vehicle standing on the street with the sign thereon "For Sale" or clean any vehicle or repair the same on the street, except in case of emergency.

Section 12. It shall be unlawful to place on any sidewalk or street any "No Parking" or other traffic signs, other than those furnished by the Division of Police of the Department of Public Safety.

Section 13. Any person or persons who shall violate any provision of this ordinance, except sections 2 and 3, shall, on conviction thereof, forfeit and pay a fine of not more than five dollars (\$5) for the first offense, not less than five dollars (\$5) or more than ten dollars (\$10) for the second offense, and not less than ten dollars (\$10) or more than twenty-five dollars (\$25) for each subsequent offense.

Section 14. Any person or persons who shall violate Sections 2 and 3 of this ordinance shall, on conviction thereof forfeit and pay a fine of five dollars (\$5) for the first offense; not less than ten dollars (\$10) or more than twenty-five dollars (\$25) for the second offense; not less than twenty-five dollars (\$25) or more than fifty dollars (\$50) for each subsequent offense.

Section 15. In addition to the money penalties provided for in this ordinance,

the Division of Police of the Department of Public Safety shall, in case of the violation of either Sections 4, 6, 7 or 11 of this ordinance, take and remove or cause to be taken and removed any vehicle parked in violation of any of the provisions of any of said sections to such garage or place as may be selected by the Director of the Department of Public Safety as a garage or place for the impounding of vehicles parked in violation of any of the provisions of any of said sections, and said vehicle shall be there retained and impounded until the person or persons owning said vehicle shall pay the cost of such taking and removal, together with a garage charge of one dollar for each and every day said vehicle is retained and impounded.

Section 16. If any section, paragraph or provision of this ordinance shall be adjudged invalid, such adjudication shall apply only to the section, paragraph or provisions so adjudged, and the rest of this ordinance shall remain valid and effective.

Section 17. All ordinances and parts of ordinances relating to the parking of vehicles and the regulation of traffic excepting an ordinance entitled, "An ordinance regulating the operation of cars, omnibuses, stages and other vehicles, commonly called jitneys," approved June 19, 1916; an ordinance entitled, "An ordinance regulating taxicabs, automobiles and other motor vehicles used for hire, and providing penalties for the violation thereof," adopted August 23, 1921, and an ordinance entitled, "An ordinance regulating the use of streets in the City of Newark by pedestrians, and providing penalties for the

violation thereof, adopted June 26, 1923, be and the same are hereby repealed.

Division of Buildings  
City Hall

Newark, N. J., December 22, 1925.

The Board of Commissioners of the  
City of Newark.

Honorable Sirs:

The application of J. T. Castles Ice Cream Company to amend the Building Zone Ordinance so as to create a heavy industrial district on the premises 893-897 Frelinghuysen Avenue was considered by the Board of Adjustment at its meeting of December 17th.

The Board of Adjustment respectfully recommends that this application be denied for the following reasons:

1. Approximately one-fourth of the area of the City is zoned for heavy industry.

2. The west side of Frelinghuysen Avenue, from Peddie Street to the Elizabeth Line, a distance of nearly two miles, has been placed in the light industrial district as a buffer zone between the heavy industrial district on the east and residential district, including Weequahic Park on the west. The proposed change would cut into the light industrial and residential districts here described.

3. If any change is contemplated on the west side of Frelinghuysen Avenue, especially between Dayton Street and the Elizabeth Line, the entire frontage should be treated in the same manner.

4. In the opinion of the Board of Adjustment application to change the regulations on a single piece of property in a district, similarly developed should be encouraged.

Respectfully submitted,

The Board of Adjustment.

R. B. Rankin, Secretary.

Commissioner Howe: This was referred to the Board of Adjustment and they disapproved of the change in zone. The representative of the applicant was here two weeks ago and he took the matter under advisement with respect to making an application to the Board of

Adjustment for permission to locate the particular industry at the place in question.

Commissioner Murray: This is at Mitchell Place and Frelinghuysen Avenue. The application is for the change of zone to permit the manufacture of varnish under a new process which calls for no stacks, no smoke and no odors.

Mayor Raymond: Why did the Board of Adjustment turn it down?

Mr. Congleton: While this business was not objectionable, it might be that anything now in a heavy industrial district would be permitted, and when this application was refused, the application was going to apply to have this one factory erected.

Commissioner Raymond: It sounds to me as if we should go along with industry.

Commissioner Murray: This concern is offered facilities at Camden, New Jersey, and if they can't get located in Newark they will go to Camden.

Commissioner Howe: Your solution, Mr. Congleton, was better than changing the district. Mr. Congleton made a solution of this problem that would protect this whole neighborhood. There is a factory on this spot, and Mr. Congleton suggested going back to the Board of Adjustment to let them grant a permit for this piece of property, without affecting any of the rest, in view of the fact that a factory stands there now.

Commissioner Murray: The manufacture of varnish was specifically men-

tioned as being limited to heavy industrial zones. At the time the ordinance was adopted there was no such process of varnish making as this. This is a new process, odorless, and without smoke and no stacks. The real objection to it was based upon the fact that the specific reference to varnish making limited that industry to heavy industrial zones.

Mayor Raymond: Commissioner Howe seems to think Mr. Congleton's suggestion was practical. Will you make a motion, then?

Commissioner Howe: I think the zoning board should have agreed to go along on Mr. Congleton's suggestion, rather than change the whole districts.

Mayor Raymond: Why not refer it back to the zoning board with a recommendation that they make this exception?

Commissioner Murray: I move that that be done.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

City Clerk.

Newark, N. J., January 12, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of January 5th were read and approved.

Mayor Raymond: Does any person here desire to be heard by the Commission this morning?

Mr. Hugh Reilly: Mr. Mayor and members of the Commission, I represent one of the Committee from the Essex Trade Council. We have prepared a resolution that we would like to have read and endorsed by the Commission.

The Clerk then read the resolution as follows:

WHEREAS, The protracted strike of over 150,000 anthracite coal miners in Pennsylvania has compelled many New-arkers to use substitutes as a protection against the rigors of the season, and,

WHEREAS, The use of substitute fuel, particularly that commonly known as soft coal, has been accompanied by several outstanding disadvantages unusual to our citizens, namely: frequent attention to fires, and accumulation of gases, dirt and grime within the household and throughout the neighborhood generally, therefore,

BE IT RESOLVED, By the City Commission of Newark, New Jersey, that while viewing the use of substitutes as a welcome alternative in the present emergency, we cannot overlook the inconvenience their use has caused out citizens, or the detrimental effect upon the general appearance of our city which protracted use of some fuel substitutes would entail, and, be it further

RESOLVED, That the Mayor of Newark be, and is hereby instructed to communicate our sincere desire for an early and amicable settlement of the present coal strike, to the impartial chairman and representatives now conferring with that end in view in New York City.

Thomas L. Raymond  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.  
John Howe

Mr. Reilly: This subject was brought up at last Friday night's meeting of the Essex Trades Council. Naturally the sympathies of organized labor are with the striking miners, but we realize a condition exists, and though the use of substitutes has tided us over, accompanying those substitutes and the use of them have been disadvantages that are heartbreaking to the average householder. Seventy-five per cent of the citizens of Newark are wage earners. Their wives have to attend to their household duties, and accompanying the use of soft coal has come the dirt and grime that all of them are complaining of, and even though in your own particular household you may still have a supply of hard coal, your neighbors use

the soft coal, and the smoke and dirt goes through the air, and if a woman has her clothes on the line they are dirtied, and it has a depressing effect, and none of us want to see the women washing and rewashing clothes. Added to that there is the dirt in the house.

We feel there should be some expression of public sentiment on this matter. It is true we are keeping warm, in a sense, but if this condition is permitted to continue it will be no time before the general beauty of the city will be marred and we will become in appearance like the northwestern cities that use soft coal all the time, and at that they don't use the same type of coal that is used in this territory. We feel that the construction of our homes is not adapted to the use of soft coal. The flues are too small to carry off the smoke and dirt and it accumulates through the house.

Some of our newspapers during the past few weeks—we see in them that the people are content with the situation; that they are growing used to soft coal and hard coal substitutes, and the inference was spread that people of our city are perfectly satisfied with conditions, that they were sitting tight. We disagree with that declaration. We also disagree with the assumption that any newspaper or any private body is in a position to reflect public sentiment; that you men, and you men alone, selected as a public body, are capable of doing that, and we were moved still further by a news item in the paper last Friday to the effect that the Fuel Commissioner in the State of New York had appeared before the conference in session in New York City and had told them that so

far as the State of New York was concerned, why, "Oh, hell, you fellows can meet from now to Doomsday; we are not affected in the least," and that item was published with apparent glee.

We feel that any man that says he is satisfied with present conditions, or who pictures the citizens of Newark as satisfied with the present conditions—he is telling you that we would be satisfied with horse cars, or a horse trough for a bathtub. We think there are disadvantages that should be spoken out against. We feel our organization, representing the wage earners of the City—we don't represent the non-union workers, but we feel we can reflect what is going through the minds of the people. We feel that an expression such as this, coming from our body to you people should be heard as the true expression of the public sentiment on this strike. They are meeting in New York. Both sides want to come to an understanding, and I believe a little urging by you would help to bring that about.

Commissioner Gillen: I move the adoption of the resolution.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to amend an ordinance, entitled, "An ordinance to establish a law department in the City of Newark," adopted January 27, 1921, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen wish to be heard?

(No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled, "An ordinance to establish a Law Department in the City of Newark," adopted January 27, 1921.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that the title of "An ordinance to amend an ordinance entitled "An ordinance to establish a Law Department in the City of Newark, adopted January 27, 1921," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The Clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled, "An ordinance to establish a Law Department in the City of Newark," adopted January 27, 1921.

The ordinance having been read three times, was declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: I think at this point I would like to make a statement. I am very pleased to report to the Commission formally—I have already done so informally, and to the public, that I am able to introduce today an ordinance for the adoption of a lease with the Weyerhaeuser Lumber Company on property adjoining the property which we have recently rented to Sears-Roebuck. The Weyerhaeuser Lumber Company is probably the largest lumber company in the United States. They will occupy thirty acres for a term of twenty years with a period of renewal for ten. The rental for the first five years will be \$24,000 per year, or a total of \$120,000; for the second five years \$27,000, or a total of \$135,000; the third five years \$30,000, or a total of \$150,000 for the five-year period, and for the fourth five years \$33,750, or \$168,750 for the period. The total for twenty years will be \$573,750. In the renewal period the rental for the

first five years will be \$36,750; for the second five years \$39,750, or a total of \$183,750 for the first five years of the renewal period, and \$198,740 for the second five years of that period, making a grand total of \$956,250 for the thirty-year period. This means an average rental per year over the thirty-year period of \$31,875.

The company has made certain representations to us, and our investigation of the company has justified our relying upon their representations. It operates its own line of steamers. One steamer will carry seven million feet of lumber, which is equivalent to 250 railroad cars. They will receive at least two steamers a month, fourteen million feet of lumber, or 500 railroad cars of lumber each month, arriving at and being distributed from Port Newark. The company means to make Newark its eastern terminal. This means that about twenty-three families will move here from Baltimore, which is now its eastern terminal. The company will employ about 300 employees, with a weekly payroll of between \$6,500 and \$7,000. The company contemplates investing about half a million dollars in a plant; and it also proposes to do its banking with our local institutions, based upon its business experience the company expects to do between ten million and twelve million dollars worth of business in this City a year.

I am very pleased to announce that we have effected this lease, and I want to say in fairness to somebody that the employee who brought about this lease, whose years of work resulted in this achievement, was Dr. Charles F. Kreac-

mer. Dr. Kreaemer has worked for three years on the renting of Port Newark. It was largely through his work that we brought Sears-Roebuck to the point of negotiation, and it was through his bringing Colonel Long to my office that we were able to negotiate this lease.

I think there is a misunderstanding as to the amount of work Dr. Kraemer does, and the sincerity with which he does it, and the whole hearted enthusiasm he has in the success of his work. I know the Commission wishes to be fair to a hard working employee, and I think it is only fair that I should make this statement concerning him, and give him this credit which is due him.

I might say that through these two leases the total rentals over the period of the leases will be \$2,356,250, and I would like to say, too, that we are only beginning. Dr. Kraemer has numerous prospects of other leases, and I hope to bring other leases here within a short time. This is only the beginning of the development of that vast undeveloped property of Newark which, I think—I am subject to correction by men who know more of the subject than I do—but I think it contains about one-fifth of the total area of the city of Newark, which is vacant and ready to move along with the prosperity of this City, and every effort of the Department of Public Affairs is now being directed towards a tremendous success for Port Newark, because, as I have said many times, and as I most heartily believe, that is going to make Newark a greater city than almost any city on the Atlantic seaboard. We have \$8,000,000 invested there and

our payroll for services performed by our City employees—I don't know exactly what the amount of it is, but it is absurdly small when we consider the vast amount of work that is being done.

The organization is small and has been diminished in the last few years. I think we have diminished the engineering force by three. We have Mr. O'Toole there to do the publicity work, which is of vast importance. He circularizes Newark and Newark's coming greatness and the possibility of Newark's being a splendid place in which business can locate throughout the world.

Then Mr. Ross—it is not generally known what Mr. Ross does, but he is what is known as a trade expert—an expert in commerce. He was president of a bank in the West, on the Pacific Coast, then took up this great interest in commerce and then edited a marine magazine and we had to retain Mr. Ross whenever we had hearings in Washington relating to our port. We were obliged to retain Mr. Ross to make an intelligent presentation of the City's case with respect to trade rules and trade negotiations, for which we have no one in our department at the present time. The City of Newark, not being a seaboard town, we had nobody to whom we could turn, and after a while I asked Mr. Ross if he would serve us under a salary and he consented to do so. Since then he has taken up various important questions, such as the matter of ships not being detained at the immigration station, but coming directly here, so that now boats do not go through the inconvenience of having to stop at another port before coming to Newark, but they

come to Newark, and go through the investigation matters here. He has taken up lighterage charges and railroad rates and innumerable questions at Washington and with the railroads and elsewhere, and he is also the one expert we have to take up the question of international commerce, and it is his duty to, be outside of Newark, wherever he is called and wherever he is needed, to do that important technical commercial work for Port Newark.

The investment of \$6,000 for such a man, on an undertaking where we have \$8,000,000 involved, it seems to me, is not much.

Then when these circulars and other publicity which Mr. O'Toole circulates produce inquiries it means that someone wants to come here to do business, and the system is to turn those inquiries over to Dr. Kraemer. He carries on all the correspondence and does all the work toward bringing about a lease. This means his traveling all over the country, and he has written a letter which I am going to give to the press this morning, explaining what he has done.

His services in bringing about this lease would yield him as a real estate agent about \$25,000, and his services on the other lease would have yielded him a larger return, and I think that it is fortunate that we can find a real estate man of his years and experience who will give his whole time to our City business and who will sacrifice the making of money in the general real estate business to be of service to his city. I feel that I am justified in my judgment

of Dr. Kraemer, and my judgment is based on some years of experience and what is happening at Port Newark has justified the years of work down there. Sometime another man's department is not known to his colleagues as it should be. That is why I am explaining these things this morning.

I might say, in addition, that we are paying Dr. Kraemer \$6,000 a year, and that in addition to the work which he has done in reference to Port Newark, and my colleagues were anxious that I make it known what he did, he has acted as the City's expert witness and appraiser, without compensation, in all of the innumerable proceedings we have had before assessment commissioners and tax boards, and all other such bodies for the last three years, and has done an enormous amount of work, which would have cost the City a great deal more than we are paying him now. He is always called upon, and he represents us in all these condemnations for street improvements, defending the City's assessments before tax boards and testifying in court and in all that work he has been our official witness without compensation. I think he certainly earns the money we pay him.

Commissioner Raymond introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance authorizing the making and execution of a lease between the City of Newark and Weyerhaeuser Tim-

ber Company, a corporation of the State of Washington, of a tract of land at the Port Newark Terminal, in the City of Newark.

WHEREAS, A proposed lease between the City of Newark and Weyerhaeuser Timber Company, a corporation of the State of Washington, has been prepared, setting forth the terms and conditions agreed upon between the City of Newark, acting by and through Thomas L. Raymond, Mayor and Director of the Department of Public Affairs, in charge of Port Newark Terminal, and the representatives of Weyerhaeuser Timber Company;

Now, therefore, the Board of Commissioners of the City of Newark do ordain:

Section 1. That a lease between the City of Newark and Weyerhaeuser Timber Company of premises located at Port Newark, in the City of Newark, County of Essex and State of New Jersey, and described as follows:

*First Tract*—Beginning at a point in the northerly line of Marsh Street, distant 1,843.97 feet from the easterly line of Terminal Street, measured the said northerly line of Marsh Street; running thence (1) on a course N. 20° 22' 55" east, at right angles to the said northerly line of Marsh Street, a distance of 715 feet to a point, said point being on the face line of the present City dock on the south side of the City channel at Port Newark Terminal, produced; running thence 2, along said dock face, produced on a course S, 65° 37' 05" east, and at

right angles to the first mentioned course a distance of 877 feet; running thence 3, on a course S, 24° 22' 55" west, at right angles to the second mentioned course, a distance of 715 feet to a point in the northerly line of Marsh Street; running thence 4, along the said northerly line of Marsh Street and at right angles to the third mentioned course north 65° 37' 5" west a distance of 877 feet to the point or place of beginning. Said first tract containing 14.4 acres of land, be the same more or less.

*Second Tract*—Beginning at a point in the southerly line of Marsh Street, said point being distant 1,850 feet, measured along said southerly line of Marsh Street from the easterly line of Terminal Street; running thence (1) along said southerly line of Marsh Street on a course south 65° 37' 5" east a distance of 877 feet; thence (2) at right angles to the said southerly line of Marsh Street on a course south 24° 22' 55" west a distance of 775 feet to a point distant 75 feet northerly measured at right angles from the present southerly zone line of the Port Newark Terminal Development Project; running thence (3) on a course north 65° 37' 5" west parallel to said southerly zone line and distant 75 feet northerly, measured at right angles therefrom, a distance of 877 feet; running thence (4) at right angles to the last mentioned course north 24° 22' 55" east a distance of 775 feet to the point or place of beginning. Said second tract containing 15.6 acres of land, be the same more or less,

upon the terms and conditions herein-after described, be and the same is hereby authorized, and the Mayor and City Clerk are hereby authorized and directed to execute the same on behalf of the City of Newark.

Section 2. That said lease shall be made in accordance with an agreement between the City of Newark and Weyerhaeuser Timber Company, and in the form now on file in the office of the Director of the Department of Public Affairs, which is hereby made a part hereof by reference, and is approved, and which contract provides that

*The City covenants and agrees:*

(a) To lease the premises above described for a term of twenty years, commencing June 1, 1926, and ending on the last day of May, 1946, with an option to the tenant to renew said lease for a further term of ten years, commencing June 1, 1946, and ending on the last day of May, 1956, upon the same terms, covenants, agreements and restrictions as apply for the first twenty years, except as to rental.

(b) That the rent for the original term of twenty years shall be the sum of \$573,750, payable as follows: Each and every year during the first five years of said term, the sum of \$24,000, payable in equal quarterly installments in advance; each and every year during the second five years of said term, the sum of \$27,000, payable in equal quarterly installments, in advance; each and every year during the third five years of said term, the sum of \$30,000, payable in equal quarterly installments in

advance; and each and every year during the fourth five years of said term, the sum of \$33,750, payable in equal quarterly installments in advance.

That the rent for the ten-year renewal period, provided the same is exercised, shall be the sum of \$382,500, payable as follows: Each and every year during the first five years of said renewal period, the sum of \$36,750, payable in equal quarterly installments in advance; and each and every year during the second five years of said renewal period, the sum of \$39,750, payable in equal quarterly installments, in advance.

(c) That the tenant shall have the privilege during the term of the lease to erect upon the premises buildings and other structures suitable for its business, of frame construction or otherwise; said buildings in all other respects shall be constructed in accordance with the ordinances of the City of Newark and/or the rules and regulations of any department thereof and/or the rules of the State of New Jersey and/or the rules and requirements of the National Board of Fire Underwriters, so far as the same relates to buildings of the type erected.

(d) That the City, prior to June 1, 1926, shall fill in and grade the leased premises to the established grade of Marsh Street.

(e) That the tenant shall, at all times during the term of the lease, have the exclusive right to the use of the wharf and dock in the front part of the first tract herein described for the berthing, unloading and loading of vessels serving

the tenant, with the privilege of installing equipment for the conveying, loading and unloading of lumber and merchandise, without any additional charge for wharfage; it being understood, however, that said dock is constructed to carry a uniformly distributed load of 1,800 pounds per square foot, and that the tenant will not, at any time during the term of this lease exceed this limit on said dock, and provided, further, that said tenant will not, for a period of six months after the grading of the lands immediately in the rear of said dock and for a distance of 50 feet therefrom, place any load in excess of 800 pounds per square foot, and that, after the expiration of said six months there shall not be placed upon said lands a load greater than 2,000 pounds per square foot, uniformly distributed.

(f) That the City, prior to June 1, 1926, shall extend to the easterly boundary of the premises demised the railroad tracks now existing in and along Marsh Street and shall extend to the easterly boundary of the premises hereby demised the railroad tracks running along the southerly zone line of the Port Newark Terminal development.

(g) That the City grants to the tenant the right to take off a siding or sidings from the railroad tracks owned by the City to be constructed in and along Marsh Street, and from tracks to be constructed along the southerly line of the second tract to the easterly line thereof, into and upon said premises leased, and in accordance with plans approved by the Director of the Department of Public Affairs, to construct and maintain over and across said tracks in

Marsh Street railway grade crossing or crossings, said siding and crossings, if so constructed, to be at the expense of the tenant; and it is further mutually understood that the railroad tracks of the City, hereinabove referred to, have at the present time been connected with the tracks of the Pennsylvania System and the Central Railroad of New Jersey. The City agrees with the tenant that during the entire term of the lease, and of any renewal thereof, it will furnish or cause to be furnished or secured by appropriate arrangements with all common carrier railroads which have already established or may hereafter establish, physical connection with the City's tracks, common carrier service to or upon the premises herein demised for shipments to or from the demised premises over all of said common carrier roads; and that if at any time the City shall fail to furnish or cause to be furnished or secured to the tenant such common carrier service it will grant, and does hereby grant, to the tenant the right to use its said tracks free of charge, for the purpose of establishing and maintaining connections with any one or more of said common carrier railroads; and the granting by the City to the tenant the right to use its said tracks free of charge, shall, in case of failure by the City to furnish common carrier service, be a sufficient compliance with this clause of the contract.

(h) That the City grants to the Tenant permission to construct either a tunnel under a viaduct or structure over Marsh Street, at the option of the Tenant for the purpose of operating a conveyor for the movement of lumber between the first tract and the second tract,

as herein described, without additional compensation to the City; it being understood that this permission is granted upon condition that the tunnel, viaduct or structure shall not be of a greater width than 85 feet, and shall be constructed and maintained in a manner satisfactory to the Director of the Department of Public Affairs or his authorized agent.

(i) That the City, prior to June 1, 1926, shall extend the dock now constructed along the southerly side of the channel easterly, so that there will be a continuous dock from the easterly side of Terminal Street to the easterly side of the premises herein leased, the new construction to be of the same type as that of the presently constructed dock.

(j) That the City shall provide, prior to June 1, 1926, and maintain in front of the dock in the City Channel from the dock to the channel in Newark Bay, during the term of this lease, 30 feet of water at mean low tide, the said City channel to be maintained at a width of at least 200 feet.

(k) That the City shall pave, prior to June 1, 1926, Marsh Street from Terminal Street to the easterly boundary of the premises hereby leased, and to establish and pave a street fifty feet in width running along the westerly boundary of the premises herein described with a concrete pavement or some other permanent hard surface pavement of equal quality.

(1) The City shall maintain and keep

in repair at all times during the term of this lease the docks and pavements; a sewer system and portable water supply in Marsh Street (except that the tenant will be required to repair any and all damage to said dock caused by the docking of ships which are serving tenant), and to furnish municipal service in the cleaning of streets and the removal of snow therefrom similar to that now furnished by the City in other manufacturing districts, or which may hereafter from time to time be furnished.

Section 2. The tenant covenants and agrees:

(a) That all improvements erected upon the leased premises shall, at the end of the lease, become the property of the City, except that the tenant shall have the right to remove therefrom all machinery, belting, cranes, trade fixtures and equipment.

(b) That it will, throughout the term of the lease, pay unto the City the rent therein reserved, and in the respective amounts above stipulated on the days and in the manner limited and prescribed for the payment thereof without any defalcation, fraud or other delay, and on the last day of the term or other earlier determination will peaceably and quietly leave, surrender and yield up to the City all and singular the demised premises.

(c) That it will not let, sublet or underlet said premises or any part thereof, nor assign or sell said lease without first obtaining the written consent of the City except that said lease may be assigned by the tenant or the tenant may sublet or underlet the said premises or any part

thereof to any subsidiary corporation owned or controlled by the tenant without obtaining such consent, but no such assignment or sub-lease or under-lease shall relieve the tenant of any of its obligations under said lease.

(d) That it will not use or permit said leased premises or any part thereof to be used for any purposes other than for receiving, transporting or shipping by land or water, handling, treating, re-manufacturing, assembling, storing, warehousing and selling goods, wares and merchandise of all kinds whatsoever, except oil and its products, including lumber and forest products and building materials and doing any or all of such things as principal or agent, without first obtaining the written consent of the City.

(e) That it will pay for the use of water used by it at the rates now established or which may hereafter be, from time to time, established.

(f) That it will indemnify the City against any act or negligence by it for any occurrence on or adjoining the demised premises during the term of said lease.

(g) That it will permit the City or its agents to enter the leased premises on business days at reasonable hours to examine the same and if the premises shall be abandoned, deserted or vacated during the term of said lease, it will permit the City or its agents to re-enter the same by force, or otherwise, not being liable to any prosecution therefor, and to relet the same as the agent of said tenant and receive and apply the rents so received, first, to the payment of the

rent due and then to such expenses that the City may be put to, and will preserve the said demised premises and quit and surrender the same at the expiration of said term in as good condition as reasonable use and ware thereof will permit damage by the elements excepted.

(h) That it will permit the City or its agent, during the last three months of its term of occupancy, to show the premises to persons wishing to hire or purchase the same and will permit the usual notices "To Let" or "For Sale" to be placed upon said premises and remain thereon without hindrance or molestation.

(i) That if it shall be adjudicated, during the term of this lease, insolvent or a bankrupt, or if a receiver be appointed for it for any cause, then the City may, at its option, terminate this lease, and any rights or privileges of the tenant hereunder, by giving thirty days' notice to the tenant, or its receiver or trustee, or other officer of the court in charge of the assets and affairs of the Tenant, and upon the expiration of said thirty days this lease and any rights or privileges of the tenant shall thereupon become null and void.

(j) That if any rent, or any part thereof shall not be paid when the same shall become due and payable, as above provided, it shall be lawful for the City to enter upon the demised premises or any part thereof and distrain for the same according to law to obtain such arrears of rent. And in case said rent or any part thereof shall remain unpaid for the space of thirty days after any day upon which the same ought to be paid and after ten days' notice in writing to

be given by the City to the tenant in such default, or if the tenant shall refuse or neglect to perform any of the covenants and agreements in said lease contained to be kept and performed by it after like notice given, it shall be lawful for the City to re-enter and re-possess and receive the whole or any part of said demised premises.

Section 4. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed and this ordinance shall take effect immediately upon final passage and publication, in accordance with the statutes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that January 19, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading, as provided by law.

Department of Parks and Public  
Property, City Hall

Newark, N. J., January 4, 1926.

Subject: Sale of Hayes' Estate Lands  
—Market Street property.

The Board of Commissioners of the  
City of Newark,

Addressed.

Gentlemen:

In pursuance of a resolution of this Board, I advertised for sale on December 28, 1925, at my office, property lo-

cated in the City of Newark, Essex County, New Jersey, described as follows:

Beginning at the corner of land of Josiah Crane on the northerly side of Market Street; thence along same north 29° east 100 feet; thence south 63° east 15 feet 4 inches; thence south 29° west 100 feet to aforesaid street; thence along same north 63° west 15 feet 4 inches to beginning. Known as No. 31 Market Street.

The highest bid received for said property was that received from Samuel J. Willmer and Edward I. Sakowitz, being a joint bid, in the sum of \$50,500.

I accordingly struck off said property to said Willmer and Sakowitz, in accordance with said bid, such sum being the highest price which I could obtain for said land.

Yours very truly,

Charles P. Gillen,

Director of Parks and Public Property.

Ordered filed.

Commissioner Gillen offered the following resolution:

WHEREAS, By resolution adopted by this Board the Director of the Department of Parks and Public Property was authorized to sell at public sale to the highest bidder, for cash, all the right, title and interest of the City of Newark in and to certain lands situate in the City of Newark, Essex County, New Jersey;

Beginning at the corner of land of Josiah Crane on the northerly side of Market Street; thence along same north 29° east 100 feet; thence 63° east 15 feet 4 inches; thence south 29° west 100 feet to aforesaid street; thence along same north 63° west 15 feet 4 inches to beginning. Known as No. 31 Market Street,

and,

WHEREAS, In accordance with said resolution the Director of the Department of Parks and Public Property did expose, at public sale, the interest of said City in said lands, and did receive a bid therefor, in the sum of \$50,500, such bid being made by Samuel J. Willner and Edward I. Sakowitz, as a joint bid, such bid being the highest bid made, and did accept said bid;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Parks and Public Property in accepting the aforesaid bid, be and the same is hereby

ratified and confirmed, and the Mayor and City Clerk are hereby authorized and directed to execute a bargain and sale deed, with covenant against grantor's acts, to the purchasers of said lands for the interest therein of said City of Newark.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Wallace & Tiernan, contract bond, Howe, Murray, Mayor Raymond.

Mayor Raymond: I would like to say a few more words in reference to the salaries of the employees. I don't want to take up too much time. I think the Commission fully understands the situation, but as I pointed out to them this morning, in the last few years my Department has been depleted.

I have no Deputy. Under the Deputyship of Mr. Van Duyne a great deal of work was done. The salary of that office was \$5,000. Mr. Foulks has resigned and his office carried a salary of \$7,500. Mr. Van Duyne's salary as engineer was \$7,500. Mr. Simpson, the Engineer in Charge of Docks, has resigned. His salary was \$4,500. Mr. Sanzenbacher, the Engineer in charge of Distribution, has resigned. His office carries a salary of \$4,800. Mr. Keppler, a young man of energy and ability, who was also a veteran, became ill and died. His salary was \$3,900, and we have been unable to find anybody to take his place. Mr. Howell was in charge of the Bureau of Streets, receiving \$4,500, and he resigned. Mr. Shipman, who received \$4,000 a year, took charge of a lot of work in the matter of street cleaning. We had a Mr. Hamilton, who was the hydrographic engineer on the meadows, who was receiving \$2,500. His work is now being done by Mr. Honig. The aggregate of the salaries of these men whom I have mentioned was \$44,200, and the work which they did has been done under a tremendous strain by the rest of the engineers in my department. We are not manned sufficiently. We haven't been able to attract good engineers here because the pay is not sufficient. We have seen innumerable men, and they haven't been interested.

I think we should put these engineering salaries on a basis which would attract good engineers to Newark and the time has come when our important public works have got to be taken care of by men of the highest class. I shall devote the next month or two to trying to get competent engineers, but I do think the men we have got today who have pushed pavements through and finished the big works that have gone through at Port Newark and taken care of the street cleaning, and the water works with their depleted forces and have been loyal and stood by us and who have the ability to concentrate and do this work, should be rewarded, and I was very much pleased to see that I was agreed with this morning, in that we should make salaries that would attract to Newark the best engineers. We don't want a lot of engineers; we want Newark to be a place where the good ones will come.

Board of Commissioners of the City of Newark, N. J.

Dear Sirs:

The Borough of East Paterson has purchased from the City of Clifton a portion of its allotment in the trunk sewer and desires to have your consent for its use of the trunk sewer.

Will you kindly pass the enclosed resolution requesting the Passaic Valley Sewerage Commissioners to negotiate a

contract with the Borough of East Paterson for that purpose?

Thanking you for your consideration in the matter, I remain

Very truly yours,

Peter Halsted, Mayor.

A communication from Edward M. and Runyon Colie, attorneys for Crocker-Wheeler Electric Manufacturing Company, and McDonald Baking Company, requesting that the west side of North 13th Street and the northwest corner of Springdale Avenue and North 13th Street be placed in the light industrial district, was received, read and on motion ordered referred to the Board of Adjustment.

To the Honorable, Commissioners of the City of Newark.

We, the undersigned, property owners and residents of Eighteenth Street, Nineteenth Street and Hopkins Place, of the City of Newark, New Jersey, do hereby oppose and object to the laying of trolley tracks by the Public Service Railway Company on the above mentioned streets as the laying of trolley tracks on said streets will only serve as a "loop" which will be of no benefit to residents and property owners.

Signed by thirty-eight property owners.

Ordered referred to the Director of Public Affairs.

Commissioner Gillen: In connection with the building of an annex to relieve the crowded conditions in the City Hall, and the building of a new First Precinct Station in accordance with the desires of Director Brennan, on Franklin Street, the City Hall annex to be built on Green Street, and the addition to the engine and boiler rooms, I cannot safely engage architects to prepare designs, but after discussing the matter with the proper officers of the City, and thinking that time was an important factor, I did tentatively engage Mr. Frank Grad to take care of the designing and supervision of the City Hall annex on Green Street, and Mr. James Piggott for the First Precinct Station on Franklin Street. That will have to be confirmed later by resolution.

Mayor Raymond: They would be compensated out of the bond issue. That wouldn't be a part of the tax budget at all.

Commissioner Gillen: That would go in the bond issue to pay for the buildings. We can't make an estimate yet, but we can engage them and proceed with the preliminary sketches and designs.

Mayor Raymond: They are taking a chance on their compensation.

Commissioner Brennan: I move that the Board of Commissioners concur in

Commissioner Gillen's action in retaining Mr. Piggott and Mr. Grad as architects for the new addition to the City Hall and the new First Precinct Police Station, pending the passing in due legal form of an ordinance and resolution for bond issues.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

APPROVED:

THOMAS L. RAYMOND,  
W. J. BRENNAN,  
JOHN HOWE,  
JNO. F. MURRAY, Jr.  
CHARLES P. GILLEN,

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN,

City Clerk.

Newark, N. J., January 19, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' chamber, City Hall, Newark, at 10 A. M.

Present: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Absent: Commissioner Gillen.

The minutes of meeting January 12th were read and approved.

Mayor Raymond: The Commission will come to order. This is the time fixed for the public hearing on the budget for the current year 1926. Does any person desire to be heard on the budget for the current year 1926? The chair hears no person.

Commissioner Brennan offered the following resolution:

WHEREAS, The Board of Commissioners of the City of Newark, at a meeting thereof held on January 5, 1926, did approve of its local budget for the fiscal year 1926, under the provisions of Chapter 192 of the Laws of 1917, and the acts amendatory thereto, and did designate Tuesday, January 19th, at 10 A. M. and the Board Rooms in the City Hall as the time and place when and where all objections thereto might be presented by any taxpayer of said

municipality, and did direct the City Clerk to publish said budget, together with the notice of time and place of public hearing thereon, as provided for by said act, and also to forward a copy of said budget to the Commissioner of Municipal Accounts; and,

WHEREAS, Proof of publication of said budget and notice of hearing thereon has been filed, showing the publication thereof, as required by law; and,

WHEREAS, Said Board of Commissioners did meet at the time and place so fixed for the hearing of objections and having given all persons desiring to be heard upon said budget an opportunity to state their objections and having considered the same, therefore, be it

RESOLVED, By the Board of Commissioners of the City of Newark that the following budget be and the same is hereby adopted as the local budget of the City of Newark for the fiscal year 1926.

Following the budget hearing the Board adjourned and reconvened at 11 A. M. for the regular meeting:

Present: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Mayor Raymond: In order that the press may have their appetite satisfied I think this would be a good time to read a communication which I have from the Pennsylvania Railroad.

The Clerk then read the communication as follows:

Pennsylvania Railroad System  
General Offices, Broad Street Station

Philadelphia, January 18th, 1926.

Honorable Thomas L. Raymond, Mayor  
City of Newark, N. J.

Dear Sir:

In response to your letter of the 15th instant, I desire to say that the carrying out of the construction work set forth in my letter to you of December 30th, 1925, necessarily involves the closing of Manhattan Transfer, and, therefore, that has always been our intention.

It is my belief that when that is done, a unified service to Market Street would be to the interest of the public, but as we have an established service at Park Place, covered by our contract with the Hudson and Manhattan Railroad Company, we are not now in a position to determine definitely what should be done with reference to Park Place, particularly as the growth of the traffic in the future might

present very strong reasons why service to that place should be continued.

Yours very truly,

THOMAS W. HULME,

Vice President

Ordered filed.

Commissioner Murray: In the matter of the application of the Public Service for that loop in Hopkins Place, I understand there has been a petition filed against it, and referred to you, Mr. Mayor. Some of the people interested

came in and asked if we would lay the matter over for a week.

Mr. Congleton: It has come up the same as the Washington Street matters did this morning, with a notice of public hearing.

Mayor Raymond: We have had a study made of it and we are not satisfied with it as they present it. We have given them an alternative plan and have not heard how they think of our plan.

Commissioner Murray: It would have to take the same procedure as the Washington Street applications did, so they will have plenty of time to be heard on it.

Commissioner Brennan: I move that we adjourn.

W. J. BRENNAN,  
JOHN HOWE,  
JNO. F. MURRAY, Jr.,

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., January 26, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

The minutes of meeting of January 19th were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Louis Auerbacher: I am appearing this morning, Mr. Mayor and Commissioners of the City of Newark, as counsel for the Roseville Canal Tube Extension Committee. I appeared here on behalf of the committee about six or eight weeks ago, presenting an outline of what the citizens of Roseville desired in reference to the Morris Canal, and that was, in short, that the Morris Canal should be used for a rapid transit line. Since appearing before the Commissioners here the Roseville Canal Tube Extension Committee has circulated petitions throughout the Roseville and North End section of Newark, and I have with me some of the petitions this morning.

Last night a mass meeting was held at the Roseville Athletic Club and the check rooms were jammed with people to express their views on this particular question. At the end of the meeting a set of resolutions were presented, with

the request that they be given to the City Commissioners here this morning, and the resolutions are as follows:

Mr. Auerbacher then read the resolution as follows:

WHEREAS, It is proposed by the City of Newark that the Pennsylvania Railroad Company build a new union station near the present Market Street Station and that the Hudson and Manhattan Tube train service be extended to the new union station, and thence to South Street; and,

WHEREAS, This plan will bring about the abandonment of the present Park Place Tube train station, or the curtailment of service to that place, to the serious detriment of property and the convenience of residents of the north end section of Newark, and,

WHEREAS, The Morris Canal has been abandoned and taken over by the State of New Jersey, and,

WHEREAS, The State of New Jersey, through the Department of Conservation and Development, has agreed to turn over to the municipalities the canal bed lands lying within their jurisdiction at a nominal price; and,

WHEREAS, The Morris Canal bed through the City of Newark forms a natural and highly valuable right-of-way for rapid transit purposes with an overhead boulevard for vehicular traffic; and,

WHEREAS, a high speed line along the Morris Canal bed is not only neces-

sary because of the lack of proper transportation facilities to the north end section of Newark, the Lackawanna Railroad serving only a small area and its service being necessarily very limited, but such a high speed line is one of the greatest transportation improvements for the City of Newark; and,

WHEREAS, A boulevard over the Morris Canal bed is highly essential to relieve the increasing congestion of vehicular traffic in the City of Newark; and,

WHEREAS, It is desirable that the tube train service be extended not only to the south end of Newark, but also along the Morris Canal bed, even if it should be necessary to lease the operating rights to a company other than the Pennsylvania Railroad Company; and,

WHEREAS, It would be a serious detriment to the north end section of Newark to permit the Public Service Railway to use the Morris Canal bed for its trolley cars, as has been suggested, instead of having a high speed transit line; and,

WHEREAS, The property owners, business people and residents of the north end section of Newark, and particularly those of the Roseville section, are aroused to the importance of having such a high speed rapid transit line along the Morris Canal bed and have assembled at the Roseville Athletic Club on this 25th day of January, 1926, to express their views:

BE IT RESOLVED, THEREFORE, That the residents, property owners and

business people of Newark present at this meeting go on record as favoring the following:

1. That the Commissioners of the City of Newark proceed forthwith to acquire the bed of the Morris Canal within the City limits.

2. That rapid transit tube service be extended from the Pennsylvania Railroad along the bed of the Morris Canal.

3. That a boulevard for vehicular traffic be built overhead.

4. That under no circumstances shall the Public Service Railway Company be permitted to use the canal bed for trolley cars, even though they may be designated "express" trolleys.

5. That the Roseville Canal Tube Extension Committee present these views to the City Commissioners of Newark, together with petitions with the individual signatures of the residents of the City of Newark.

Mr. Auerbacher: I have this morning been able to present some of the petitions. A count shows that we have over ten thousand here and there are about ten thousand more that are out in the various stores in the Roseville and North End sections of Newark. These petitions are as follows:

We, the undersigned, hereby request that the City Commissioners of Newark, New Jersey, make provisions for tube train service along the Morris Canal bed.

We believe the canal bed should be used for rapid transit facilities, and that

a boulevard be built on top. We believe this to be of vital importance, not only because of the proposed abandonment of the Park Place tube station, but chiefly because the City of Newark in this way can at comparatively low cost, bring about a tremendous transportation improvement. This improvement will not only serve the convenience of the residents of the north end section of Newark, but will result in the greatest increase in property this city has ever experienced.

Mr. Auerbacher: That, in short, Mr. Mayor and Commissioners, is the view, or the views of the Roseville Canal Tube Extension Committee, who are expressing the views—the almost unanimous views of the property owners, the residents and the business people of our section of the City. The people up there, I might say, are considerably aroused over this matter, because they have always assumed for years that when the canal would be finally abandoned, we would have high speed transportation along the canal bed, and we most respectfully urge that the City Commissioners proceed as rapidly as possible to carry out the wishes of the citizens of that section of the City.

Mayor Raymond: Does any other citizens desire to be heard?

Mr. Auerbacher: These petitions I wish to take back with me, because we want to have them all together when we finally present them. We expect to have between twenty and twenty-five thousand signatures, and we would like to present them at one time.

Commissioner Gillen: Don't you want these resolutions filed with the Board?

Mr. Auerbacher: I have presented them.

Commissioner Gillen: I move the resolutions be received and filed and a copy referred to Mayor Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to amend an ordinance entitled An ordinance granting permission to the Prudential Insurance Company of America to erect, construct and maintain a bridge over Bank Street, between Broad Street and Halsey Street, and a bridge over Halsey Street, between Bank Street and Academy Street, in the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

(No response.)

No one appearing Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled An ordinance granting permission to the Prudential Insurance Company of America to erect, construct and maintain a bridge over Bank Street, between Broad Street and Halsey Street, and a bridge over Halsey Street, between Bank Street and Aceademy Street, in the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the title of "An ordinance to amend an ordinance entitled An ordinance granting permission to the Prudential Insurance Company of America to erect, construct and maintain a bridge over Bank Street, between Broad Street and Halsey Street, and a bridge over Halsey Street between Bank Street and Academy Street, in the City of Newark," be taken for its third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The Clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled An ordinance granting permission to the Prudential Insurance Company of America to erect, construct and

maintain a bridge over Bank Street, between Broad Street and Halsey Street, and a bridge over Halsey Street, between Bank Street and Academy Street, in the City of Newark.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The Clerk then read the ordinance as follows:

An ordinance for the paving and repaving of Frelinghuysen Avenue from Miller Street to Dayton Street with asphalt pavement (1½" top—1½" binder) on the old concrete foundation built up where required and on new concrete foundation where necessary, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Frelinghuysen Avenue shall be paved and repaved from Miller Street to Dayton Street with asphalt pavement (1½" top—1½" binder) on the old concrete foundation built up where required and on the new concrete

foundation where necessary, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 22, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the

lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$316,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$316,500.00 under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with

the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Department of Public Works

Newark, N. J., January 25, 1926

Subject: Re sale of lands to Philip Rose.

The Board of Commissioners of the City of Newark,

Addressed.

Gentlemen:

In pursuance of a resolution of this Board, I advertised for sale on Monday, January 25, 1926, at 11 A. M., certain lands situate in Township of Maplewood, Essex County, New Jersey—

Beginning at the southwesterly corner of land formerly belonging to one Elsman, said beginning point being in an angle of lands belonging to the City of Newark; thence north 31° 27' east along the division line between lands formerly of Elsman and the City of Newark, 38.94 feet; thence still along said division line north 35° 12' east 675.18 feet to the southwest corner of lands formerly belonging to Bradbury; thence north 35° 44' east along the division line of lands formerly belonging to Bradbury and the City of New-

ark 213.53 feet to the southerly line of land now or formerly belonging to Gunne; thence along same and the City of Newark north 60° 41' west 111.45 feet; thence south 30° 42' west 158.59 feet; thence south 30° 42' west 762.23 feet; and thence south 57° 47' east 52.03 feet to the southwest corner of lands formerly belonging to Elsmen and the point or place of beginning. Containing 1.66 acres.

The highest bid received for said lands was that of Philip Rose, in the sum of \$4,995, and I accordingly struck off said property to said Rose, in accordance with his bid, such sum being the highest and best price which I could obtain for said land,

Yours very truly,

Jno. F. Murray, Jr.

Director of the Department of Public Works.

Ordered filed.

Commissioner Gillen offered the following resolutions: :

WHEREAS, By resolution adopted by this Board the Director of the Department of Public Works was authorized to sell, at public sale, to the highest bidder, for cash, certain lands in the Township of Maplewood, Essex County, New Jersey—

Beginning at the southwesterly corner of land formerly belonging to one Elsmen, said beginning point being in an angle of lands belonging to the City

of Newark; thence north 31° 27' east and along the division line between lands formerly of Elsmen and the City of Newark, 38.94 feet; thence still along said division line north 35° 12' east 675.18 feet to the southwest corner of lands formerly belonging to Bradbury; thence north 35° 44' east along the division line of lands formerly belonging to Bradbury and the City of Newark 213.53 feet to the southerly line of land now or formerly belonging to Gunne; thence along same and the City of Newark north 60° 41' west 111.45 feet; thence south 30° 42' west 158.59 feet; thence south 31° 40' west 762.23 feet; and thence south 57° 47' east 52.03 feet to the southwest corner of lands formerly belonging to Elsmen and the point or place of beginning. Containing 1.66 acres, and

WHEREAS, In accordance with said resolution the Director of the Department of Public Works did expose, at public sale, said lands, and did receive therefor a bid of \$4,995, from Philip Rose, and did accept said bid, the same being the highest and best bid received;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Public Works in accepting the aforesaid bid be and the same is hereby ratified and confirmed, and, the Mayor and the City Clerk are hereby authorized and directed to execute a deed of bargain and sale, with covenant against grantor's acts, to said purchaser for the interest of the City in said lands.

Checker Taxi Cab  
23 W. 8th Street

Bayonne, N. J., January 18, 1926.

Board of Commissioners, City of Newark.

Newark, N. J.

Gentlemen:

We are contemplating operating a Pullman Bus Line from the City of Bayonne to the City of Bound Brook, N. J., making two stops in the City of Newark, as follows:

Opposite P. R. R. Station, Market Street.

Corner of Clinton Avenue and Broad Street.

We are writing this to ask your permission to make the above stops.

Trusting you will give this matter your attention and that you will grant the requested permission, we are,

Very truly yours,

Checker Pullman Bus Service.

By Matthew A. Ward.

Ordered referred to the Mayor.

To the Honorable City Commissioners  
Newark, N. J.

Gentlemen:

We, the undersigned, residents of East Sylvan Avenue, Newark, New Jersey, petition your honorable body to have a street light installed at ending of

East Sylvan Avenue, as there is a deep railroad embankment there that endangers drivers of vehicles not familiar with street, and is also dangerous to life and limb at night.

Respectfully,

Signed by seven residents.

Ordered referred to the Mayor.

The Village of South Orange, N. J.

January 21, 1926.

The Honorable, the Board of Commissioners, City of Newark, Newark, N. J.

Gentlemen:

I beg to notify you that at a meeting of the Board of Trustees of the Village of South Orange, held on Monday evening, January 18th, 1926, the following resolution was adopted:

"RESOLVED, That the thanks of the Board of Trustees of the Village of South Orange be and hereby is extended to the City of Newark for the valuable service rendered this village by Engine Companies Nos. 18 and 20 of the Fire Department in the City of Newark in combatting the fire at Columbia School, South Orange, on the evening of January 8, 1926."

Respectfully submitted,

Village Clerk.

Ordered filed.

The Newark Museum Association  
49 Washington Street

Newark, N. J., January 22, 1926.

To the Members of the City Commission.

Gentlemen:

At the regular meeting of the Trustees of the Newark Museum Association, held on Tuesday, January 19th, it was voted that the Trustees express to the members of the City Commission their best thanks and appreciation for their loyal support and interest in granting to the Museum an increased appropriation. This increased appropriation will enable the Museum to carry on its work and to equip and prepare the building in a manner creditable to the City of Newark.

The Secretary was instructed to send this resolution to the City Commission, and to spread the resolution upon the minutes in full.

Yours truly,

State of New Jersey  
Passaic Valley Sewerage Commissioners  
24 Branford Place

Newark, N. J., January 21, 1926.

City Clerk, City Hall, Newark N. J.  
Dear Sir:

I am sending you herewith enclosed report of the audit and accounts of the Passaic Valley Sewerage Commissioners for the year ending October 18 1925.

Your very truly,

J. H. Quigg, Treasurer.

Ordered referred to the Mayor.

The following reports of City Officers were received and ordered filed:

Overseer of the Poor for December, 1925.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The Clerk then read the ordinance as follows:

An ordinance to provide for the vacation of Old Nuttman Street from the northerly line of New Street to the easterly line of Wilsey Street and for the vacation of an unnamed street twenty-two (22) feet in width running along the Morris Canal from the northerly line of New Street to the easterly line of Wilsey Street.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Old Nuttman Street, from the northerly line of New Street to the easterly line of Wilsey Street and

an unnamed street twenty-two (22) feet in width running along the Morris Canal from the northerly line of New Street to the easterly line of Wilsey Street, as shown on a map on file in the office of the chief engineer, known as No. 1215-V, shall be vacated as public streets or highways by virtue of the provisions of Section 1, sub-division (b) of Article XXII of an act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that February 16th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading, as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mr. Johnson: I have been asked to come down and speak in connection with the interests of Centre Market, connected with this canal transit question. There are two or three interests by which the Centre Market is interested. First, it is a city investment, at present without adequate approaches. It is an institution for which the people all over the City have shown a steadfast interest, and for a third reason, it is an institution which has always been attractive to out of town shoppers a feature which always acts towards the general business of the city. We should like very much like to get more adequate approaches to the market.

In regard to the road over the canal, I believe it has been planned for years that from Broad Street to the river there would be a wide roadway over the old bed of the canal, and taking in North and South Canal Street. We do wish, however, to put in a strong plea for adequate sidewalks on such a road when it is put through, for at present there is no good sidewalk approaching Centre Market. If Commissioner Gillen had not had the foresight to turn the old market building into a walk there would not be any approach. That, for a temporary service is satisfactory. Clinton Street might be satisfactory, except that Mulberry Street is in an abominable condition between Clinton Street and the Market.

As to transit facilities, I have been personally interested, and I feel there should be more than merely a local connecting link in the canal bed. There is

a territory reaching all the way from Newark to Paterson, at present without very adequate transit facilities. It runs through Roseville, which is already highly populated, and which would furnish a strong feeder; through Bloomfield the same condition is true. From Bloomfield on it is not at the present developed, but as most of us who have cars know, it is a highly desirable stretch of ground, and well worthy of improvement.

Of course, I realize Newark is only handling Newark's problem, but in connection with these other things, the best solution of the transit question seems to be the canal.

As to what kind of a transit line should be installed, we do not make any recommendations, but we do feel it should be a high speed line. The criticism has been made that it is too crooked. It seems to me that that is compensated for by its having no crossings. While curves slow down speed, they do not slow it down as much as other things on an ordinary roadway. Personally I really think it would be a good roadway, for a bus line, if the laying of a railroad would be too expensive. By widening it a little at the stopping places other busses that didn't have passengers to discharge could go right on. You could practically get almost express service and local service at the same time, because there would be nothing to prevent continuous operation, unless the busses had passengers to discharge. The busses would also leave the roadbed at main thoroughfares and go on to other routes.

We do wish to urge this because we feel we are representing not only the few hundred merchants in the Market, but their customers and clients who come from all over Newark, and who come from many of the towns which this would open.

Mr. Albert Biertuempfel (Representing the Albert H. Biertuempfel Association): I have been asked by our association to come here in reference to the railway line to be built in the canal bed, and it is well known that for years I have been favoring canal bed abandonment and the construction of a boulevard and rapid transit line. Therefore, I endorse heartily the plan of the Roseville Association. I will have plans in the near future for a little bigger addition, as I explained to your honorable Mayor in August last—for a treble decker to relieve also Market Street at the same time by coming over from Madison Place, over the Penn, over Mulberry, over Broad, over Halsey, over Plane Street over High and coming to the level around Summit Street and Branford Place. I will have a more definite plan before long for your consideration.

Commissioner Brennan offered the following resolution:

RESOLVED, By the Board of Commissioners of the City of Newark that the salary of the following Police Judges be increased as follows:

Frank A. Boettner, Judge of First Criminal and Family Court, from \$5,500 to \$6,000 per annu.

John Howe, Judge of Third Criminal Court, from \$4,500 to \$5,000 per annum.

Nicholas Albano, Judge of Second Criminal Court, from \$4,500 to \$5,000 per annum.

Effective January 1, 1926.

# MINUTES OF MEETINGS OF THE Board of Commissioners

## FEBRUARY, 1926

Newark, N. J., February 2, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Absent: Commissioner Brennan.

The minutes of the meeting of January 26, 1926, were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Jack Franks, 17 Avon Place, Newark: Here is a copy of the Newark song which I wish to present to the Commissioners of Newark. It is dedicated to the City and for the City. The authors are Joel Woerner, concert master of the Mosque Theatre orchestra, author of the music, and Jack Franks, the author of the words. I would like to have the Commissioners see the song, and maybe, if they like it, to officially adopt it.

Ordered referred to Commissioner Murray.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance to amend Section 9 of an ordinance entitled: "An ordinance providing for the regulation and control of vehicular traffic and the parking of vehicles in certain streets of the City of Newark and providing penalties for the violation thereof," adopted January 19th, 1926.

The Board of Commissioners of the City of Newark do ordain:

1. That Section 9 of the said ordinance be and the same is hereby amended to read as follows:

9. All commercial vehicles shall be excluded from Broad Street between State Street and Chestnut Street and from Market Street between Plane Street and Alling Street, except as it

may be necessary to carry supplies to or from residences or places of business on either side of said streets, or in case of buildings being erected fronting on said streets. In all cases, however, such vehicles must enter said streets from the streets nearest to such residence or building in course of construction and shall leave the same at the nearest intersecting street; provided, that this section shall not apply to the vehicles of the passenger type now classified and registered as commercial vehicles.

2. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that February 9th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance to authorize the acquirement of lands on the westerly side of Mulberry Street, in the City of Newark, for City use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark do ordain:

1. That the plots of ground on the westerly side of Mulberry Street, in the City of Newark, hereinafter described, shall be acquired by the City of Newark, either by purchase or condemnation, for City use, said lands being more particularly described as follows:

FIRST TRACT: Beginning in the westerly line of Mulberry Street at a point therein distant southerly 138 feet from the southwesterly corner of same and Green Street and from thence running along said Mulberry Street south  $27^{\circ} 25'$  west 36 feet, 5 inches, to the southerly line of land of which Robert Van Wagoner died seized; thence along that line north  $62^{\circ}$  west 190 feet, 7 inches, to the westerly line of said land late of Robert Van Wagoner; thence along that line northerly and nearly parallel with Mulberry Street 82 feet, 2 inches, to the northerly line of said land late of Robert Van Wagoner; thence along that line south  $62^{\circ} 42'$  east 101 feet, 4 inches, to a point distant westerly 87 feet from Mulberry Street; thence southerly parallel with Mulberry

street and 87 feet distant therefrom 46 feet, 11 inches; thence south 62° east 87 feet to Mulberry Street, aforesaid, and the place of beginning, according to survey made by Van Duyne & Young, surveyors, and being part of the same premises whereof Robert Van Wagoner died seized, including the whole of the building now on the rear of the lot known as No. 229 Mulberry Street; also including the engine and boiler with all fixtures and appliances belonging thereto; also including all main lines of shafting and belting in the buildings and connecting the buildings on said premises; also including all water and gas pipes and fixtures and steam heating pipes and connections belonging thereto; also including partition enclosing engine aforesaid with closets and shelves fixed thereto; and all pipes, pumps and connections thereto attached.

Together with the power plant complete as now installed with main shafts, hangers, belts, heating pipes, gas and water pipes, partitions closets, shelves and anything else pertaining to the real estate.

2. That the total cost of the pur-

chase of said lands shall not exceed the sum of eighty thousand dollars (\$80,000).

3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of the City of Newark in an aggregate principal amount not exceeding eighty thousand dollars (\$80,000), bearing interest at a rate not exceeding 6 per centum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of eighty thousand dollars (\$80,000) to be raised by the issuance of said temporary bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that February 9th, 1926, at 11 A.M., or as soon thereafter as said matter can be reached, and at the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage and that the City Clerk be aid he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark do ordain:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

The following communications were received and read:

Edgar T. Ward's Sons Co.  
400 Frelinghuysen Avenue

Newark, N. J., Feb. 1, 1926.

Mr. W. J. Egan, City Clerk,  
Board of Commissioners,  
Newark, N. J.

Dear Sir:

We have received a copy of an ordinance pertaining to the paving and repaving of Frelinghuysen Avenue from Miller Street to Dayton Street, and have no objections to this long needed improvement.

However, do not understand why it is not continued to the City Line, as you will find by inspection from Dayton Street to that point that the avenue is in a deplorable condition. As a main artery of approach to our City the balance of the avenue should be put in good condition as a matter of City pride if for no other reason.

Yours very truly,

Edgar T. Ward's Sons Co.

New York City, January 30, 1926.

Mr. W. J. Egan,  
City Clerk,

Newark, N. J.

Dear Mr. Egan:

At a meeting of the various municipalities interested in the construction of a Supplementary Joint Trunk Sewer held in South Orange on January 28th, a resolution was unanimously passed to the effect that the various municipalities in making the appropriation for the construction of the proposed supplementary sewer increase the amount set forth in the engineer's report and estimate 25% to cover extraordinary expenses that may arise from conditions not known at the present time, and as an additional precautionary measure.

Acting upon this resolution, I beg to advise you that the engineer's estimate of the cost of construction for the City of Newark is \$528,300. An addition of 25% of this estimate is equal to \$660,375. This amount is to be set out in Article XX of the proposed ordinance, which will be forwarded to you in a few days.

Very truly yours,

Alexander Potter.

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N. J., February, 9, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Howe, Murray and Mayor Raymond.

Absent: Commissioners Gillen and Brennan.

The minutes of meeting of February 2nd were read and approved.

The City Clerk presented an ordinance to provide for the opening and widening of Passaic Avenue from its westerly terminus at Madison Place and Jersey Street easterly to a point about 27 feet east of the easterly line of Freeman Street; to change and establish the grade of the curb of Passaic Avenue from a point in the same opposite to a point in the existing southerly side line of Passaic Avenue, which last mentioned point is distant 370.37 feet easterly from the southeasterly corner of Madison Place and Passaic Avenue, easterly 517 feet to a point in the above mentioned curb of Passaic Avenue opposite to a point in the existing southerly side line of Passaic Avenue which last mentioned point is distant 54.97 feet westerly from the southwesterly corner of Van Buren Street and Passaic Avenue; to change and establish the grade of the curb of Jackson Street from a point in the same distant 113 feet northerly from the northerly line of Market Street north-

erly to Passaic Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard on this ordinance?

Mr. Alfred H. Taylor, Lister Avenue, I represent the Ironbound Manufacturers of the Island District. We sent in a petition, signed, I think, by 99% of the manufacturers of the Island district protesting against the assessment for this improvement. We contend that this improvement should be assessed on the city at large.

Mayor Raymond: This Commission has no jurisdiction in this matter. This Commission has no intention of assessing you unless you derive some benefit by reason of this improvement. You will have an opportunity to enter your protest against this improvement before the Assessment Commission.

Commissioner Howe: You don't object to the improvement?

Mr. Taylor: The trucks are not allowed to use it and I do not see where it will benefit us in any way.

Mayor Raymond: We certainly don't want you to be assessed if it is not to your benefit.

Commissioner Murray: I move that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Howe, Murray, Mayor Raymond.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the opening and widening of Passaic Avenue from its westerly terminus at Madison Place and Jersey Street easterly to a point about 27 feet east of the easterly line of Freeman Street; to change and establish the grade of the curb of Passaic Avenue from a point in the same opposite to a point in the existing southerly line of Passaic Avenue, which last mentioned point is distant 370.37 feet easterly from the southeasterly corner of Madison Place and Passaic Avenue, easterly 517 feet to a point in the above mentioned curb of Passaic Avenue opposite to a point in the existing southerly side line of Passaic Avenue which last mentioned point is distant 54.97 feet westerly from the southwesterly corner of Van Buren Street and Passaic Avenue; to change and establish the grade of the curb of Jackson Street from a point in the same distant 113 feet northerly from the northerly curb line of Market Street northerly to Passaic Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That North 7th Street from Third Avenue to Bloomfield Avenue shall be graded, curbed and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specification and profiles dated February 5th, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands in the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which

case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$46,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$46,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matter in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Clifford Street from Jefferson Street to Wheeler Point Road with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Clifford Street from Jefferson Street to Wheeler Point Road shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 5th, 1926, and now on file in the office of the of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with

the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$65,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$65,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters

in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The Board of Commissioners of The City of Newark, N. J.

Thomas L. Raymond  
John Howe  
Jno. F. Murray, Jr.

Approved:  
W. J. Eagan, "City Clerk.

Newark, N. J., February 16, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Absent: Commissioner Brennan:

The minutes of meeting of February 9th were read and approved.

Mayor Raymond: Does any citizen desire to be heard this morning?

Mr. Harry Weston, Real Estate Department of the Lehigh Valley Railroad: Is the matter of repaving of Frelinghuysen Avenue coming up this morning?

Mayor Raymond: We will call the matter, now that you are here.

The City Clerk presented an Ordinance for the paving and repaving of Frelinghuysen Avenue from Miller Street to Dayton Street with asphalt pavement ( $1\frac{1}{2}$ " top- $1\frac{1}{2}$ " binder) on the old concrete foundation built up where required and on new concrete foundation where necessary, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any person desire to be heard on this ordinance?

Mr. Weston: We have considerable property on this Avenue that is already used for industrial purposes. This ordinance provides for sewer and water connections to be made every twenty-five feet. I ask you not to enforce that provision against us. We have, in our opinion plenty of water and sewer connections, and at the present time I simply ask for that consideration.

Mayor Raymond: I don't think there is any possibility of our being so absurd as to compel you to do that.

Mr. Congleton: That is a matter that is taken up with each property owner.

Mayor Raymond: We will consider your interest. I will assure you that is not to be done.

Mayor Raymond: Does any other citizen desire to be heard?

Mr. Morris Herbst, 220 Frelinghuysen Avenue: Now in my opinion I don't think that we would be in favor of having that street repaved and I think the pavement at the present time is as good for the amount of traffic that is on that street as any. We are the owners of three hundred feet on Frelinghuysen Avenue and it would mean a lot of money to us at this time. We strongly object to the pavement of that street. I raise that objection.

Mayor Raymond: You understand what the improvements are, don't you?

We are raising the grade of the street and doing away with these floods, and we would have to repave it anyway. We will improve the value of the property there very much, and make it one of the finest thoroughfares in the City, and you should benefit by this rather than lose.

Mr. Herbst: It would be wonderful if we could get the proper sewerage so that we wouldn't be flooded.

Mayor Raymond: That is the first thing we are doing, but after that we are going to repave.

Mr. Herbst: It is not mentioned about the sewerage.

Mayor Raymond: That is going to be done, and the City will bear a large share of the cost.

Commissioner Murray: When he finds out all the details he will be glad to pay.

Mayor Raymond: Does any other citizen desire to be heard?

Mr. Fred Neus, 92 Frelinghuysen Avenue: We paid for repaving that street once. I think it should be paid out of the local tax.

Mayor Raymond: Well, a large part of it will, Mr. Neus. That will be taken into consideration when the new assessment is made. It won't be the sort of assessment you had first, and you will have a much improved street.

Mr. Neus: I understand Poinier street is going to be paved.

Mayor Raymond: Yes, it is included in our program.

Mr. Neus: That would be an awful burden on us.

Mayor Raymond: If you were to get the whole assessment, it would, but I think that is one of the main thoroughfares of the City. I don't think you will be burdened. It will help you, because you won't be assessed so much. The City at large will bear most of the cost of the pavement of that kind. We are going to improve the street in every way, by raising the grade and obviating those floods.

Mr. Neus: It should be repaired and it would last a long time, because the cobblestones aren't worn at all yet.

Mayor Raymond: They are pretty rough riding, Mr. Neus. Does any other person desire to be heard?

Mr. Herbst: I withdraw my objection.

Commissioner Murray: I move the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners. Gillen, Howe, Murray, Mayor Raymond.

Commissioner Murray moved that the following ordinance be taken up on second reading:

City of Newark New Jersey  
Department of Public Affairs

February 11, 1926.

Subject: Sale of lands at public auction.

The Board of Commissioners of  
The City of Newark,

Addressed.

Gentlemen:

In pursuance of a resolution of this Board, I advertised for sale on Thursday, February 11, 1926, at 11 A. M., certain

lands in the City of Newark, Essex County, New Jersey—

BEGINNING in the westerly line of North 6th Street distant southerly 100 feet from the southerly line of Heller Parkway (formerly Fredonia Avenue); thence southerly along North Sixth Street 21.17 feet; thence north 60° 40' west 104.67 feet; thence north 40° 7' east 23.42 feet to the rear line of lots fronting on Fredonia Avenue; thence easterly along said line 97.55 feet to said westerly line of North Sixth Street and the place of BEGINNING. Being lot No. 4 on Block J., Silver Lake Park Property of Clarence M. Hedden.

Said lands were sold subject to a right of way 20 feet in width in which to construct, operate and maintain a storm water sewer, the center line of said right of way beginning in the northerly line of the property at a point 45 feet distant at right angles with the westerly line of North Sixth Street, and thence running southwesterly to the southerly line of the property at a point distant 50 feet westerly from the westerly line of North Sixth Street, which said sewer shall be constructed in accordance with plans to be submitted to the Director of the Department of Public Affairs.

The highest bid received for said property was the joint bid of Vincent Tortoriello and Patsy Paradiso, in the sum of \$750, and I accordingly struck off said property to said Tortoriello and Paradiso, in accordance with said bid,

such sum being the highest and best price which I could obtain for said land.

Yours very truly,

Thomas L. Raymond,

Director of the Department of Public Affairs.

Ordered filed.

Mayor Raymond offered the following resolutions:

WHEREAS, by resolution adopted by this Board the Director of the Department of Public Affairs was authorized to sell, at public sale, to the highest bidder, for cash, certain lands in the City of Newark—

BEGINNING in the westerly line of North 6th Street distant southerly 100 feet from the southerly line of Heller Parkway (formerly Fredonia Avenue); thence southerly along North 6th Street 21.17 feet; thence north 60° 40' west 104.67 feet; thence north 40° 7' east 23.42 feet to the rear line of lots fronting on Fredonia Avenue; thence easterly along said line 97.55 feet to said westerly line of North 6th Street and the place of BEGINNING. Being lot No. 4, on Block J., Silver Lake Park Property of Clarence M. Hedden.

Said lands were sold subject to a right of way 20 feet in width in which to construct, operate and maintain a storm water sewer, the center line of said right of way beginning in the northerly line of the property at a point 45 feet dis-

tant at right angles with the westerly line of North 6th Street; and thence running southwesterly to the southerly line of the property at a point distant 50 feet westerly from the westerly line of North 6th Street, which said sewer shall be constructed in accordance with plans to be submitted to the Director of the Department of Public Affairs; and

WHEREAS, in accordance with said resolution the Director of the Department of Public Affairs did expose, at public sale, said lands, and did receive therefor a bid of \$750, from Vincent Tortoriello and Patsy Paradiso, and did accept said bid, the same being the highest and best bid received;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the action of the Director of the Department of Public Affairs in accepting the aforesaid bid be and the same is hereby ratified and confirmed; and the Mayor and the City Clerk are hereby authorized and directed to execute a deed of bargain and sale, with covenant against grantor's acts, to said purchasers for the interest of the City in said lands.

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

# MINUTES OF MEETINGS OF THE Board of Commissioners

## MARCH, 1926

NEWARK, N. J.

March 2, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Cillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of February 23rd were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Louis Auerbacher, representing The Roseville Tube Extension Committee: Mr. Mayor and City Commissioners, I want to formally present at this time the signed petitions of the Roseville Canal-Tube Extension Committee. The last time I appeared before the Commission I couldn't file the petitions, the reason being that our Committee wanted to make complete copies of all the petitions being filed at this time. We have typewritten copies of these petitions which are being presented to you

today. I might say we are anxiously awaiting the report of the expert engaged by the Mayor, and we are still very much interested.

Mayor Raymond: I hope he will be here to interview your people, soon, Mr. Auerbacher.

The Clerk then read the petition as follows:

We, the undersigned, hereby request that the City Commissioners of Newark, New Jersey, make provision for tube train service along the Morris Canal bed.

We believe the canal bed should be used for *rapid transit* facilities and that a boulevard be built on top. We believe this to be of vital importance, not only because of the proposed abandonment of the Park Place Tube Station, but chiefly because the City of Newark in this way can at comparatively low cost, bring about a tremendous transportation improvement. This improvement will not only serve the convenience of the residents of the north end section of Newark but will result in the greatest increase

in property value this city ever experienced.

(Signed by 11,500 Residents).

Commissioner Gillen: I move the petitions be received and referred to Mayor Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An Ordinance to provide for the grading, curbing and paving of North 7th Street from Third Avenue to Bloomfield Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on same.

Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to the benefits received, and in no case shall any assessment for said improvement, exceed in amount such peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$2,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$2,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22,

1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same hereby are repealed.

Whereas, the present boundary line between the City of Newark and the Town of Irvington between the point where said boundry line is intersected by Clinton Avenue, West, formerly Irvington Avenue, and Florence Avenue, and running in a northeasterly direction to South Orange Avenue, between 19th and 21st Streets; thence in a southerly direction to the Union County Line, which runs in part diagonally through the existing property lines, and there exists much uncertainty concerning said boundary line between Newark and Irvington; and,

Whereas, it is desirable that the said uncertain boundary line between Newark and Irvington should be changed so that it will be made definite and will not intersect existing property lines to the end that the assessment and collection of taxes and the exercise of other governmental functions in the City of Newark and the Town of Irvington may be done in a more satisfactory manner; and,

Whereas, Article VIII, Chapter 152 of the Laws of 1917, known as the Home Rule Act, provides that it shall be lawful for the governing body of either of such municipalities to make application

to the Judge of the Court of Common Pleas of Essex County for the appointment of three commissioners to fix, determine and monument said boundary line between said municipalities, which line, when finally fixed, determined and monumented, shall remain inviolate;

Therefore, Be it Resolved by the Board of Commissioners of the City of Newark that the Corporation Counsel of The City of Newark be and he is hereby authorized and directed, upon fourteen days' notice, in writing, to be served upon the Mayor and Clerk of the said Town of Irvington, to make application on behalf of this Board to the Judge of the Court of Common Pleas of Essex County, for the appointment of three commissioners to fix, determine and monument said boundary line between the City of Newark and Town of Irvington, in the manner prescribed by said Chapter 152 of the Laws of 1917, known as the Home Rule Act.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: Gentlemen, this morning some of you were present when Miss Helen Keller called at my office,

and I had the great pleasure and distinction of meeting her—a very brave, courageous and wonderful woman, and when I told her, with those who have taught her, who have given her the opportunity of enjoying her life, that she seemed happy, one of the ladies said that she was radiantly happy in her blindness.

She has come to this City Commission and asked us to co-operate in the drive they are making for the American Foundation for the Blind. If there is any affliction at all that is dreadful, it seems to me that is blindness. This Commission, I know, is entirely in sympathy with this movement, and I should like to have this letter read, and then some resolution adopted pledging the Commission to ask the people to aid in this great work.

A communication from Helen Keller in reference to the co-operation of the City of Newark in a drive that is being conducted for the American Foundation for the Blind was received, and read.

Mayor Raymond: I think, gentlemen, if you will authorize me to prepare a resolution to send around to you in the course of the day we can hardly say too much, and we can go heartily forward in making an appeal for help in this great work in which Miss Keller and her associates have done so much all over the world.

Commissioner Brennan: I move that the Mayor be authorized to extend to Miss Keller and her co-workers our heartfelt good wishes and support.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.  
To the Board of Commissioners of The City of Newark:

The petition of Sandford Avenue Transit Company, a corporation of New Jersey, being desirous of establishing transportation facilities from Irvington, through Newark, East Orange to and into Belleville, Essex County, New Jersey, by a more direct route than now exists and through streets and territory not now enjoying such transportation facilities does respectfully petition your Board to be granted license to operate first-class auto buses over the following streets in the said City of Newark:

Sandford Avenue from a point beginning on Sandford Place, and the line separating the City of Newark from the Town of Irvington through and following the course of Sandford Avenue to the line separating the City of Newark, and the City of Orange and approaching Tremont Avenue, East Orange, New Jersey.

Petitioner has received the support of numerous citizens and tax payers of the City of Newark along and near the said route.

Petitioner feels that the establishment of this route will be to the advantage of the residents of the City of Newark in the section through which it is proposed to operate said buses, and a great convenience to said residents and community

as a means of direct and economical transportation either in time or money from and through the Municipalities of Irvington, Newark, East Orange, Bloomfield and Belleville and that as a result of this operation values will be enhanced to a considerable degree.

Dated January 16, A. D., 1926.

Respectfully submitted,

Sandford Avenue Transit Company,

By F. D. Masucci,

Secretary and Attorney,

1001 Essex Building,

Newark, N. J.

Ordered referred to Mayor Raymond.

Mayor Raymond offered the following resolution:

Be it Resolved by the Board of Commissioners of the City of Newark, that a certain contract dated between The City of Newark, of the first part; and P. Sandford Ross and wife and the Executrices of the Last Will and Testament of George Peabody Wetmore, deceased, of the second part, wherein and whereby the party of the first part agrees to purchase and the party of the second part agrees to convey certain lands owned by them at Port Newark Terminal, to be used in connection with the City's development project at said Port Newark Terminal, upon terms and conditions as more particularly set forth in said agreement, a copy of which is attached hereto, be and the same

is hereby approved; and the City Clerk and the Director of the Department of Public Affairs are hereby authorized and directed to execute such contract, in duplicate, on the passage of this resolution, on behalf of the City; and

Be It Further Resolved, that there be appropriated to P. Sanford Ross and the Estate of George Peobody Wetmore, deceased, the sum of \$101,487.94, being 10% of the total consideration for the conveyance of said lands and premises, as in said contract affixed, to be paid upon the filing with the Acting Auditor of Accounts of the City of Newark duly executed contract, approved as to form by the Corporation Counsel.

Mayor Raymond: Commissioner Gillen is anxious that this matter be laid over for one week in order that he may more fully familiarize himself with it, and I should hesitate to force through a matter of such importance as this in the face of his desire for time to look into the matter, so if someone will move to lay it over for a week, I will entertain the motion.

Commissioner Brennan: I move it be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen: Applications have been made time and again for a gasoline station at Willoughby Street Lyons Avenue, and the Adjustment Board have time and again turned down these applications, but it seems they come right along again. One party makes an application, it is turned down, the property is sold to somebody else, and the new owner makes a new application. The people on Lyons Avenue are entirely opposed to a gasoline station there. There are several gasoline stations along Lyons Avenue. If they keep on building more, it will look like a road to Coney Island. The rumor has come to me that an application is going to be made on Thursday to the Board of Adjustment, and it has been stated that the majority of the Board are going to vote to grant this application.

St. Peter's Orphan Asylum is across the street, our own property, where we are trying to build up a valuable tract, is nearby, and if these applications are granted the property values are going to be destroyed. This Board, I think, ought to express its opinion to the Board of Adjustment. I think this Board ought to go on record as protecting the rights of the local property owners.

Commissioners Murray: Is this property within two hundred feet of St. Peter's? Doesn't the ordinance prohibit gasoline stations within two hundred feet of churches?

Commissioner Brennan: They granted one on South Orange Avenue last week that is within thirty feet of a church.

Commissioner Gillen offered the following resolution:

Resolved, that the Board of Adjustment be requested to refuse a permit for a gasoline station at Willoughby Street and Lyons Avenue, Newark, N. J.

Mayor Raymond offered the following resolution:

Whereas, Miss Helen Keller, who has aroused the admiration of the world by her courageous optimism in the face of her great handicaps of lack of the faculties of sight and hearing, has requested the endorsement and support of the Board of Commissioners of the City of Newark, of the efforts of the American Foundation for the Blind, to raise two million dollars (\$2,000,000), to carry out its beneficent plans for the unfortunates without sight, and

Whereas, the Board of Commissioners of the City of Newark, is in entire sympathy with the cause represented by Miss Keller, and

Whereas, the Board of Commissioners

of the City of Newark desires to pay tribute to the courage and devotion of Miss Keller, therefore be it

Resolved, By the Board of Commissioners of the City of Newark, that formal recognition be given to the cause undertaken by the American Foundation for the Blind, and that the citizens of the City of Newark be urged to co-operate in every way possible, and with their means.

The Board of Commissioners of The City of Newark, N. J.  
W. J. Egan, City Clerk.

Newark, N. J., March 9, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of March 2nd were read and approved.

Mayor Raymond: Does any citizen desire to be heard this morning?

Mr. Michael B. Silberstein, 120 Market Street: Gentlemen, I am an architect. I suppose you possibly know that. The young man who built the City Hall left my office in order to build it. Also Mr. Grad left my office when he wanted to go into business for himself. I was born in Newark and have the interest of the City very much at heart. I have never done any city work—never looked for it, but I have the city's interest very much at heart. Knowing this building as it is, it is one of the prettiest buildings in the country. There is nothing to prevent the city building an additional story or two on top of this building, giving more space for the accommodation of the people. We have in the back here quite a site. The First Precinct is badly located, and we have a plot of ground back here where the District Courts and the First Precinct can be erected. That is thought number two.

Thought number three—the traffic conditions are very bad, as Commissioner Brennan knows. There is nothing to

stop us. It is about a quarter of a mile from Lafayette Street to Walnut Street. Streets could be opened, that is the streets relieving traffic conditions, and while it forms a neck the main part of the traffic is in these blocks.

If that should happen the Elks' Home would form a corner. That could be converted into the Board of Commissioners Headquarters, or for the requirements of the Board of Commissioners. While it will cost some money—

Mayor Raymond: You mean the Old Elks Home?

Mr. Silberstein: Yes, the old one.

Mayor Raymond: You mean a place for the school commissioners?

Mr. Silberstein: It is owned by the Board of Commissioners. I meant the School Commissioners.

Mayor Raymond: We rather belong in here.

Mr. Silberstein: I am not a very good speaker.

Mayor Raymond: There is no trouble with your speaking, but I wondered which commissioners you meant.

Mr. Silberstein: I meant the school commissioners. While it would cost us some money to open these blocks, still the assessments that would accrue would more than offset that. The sale of the First Precinct would more than offset the erection of a new building here.

I remember at the time the City Market talk was going on. At my own cost I drew up a plan for the enlargement of the old City Market, submitted it to Mayor Gillen, if he will recall that, and that was at the suggestion of Mr. Vogeler. He was afraid if we moved down there we would kill the goose that lays the golden egg. Possibly that has occurred.

I am only offering these suggestions as a citizen, not as an architect. If we have any excess money Port Newark needs it more than we need it for the City Hall. We need a more commodious City Hall, but these things can be accomplished for a comparatively small amount of money. I only suggest these things for what they are worth.

Commissioner Brennan moved that the suggestions of Mr. Silberstein be referred to Commissioner Gillen.

The roll being called, the motion was declared adopted by the following votes:

Mayor Raymond offered the following resolution:

BE IT RESOLVED By the Board of Commissioners of The City of Newark that a certain contract dated between The City of Newark, of the first part; and Estate of P. Sandford Ross and the executrices of the Last Will and Testament of George Peabody Wetmore, deceased, of the second part, wherein and whereby the party of the first part agrees to purchase and the party of the second part agrees to convey certain lands owned by said estates at Port Newark Terminal, to be used in connection with the City's development project at said Port Newark Terminal upon terms and conditions as more particularly set forth in said agreement, a copy of which is attached hereto, be and the same is hereby approved; and the City Clerk and the Director of the Department of Public Affairs are hereby authorized and directed to execute such contract, in duplicate, on the passage of

this resolution, on behalf of the City; and,

BE IT FURTHER RESOLVED, that there be appropriated to P. Sandford Ross Estate and the Estate of George Peabody Wetmore, deceased, the sum of \$101,487.94, being 10% of the total consideration for the conveyance of said lands and premises, as in said contract fixed, to be paid upon the filing with the Acting Auditor of Accounts of The City of Newark, duly executed contract, approved as to form by the Corporation Counsel.

Thomas L. Raymond  
W. J. Brennan  
Jno. F. Murray, Jr.

Commissioner Gillen: What is that price?

Mayor Raymond: \$1,014,000.00.

Commissioner Gillen: Mr. Mayor and Gentlemen, I have given some consideration to this proposition since it was brought up a week ago, and I have given consideration particularly to the price of it. Of course the City of Newark is buying something, and I have been more and more impressed with the argument the last couple of weeks in connection with this City Hall matter, that the City should be very careful how it spends its money. Now that property down there at that price, it seems to me, would be too high. I have no quarrel with the idea of acquiring it. If your Department, in its wisdom feels that that would be a valuable acquisition to the present Port possessions, I have no quarrel with

the idea, but I have a quarrel with the price to be paid for it. I think the price is too high, and I can't go along with you on the purchase of it.

Down on the inside, lands have been bought for prices ranging from \$400. an acre to \$1500. an acre and I believe in some instances, or two or three instances it was as high as \$2,000. an acre. That was paid for inside lands. The frontage, of course, is worth more, the land that borders on the bay is worth a good deal more money.

Now you take 233 acres, that is the total acreage comprised in this purchase. I would say that, possibly even allowing a liberal estimate, thirty acres, or say thirty-three acres of the 233 might be considered waterfront property. Now, if you paid, in an undeveloped condition, \$5,000 an acre for that land, you would be paying what, in my humble opinion, would be a very good price. That would represent a price of \$165,000 for the waterfront. Now, then, you have got two hundred acres of inside land left, and if you paid at the high rate that has been paid for inside lands, about \$2,000 per acre, that would represent a price of \$400,000—\$400,000.00 plus \$165,000.00 would be \$565,000.00. Now that is my opinion of the value of the property. We are asked then—in my own opinion—we are asked to pay a million and fourteen thousand dollars for land which looks to me to be worth not more than \$565,000.00 or, if you take the total acreage of 233, and divide it into \$1,014,000, that would be at the rate of about \$4,300 an acre.

This is so far in excess of all prices that have ever been paid for meadow property of that character, and so far beyond all reasonable values, as we real estate men understand them in the City of Newark, that I am constrained to think that we ought to condemn, instead of buy. That has always been the attitude of the City; when the City wanted to acquire property, and the value of it was too high, the attitude of the City has been to condemn, and in many cases it has condemned it.

Now, Mr. Mayor, I think that we ought to go slow with that. For instance, I am interested in a piece of meadow property near Doremus Avenue and the Lincoln Highway. We have eleven acres of land there which we have been trying to sell for nine or ten years, and we have not yet received an offer over \$3,000 an acre for the eleven acres of land. We might say that meadow lands are worth a good deal of money and I hope that the day will come when they will be very valuable, but in the meantime the value is not there, so I am obliged, holding these views, to vote no on the resolution.

Mayor Raymond: Any other remarks?

Commissioner Howe: I wish to be recorded as voting no, to be consistent with the views expressed by me last week on the values.

Commissioner Murray: I vote yes.

Mayor Raymond: As Director of the Department of Public Works some four years ago I began negotiations with Mr. Ross, who unfortunately has died within the past week, looking toward a

purchase of these lands for about this price. And we practically came to an agreement with Mr. Ross at that time to purchase the lands for this price, but because of other developments at Washington we decided that it would not be, to say the least, tactful, to buy the land at that time, which was the only reason why we discontinued our negotiations, except that there was another reason, that Mr. Ross did not have full title, certain riparian rights which he has since acquired. Now I do not agree with my colleagues that this is an excessive price to pay for these lands. They are divided into three groups, the bay front land and its upland, for which we are paying \$6700. an acre; the land along Bound Creek, which will be along a waterway—it is a natural waterway capable of development as an inland channel, similar to the present inland channel, which is being valued at about \$3200. an acre, and for the remaining lands we are paying \$1600. an acre.

I don't know when the land was bought for \$400. an acre to which Mr. Gillen referred. I can't believe it was very recently.

Commissioner Gillen: Many years ago.

Mayor Raymond: Many years ago it was bought for \$80.00 an acre, and Henry Ford, when he looked at the land when he was here, said that some day it would be worth a million dollars an acre. We propose to construct a road along the southerly end of this property which will border on Mr. Ross' land. When that road is constructed it will send the

property up along that highway on the south side of it, to at least \$5,000. an acre, and it must be recalled also that the Government is going ahead with its dredging, and that it will deposit the silt on these lands, because it is the nearest place to put it.

It must be recalled also that we propose to complete the dredging of the channel and that every foot we carry this silt costs us so much more money. The economical development of this property is to deposit the dredgings from the channel as near as possible to the dredging point and therefore it will save us—I forget what the estimated figures of saving are, but a considerable sum which I can give later—a dollar a square yard in actual cost, if we can deposit this dredging material on land we propose to purchase from the Ross estate, which will save us enough to pay this purchase price. Part of this land has already been filled, and if this land is filled and the Ross Estate has the benefit of it without being obliged to pay for it, and we come along with a road on one side, and the land filled with dredgings from the bay, even in condemnation we will pay twice what we are paying now. This is a block of 233 acres on navigable water, and right across we have rented land on the basis of \$25,000 an acre. We are dealing now with land on the basis of \$30,000. an acre, and I can't see how we can say these prices are high, and I, for my part would not dare to go before a condemnation commission and take the chances of getting it any cheaper than this contract provides for.

Newark has embarked on this undertaking. There is no more waterfront

to be had except this. This will take us to the Elizabeth Line. If this Commission should miss the opportunity of buying this now, and it should fall in the hands of some railroad, and the railroads are after it, and the city should lose this opportunity, I don't think posterity would ever excuse us for not going ahead.

For my part I shall vote for this resolution. I ask the Clerk to call the roll.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Murray, Mayor Raymond.

Nays: Commissioners Gillen and Howe.

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Commissioner Gillen not voting.

WHEREAS, James R. Nugent and Helena M. Nugent, his wife, by warranty deed dated February 25, 1925, and recorded March 2, 1925, in Book C 72 of Deeds for Essex County, on page 88, purported to convey to The City of Newark, for the consideration of forty-five hundred dollars (\$4500), a certain tract of Meadow Land, in the City of Newark, containing 3.58 acres; and

WHEREAS, while said tract was correctly described in said deed by lot and block numbers but incorrectly described by metes and bounds and the metes and bounds description in said deed, applies to another tract of Meadow land owned by said James R. Nugent, which was not to be conveyed to The City of Newark; and

WHEREAS, the Law Department of The City of Newark has recommended that for the purpose of clearing the title to both tracts of Meadow lands the City execute and deliver to said James R. Nugent a corrective deed reconveying that certain tract called "Fresh Meadow," containing 2.94 acres and being designated as Section 11, plot 5, on the official assessment maps of the City of

Newark, upon the execution and delivery by said James R. Nugent and Helena M. Nugent, his wife, to The City of Newark of a corrective warranty deed, conveying a lot of Meadow land, formerly belonging to Elihu Crane, containing 3.58 acres, and being designated as Section 12, plot 21, on the official assessment maps of the City of Newark;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Law Department, as above set forth, be and the same are hereby ratified and confirmed; and the Mayor and the City Clerk of said City be and they are hereby authorized and directed to execute and deliver, on behalf of The City of Newark, a corrective Bargain and Sale Deed, having affixed thereto the corporate seal of said City of Newark, to said James R. Nugent, conveying to him and his heirs and assigns all that certain tract called "Fresh Meadow," containing 2.94 acres, and designated as above set forth, upon the execution and delivery by said James R. Nugent and Helena M. Nugent, his wife, of a corrective Warranty Deed, to The City of Newark, and its successors and assigns, conveying a lot of meadow formerly belonging to Elihu Crane, containing 3.58 acres, and designated as above set forth, to be approved by the Law Department of the City of Newark as to form.

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N. J., March 16, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of March 9th were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Edmund W. Wollmuth, representing The Chamber of Commerce: Mr. Mayor and gentlemen of the Commission, I don't know whether the question of the City Hall Annex comes before the Commission this morning or not, but I have been asked by the Chamber's Committee on Public Works to present this statement to the Board, and I have copies for each member of the Commission.

Mr. Wollmuth presented a statement prepared by the Committee on Public Works of the Chamber of Commerce opposing the proposed City Hall Annex, which was ordered filed.

Mayor Raymond: The Commission expects to go in conference on the subject after this meeting, so that your remarks will be appropos at this time, I think.

Mr. Wollmuth: Would you care to have the copies of the report distributed

to the Commissioners. (Mr. Wollmuth then read the report).

Mr. Wollmuth: May I just add a word, Mr. Mayor, and gentlemen of the Commission, that the Committee desires very much that the Board do not misunderstand its position in submitting this report. It wants to bring to the Board what it believes to be the consensus of opinion of the members of the Chamber of Commerce, insofar as that consensus is possible of attainment, and to state to the Commission that it believes that municipal employees should be provided with ample space, so that they can work efficiently and so that their health will not be impaired by working under conditions that are not proper.

Mayor Raymond: We appreciate your trouble in sending us this report, and working out the problems in this way.

Commissioner Howe: You had representatives visit my department. I would like to know how they reported.

Mr. Wollmuth: It is reported in this statement.

Commissioner Howe: I would like to ask Mr. Blandford if he didn't find certain departments of mine congested.

Mr. Blandford: It definitely states in the report what your department requires.

Mayor Raymond: No reference is made to my engineering and drafting facilities.

Mr. Blandford: That was observed and considered, Mr. Mayor.

Mr. Wollmuth: The point that is made clear is in the last paragraph of the report, in which we point out that by taking care of the Board of Education, which must not be necessarily located in the City Hall, it makes available sixteen thousand square feet, and by readjustments and moves that space could be utilized.

Mayor Raymond: You say on page two that the Department of Revenue and Finance would be generously taken care of if it had two thousand square feet more. Is that your idea of it, Commissioner Howe?

Commissioner Howe: Yes.

Commissioner Gillen: The Center Market is out of the question. I don't believe we could touch that, and I don't believe we would want to touch it.

Mayor Raymond: Does any other citizen desire to be heard on any other matter?

Mr. Herman Schlesinger, 164 Ferry Street: I appear here as a taxpayer and also representing the Ironbound Improvement Association and the Merchants' Associations, the two largest associations below the railroad. We have read in the papers where some certain manufacturers demand heavy tracks to be laid in the street and they are going to ship their products during the night through the streets.

Mayor Raymond: May I interrupt you to say this; I told these people yesterday that I would set this matter down for a public hearing when both sides could be heard, and I am going to ask the Commission to fix a date for a public hearing at a later time. It has not come to the Commission's attention officially yet, but we are going to have a public hearing on it.

Mr. Schlesinger: It is simply that we don't want anything like that to happen. We all know what the City of New York has in that "dead-end" section where freight cars run through the streets. Those people in the Ironbound Section are poor people, Mr. Mayor, and no sooner will the mortgagees find out that there will be car tracks laid to ship produce at night, than they will call in the mortgages and there will be a calamity in this section, and as poor people they need the rest of night, and what one manufacturer is granted, the same privilege will have to be given to others.

Mayor Raymond: I think if you will bring this up at the public hearing it will help everybody. I, personally, agree with what you say.

Does any other person desire to be heard?

Mr. Congleton: I want to bring up for your consideration the question of the judgment recovered against the City and other municipalities in the Passaic Valley Sewerage Commission matter. The United State Circuit Court of Appeals has held us responsible for our proportionate share of the judgments recovered by Holbrook, Cabot & Rollins and John Tierney, and those judgments

An ordinance to provide for the opening and widening of Bergen Street from Renner Avenue to Lyons Avenue from the existing width of sixty (60) feet to a width of eighty (80) feet by the addition thereto of a strip 10 feet in width on both sides of said Bergen Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Bergen Street from Renner Avenue to Lyons Avenue shall be opened and widened as a public street or highway from its existing width of sixty (60) feet to a width of eighty (80) feet by the addition thereto of a strip ten (10) feet in width on both sides of said Bergen Street, all as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map also is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1230-0, dated March 8, 1926. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Section 2. That said improvement be undertaken as a local improvement and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to

the benefits received, and in no case shall any assessment for said improvement exceed in amount each peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$150,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$150,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that April 6th, 1926, at 11 A. M., or as soon

thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

A further supplement to an ordinance entitled "An Ordinance to establish the names of certain streets in the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the execution by The City of Newark of a contract in writing according to the provisions hereof for increasing the capacity of the Joint Outlet or Trunk Sewer, heretofore constructed by the Township of Millburn, in the County of Essex and other municipalities under contract dated March 15th, 1901, by the construction of a Supplementary Joint Trunk Sewer for the building and equipping of a plant, for the treatment of the sewage disposed of by said sewer; for the admission of other municipalities to participation in the use and cost of construction of the Supplementary Joint Trunk Sewer; and in the cost of maintenance of such Joint Outlet or Trunk Sewer when increased in capacity; and appropriating and providing for the raising of the funds necessary to pay the share of the said The City of Newark of the cost of said improvement and charges and expenses incident thereto.

WHEREAS, under date of March 15th, 1901, by virtue of an Act of the Legislature of the State of New Jersey entitled "An Act to authorize two or more municipalities in this State to jointly

construct and maintain outlet or trunk sewers," approved March 15th, 1899, the Township of Millburn, in the County of Essex, The Mayor and Common Council of the City of Newark, the City of Summit, the Town of Irvington, the Town of West Orange, the Village of South Orange and the Mayor and Council of the Borough of Vailsburgh did enter into a joint contract for the construction and maintenance of a joint outlet or trunk sewer, branches and appurtenances which were duly constructed by said municipalities and put into operation and

WHEREAS, the territory of The Mayor and Council of the Borough of Vailsburgh has been annexed to the City of Newark since the making of the said contract and said City has succeeded to the rights and duties of the said Borough in respect to said sewer under said contract and,

WHEREAS, it has become necessary to increase the capacity of the said joint outlet or trunk sewer, branches and appurtenances to serve the needs of said municipalities and to accommodate other municipalities desiring to participate in the use, cost of construction and maintenance thereof, and

WHEREAS, the City of East Orange, the Township of Hillside in the County of Union, the Township of Maplewood in the County of Essex, the Township of Union in the County of Union and the Borough of Roselle Park, other municipalities of the State of New Jersey, desire to be admitted to participation in the use and cost of construction and maintenance of said joint outlet or

trunk sewer and branches when increased in capacity, and

WHEREAS, competent engineer, mechanics and others have prepared surveys, maps, plans, reports and estimates of the proposed works and improvements and true copies thereof have been delivered to the Clerk of each of the municipalities hereinbefore named, together with a statement or estimate of cost and expense thereof and the percentage thereof to be apportioned to and paid by each of the municipalities hereinbefore named. and also an estimate of the annual cost of maintenance, repair, operation and supervision of said joint outlet or trunk sewer and branches so increased in capacity and of said treatment plant to be annually paid by each municipality after the completion of the same and the Clerks of the respective municipalities having submitted to the governing bodies or boards thereof having charge of the construction of sewers and drains therein all said surveys, maps, plans, reports, estimates and statements which have been duly approved by said governing bodies or boards and have been duly filed.

NOW THEREFORE, The Board of Commissioners of The City of Newark do ordain as follows:

Article I. The execution by The City of Newark, under its corporate seal, by its Mayor and Clerk of a contract in writing according to the provisions hereof between The City of East Orange, the Township of Hillside in the County of Union, the Town of Irvington, the Township of Maplewood in the County of Essex, the Township of Millburn in the

County of Essex, the City of Newark, the Borough of Roselle Park, the Village of South Orange, the City of Summit, the Township of Union in the County of Union, and the Town of West Orange for increasing the capacity of the joint outlet or trunk sewer and branches hereinbefore referred to and for the building and equipping of a plant for the treatment of the sewage to be disposed of thereby and also such works and apparatus as shall be deemed necessary or proper is hereby determined upon and is authorized and directed for and on behalf of the said The City of Newark.

Article II. The capacity of the existing joint outlet or trunk sewer and branches shall be increased by the construction and maintenance of a supplementary joint trunk sewer branches and appurtenances, the route or line, size, capacity and extent of which are shown on map on file with the Clerk of each of the municipalities hereinbefore named, designated "Map of Supplementary Joint Trunk Sewer for certain Municipalities in Essex and Union Counties."

The route or line of said proposed supplementary joint trunk sewer and branches is generally described as follows:

Section 1. Beginning at a point on the pier head line of Arthur Kill at the foot of Bayway in the City of Elizabeth, the sewer is proposed to be constructed northerly on Bayway along the Westerly side thereof to South Front Street, thence Westerly along the center line of South Front Street to the center line of Laurel Street, thence Northerly along the center line of Laurel Street

in the City of Elizabeth to a point ten feet south of the southerly property line of Clarkson Avenue, thence diagonally across Clarkson Avenue to the center line of Allen Street prolonged, thence northerly along the prolongation of Allen Street and along Allen Street in the City of Linden to Edgar Road, thence continuing through private rights of way to a point north of the Pennsylvania Railroad tracks, thence again continuing along the center line of Allen Street to Rahway Avenue, thence through private rights of way from the intersection of the center line of Allen Street and Rahway Avenue to the intersection of the center line of Watson Avenue and Vine Street, thence along the center line of Watson Avenue to Murray Avenue thereby crossing the boundary line between Linden and Elizabeth, thence Westerly along Murray Avenue again crossing boundary line into Linden to a point within the boundaries of Warinanco Park, thence in a northerly direction within the boundary lines of Warinanco Park and approximately parallel to the Easterly boundary line of the Southerly property line of Canton Street, in the City of Elizabeth, thence in a Northwesternly direction to a point where the prolongation of the center line of Standish Street intersects the Northerly boundary of Warinanco Park, thence continuing Northerly on Standish Street to West Grand Street, thence through private rights of way to Westfield Avenue at a point in prolongation of the center line of Monmouth Road, thence in a Northeastly direction along Monmouth Road to Park Avenue, thence on Park Avenue to the intersection of the center line of Princeton Road.

Section 2. Beginning at the intersection of Park Avenue and Princeton Road the sewer is to be built along the center line of Princeton Road to Magic Road, thence along Magic Road in a Northwesternly direction to Verona Avenue, thence along the center line of Verona Avenue in a northeasterly direction to the end of Verona Avenue, thence continuing in a straight line through private rights of way entering the Township of Union and continuing to the Morris County Traction Company's right of way, thence along the Westerly boundary of the Morris County Traction Company's right of way to Green Lane, thence along Green Lane north of and parallel to the existing joint outlet or trunk sewer turns northerly from Green Lane, continuing parallel to the existing joint outlet or trunk sewer to a point which is northerly of the Lehigh Valley Railroad Company right of way, thence turning in an Easterly direction crossing to the Easterly side of joint outlet or trunk sewer and continuing parallel thereto to a point where the existing joint outlet or trunk turns in an Easterly direction turning at the same point and continuing parallel to and Southerly from the joint trunk sewer along its existing right of way, thence along Potter Avenue to a point which is Southerly of Salem Road, thence through a private right of way and continuing again parallel to the joint outlet or trunk sewer crossing Vaux Hall Road and thence crossing the existing joint outlet or trunk sewer and continuing parallel thereto and on the Easterly side thereof along Vaux Hall Road and private right of way to Union Avenue.

Section 3. Beginning at Union Avenue

the sewer is to be built on private rights of way parallel to and Westerly of the existing joint trunk sewer to the point in said existing joint trunk sewer known as Station 67 x 72.6 at Manhole No. 25 being the lower end of the 38" x 56" section. The existing sewer is of sufficient size to carry the combined flow of the existing and supplementary sewers throughout the section from Station 67 x 72.6 to the upper end of the tunnel section described as Station 110 x 97.14 the supplementary sewers to be constructed on the Northerly side and parallel to the existing joint outlet or trunk sewer for the remainder of the section to the end of Section 3 and the beginning of Section 4 just south of the Rahway River.

Section 4. Beginning at Section 3, just south of the Rahway River, the supplementary sewer will pass along a private right of way to Franklin Avenue, thence easterly along Franklin Avenue to Vaux Hall Road, thence through private rights of way approximately parallel to the Rahway River to a proposed street 250 feet north of Valley Street and 740 feet from its intersection with Millburn Avenue, thence along this proposed street, crossing Millburn Avenue and continuing on a private right of way between two existing buildings, crossing the the Rahway River to a point south of the existing joint outlet or trunk sewer, thence easterly parallel to and south of the existing joint outlet or trunk sewer to a point 140 feet west of Pierson Road, thence at an angle of two degrees right from the existing joint outlet or trunk sewer, thereby passing between two buildings east of Pierson

Road, continuing on a private right of way along the existing right of way of the joint outlet or trunk sewer and southeast thereof to a point 400 feet southwest of Dunnell Road, thence across private right of way to a point 50 feet southwest of Oakland Road and on the southerly side of Dunnell Road, thence continuing along Dunnell Road and south of the existing joint outlet or trunk sewer, except for a double crossing near Oakland Road, continuing to Jefferson Avenue, thence along private right of way southeast of and parallel to the existing joint outlet or trunk sewer to Parker Avenue, continuing on this line along a private right of way to the center line of the Rahway River, thence northerly in the bed of the Rahway River and under the D., L. & W. R. R. Bridge to a point on the west side of the said Rahway River, thence in a northerly direction along the west bank of the Rahway River to the existing joint outlet or trunk sewer, thence parallel to and easterly of the joint outlet or trunk sewer to the boundary line between the Township of Maplewood and the Village of South Orange, the end of Section 4 and the beginning of Section 4a.

Section 4a. Beginning at the upper end of Section 4, at the boundary line between the Township of Maplewood and the Village of South Orange and between the Rahway River and the existing joint outlet or trunk sewer, thence parallel to and easterly of the joint outlet or trunk sewer to Third Street, crossing under Third Street in the bed of the Rahway River, continuing in the bed of the Rahway River to a point 200 feet

north of South Orange Avenue thence along private right of way to the easterly side of the Rahway River for a distance of 440 feet thence crossing the Rahway River, continuing parallel to and east of the trolley tracks on private right of way to Mead Street, thence on Meadowbrook Lane to Montrose Avenue, thence along private right of way, continuing parallel to the tracks of the South Orange and Maplewood Traction Company, to the boundary line between the Village of South Orange and the Town of West Orange, the end of Section 4a.

Section 5. Begins at the intersection of Section 2 and 3 and is to be constructed on the center line of Union Avenue northerly of the existing sewer, to a point about 1400 feet from the beginning of the section, where the supplementary sewer crosses the existing sewer and continues parallel thereto along Union Avenue and thence through a private right of way parallel to and south of the existing sewer to a point 520 feet from Mill Road, thence the supplementary sewer follows a private right of way at an angle of 7 degrees east from the right of way of the existing joint outlet or trunk sewer, thence continuing in a northeasterly direction from Mill Road, crossing the Elizabeth River at a point 80 feet easterly from Mill Road, continuing along the southerly side of the Elizabeth River through private right of way to Chancellor Avenue, thence along the center line of a proposed street for a distance of 420 feet and continuing through private rights of way along the river bank to Nye Ave., thence westerly on Nye Avenue to Lincoln Place, thence Northerly on

Lincoln Place parallel to and east of the existing joint outlet or trunk sewer, crossing the same at Springfield Avenue and continuing along a private right of way on the westerly bank of the Elizabeth River to a point 70 feet westerly of Orange Avenue.

Section 5a. Beginning at the end of Section 5 and 5c, the sewer will pass through private rights of way and siphons under the existing Newark storm sewer and, crossing the existing joint outlet or trunk sewer, will pass easterly along Orange Avenue to Carolina Avenue, thence northerly on Carolina Avenue to Laurel Place, crossing the existing joint outlet or trunk sewer, thence easterly on Laurel Place north of and parallel to the existing joint outlet or trunk sewer, thence northerly on Vermont Avenue westerly and parallel to the existing joint outlet or trunk sewer to Plymouth Street, continuing on Vermont Avenue from Plymouth Street to South Orange Avenue, crossing South Orange Avenue diagonally to Grand Avenue, thence northerly, along Grand Avenue to Tremont Avenue, the boundary line between Newark and East Orange.

Section 5b. (Lyons Avenue Branch) Beginning at Section 5 the proposed supplementary sewer will run north of and parallel to the existing joint outlet or trunk sewer on Lyons Avenue to the Newark City Line.

Section 5b. (Augusta Street Branch). Beginning at the Lyons Avenue Branch, Section 5b, the Augusta Street Branch is southeasterly of and parallel to the existing joint outlet or trunk sewer from

Lyons Avenue to Clinton Avenue, thence crossing a storm water drain, passing along Clinton Avenue to Sharon Avenue, thence northerly along Sharon Avenue to Springfield Avenue, crossing Springfield Avenue and the existing joint outlet or trunk sewer to East Speedway, thence along East Speedway to Tremont Terrace, thence Easterly along Tremont Terrace to Grove Street, crossing the joint outlet or trunk sewer and thence northerly on Grove Street parallel to and easterly from the existing joint outlet or trunk sewer, thence easterly on 19th Avenue southerly from and parallel to the existing joint outlet or trunk sewer to the Newark City Line.

Section 5c. Beginning at the intersection of Section 5 and 5a the supplementary sewer is to be built to Orange Avenue, thence westerly on Orange Avenue and on the southerly side thereof to Brookdale Avenue parallel to and southerly from the existing joint outlet or trunk sewer, thence northerly on Brookdale Avenue parallel to and westerly from the joint outlet or trunk sewer to South Orange Avenue, thence westerly on South Orange Avenue parallel to and south of the existing joint outlet or trunk sewer to Sanford Street.

The sizes and extent of the proposed supplementary joint outlet or trunk sewer and branches in the sections above described are as follows:

Section No. 1, four thousand nine hundred and twenty-six (4,926) feet of eighty-one (81) inch sewer, three thousand four hundred and eleven (3,411) feet of seventy-two (72) inch sewer

and ten thousand and ninety-three (10,093) feet of sixty-six (66) inch sewer. In addition to the above there is to be built a connection between the existing and the supplementary joint trunk sewer. This section will be composed of eight hundred and ninety-five (895) feet of fifty-one (51) inch sewer.

Section No. 2, four thousand three hundred and eighty (4,380) feet of sixty-three (63) inch sewer and twelve thousand six hundred and nine (12,609) feet of sixty (60) inch sewer.

Section 3, one thousand six hundred and eighty-three (1,683) feet of fifty-four (54) inch sewer, and one thousand six hundred and twenty (1,620) feet of fifty-four (54) inch pressure pipe, and seven thousand and eighty-three (7,083) feet of forty-eight (48) inch sewer. No supplementary sewer is provided for over that portion of section three known as the tunnel section, which consists of three thousand seven hundred and thirty-seven (3,737) feet of forty-eight (48) inch sewer and five hundred and eighty-seven (587) feet of thirty-eight (38) inch by fifty-six (56) inch sewer. This portion of the existing sewer being adequate for the anticipated increased flow.

Section No. 4, three thousand six hundred and five (3,605) feet of forty-two (42) inch sewer, nine hundred and seventy-five (975) feet of thirty-six (36) inch sewer, five thousand three hundred and eighty-five (5,385) feet of thirty-three (33) inch sewer, and one thousand five hundred and fifty-five (1,555) feet of thirty (30) inch sewer.

Section No. 4a, three thousand four hundred (3,400) feet of thirty-three (33)

inch sewer, and four thousand five hundred and thirty (4,530) feet of thirty (30) inch sewer.

Section No. 5, one thousand (1,000) feet of forty-five (45) inch sewer, six thousand two hundred and thirty-three (6,233) feet of forty-two inch sewer, two hundred and twenty-seven (227) feet of thirty-six (36) inch sewer, three thousand five hundred and ninety-two (3,592) feet of thirty-three (33) inch sewer, two thousand six hundred and sixty-two (2,662) feet of thirty (30) inch sewer, and one thousand and eighty-six (1,086) feet of twenty-seven (27) inch sewer.

Section No. 5a, four thousand three hundred and forty-five (4,345) feet of twenty-seven (27) inch sewer and one thousand six hundred and fifteen (1,615) feet of twenty inch sewer.

Section No. 5b (Lyons Avenue) one thousand three hundred and seventy (1,370) feet of twenty-two (22) inch sewer, and two thousand six hundred and eighty-two (2,682) feet of fifteen (15) inch sewer.

Section No. 5b (Augusta Street) six thousand one hundred and seventeen (6,117) feet of twenty (20) inch sewer and one thousand nine hundred and sixty-two (1,962) feet of fifteen (15) inch sewer.

Section No. 5c, three hundred and thirty (330) feet of twenty-seven (27) inch sewer, three thousand and three hundred and fifty (3,350) feet of twenty-four (24) inch sewer, six hundred and

ninety-five (695) feet of eighteen (18) inch sewer, and six hundred and sixty-three (663) feet of twelve (12) inch sewer.

Article III. Of the total combined capacities of the existing joint outlet or trunk sewer and of the proposed supplementary joint trunk sewer there shall be allotted to and owned by the several contracting municipalities the following percentages which shall be allocated to them either wholly in the sections of the proposed supplementary joint trunk sewer as follows or partly therein and partly in the corresponding portions of the existing joint outlet or trunk sewer or wholly in the latter.

Section 1. After reserving capacity necessary to secure the consent of the City of Elizabeth for the construction of the supplementary joint trunk sewer therein, of said total combined capacity there shall be allotted either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter to the City of East Orange five and fifty-two hundredths (5.52) per cent, estimated to be equal to five and five tenths (5.50) million gallons per day; to the Township of Hillside ten and twenty-five hundredths (10.25) per cent, estimated to be equal to ten and two tenths (10.20) million gallons per day; to the Town of Irvington thirteen and sixty-six hundredths (13.66) per cent, estimated to be equal to thirteen and sixty-one hundredths (13.61) million gallons per day; to the Township of Maplewood seven and one tenth (7.10) per cent, estimated to be equal to seven and eight hundredths (7.08) million gallons per day; to the Township of Millburn six and two hun-

dredths (6.02) per cent, estimated to be equal to six (6.00) million gallons per day; to the City of Newark fifteen and fifty-five hundredths (15.55) per cent, estimated to be equal to fifteen and five tenths (15.50) million gallons per day; to the Borough of Roselle Park nine and forty-eight hundredths (9.48) per cent, estimated to be equal to nine and forty-four hundredths (9.44) million gallons per day; to the Village of South Orange six and two hundredths (6.02) per cent, estimated to be equal to six (6.00) million gallons per day; to the City of Summit seven and fifty-three hundredths (7.53) per cent, estimated to be equal to seven and five tenths (7.50) million gallons per day; to the Township of Union six and thirty-two hundredths (6.32) per cent, estimated to be equal to six and three tenths (6.30) million gallons per day; and to the Town of West Orange twelve and fifty-five hundredths (12.55) per cent, estimated to be equal to twelve and five tenths (12.50) million gallons per day.

Section 2. After reserving capacity necessary to secure the consent of the City of Elizabeth for the construction of the supplementary joint trunk sewer therein of said total combined capacity there shall be allotted either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter to the City of East Orange six and one tenth (6.10) per cent, estimated to be equal to five and five tenths (5.50) million gallons per day; to the Township of Hillside eleven and three tenths (11.30) per cent, estimated to be equal to ten and two tenths (10.20) million gallons per day; to the

Town of Irvington fifteen and one tenth (15.10) per cent, estimated to be equal to thirteen and sixty-one hundredths (13.61) million gallons per day; to the Township of Maplewood seven and eighty-five hundredths (7.85) per cent, estimated to be equal to seven and eight hundredths (7.08) million gallons per day; to the Township of Millburn six and sixty-five hundredths (6.65) per cent, estimated to be equal to six (6.00) million gallons per day; to the City of Newark seventeen and two tenths (17.20) per cent, estimated to be equal to fifteen and five tenths (15.50) million gallons per day; to the Village of South Orange six and sixty-five hundredths (6.65) per cent, estimated to be equal to six (6.00) million gallons per day; to the City of Summit eight and thirty-two hundredths (8.32) per cent, estimated to be equal to seven and five tenths (7.50) million gallons per day; to the Township of Union six and ninety-eight hundredths (6.98) per cent, estimated to be equal to six and three tenths (6.30) million gallons per day; and to the Town of West Orange thirteen and eighty-five hundredths (13.85) per cent, estimated to be equal to twelve and five tenths (12.50) million gallons per day.

Section 3. Of said total combined capacity there shall be allotted either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter to the Township of Maplewood twelve and thirty-three hundredths (12.33) per cent, estimated to be equal to four and eighty-six hundredths (4.86) million gallons per day; to the Township of Millburn fifteen and twenty-one hundredths (15.21) per cent, estimated to be equal to six (6.00)

million gallons per day; to the Village of South Orange thirteen and eleven hundredths (13.11) per cent, estimated to be equal to five and seventeen hundredths (5.17) million gallons per day; to the City of Summit nineteen and two hundredths (19.02) per cent, estimated to be equal to seven and five tenths (7.50) million gallons per day; to the Township of Union eight and sixty-two hundredths (8.62) per cent, estimated to be equal to three and four tenths (3.40) million gallons per day; and to the Town of West Orange thirty-one and seventy-one hundredths (31.71) per cent, estimated to be equal to twelve and five tenths (12.50) million gallons per day.

Section 4. Of said total combined capacity there shall be allotted either wholly in this section or partly therein and partly in a corresponding section of the existing sewer or wholly in the latter to the Township of Maplewood seventeen and fifty-eight hundredths (17.58) per cent, estimated to be equal to four and seven hundredths (4.07) million gallons per day, of which, however, a capacity of five hundred and fifty thousand (550,000) gallons per day in the existing sewer was acquired by the then Township of South Orange, now the Township of Maplewood, by purchase from the Township of Millburn but does not extend over the whole of the portion of the existing sewer corresponding to section 4 of the proposed supplementary sewer but only to the part thereof up to the intersection of Ridgewood Road and Millburn Avenue; a further capacity of five hundred thousand (500,000) gallons per day is dependent upon the substitution before the

execution of the contract authorized by this ordinance of a contract for the purchase of said capacity by the Township of Maplewood from the Village of South Orange for an existing contract under which the said Township of Maplewood has the right to connect five hundred houses with the existing sewer on payment to the Village of South Orange of an annual rental therefor; in the event that such substituted contract shall not have been entered into before the execution of the contract authorized by this ordinance said capacity of five hundred thousand (500,000) gallons per day shall be deducted from the allotment to the Township of Maplewood and added to the allotment to the Village of South Orange in this section of the sewer and in each of the preceding sections; to the Township of Millburn seven and twenty-seven hundredths (7.27) per cent estimated to be equal to one and sixty-four hundredths (1.64) million gallons per day; to the Village of South Orange twenty-two and forty-five hundredths (22.45) per cent estimated to be equal to five and seventeen hundredths (5.17) million gallons per day; and to the Town of West Orange fifty-two and seven tenths (52.70) per cent estimated to be equal to twelve and eighteen hundredths (12.18) million gallons per day.

Section 4a. Of said total combined capacity there shall be allotted either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter to the Village of South Orange twenty-nine and eighty-five hundredths (29.85) per cent, estimated to be equal to five and seventeen hundredths (5.17) million

gallons per day; and to the Town of West Orange seventy and fifteen hundredths (70.15) per cent, estimated to be equal to twelve and eighteen hundredths (12.18) million gallons per day.

Section 5. Of said total combined capacity there shall be allotted either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter to the City of East Orange fourteen and six tenths (14.60) per cent, estimated to be equal to five and five tenths (5.50) million gallons per day; to the Town of Irvington, thirty-six and one tenth (36.10) per cent, estimated to be equal to thirteen and sixty-one hundredths (13.61) million gallons per day; to the Township of Maplewood five and nine tenths (5.90) per cent, estimated to be equal to two and twenty-two hundredths (2.22) million gallons per day; to the City of Newark forty-one and two tenths (41.20) per cent, estimated to be equal to fifteen and five tenths (15.50) million gallons per day; and to the Village of South Orange two and two tenths (2.20) per cent, estimated to be equal to eighty-three hundredths (0.83) million gallons per day.

Section 5a. Of said total combined capacity there shall be allotted either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter to the City of East Orange forty and seven tenths (40.70) per cent, estimated to be equal to three (3.00) million gallons per day; and to the City of Newark fifty-nine and three tenths (59.30) per cent, estimated to be equal

to four and thirty-seven hundredths (4.37) million gallons per day.

Section 5b. (Lyons Avenue Branch) and Section 5b (Augusta Street Branch). Of said total combined capacity there shall be allotted either wholly in these sections or partly therein and partly in corresponding portions of the existing sewer or wholly in the latter to the Town of Irvington sixty and one tenth (60.10) per cent, estimated to be equal to five and forty-seven hundredths (5.47) million gallons per day; and to the City of Newark thirty-nine and nine tenths (39.90) per cent, estimated to be equal to three and sixty-three hundredths (3.63) million gallons per day.

Section 5c. Of said total combined capacity there shall be allotted either wholly in this section or partly therein and partly in a corresponding portion of the existing sewer or wholly in the latter to the City of East Orange twenty-eight and three tenths (28.30) per cent, estimated to be equal to two and five tenths (2.50) million gallons per day; to the City of Newark sixty-two and three tenths (62.30) per cent, estimated to be equal to five and five tenths (5.50) million gallons per day; and to the Village of South Orange nine and four tenths (9.40) per cent, estimated to be equal to eighty-three hundredths (0.83) million gallons per day.

Of the capacity of the section of the existing sewer originally designated as B-I, now known as Section 6, the City of Summit, the Township of Millburn and the Town of West Orange shall re-

tain the percentages now owned by them.

The capacities allotted to the several contracting municipalities in accordance with the provisions of this article shall determine the several ownerships of the contracting municipalities in the existing and proposed supplementary sewers and the relations of the municipalities to the Joint Meeting shall be determined thereby, that is to say, of the existing and the proposed supplementary sewer combined each municipality shall own such an undivided part in each section of said sewers as is represented by the percentage allotments of the combined capacity thereof set forth in this Article. All contracts for capacity heretofore made between the contracting municipalities shall be taken to be merged in the contract authorized by this ordinance so far as their relations to the Joint Meeting are concerned and such contract shall govern such relations without regard to any of the terms set out in such contracts, provided, however, that the municipalities reserve any and all rights which they severally may have as between themselves arising out of contracts heretofore made to claim sewage capacity or compensation or damages for any sale of capacity in the existing sewer or other rights granted or acquired under any such contracts.

Article IV. The percentages of the total cost, damages and expenses of each of the several sections of the supplementary joint trunk sewer and branches and appurtenances to be paid by each of the said municipalities shall be as follows:

Section 1. The City of East Orange shall pay seven and eighteen hundredths (7.18) per cent; the Township of Hillside thirteen and thirty-four (13.34) hundredths per cent; the Town of Irvington thirteen and forty-one hundredths (13.41) per cent; the Township of Maplewood seven and eighty-eight hundredths (7.88) per cent; the Township of Millburn five and seventy-one hundredths (5.71) per cent; the City of Newark fourteen and seventy-one hundredths (14.71) per cent; the Borough of Roselle Park ten and four hundredths (10.04) per cent; the Village of South Orange four and two hundredths (4.02) per cent; the City of Summit four and twenty-six (4.26) per cent; the Township of Union seven and seventy-four (7.74) per cent; and the Town of West Orange eleven and seventy-one hundredths (11.71) per cent.

Section 2. The City of East Orange shall pay seven and ninety-nine hundredths (7.99) per cent; the Township of Hillside fourteen and eighty-two hundred (14.82) per cent; the Town of Irvington fourteen and eighty-eight hundredths (14.88) per cent; the Township of Maplewood eight and seventy-six hundredths (8.76) per cent; the Township of Millburn six and thirty-four hundredths (6.34) per cent; the City of Newark sixteen and thirty-four hundredths (16.34) per cent; the Village of South Orange four and forty-eight hundredths (4.48) per cent; the City of Summit four and seventy-five hundredths (4.75) per cent; the Township of Union eight and six tenths (8.60) per cent; and the Town of West Orange thirteen and four hundredths (13.04) per cent.

Section 3. Of the cost of the supplementary sewer in this section the Township of Maplewood and the Township of Union shall contribute and pay respectively the sums of eighteen thousand four hundred and sixty-three and thirty-one cents (\$18,463.31) and one thousand five hundred and seventy dollars (\$1,570) in consideration of the capacity allotted to them respectively in the existing tunnel of this section, which is not to be enlarged or supplemented. The sums to be paid shall be credited to other jointly contracting municipalities in consideration of capacity in the existing tunnel section and will be apportioned to the municipalities in the ratio of their ownership of Section 3 of the existing joint outlet or trunk sewer. Of the cost of the new construction in Section 3, the Township of Maplewood shall pay fourteen and sixty-four hundredths (14.64) per cent; the Township of Millburn sixteen and seventy-five hundredths (16.75) per cent; the Village of South Orange nine and ninety-three hundredths (9.93) per cent; the City of Summit twelve and fifty-nine hundredths (12.59) per cent; the Township of Union eleven and sixty-one hundredths (11.61) per cent; and the Town of West Orange thirty-four and forty-eight hundredths (34.48) per cent, less sums accruing to any or all by reason of the provision of the first part of this paragraph.

Section 4. The Township of Maplewood shall pay twenty and seventy-three hundredths (20.73) per cent; the Village of South Orange seventeen and seventy-one hundredths (17.71) per cent; and the Town of West Orange sixty-one and fifty-six hundredths (61.56) per cent.

Section 4a. The Village of South Orange shall pay twenty-two and thirty-four hundredths (22.34) per cent; and the Town of West Orange seventy-seven and sixty-six hundredths (77.66) per cent.

Section 5. The City of East Orange shall pay eighteen and fifty-two hundredths (18.52) per cent; the Town of Irvington thirty-four and forty-seven hundredths (34.47) per cent; the Township of Maplewood seven and forty-eight hundredths (7.48) per cent; the City of Newark thirty-seven and eighty-four hundredths (37.84) per cent; and the Village of South Orange one and six-nine hundredths (1.69) per cent.

Section 5a. The City of East Orange shall pay fifty-one and eleven hundredths (51.11) per cent; and the City of Newark forty-eight and eighty-nine hundredths (48.89) per cent.

Section 5b. (Lyons Avenue Branch and Augusta Street Branch). The Town of Irvington shall pay sixty-six and seventy-one hundredths (66.71) per cent and the City of Newark thirty-three and twenty-nine hundredths (33.29) per cent.

Section 5c. The City of East Orange shall pay thirty-five and five hundredths (35.05) per cent; the City of Newark fifty-five (55.00) per cent; and the Village of South Orange nine and ninety-five hundredths (9.95) per cent.

Article V. Portions of Section B-I now known as Section 6 of the existing joint outlet or trunk sewer shall be repaired or reconstructed where necessary

in order to prevent excessive infiltration of ground water. Of the cost of such repair or reconstruction the Township of Millburn shall pay thirty-nine and two tenths (39.20) per cent and the City of Summit sixty and eight tenths (60.80) per cent.

Article VI. The cost of acquiring lands rights and easements in lands necessary for the construction of any part of any section of the supplementary trunk sewer, branches or appurtenances shall be taken to be a part of the cost of the construction of such section.

Article VII. A plant for the treatment of sewage to be disposed of by the Joint outlet or trunk sewer and by the said supplementary joint trunk and branches shall be built and equipped in accordance with the plans submitted by the engineers and approved by the municipalities concerned, or as the same may be modified by the New Jersey State Department of Health. The capacity and cost of construction of said treatment plant shall be apportioned to and paid by the said municipalities on the basis of the percentages owned by them of the combined capacity of the existing joint outlet or trunk sewer and of the said supplementary joint sewer in section I thereof.

Article VIII. The cost of legal services, clerical and incidental expenses connected with the construction of the supplementary trunk sewer, branches and appurtenances and of the treatment plant shall be divided and paid equally between and by the said municipalities.

Article IX. The cost and expense of the repair or rebuilding of any part of any section of the joint outlet or trunk sewer and branches as increased in capacity by the said supplementary joint sewer shall be apportioned to and paid as provided herein for the payment of the construction of said section of the supplementary joint trunk sewer and branches.

Article X. The total cost and expense of the operation, maintenance and cleaning of the said joint outlet or trunk sewer, branches and appurtenances as increased in capacity and of the treatment plant from the date of putting the same into actual operation up to the 31st day of December next ensuing shall be estimated in advance by the Chief Engineer of the Joint Meeting organized under the Act hereinabove referred to and shall be divided equally between the municipalities concerned. For each succeeding year thereafter said Chief Engineer shall estimate the cost of operation, maintenance and cleaning which shall be apportioned to the municipalities on the basis of such estimate and of the actual combined use of Section 1 of the existing and supplementary sewers by said municipalities in the 12 months next preceding the making of such estimate. The amounts apportioned to the several municipalities under said estimate shall be paid when and as called for by the Joint Meeting in advance. At the end of every period embraced in such estimate the actual cost of operation shall be determined excepting for the period from putting the sewer into operation to the 31st of December next ensuing and the payments made by the municipalities upon such estimate shall be adjusted in ac-

cordance with the actual cost and use of said sewer. Overpayments found to have been made by any municipality shall be credited to it upon its operating account for the succeeding year. Underpayments on the part of any municipality shall be made good at once by such municipality.

Article XI. Payments on account of the cost of construction of the supplementary joint trunk sewer, branches and appurtenances and of the treatment plant shall be made by the several municipalities as and when called for by the said Joint Meeting, provided such payment shall not be called for upon less than thirty days' notice. Any moneys not paid when called for by the Joint Meeting shall be subject to a payment of interest at the rate of six (6) per cent per annum from the date when due.

Article XII. Each of the parties shall have the right to employ at its own cost one or more inspectors of the work of construction and of the materials used in said supplementary joint trunk sewer and appurtenances, and treatment plant which inspectors shall be given the same facilities and rights of inspection as the engineer and inspectors employed by the said Joint Meeting.

Article XIII. The joint outlet or trunk sewer branches and appurtenances as increased in capacity by the supplementary sewer and treatment plant are designed to furnish sewerage facilities for the municipalities concerned up to the year 1950 and for the purpose of insuring as far as possible such service life of the sewer as increased in capacity and to

prevent unnecessary infiltration of ground water into said sewer, the Joint Meeting shall be authorized to adopt and provide standard specifications for all local sewers and house connections in the several municipalities which will discharge sewage directly or indirectly into the existing or supplementary sewers, which specifications shall be adopted by the several municipalities for the construction of such local sewers. Each municipality shall give notice to the Chief Engineer of the Joint Meeting of the proposed construction of any local sewer or sewers which will discharge directly or indirectly into the existing or supplementary sewers. Said Engineer shall be empowered in his discretion to appoint inspectors on such local sewers and the inspectors so appointed by the Chief Engineer shall have all the powers and authority of inspectors appointed on such work by such municipality.

Article XIV. The capacity of every municipality in any section of the sewer shall determine the permissible rate of maximum flow from such municipality in such section and there shall be installed wherever practicable, wiers, meters or other measuring devices and controlling devices at every municipal boundary and at such other points as the Joint Meeting may deem desirable either on the existing or supplementary sewers or at points of connection of local municipal sewers therewith. Wiers and other measuring devices and controlling devices on the joint trunk sewer shall be considered a part thereof and paid for in the same manner as the several sections of the sewer.

Article XV. The allotment of capacity to the several municipalities in the sections of the supplementary joint trunk sewer is based upon an estimate of the requirements of said municipalities severally up to the year 1950. The capacity owned by any municipality at any time shall be its several property, but shall not be sold by it until the terms of such proposed sale shall have been submitted in writing to the Joint Meeting and shall have been approved by it by a majority vote of its constituent members and in case the proposed sale shall be to a municipality other than those represented in the Joint Meeting it shall not be made without the approval of at least two-thirds of the municipalities represented in the Joint Meeting.

Article XVI. If the Chief Engineer of the Joint Meeting at any time shall find that any municipality is using capacity in excess of that owned by it, he forthwith cause a written notice signed by him to be served on the Clerk of such municipality, which notice shall state the time and place at which he will present his report thereon to the Joint Meeting and at such meeting the Joint Meeting shall give opportunity to such municipality to be heard, and thereupon shall fix a time within which such municipality shall remove the cause of such excessive use, and in case the offending municipality shall not remove the cause of the excessive use within the time so fixed, it shall be chargeable with and on demand pay quarterly thereafter during the continuance of the cause of such excessive use to the Treasurer of the Joint Meeting interest from the date of the giving of notice by the Chief Engineer of such

excessive use at the rate of twelve per centum per annum of the value of the excess capacity so used by it fixed as herein provided. No payment shall be less than a full quarter or three months. Excess capacity use by any municipality shall be measured by the average maximum of discharge by such municipality during periods of five days. The value of capacity shall be computed at such percentage of the cost of sewage treatment plant and of the sections of the sewer affected by the excessive use as represents the percentage of the excess capacity used to the total capacity thereof. In determining values the cost of the sections of the sewers affected shall be computed at the prices existing at the time of the construction of the supplementary sewer. Moneys paid to the Treasurer of the Joint Meeting in accordance herewith shall be distributed among the other municipalities in the ratio that their respective unused capacities in both sewers bear to the total unused capacity of the sewage treatment plant and of the sections of the sewer affected thereby. All of the findings, notices and acts hereinbefore provided to be made, given and done by the Chief Engineer, may be made, given or done by the Joint Meeting.

Article XVII. No assessment for benefits upon the lands and real estate fronting upon the supplementary joint trunk or outlet sewer, its branches and appurtenances authorized to be built and maintained under this ordinance, shall be made upon the application of the jointly contracting municipalities in Joint Meeting, or for the joint benefit of said contracting municipalities and in lieu thereof of each municipality contracting for the

construction of said supplementary joint trunk sewer, its branches and appurtenances shall be authorized and empowered to treat the portion of said joint trunk sewer, its branches and appurtenances which may lie within its territory for the purpose of assessments for benefits conferred upon the land fronting thereon in such municipality in the same manner as the local sewers or system of sewers are treated in such municipality and as part of such local sewers or system of sewers.

Article XVIII. The combined capacities of the existing joint outlet or trunk sewer, branches and appurtenances and of the supplementary sewer, branches and appurtenances shall be treated as a single unit under the jurisdiction of the Joint Meeting to be operated for the best interests of all the municipalities. If at any time it may be deemed advisable by the Joint Meeting to transfer all or any part of the sewage discharged by any municipality from the existing sewer to the supplementary sewer or vice versa the Joint Meeting is hereby given full authority to do so provided such transfer does not increase the cost of maintenance to any of the municipalities or interfere with their rights under contract to be made pursuant thereto.

Article XIX. The Township of Hillside in the County of Union, the City of East Orange, the Township of Maplewood in the County of Essex, the Township of Union in the County of Union, and the Borough of Roselle Park shall be admitted to participation in the use and cost of construction and maintenance of said joint outlet or trunk sewer,

branches and appurtenances as increased, and the treatment plant, as hereinbefore specified, and said municipalities shall be granted representation in the Joint Meeting to the same extent as the municipalities which originally contracted for the construction of said joint outlet or trunk sewer, branches and appurtenances.

Article XX. For the purpose of raising and paying the share of The City of Newark of the cost of the construction of the supplementary joint trunk sewer, branches and appurtenances and of the treatment plant as provided in the contract herein authorized to be executed, together with the expenses and charges incident thereto, there is hereby appropriated the sum of Six Hundred and Sixty Thousand, Three Hundred and Seventy-Five Dollars (\$660,375.00) which sum shall be raised by the sale of bonds issued in accordance with the requirements of existing statutes respecting bond issues for sanitary sewer and disposal works construction; prior to the issuance of said bonds said sum may be temporarily financed by borrowing money and issuing from time to time temporary notes, which notes may be payable on demand or may mature in not exceeding six years from the date when the purpose for which they have been issued has been carried out, and may be subject to earlier call for payment and shall bear interest at a rate not exceeding six per centum per annum. Other matters with respect thereof shall be determined by the Director of Revenue and Finance, and the Mayor, the Director of Revenue and Finance, City Auditor and City Clerk are hereby authorized to execute said notes on behalf of The City of Newark.

Article XXI. This ordinance shall take effect immediately.

To the Board of Commissioners of The City of Newark:

The petition of Minnie Fishman of the City of Newark, County of Essex and State of New Jersey, respectfully shows:

1. That she is the owner in fee simple of that certain tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the City of Newark, County of Essex and State of New Jersey—

BEGINNING on the easterly side of Hillside Place, formerly Charlton Street, at a point therein distant northerly twenty-five feet from the northeast corner of the same and Rose Street; thence northerly along the easterly line of Charlton Street twenty-five feet; thence easterly at right angles to Charlton Street 100 feet; thence southerly parallel with Charlton Street twenty-five feet; thence westerly one hundred feet and four hundredths of a foot to the place of BEGINNING. Being lot number 64 on a map of property known as the Clinton Hill property in the Office of the City Surveyor.

2. That title to premises of which the above described premises are a part were conveyed by Mayor and Common Council of the City of Newark to William F. Schaller by deed recorded in Book X 22, page 521, for Essex County. That after various deeds and conveyances of the premises, of which the above described premises are a part, were conveyed to Minnie Fishman by Anna Hartmann by deed recorded in Book Q 37, page 392, for Essex County.

3. Your petitioner further shows that

when the lands and premises above described were originally sold by the Mayor and Common Council of the City of Newark to the various purchasers above named, they were sold and made subject to the following conditions:

(a) That no stable, barn, carriage or out-house shall be built or erected thereon within less than sixty feet of the street or front line of the said property.

(b) That no factory, manufacturing establishment shall be built or erected thereon, or any business of that kind carried on upon the said premises.

(c) That no building built or to be erected thereon shall be used for the purpose of a liquor store or saloon.

(d) That every dwelling to be built or to be erected thereon shall be located so that the front line thereof shall be at least six feet from the front or street line of the said property, and such dwelling shall be erected at a cost of not less than Two thousand dollars.

On breach of these conditions, or either of them, the estate hereby granted shall cease and determine, and the party of the first part, her heirs, executors, administrators and assigns, shall have the right to enter thereon and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

4. Your petitioner further shows that she has been unable to sell the aforesaid

lands and premises because of the conditions imposed in the deeds of conveyance from the Mayor and Common Council of the City of Newark above mentioned.

Your petitioner therefore prays that the said conditions may be removed as conditions, and that the restrictions contained in the said conditions remain upon the said premises as covenants to run with the lands and binding upon your petitioner, her heirs, executors, administrators, successors and assigns.

And your petitioner will ever pray, etc.

Minnie Fishman,  
Petitioner.

Mayor Raymond offered the following resolutions:

WHEREAS, a petition has been presented to the Board of Commissioners of the City of Newark, by Minnie Fishman, setting forth that she is the owner of certain lands and premises in the City of Newark, County of Essex and State of New Jersey, described as follows:

BEGINNING on the easterly side of Hillside Place, formerly Charlton Street, at a point therein distant northerly twenty-five feet from the northeast corner of the same and Rose Street; thence northerly along the easterly line of Charlton Street twenty-five feet; thence easterly at right angles to Charlton Street 100 feet; thence southerly parallel with Charlton Street twenty-five feet; thence

westerly one hundred feet and four hundredths of a foot to the place of BEGINNING. Being lot number 64 on a map of property known as the Clinton Hill property filed in the Office of the City Surveyor.

That the title to the said lands and premises is derived from the Mayor and Common Council of the City of Newark and was conveyed to petitioner by Anna Hartmann, by Deed dated December 26, 1885, recorded in Book X 22, page 521, the deed therein being made subject to the following conditions:

(a) That no stable, barn, carriage or outhouse shall be built or erected thereon within less than sixty feet of the street or front line of the said property.

(b) That no factory, manufacturing establishment shall be built or erected thereon, or any business of the kind carried on upon the said premises.

(c) That no building built or to be erected thereon shall be used for the purpose of a liquor store or saloon.

(d) That every dwelling to be built or to be erected thereon shall be located so that the front line thereof shall be at least six feet from the front or street line of the said property, and such dwelling shall be erected at a cost of not less than Two thousand dollars.

On breach of these conditions, or either of them, the estate hereby granted shall

cease and determine, and the party of the first part, her heirs, executors, administrators and assigns, shall have the right to enter thereon and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

The said conditions as above stated have greatly hampered and do greatly hamper said petitioner in the enjoyment of said lands, and are an obstacle in the way of selling or mortgaging the same, in consideration of which said petitioner did request The City of Newark to release said lands and premises from the right of entry for condition broken created in the Mayor and Common Council by virtue of the conditions set forth in said Deed to William F. Schaller.

NOW THEREFORE BE IT RESOLVED, that the proper officers of the City of Newark be authorized and directed to execute in the name of The City of Newark a release to said Minnie Fishman, the owner of the premises above described, and the petitioner mentioned in said petition, which said release shall be drawn so as to release the said lands and premises from the right of entry for condition broken created in the Mayor and Common Council of the City of Newark by said deed from them to William F. Schaller, by which, on breach of the conditions therein contained, the title to the said lands and premises granted by said deed was to cease and determine, and the said Mayor and Common Council of the City of Newark, its successors and assigns, was to have the right to enter thereon, and take full possession thereof, and to use, hold and

occupy the said property as of their former estate,

Provided, however, that said release shall be approved by a member of the Law Department of the City of Newark, and shall be drawn in such a manner as to change the conditions placed upon said land by said deed to said William F. Schaller from the form of conditions which provide for a forfeiture of the estate, in case of a breach thereof to the form of covenants to run with the land, and to be binding upon the owners thereof, their successors, heirs and assigns, so that the owners of said lands and premises shall not be released from the obligation to keep and observe all of the restrictions which were attached to said lands and premises by deed to said William F. Schaller.

WHEREAS, a contract was awarded on August 25th, 1925, to J. B. Gilligan, Casey Company for the asphalt paving and repaving of Washington Street from Broad Street to Spruce Street, and Lincoln Park from Spruce Street to Clinton Avenue, which contract contemplated the probability of only partially completing the improvement in 1925;

AND WHEREAS, the contractor, realizing the importance of completing the improvement before winter set in redoubled his efforts with the result that the fondest expectations of the Department were realized and the contract was completed with the exception of the work that will be required to make the connections with Broad Street and Clinton Avenue, and complete the crossing at Market Street and a portion at Court Street, all of which was delayed by conditions beyond his control;

AND WHEREAS, it will not be possible to complete the improvement entirely until the Public Service Railway Company has placed new tracks in Washington Street from Broad Street to Central Avenue, from West Kinney Street to Clinton Avenue, and across the Market Street intersection which will be late in the summer of 1926;

AND WHEREAS, the contractor, the J. B. Gilligan Casey Company has retained by the City 10% of the last estimate for work performed;

AND WHEREAS, in the opinion of the Engineers of the Department of Public Affairs, it is unfair because of the present status of the improvement to further withhold the 10%;

AND WHEREAS, the surety, the Globe Indemnity Company, has approved of the modification of the contract to the extent above described;

THEREFORE BE IT RESOLVED, that the contractor, the J. B. Gilligan Casey Company, be allowed the full amount less 5% of the next estimate for the paying and repaving with asphalt of Washington Street from Broad Street to Spruce Street, and Lincoln Park from Spruce Street to Clinton Avenue, including the 10% of such estimate heretofore deducted from such estimates;

AND BE IT FURTHER RESOLVED, that this resolution shall in no way relieve the contractor, the J. B. Gilligan Casey Company, from any ob-

ligation specified in the contract relative to the completion of the work of the paving and repaving of said Washington Street and Lincoln Park or otherwise as stated in full contract.

A communication from E. M. Waldron & Company, requesting that North 7th Street from 742 to 772, inclusive, be placed in the heavy industrial zone, was received, read and on motion ordered referred to the Board of Adjustment for recommendation and report.

The following communication was received and read:

63 Underwood Street,

Newark, N. J., March 15, 1926.

City Commission,  
Newark, N. J.

Gentlemen:

As a resident of the Vailsburgh section of this City and speaking for numerous others who reside in that locality, we would appreciate and patronize a bus line that would adequately serve this large territory now dependent on one

thoroughfare, South Orange Avenue, by running from Stuyvesant Avenue and 18th Avenue down the latter street to Washington Street, thence to Washington Park and return.

South Orange Avenue has become a very dangerous highway due to the large number of people depending on it to get downtown and back, from East Orange, Vailsburgh, South Orange, part of Irvington, Maplewood, etc.

A street with good pavement and transit facilities to relieve this situation is badly needed. Eighteenth Avenue is the logical street as it has only a half block break at the so-called and useless "speedway" in Irvington, which of course, is no fault of yours.

This section is rapidly growing and is already large enough to support a bus line.

Yours very truly,

Louis Guenther.

Ordered referred to Mayor Raymond.

Commissioner Brennan: I move that we adjourn.

The Board of Commissioners of The  
City of Newark, N. J.

W. J. Eagan, City Clerk.

Newark, N. J., March 23, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, at Newark, at 11 A. M.

Present: —Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Absent:—Commissioner Murray.

The minutes of the meeting of March 16th, 1926, were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

(No response).

Commissioner Howe moved that the applications of the Public Service Railway Company for permission to locate, construct, operate and maintain an extension of its street railway system from a point south of Central Avenue through Washington Street to Broad and Bridge Streets, and from Clinton Avenue through Washington Street to a point north of West Kinney Street, be laid over until April 6th, 1926.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$700,000 Passaic Valley Sewer Bonds of The City of Newark.

WHEREAS, John C. Tierney and Holbrook, Cabot & Rollins Corporation recovered judgements in the District Court of the United States, for the District of New Jersey, against Passaic Valley Sewerage Commissioners; and

WHEREAS, said judgements, upon appeal to the United States Circuit Court of Appeals, for the Third Circuit, were affirmed; and

WHEREAS, thereafter the District Court of the United States, for the District of New Jersey, did make an order directing the issuance of peremptory writs of mandamus, directed against the Passaic Valley Sewerage Commissioners, The City of Newark, and various other municipalities which had contracted with Passaic Valley Sewerage Commissioners for the construction of the Passaic Valley Sewer; and

WHEREAS, after the issuance of said writs appeals were taken from said order directing the issuance of said writs of mandamus; and

WHEREAS, the orders directing issuance of said writs have been affirmed by said United States Circuit Court of Appeals, for the Third Circuit; and

WHEREAS, under said orders it is

now mandatory upon the City of Newark to pay its proportionate share of said judgements;

NOW THEREFORE: ,

The Board of Commissioners of The City of Newark do ordain;

Section 1. Pursuant to the provisions of:

SECTION 13 OF CHAPTER 252 OF THE LAWS OF 1916 OF THE STATE OF NEW JERSEY, AND THE ACTS AMENDATORY THERE OF AND SUPPLEMENTAL THERE-TO.

there shall be issued temporary bonds of The City of Newark in an aggregate principal amount not exceeding seven hundred thousand dollars (\$700,000), bearing interest at the rate not exceeding six per centum per annum (6%), payable semi-annually, for the purpose of temporarily financing the payment of the proportionate share of the City of Newark of the judgments recovered by John C. Tierney and Holbrook, Cabot & Rollins Corporation, in the District Court of the United States, for the District of New Jersey, against said Passaic Valley Sewerage Commissioners. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and of Chapter 252 of the Laws of 1916 and the acts amendatory thereof and supplemental thereto; and the Director of the Department of Revenue and Finance is here-

by authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds, or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

Section 2. The sum of seven hundred thousand dollars (\$700,000) to be raised by the issuance of said temporary bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Louis Holzwarth (116 Maple Avenue): We have eight or ten people here now, and almost everybody on those streets up there objects to the opening of this street.

Mayor Raymond: You own property there?

Mr. Holzwarth: We do, in that section. We are not all on the avenue itself.

Mr. Congleton: Is there a building on this piece that is to be opened?

Mr. Holzwarth: There is no building on it.

Commissioner Howe: The reason they object is because they feel they will be assessed for that street.

Mayor Raymond: Is any member of the assessment commission here?

Mr. Holzwarth: We don't object to the opening, but we do object to the assessment.

Mayor Raymond: I think the best way is to ascertain if there is any possibility of your being assessed.

Commissioner Howe: I move we lay the matter over for two weeks.

Mayor Raymond: We will find out whether you will be assessed at all. It won't be an expensive opening.

Mr. Holzwarth: If you really want a petition we can get the property owners there. There are on'y four people who will benefit by it.

Mayor Raymond: We ought to open the street. The total cost is only \$8,000.

Mr. Holzwarth: There are four people who derive the whole benefit.

Mayor Raymond: Of course the people on the street get most of the benefit.

Mr. Kane, will you take this matter up with the Assessment Commission, and find out if there is any probability of any assessment, outside of the adjoining property owners themselves.

We will let you hear from us within two weeks.

A communication dated March 16th, 1926 from John S. Dufford, 615 South 20th Street, protesting against the adoption of Daylight Saving Time, was received, read and on motion ordered filed.

A communication from the International Brotherhood of Stationery Firemen & Oilers, dated March 22nd, 1926, relative to increase in wages of Firemen, assistant firemen and oilers was received and read.

Commissioner Brennan moved that the communication be received and copies sent to each Director interested in such class of employees.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Raymond.

A communication from J. Cory Johnson, Town Clerk, Bloomfield, N. J., dated March 10th, with copy of a resolution adopted by the Town Council of Bloomfield, relative to plans for improving the drainage conditions in the Silver Lake Section was received and read and on motion ordered referred to Mayor Raymond.

Commissioner Howe: I have been requested on behalf of some property owners in Washington Avenue to call the attention of this Commission to the effect of changing the name of Washington Avenue. Every street number will have to be changed, for the reason that the present Belleville numbers will be continued up to the Belleville Line. Business men will have to change their stationery and business cards. Many dwellings have their present numbers in leaded glass. To change them would be an expense to the owners. Insurance policies on all property will have to be changed. Property owners should be apprised of just what such a change means.

Mayor Raymond: We will take care of that when it comes up.

The report of the acting City Auditor for the month of December, 1925 was received and ordered filed.

Annual reports from the following departments for the year 1925 were received:

Newark Technical School.  
Free Public Library.  
City Clerk.

Commissioner Gillen: At the last meeting a suggestion was made to use the old Elk's Home Building for space for the Board of Education, and I have reports from the Architect, from the Board of Education, and from the Judges downstairs, and we ought to determine whether or not you want to take them up at this meeting or at some conference.

Mayor Raymond: I think probably a conference would be better, Commissioner, don't you?

Commissioner Gillen: We could consider it now, after the meeting.

(The Commissioners agreed to go to

the Mayor's Office to consider changes in the Elk's Building.)

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

The Board of Commissioners of the  
City of Newark, N. J.  
W. J. Egan, City Clerk.

Newark, N. J., March 30, 1926 .

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Raymond.

The Minutes of meeting of March 23d  
were read and approved?

Mayor Raymond: Does any citizen de-  
sire to be heard?

(No response).

Commissioner Howe introduced the  
following ordinance, and moved its ad-  
option on first reading:

The clerk then read the ordinance as  
follows:

An ordinance authorizing the issuance  
of \$500,000 Water Bonds of the City of  
Newark.

The Board of Commissioners of the  
City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of  
the Laws of 1916 of New Jersey, and the  
acts amendatory thereof and supplemental  
thereto, negotiable bonds of The City of  
Newark, to be known as "Water Bonds"  
and to be dated May 1, 1926, are hereby

authorized to be issued in the aggregate  
principal amount of \$500,000, for the  
purposes hereinafter stated, for which  
purposes it is necessary to raise said sum  
of money.

Section 2. The money to be raised by  
the issuance of said bonds shall be ap-  
plied to the payment of the cost of the  
construction and acquisition of water  
supply systems for The City of Newark,  
and any part or parts of such systems,  
and buildings, lands and rights in land  
therefor, or any or all of such items, in-  
cluding the payment of the cost and ex-  
pense of such of said properties or im-  
provements as the City itself is authorized  
by law to acquire or make, and also the  
payment of amounts required to be paid  
by the City to the North Jersey District  
Water Supply Commission under the  
provisions of Chapter 71 of the Pam-  
phlet Laws of 1916 of the State of New  
Jersey, as amended, and contracts be-  
tween the City and said Commission, for  
the purpose of defraying the cost and  
expense of a water supply system in the  
watershed of the Wanaque River.

Section 3. In the event that there is  
any outstanding temporary indebtedness  
incurred for the cost of said improve-  
ment, the money herein authorized to be  
applied to the cost of such improvement  
shall be applied to the payment of such  
indebtedness.

Section 4. The following matters  
are hereby determined and declared, pur-  
suant to the requirements of said Chap-  
ter 252 of the Laws of 1916, as amended:

(a) The improvements for which

bonds are hereby authorized to be issued were not completed prior to May 1, 1925, and said improvements are of the class described in Clause (c) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty year, ending May 1, 1966.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that April 6th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. An ordinance to authorize the acquirement of lands on the southerly side of Green Street, in the City of Newark, for city use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the plot of ground on the southerly side of Green Street, in the City of Newark, hereinafter described, shall be acquired by The City of Newark, either by purchase or condemnation, for city use, said lands being more particularly described as follows:

BEGINNING at a point in the southerly line of Green Street distant 77 feet, 9 inches, from the northwest corner of a lot formerly owned by one Samuel Hayes, now deceased, and by him conveyed to Cornelius Mander-

ville; thence running on a line south 28° 15' west and dividing a well between this lot and a lot adjoining to Samuel Hayes, 90 feet; thence easterly on a line parallel with Green Street 39 feet, 1 inch; thence northerly 90 feet to a point in the line of Green Street, which point is 38 feet 10½ inches from the said northwest corner of Cornelius Manderville's lot; thence westerly along the line of Green Street 38 feet, 10½ inches, to the place of BEGINNING.

2. That the total cost of the purchase of said lands shall not exceed the sum of thirty-four thousand dollars (\$34,000.);

3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark in an aggregate principal amount not exceeding thirty-four thousand dollars (\$34,000.) bearing interest at a rate not exceeding six per centum per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of

Revenue and Finance shall deem it advisable to issue.

4. The sum of thirty-four thousand dollars (\$34,000) to be raised by the issuance of said temporary bonds is hereby appropriated for the purposes for which said bonds are hereby authorized to be issued.

An ordinance granting permission to Hoffman Beverage Company, its successors and assigns, to construct and maintain a tunnel underneath the surface of Grove Street between South Orange Avenue and Dassing Avenue about 275 feet southerly from the southerly line of South Orange Avenue.

BE IT ORDAINED, By the Board of Commissioners of the City of Newark, as follows:

Section 1. That permission be and the same is hereby given to Hoffman Beverage Company, a corporation of the State of New Jersey, its successors and assigns, to construct and maintain underneath the surface of Grove Street, between South Orange Avenue and Dassing Avenue, in Grove Street, about 275 feet southerly from the southerly line of South Orange Avenue, an underground tunnel between the buildings now being erected or to be erected by the said Company on either side of Grove Street, in accordance with the plan furnished by the said Company and filed in the office of the Director of the Department of Public Affairs.

Section 2. That permission is given upon the express condition that there shall be no derangements of any of the pipes and conduits now lying in the said street, which are used for sewerage, water, gas or other public purposes, but that all such pipes and conduits shall be held in their present location and condition and be properly protected, supported and maintained by the said Company in the construction and operation of said tunnel, and that all the earthenware

pipes now used for sewerage purposes within the said tunnel shall be replaced by cast iron pipes of equal diameter and with the further condition that the City may make or allow such additional use of the tunnel as may be wanted for public convenience, or necessity, and that at all times the said City and interested corporations, and their agents and servants properly authorized, may have free access to the said tunnel, to make necessary repairs to any of the pipes, conduits or other constructions therein belonging to The City of Newark, or other corporation as aforesaid.

Section 3. This permission to construct and maintain the said tunnel is also given with the understanding and upon the condition that the said Company will make the necessary construction according to the plan annexed, in the most complete and substantial manner, and will fully protect all the pipes laid in said street used for public purposes, and such other constructions as may be necessarily placed therein for like purposes, and that it will restore the said street and do all the work of construction and restoration under the supervision and to the satisfaction of the Acting Chief Engineer of the Department of Public Affairs of the said City.

And it is further provided that the opening of the street for the purposes of construction shall not continue for a longer period than six weeks after the day of commencing the work, and that during all that time and at all times during such construction, the said Company will keep open and free a sufficient passageway for all foot passengers, wagons and other vehicles, and fully protect the

same from accident, as far as practicable, and will assume the responsibility for all damages which may result from accidents or that may in any manner arise during the work of construction of said tunnel and restoration of the street or that may thereafter arise by reason of reconstruction of said tunnel.

Section 4. That all cost and expense incurred by the City by the passage of this ordinance shall be repaid by the said Company upon demand made thereafter on behalf of The City by the Board of Commissioners of the City of Newark.

Section 5. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that April 13th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Norwood Street from Lindsley Avenue to Eighteenth Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain.

Section 1. That Norwood Street from Lindsley Avenue to Eighteenth Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 29th, 1926, and now on file in the office

of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvements, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$10,900.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$10,900.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and

the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

as reserved in the aforesaid deed.

AND WHEREAS, it was intended by the deeds aforesaid to convey certain

lands hereinafter referred to as lands to be conveyed to the City of Newark by the said Henry A. Smith and wife;

AND WHEREAS, the City of Newark in fact entered by virtue of the two deeds hereinabove recited, into possession of the lands hereinafter referred to as being lands to be conveyed to the City of Newark by the said Henry A. Smith and wife;

AND WHEREAS, by virtue of said occupation by the City of Newark aforesaid, or its agents, the said Henry A. Smith and his wife believed that they had conveyed by the deeds hereinbefore recited the lands intended to have been conveyed to the City of Newark and accordingly undertook to sell a tract of land embracing lands proposed by this resolution to be reconveyed to said Henry A. Smith, and now find it impossible to make good title to lands which they have contracted to sell because of the variance between the lands so as aforesaid conveyed to the City of Newark and the lands intended to have been sold to and now occupied by the City of Newark;

AND WHEREAS, it is the desire of the City of Newark to rectify the error as aforesaid;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the Mayor and City Clerk of the City of Newark be and they are hereby authorized to execute and deliver such instrument or instruments of title as may be necessary to procure for the City title to the lands which it had intended to purchase and of which it is

now in occupation and to procure for the said Henry A. Smith such portion of the lands described in the deeds hereinabove recited as may lie to the westward of the area in the actual occupation of the City, to wit; to the westward of the lands first hereinafter described.

AND BE IT FURTHER RESOLVED, that the instruments or instruments to be executed on behalf of the City shall be delivered simultaneously with the delivery of a proper deed to be given by said Henry A. Smith and Mary Jane Smith, his wife, or their legal successors in title, in furtherance of the purpose of this resolution conveying to the City of Newark the following described tract of land, to wit:

BEGINNING at a point in the northerly line of Great Notch Road where the same is intersected by the northeasterly line of lands conveyed by Ella Cruikshank and Dwight P. Cruikshank, her husband, to Great Notch Park Development Company, a New Jersey corporation, by deed dated April 17, 1924, and recorded in the Register's office of Passaic County on April 19, 1924; and running thence (1) along lands so conveyed as aforesaid to the Great Notch Park Development Company north 54 degrees 43 minutes west 64.63 feet to a stake; thence (2) north 42 degrees 48 minutes east 287.86 feet to a stake; thence (3) north 25 degrees 12 minutes west 55 feet to a stake; thence (4) north 42 degrees 48 minutes east 30 feet to the southwest-erly line of the right of way described in a deed from Henry A. Smith and Mary Jane Smith, his wife, to the East Jersey Water Company, dated January 21, 1891, and recorded in book L-10 of deeds for Passaic County, page 509; thence (5)

southeasterly along said right of way 174 feet, more or less, to line of land conveyed to Manny Hasbrouck and wife by deed dated July 1, 1921, and recorded in book H-29 of deeds for Passaic County, page 538, thence (6) along same south 42 degrees 48 minutes west 30 feet, more or less, to a corner of lands conveyed to said Hasbrouck's; thence (7) northwesterly along line of said lands north 25 degrees 12 minutes west 65 feet, more or less, to a point distant 50 feet southeasterly from the second course herein described as measured at right angles thereto; thence (8) still along land conveyed to said Hasbrouck and parallel with said second course south 42 degrees 48 minutes west 144.36 feet; thence (9) still along land conveyed to said Hasbrouck south 13 degrees 33 minutes west 84.17 feet to the northerly line of Great Notch Road (as laid out 40 feet in width); thence (10) along same south 85 degrees 15 minutes west 24.71 feet to an angle in said road; thence (11) south 66 degrees 49 minutes west still along said road 25.29 feet to the place of BEGINNING.

which said tract is the land of which the City is in occupation and which it was intended should have been conveyed to the City by the deeds first hereinbefore recited.

AND BE IT FURTHER RESOLVED, that by the instrument or instruments of title to be executed in pursuance of the terms of this resolution there shall be preserved to the said Henry A. Smith, or his legal successors in title, the rights reserved to him in the aforesaid deed to the City of Newark, recorded in book R-15 of deeds for Passaic County at pages 394, etc.

International Union of Steam and Operating Engineers, 240 Springfield Avenue.

Newark, N. J., March 29, 1926.

Gentlemen:

At a regular meeting of Local Union No. 68 of the International Union of Steam and Operating Engineers held on February 4, 1926, the following wage scale was adopted:

Minimum scale Chief Engineers, \$75.00 per week.

Minimum scale Assistant Chief Engineers, \$65.00 per week.

Minimum scale Operating and Running Engineers, \$65.00 per week.

Eight hours shall constitute a day's work, and six days shall constitute a week's work. All overtime shall be paid for at the rate of time and one half. Where wages at the present time are above this scale, they shall not be reduced.

It is desired that this scale of wages should go into effect on May 1, 1926, and we, therefore, respectfully request that you carefully consider the scale set forth by the Above Local and should you desire an interview, we shall be only too pleased to confer with you at your convenience.

Yours very truly,  
Henry Hebel, Jr.  
Business Manager.

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

**MINUTES OF MEETINGS**  
**OF THE**  
**Board of Commissioners**

---

**APRIL, 1926**

Newark, N. J., April 6, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of March 30th were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

(No response).

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading:

The Clerk then read the ordinance as follows:

An ordinance to provide for two branch libraries in the City of Newark, and providing for the financing thereof.

The Board of Commissioners of the City of Newark Do Ordain:

1. That the Trustees of the Free Public Library of The City of Newark be and they are hereby authorized to erect two branch libraries and for that purpose acquire either by purchase or condemnation, the necessary lands therefor.

2. That the total cost of the purchase of said lands and the erection of buildings thereon shall not exceed the sum of Three Hundred Thousand Dollars (\$300,000.00);

3. Pursuant to the provisions of—  
Section 13, of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto,

there shall be issued temporary improvement bonds of The City of Newark in an aggregate principal amount not exceeding Three Hundred Thousand Dollars (\$300,000), bearing interest at a rate not exceeding six per centum per annum

(6%), payable semi-annually, for the purpose of acquiring the necessary lands and the erection of buildings thereon to be used as branch libraries, including the original furnishings, in order to make said buildings suitable for said purposes. All other matters in respect of said Temporary Improvement Bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, and the Director of the Department of Revenue and Finance is hereby authorized to issue said Temporary Improvement Bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds, or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of Three Hundred Thousand Dollars (\$300,000.00) to be raised by the issuance of said Temporary Improvement Bonds, is hereby appropriated for the purposes for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that April 13th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance to provide for the opening and widening of Bergen Street from Renner Avenue to Lyons Avenue from the existing width of sixty (60) feet to a width of eighty (80) feet by the addition thereto of a strip 10 feet in width on both sides of said Bergen Street, and stated that today was the time fixed for hearing on the same. The Board then entered upon said hearing.

Mayor Raymond: Does any person desire to be heard on this ordinance?

Mr. George Gates: I would like to be heard in favor of it, if you will permit me. As the President of the South Bergen Street Improvement Association, as well as being a property owner along there, I desire to say that the general sentiment among the members of the association and the property owners is that

that street should be widened, because in its present condition it is more or less dangerous to traffic. You have a fire house down there that is always dangerous when the apparatus comes out, and on behalf of the improvement association I want to say that they have adopted a resolution unanimously in favor of widening this street. I don't want to take up any more of your time. I think the Commissioners will probably fall in line and give us that improvement.

Mayor Raymond: We are glad to hear of the spirit among the property owners.

Mr. Fred Agens: The people down there are thoroughly in favor of this proposition. A number of deaths have occurred through accident at Lehigh Avenue and Bergen Street because of the narrow condition of the street, and the fire house being there they have a great deal of difficulty getting out into the street. The property will be benefited by the facilities afforded the fire department, and I believe that the value of Bergen Street will have increased up to over \$300. a foot. I believe that to this improvement will be directly attributable an increased valuation in the City of over one million dollars.

Mayor Raymond: Does any other citizen desire to be heard?

Commissioner Howe: I move that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the opening and widening of Bergen Street from Renner Avenue to Lyons Avenue from the existing width of sixty (60) feet to a width of eighty (80) feet by the addition thereto of a strip 10 feet in width on both sides of said Bergen Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that the title of "An ordinance to provide for the opening and widening of Bergen Street from Renner Avenue to Lyons Avenue from the existing width of sixty (60) feet to a width of eighty (80) feet by the addition thereto of a strip 10 feet in width on both sides of said Bergen Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the opening and widening of Bergen Street from

Renner Avenue to Lyons Avenue from the existing width of sixty (60) feet to a width of eighty (80) feet by the addition thereto of a strip 10 feet in width on both sides of said Bergen Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The following communication was received and read:

We, the undersigned, residents and property owners of Belleville and Washington Avenues, Newark, New Jersey, hereby petition your honorable body to change the names of Belleville and Washington Avenues to either North Broad Street or Broadway.

We understand that you are considering making a change of name and we think that under the circumstances that either of the above names would be to the best interests of the business people and property owners located along those thoroughfares.

(Signed by 225 Residents).

Ordered received and referred to Mayor Raymond.

Commissioner Howe moved that the further consideration of the ordinance

to change the name of Belleville Avenue and Washington Avenue be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: There has been a protest against the changing of the name of Washington Avenue to Belleville Avenue, and rather than have this agitation carried on, and feeling that there is a great deal of justice in the complaint, so far as I am concerned, and I have initiated the ordinance I would be perfectly willing to have the ordaining clause stricken out and proceed fresh. I think the citizens need not be bothered any more about coming down here.

Mr. Herman Weckstein: While of course a few of the property owners up there have made their suggestions on a name, we have now about eighty per cent of the property owners on that thoroughfare.

Mayor Raymond: They are in the room now?

Mr. Weckstein: They are signers.

Mayor Raymond: I see you have a large petition in favor of a change to Broad Street or Broadway.

Mr. Weckstein: There are about ninety per cent in favor of changing to Broad Street or Broadway.

Mayor Raymond I think it would be better to reconsider the motion laying the ordinance over.

Commissioner Brennan: I move that the motion just passed laying over the further consideration of the ordinance for two weeks be reconsidered.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe: Now I move that the ordaining clause of the ordinance to change the name of Belleville and Washington Avenues be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance authorizing the execution by The City of Newark of a contract in writing according to the provisions hereof for increasing the capacity of the Joint Outlet or Trunk Sewer heretofore constructed by the Township of Milburn, in the County of Essex and other municipalities under contract dated March 15th, 1901, by the construction of a Supplementary Joint Trunk Sewer for the building and equipping of a plant for the treatment of the sewage disposed of by said sewer; for the admission of other municipalities to participation in the use and cost of construction of the Supple-

mentary Joint Trunk Sewer, and in the cost of maintenance of such Joint Outlet or Trunk Sewer when increased in capacity; and appropriating and providing for the raising of the funds necessary to pay the share of the said The City of Newark of the cost of said improvement and charges and expenses incident thereto, and stated that today was the time set for hearing on the same.

The Board then entered upon said hearing.

Mr. Congleton: I would suggest that that be laid over for the reason that some bond attorney has requested an amendment.

Commissioner Howe moved the further consideration of this ordinance be laid over until two weeks from today.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the opening of Hansbury Avenue from Maple Avenue easterly 143 feet more or less to its present terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Mr George Lingerman I have a petition, not protesting against the opening, but protesting against the assessment being levied against the citizens there. I have a petition of the citizens on Hansbury Avenue, west of Maple Avenue, and on Maple Avenue.

The City Clerk then read the petition as follows:

We, the owners of property on Hansbury Avenue west from Maple Avenue and on Maple Avenue do not see why we should be assessed for such improvement when the direct benefit concerns the owners of property, which without opening as proposed is practically valueless.

We, therefore, strongly object to the assessment, but do not object to the proposed opening of Hansbury Avenue if the owners of property adjacent, and direct beneficiaries pay for the improvement.

(Signed by 15 property owners).

Mayor Raymond: We go through this every time we open a street. The Assessment Commission sends notices to everybody. I think as a matter of habit and custom in street openings of this kind, the assessment is levied on the improved street.

Mr. Congleton: Practically the entire cost is levied on the property that abuts, but property immediately next to where the street comes, having that additional opening, is benefited. We have to send those notices out, under the law, to anyone who would be possibly assessed ten cents.

Mayor Raymond: I think this notice is more formidable looking than it will turn out to be in the end. We are simply carrying the improvement through.

Commissioner Gillen: Suppose we refer this protest to the Assessment Commission. I so move you, Mr. Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

The Clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$500,000 Water Bonds of The City of Newark.

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Water Bonds," and to be dated May 1, 1926, are hereby authorized to be issued in the aggregate principal amount of \$500,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the payment of the cost of the construction and acquisition of water supply systems for The City of Newark, and any part or parts of such systems, and buildings, land and rights in land therefor, or any or all of such items, including the payment of the cost and expense of such of said properties or improvements as the City itself is authorized by law to acquire or make, and also the payment of amounts required to be paid by the City to the North Jersey District Water Supply Commissioners under the provisions of Chapter 71 of the Pamphlet Laws of 1916 of the State of New Jersey, as amended, and contracts between the City and said Commission, for the purpose of defraying the cost and expense of a water supply system in the watershed of the Wanaque River.

Section 3. In the event that there is any outstanding temporary indebtedness for the cost of said improvement, the money herein authorized to be applied to the cost

of such improvement shall be applied to the payment of such indebtedness.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to May 1, 1925, and said improvements are of the class described in Clause (C) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, ending May 1, 1966.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

Section 5. This ordinance shall take effect in the manner provided by law.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: Is there any citizen here who desires to be heard this morning?

Mr. Richard Hartshorne, Union Building: Honorable Mayor and Commissioners, the Market Street Association desires to present to your honorable body, for your consideration, its petition for the widening of Market Street eastwardly from Mulberry Street to a block or two beyond the railroad. We have here a blue print prepared by the Mayor's Department of Streets and Public Improvements. I take it there is no need of its being looked at at the present time. We present this petition for several reasons. The first is that for at least ten years it is common knowledge that this body, recognizing the lack of proper east and west transit facilities through Market Street, the main east and west artery of the City, has considered seriously the widening of Market Street under these pre-existing conditions. Now if Market Street widening was advisable under those circumstances it is doubly, or I think we might say triply advisable now because two additional reasons have arisen. In the first place—the first reason is the proximate, I think we can say proximate, new Pennsylvania Station, which, with its platforms, abuts both upon Commerce and Market Street. There is practically no way for the citizen to get to this new and important transit facility both from the west part

of the City and from the east part of the city, except over Market Street. The third reason is because the very proximate completion of the Holland Tunnel will undoubtedly increase the traffic through this very street. The advisability of that has been recognized by this commission through the contemplated widening of Passaic Avenue, connecting with this very street.

I take it, therefore, there is no question of the urgent necessity of completing this widening and there would seem to be no time like the present because it should be a unit, an integral part of the present improvements now contemplated. Would it not seem highly inadvisable to spend a great deal of money in creating entirely new thoroughfares without utilizing an already existing thoroughfare.

At the present time Market Street is fearfully congested in this very section. As a matter of fact when you gentlemen drive through Market Street if there happens to be a trolley car and a car parked at the curb, as there is in ninety-nine cases out of one hundred, you can't get through, physically. Now the proposition is, as laid down in the plans here, to make it possible for traffic to proceed regardless of the fact of there being a parked car and a trolley car. Therefore we present this petition; we present these plans prepared by your own body. I think some of the other officers and members of the Association desire to be heard at this time. The first is Mr. Ludlow, the President.

Mr. Ludlow: Honorable Mayor and Commissioners, our Chairman, Mr. Hartshorne, has not left much for me

to say, except that I wish to say the Market Street Association is one hundred per cent in favor of this widening at this point. I think you gentlemen should now consider the Market Street opening.

Commissioner Howe: Have you considered how many millions of dollars that is going to cost?

Mr. Ludlow: We have thought it over. Mr. Bamberger, Mr. Baker, Mr. Windward and several others are here today.

Mayor Raymond: Does any other citizen desire to be heard?

Mr. W. W. Windward: Everybody knows how bad conditions are there. I believe every member of the Market Street Association is very strongly in favor of this improvement. As I came to this City Hall a few moments ago, Mr. Bamberger met me and he said, "I hope they will put this through." I think that is the consensus of opinion of all the merchants. Conditions are very bad and we hope they will be made better.

Mayor Raymond: Does any other citizen desire to be heard?

(No response).

The Clerk then read the petition as follows:

To the Honorable the  
Board of Commissioners  
of the City of Newark:

The petition of the Market Street As-

sociation, Incorporated, respectfully shows:

This Association respectfully requests the Commissioners to undertake the widening of Market Street from Mulberry Street eastwardly for two blocks beyond the Pennsylvania Railroad in accordance with plans prepared by the Department of Streets and Public Improvements for the following reasons:

1. That for many years past the growth of the City and the increased congestion of traffic, particularly in the heart of the City, has caused the Board of Commissioners to plan the widening of Market Street, the main east and west artery of City traffic, from Mulberry Street eastwardly.

2. That the City of Newark is now about to embark on an important improvement in conjunction with the Pennsylvania Railroad and the Public Service Corporation for better transportation both in the City and out of the City, including the construction of a new Pennsylvania Railroad Terminal Station, with its platforms, having entrances and exits abutting on both Commerce and Market Streets. Thereby Market Street, the main east and west artery of the City will shortly be called upon to bear a greatly increased amount of traffic coming from both the east and west portions of the City toward the Pennsylvania Terminal.

3. That the construction of the new Holland Tunnels, under the Hudson River, with the connection therefrom to Newark through Passaic Avenue makes imminent additional traffic congestion

from and to such Tunnels through Newark via Market Street.

4. Since, therefore, the widening of Market Street, eastwardly from Mulberry Street, was considered advisable under previous conditions the widening of such street in such area would now seem to be an urgent necessity in view of the added traffic shortly to be borne by such street due to

(a) The construction of the new Pennsylvania Railroad Terminal, and

(b) The completion of the Holland Tubes.

Respectfully submitted,

Market Street Association, Inc.

Matthias Ludlow,  
Edgar Bamberger,  
W. W. Windward,  
Milo S. Borden,  
Samuel R. Baker,  
Irvin P. Hoagland,  
Richard Hartshorne,

Committee.

Commissioner Howe moved that the matter be referred to Mayor Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: I might say the whole subject of street layout is being considered. It is in a state of flux and uncertainty and we will put this in the general scramble and see how it comes out with all the other propositions we are considering. Of course we have the economic side of it always, the cost, which Commissioner Howe has suggested. We have certain limits on what we can spend.

Mr. Baker: Doesn't the abutting property owner pay for all this improvement except a certain percentage that goes to the City at large?

Mayor Raymond: That certain percentage is the hard part. There is a large area affected. Then there is a bond issue necessary to carry the cost. We will have to consider it. I want to say that you citizens are cordially invited at all times to participate in these conferences and in the matter of all these improvements because it is being done for the City of Newark and we feel we need your advice, protest or favorable comment, whatever it may be, or your suggestion. There are a great many suggestions now pending in that neighborhood which we have held back until we can solve the whole problem.

Mr. Hartshorne: We would appreciate very much the opportunity to confer in regard to the executive consideration of this matter, and I take it, from your Honor's remarks, that a conference will be had.

Mayor Raymond: If we find difficulties we will be very glad to call you in and have you help us solve them, if you can.

The following communication was received and read:

Market Street Property Owners &  
Merchants Association

238 Market Street, Newark, N. J.

April 5, 1926.

To the City Commission,

Newark, N. J.

Gentlemen:

The above organization suggest that instead of widening Market Street from Mulberry, to forbid heavy traffic or horse-drawn vehicles on Market Street. Also to abandon the turning either of trolleys or traffic on Mulberry Street, giving it the same status as Broad Street.

We also suggest that the trolleys now turning into Market Street should turn either on Canal or Commerce Street.

Yours very respectfully,

Fred Ehrenkranz,

Secretary.

Ordered referred to Mayor Raymond.

Mayor Raymond: Does any other citizen desire to be heard?

Dr. Pashkow, 170 Schuyler Avenue: In the past year or so, we property owners on Schuyler Avenue, living north of Lehigh Avenue, have asked the City

Commission twice to give us some sort of access to get to Lehigh Avenue from our homes. The property owners have been jeopardized several times, the landlords, due to the fact that all people who have machines find it difficult to get into that street. A great number of people have had their machines broken down. We ask you in the form of a petition, since you seem to be interested in this matter, that our street will be paved. People are moving out.

Mayor Raymond: I would suggest that you call at my conference Monday morning, Doctor, and we will then have the maps and see what the situation is. We will see what your demand is and possibly we can relieve you.

Mayor Raymond: Does any other citizen desire to be heard?

(No response).

Commissioner Raymond offered the following resolutions:

RESOLVED: That the sum of Forty-Four Thousand, Six Hundred Forty-Four Dollars (\$44,644.00) be and the same hereby is appropriated to the persons named, as per certified list attached, being the gross amount of bills contracted and chargeable to the Department of Public Affairs as follows:

The Board of Commissioners of The  
City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N J, April 13, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe, presiding.

The minutes of meeting of April 6th were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

(No response).

The City Clerk presented An Ordinance to provide for two branch libraries in the City of Newark, and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Augustus V. Hamburg: Mr. Acting Mayor and members of the City Commission, I appear here in behalf of the Board of Trustees of our Newark Free Public Library. Referring to the needs of the Business Branch, let me say this to the citizens of Newark, through

this Commission The City of Newark was the first city in the United States to establish a business branch, in fact, the first in the world, and it is considered today one of the greatest assets to this great growing commercial and industrial city. When I tell you that during the years 1924 and 1925 one hundred and eighty thousand business calls were made to the Branch Library in Beaver Street, supplemented by almost thirty thousand business telephone calls for information, and that the directories were consulted almost ninety thousand times—it has given the business interests of the City of Newark complete information, as we have there on file, directories of almost every city of importance in this country and many of our foreign centers. In addition to that we have records there of the industries of the United States, of all New Jersey, and particularly the City of Newark. We have outgrown our needs there and to keep pace with the requirements and needs of the City of Newark, we require space double that which we now occupy. Further than that, we have had notice that we have got to move from where we are on May 1st. We have looked around the City of Newark, and for available space such as we require—we have 4500 square feet now and we need between 10,000 and 15,000—we find the rentals would cost us from ten to fifteen thousand dollars, and we believe from an economic point of view, and good business, we are justified in asking the City to provide a building. The rental would take care of the carrying charges of the bonds.

Now, gentlemen, I have made a statement of facts, and facts only. I can only say this, with the name the City of Newark has, so far as its Public

Library and Branches are concerned, it is most important to the City that we get additional facilities in the way of space, and undoubtedly when we have a municipally owned building we can care for the wants of the City of Newark. With the growth of the City the demand is for additional branch libraries, and there is a delegation here from the Vailsburgh Section, the members of which would like to say a word in their behalf, with your permission.

Mrs. Edward J. Stevens, 66 Finley Place: Commissioners, the activity for a branch library in Vailsburgh dates back just twelve years. We have been here so often that I think the matter need not be stressed now. We hope that at this time your Honorable body sees fit to give us a library. It is more needed now than ever. Our population has been increasing and the need is very great. We thank you for thinking of us at this time. Our original library committee is here, Mrs. Tuthill and Mrs. Garriss, with me, today.

Commissioner Howe: Does any other citizen desire to be heard?

Mrs. Tuthill, 75 Richelieu Place: I want you to know that when we had the branch libraries in the schools about a dozen years ago—they were broken up after the War started—I had charge of the Alexander Street School Library, and within a space of two hours I frequently handed out four hundred books. That meant some hustling. That will show you that books are in demand. The children come to me time and time again, saying, "Mrs. Tuthill, won't you please see that we get another library?"

Commissioner Howe Does any other citizen wish to be heard?

(No response).

There being no one else to be heard, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for two Branch Libraries in the City of Newark, and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the title of "An Ordinance to provide for two Branch Libraries in the City of Newark, and providing for the financing thereof," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for two Branch Libraries in the City of Newark, and providing for the financing thereof.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Mr. Hamburg: I want to say in behalf of our Board we thank you for the interest you have taken. I believe there are few cities in the United States where the City Officials are closer to the library work than in the City of Newark. His Honor Mayor Gillen was an ex-officio member of the Library Trustees, and Mayor Raymond is ex-officio at the present time. I want to express our great gratitude for the very deep interest you have taken in library work in the City of Newark.

Commissioner Howe: On behalf of the Commission I thank you.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend Section 441, Class C, Paragraph A, of Chapter

XXVII, of the Revised Ordinances of the City of Newark (Revision of 1913).

The Board of Commissioners of the City of Newark Do Ordain:

Section 1: That Section 441, Class C. Paragraph A, of Chapter XXVII, of the Revision Ordinances of The City of Newark (Revision of 1913), be and the same is hereby amended to read as follows:

Section 441, Class C.

(a) No public garage shall be maintained in any frame building or in any building used in part as a dwelling. No public garage shall be maintained in any building where women or girls are employed, unless said building is of entirely fireproof construction, including floors and partition walls; said building must be equipped with an automatic sprinkler system throughout; all door openings leading from garage into other portions of building must be equipped with standard fire doors with fusible links; all windows in building must be of wired glass and metal frames; no stairways shall enter garage. Floors in public garages must be of fireproof material. No pit shall be permitted in any public garage. Elevators and stairways in public garages must be enclosed in fireproof partitions with approved fireproof doors on each floor.

Section 2. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Section 3 This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen,<sup>o</sup> Howe, Murray.

Commissioner Brennan moved that April 20th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Ivy Street from Sandford Avenue to Florence Avenue with asphalt pavement (1½" binder-1½" top) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1 That Ivy Street from Sandford Avenue to Florence Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 10th, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvements, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and ex-

penses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$24,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$24,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with

the provisions of this ordinance, be and the same are hereby repealed.

The following communication was received and read:

Department of Public Works  
City Hall

Newark, N. J., April 13, 1926.

Subject: Sale of part of Alms House  
lands to South Orange Development  
Company.

The Board of Commissioners of  
The City of Newark.

Addressed.

Gentlemen:

In pursuance of a resolution of the  
Board of Commissioners I advertised for  
sale on Monday, April 12, at 11 A. M.,  
at my office, property in the Township  
of Maplewood, Essex County, New  
Jersey:

BEGINNING at the intersection of  
the northeasterly line of Irvington  
Avenue with the southeasterly line of  
Eder Terrace; running thence north  
53° 1' 30" east along the southeasterly  
line of Eder Terrace 1105.69 feet;  
thence south 44° 55' east 100.97 feet;  
thence south 53° 1' 30" west 1142.32  
feet to the said northeasterly line of  
Irvington Avenue; thence north 24°  
11' 30" west along the said northeasterly  
line of Irvington Avenue 102.54 feet to  
the point or place of BEGINNING.

Said property was offered for sale to  
the highest bidder for cash and the high-  
est and best bid received by me was that  
of South Orange Development Company,  
in the sum of \$35,934.93. I immediately  
struck off said property to said bidder, in  
accordance with its bid, such sum being

the highest and best price which I could  
obtain for said lands.

Yours very truly,  
Jno. F. Murray, Jr.,  
Director.

Ordered filed.

Commissioner Murray offered the fol-  
lowing resolutions:

WHEREAS, by resolution adopted by  
this Board the Director of the Depart-  
ment of Public Works was authorized  
to sell, at public sale, for cash, to the  
highest bidder all the right, title and in-  
terest of The City of Newark in certain  
lands, situate in the Township of Maple-  
wood, Essex County, New Jersey:

BEGINNING at the intersection of  
the northeasterly line of Irvington  
Avenue with the southeasterly line of  
Eder Terrace; running thence north 53°  
1' 30" east along the southeasterly line  
of Eder Terrace 1105.69 feet; thence  
south 44° 55' east 100.97 feet; thence  
south 53° 1' 30" west 1142.32 feet to  
the said northeasterly line of Irvington  
Avenue; thence north 24° 11' 30" west  
along the said northeasterly line of  
Irvington Avenue 102.54 feet to the  
point or place of BEGINNING; and

WHEREAS, said sale was made sub-  
ject to certain conditions, among which  
was an agreement on the part of the pur-  
chaser to erect along the southeasterly  
line of the property and upon the prop-  
erty of the City a fence similar in style  
and manner to the fence now between the  
property of the City and Seton Hall  
College, and also a restriction against  
the use of the property for other than  
dwelling purposes, such houses to be

for the occupancy of not more than two families; and

WHEREAS, in accordance with said resolution the Director of the Department of Public Works did expose at public sale the interest of the City therein, the best bid being received therefor being that of South Orange Development Company in the sum of \$35,934.93, and did accept said bid;

April 12, 1926

W. J. Egan, City Clerk,  
City Hall, Newark, N. J.

Dear Sir:-

I have your letter of April 6th wherein you acknowledge receipt of petition signed by various property owners and business people of Washington and Belleville Avenues, and that same was referred to Hon. Thomas L. Raymond, Mayor.

Since presenting this petition we have heard that there are a number of objectors to the name of No. Broad Street, and that the majority of the people along these two avenues have called on me and

requested that we do everything in our power to induce the Commissioners to change the name to Broadway. This name we know would meet with marked approval by everybody concerned.

Hoping that you will give this matter your attention, and thanking you in advance, we are

Very truly yours,

Allied Business Men's Association of New Jersey, Inc.

J. Shattls, President.

Ordered referred to Mayor Raymond.

New Jersey State League of Municipalities.

April 12, 1926.

To Officials Interested in Zoning:

Dear Sirs:-

Your attention is called to the provisions of Senate Bill 239, now Chapter 315, Laws of 1926, which act is now in effect.

This act attempts to give to Boards of Zoning Adjustment the power to determine whether zoning ordinances tend to promote the public welfare, and to vary the provisions of said ordinance. The text of the act is as follows:

"Be It Enacted by the Senate and General Assembly of the State of New Jersey:

1. Whenever in any municipality there

shall be established a board of adjustment as authorized by the act to which this act is a supplement, such board of adjustment in addition to the powers now vested in it shall have power to determine, on appeal to it, whether any ordinance adopted by such municipality pursuant to the provisions of said act, so far as such ordinance affects the user of any property in relation to which such appeal is taken; tend to promote the public morals, health, safety or welfare, and if such board of adjustment shall determine on any such appeal that such ordinance does not, in such instance, so tend, such board of adjustment may modify or vary any requirement of said ordinance so far as it affects the user of the property in relation to which said appeal is taken.

2. Any decision of the board of adjustment shall be subject to judicial review; provided, however, that no writ of certiorari for that purpose shall issue unless application therefor be made within thirty days after notice given to owner of property affected by such decision of the filing of the decision of such board in the office of such board, nor shall the allowance of any such writ stay proceedings upon the decision appealed from unless so ordered by the court.

3 This act shall take effect immediately.

This is given to you for such action as may seem best to your municipality.

Your very truly,  
Sedley H. Phinney,  
Executive Secretary.

Ordered referred to Corporation Counsel Congleton.

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond Gentlemen of the Commission, I have the honor of introducing to you Commissioner Wagner of the North Jersey District Water Supply Commission. I know you will be glad to accord him the privileges of the floor.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of North 13th Street from Springdale Avenue to Bloomfield Avenue with asphalt pavement (1½" top- 1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That North 13th Street from Springdale Avenue to Bloomfield Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of

the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 15, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$34,800.00 is hereby appropriated to pay the cost

of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$84,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The following communication was received and read:

American Foundation for the Blind, Inc.  
Grand Central Palace

New York City, April 19, 1926.  
Board of Commissioners,

Newark, New Jersey.  
Gentlemen:

At a recent meeting of the Executive Committee of the American Foundation for the Blind, it was voted in the name of Miss Helen Keller and the blind of this country generally, to tender the Committee's deep appreciation to the Board of Commissioners of the City of Newark for their recognition and generous endorsement of the cause undertaken by the Foundation in behalf of the sightless people of our country.

With best wishes, believe me,

Faithfully yours,

M. C. Migel, President.

Commissioner Brennan I move that it be received and placed on file with the appreciation of the Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The following reports of City Officers were received and ordered filed:

City Auditor for March, 1926.

Mayor Raymond: Does any citizen desire to be heard?

Mr. William Eichler, 22 Mapes Terrace: Gentlemen, we would like to know about paving Schuyler Avenue. We filed a petition here a few weeks ago and we haven't heard anything.

Mr. Congleton: The question of paving that street was referred to the Law Department. We have made a study of the records covering Schuyler, Goodwin and Sheppard Avenues. The question was whether or not they were public streets. We have had an examination of the title made and there are long stretches where there has been no dedication, and they are not public streets, and with the streets in that condition we cannot pave them. Some of these gentlemen—I don't recall the speaker—have been in to see me. I have explained the situation to them and they were going out to see the parties who held the fee to the street bed of these streets but in times gone by the people who owned the property have been selling it off and

have been specifically saving to themselves the bed of the street.

Mayor Raymond: Are there houses built on that street?

Mr. Congleton: Yes. If these people will not dedicate the bed of the street the first proceeding must be one to open the street.

Mr. Eichler: The man who owns the piece of land on Schuyler Avenue—

Mayor Raymond: What does he say?

Mr. Eichler: He is willing to give it up.

Mr. Congleton: These people who called on me said they thought they could get the deeds. I said if we could get them we would prepare the necessary deeds and send someone out to get the acknowledgements, so as to clear it up quickly.

Mr. Eichler: The block where I live is all built up.

Mayor Raymond: We are anxious to fix that street for you.

Mr. Congleton: If the gentlemen feel that they can't get these owners to dedicate, then we would have to take proceedings to open, and award damages.

Mayor Raymond: You had better take this up with Mr. Congleton in his office right away, and the City will do everything in its power to hurry that up for you if it can be done. Take it up right after the meeting with Mr. Congleton.

Does any other citizen desire to be heard?

Mr. Herman Weckstein, 164 Market Street: Some gentlemen appeared here two weeks ago in reference to the change of name of Washington and Belleville Avenue, and they were of the impression that you had said that the matter would be brought up two weeks from that date. I wasn't of that same impression I was of the impression you would consult with Mr. Congleton on the matter to see what could be done. There seems to be an auspicious delegation here today from that section. They have asked me to express to the honorable city fathers of Newark that they would appreciate hasty action. They have come to a unanimous conclusion that they would like to have that entire section from Broad Street to the bridge at Belleville changed to Broadway. They feel that that would be a great help.

Mayor Raymond: What is the objection to the name Broad Street?

Mr. Weckstein: There seems to be objection from the business men on Broad Street to that, so that rather than cause any objection they felt Broadway would be satisfactory to them. They feel it would be a great help to the business men, and would enhance values and in turn come back to the City Treasury in increased valuations.

Mayor Raymond: You have no objection to the name Broad Street?

Mr. Weckstein: We have no objection to the name Broad Street.

Mayor Raymond: The reason we are changing the name of the street is to make a continuous way of the same name.

Mr. Weckstein: Most of the people have felt that the business section should be called Broad Street rather than that small section which ultimately ends where our forefathers lie.

Mayor Raymond: Where the best citizens are.

Mr. Weckstein: Yes, where the best citizens lie. These people felt that they would do everything in their power to advertise the fact. They felt that the business street should be called Broad Street, and not the short street.

Mayor Raymond: I think the name Broad Street is the one to use. If anyone here is opposed to Broad Street, let him say so. When we are changing the name we should give it a name characteristic of Newark. Belleville Avenue was not inclusive enough. I withdrew that name so as to get a more inclusive name. If any one is opposed to the name Broad Street being continued I would like to hear them now. So far as the other persons are concerned I am entirely in sympathy with their idea to call it Broad Street.

Commissioner Howe: I want to oppose a continuation of that as Broad Street. You will have to change every number on Broad Street. Many houses have the name cut in the stone and the number cut in the stone, and that will all have to be changed.

Mayor Raymond: Those houses are all being torn down. They are putting up Elks' Clubs. All that they will have to change will be the numbers. I think we should face the issue and do the job completely.

Commissioner Howe: I am speaking for people who asked me to speak.

Mayor Raymond: We are making this for all time an arterial thoroughfare in the city. It seems to me we shouldn't take two bites of the cherry at this time. Broadway had to be named in New York, and had to be numbered from the Battery to the end of it.

Dr. Frank Devlin: I live on Washington Avenue and while I would be perfectly willing to accept the change of Belleville Avenue to Washington Avenue, still, as we all know, Newark is a crooked city—

Mayor Raymond: In some ways, you mean?

Dr. Devlin: With apologies to Brennan.

Commissioner Brennan: Why apologies to Brennan, Doctor?

Dr. Devlin: The argument by our tactiturn friend upon the left (Commissioner Howe) has not a foot to stand upon. We have been changing the name of Broad Street since the city of Newark was discovered. It has been changed seven times and I know it won't cost more than a million dollars to change the name from Broad Street up to Belle-

ville, and I know and feel and see by the attitude of our Honorable the Mayor that he is with us in changing it to Broad Street. We all know of the prodigality of him who has made the colloquialism of the drunken sailor a by-word, and he can rest assured that if he can lend support in the changing of this he will not be sorry.

Mayor Raymond: Thank you for your kind remarks, Doctor. Are there any further remarks?

Commissioner Howe: It is not going to increase the value of your property or anyone else's property ten cents.

Dr. Devlin: I am not so much after the increase in value of the property as your are, Mr. Howe. In fact it would be nice to have it go downward once in a while, and swing like a pendulum, in the other direction.

Commissioner Howe: Our duty is to watch the increment.

Mayor Raymond: There are so many of the public here today that while we have not prepared the ordinance it might be well to take the sentiment of the commission on the matter of changing the name of the whole strip, from the Belleville Line to Broad Street, calling the present Broad Street above the intersection of the present Belleville Avenue, running to the cemetery, North Broad Street.

Mr. Congleton: Make the upper end of Broad Street, North Broad Street.

Mayor Raymond: I think it would be

a good thing to take the sentiment, and in pursuance of such sentiment as may be expressed here I will prepare an ordinance and introduce it at the next meeting of the board.

Commissioner Murray: It is very desirable, Mr. Mayor, not only as a matter of unifying the name, but making an arterial highway through the City. It will be easier to tell a man to go "straight up Broad Street," than to tell him to turn to the left at Belleville Avenue and then to the right at Washington Avenue. The expedition of traffic will be benefited by saying, "run right out Broad Street."

Mayor Raymond: If that involves the change of numbers we will have to stand for that.

Commissioner Howe: I think you had better start at the lower end of the city and work up. The street cannot advance any further in that direction.

Mayor Raymond: I will put the question, then; all in favor of changing the name of Belleville and Washington Avenues to Broad Street, involving the change of numbers, will signify by saying aye, those opposed no.

Commissioner Brennan, Aye.

Commissioner Gillen, Aye.

Commissioner Howe: If it is the consensus of the opinion of the public I am satisfied. I simply voiced the opinion of the people that asked me. I vote aye.

Commissioner Murray Aye

Mayor Raymond: Aye.

I will prepare an ordinance to be submitted next Tuesday.

Does any other citizen desire to be heard?

Louis H. Hare: I am here as a property owner along Belmont Avenue and Court Street, and I also represent the Springfield Avenue Merchants' Association. I understand, through the press, that a repaving of Belmont Avenue from Madison Avenue to Springfield Avenue is about to be begun. We appreciate the fact that you are going to help traffic conditions along that way a great deal, and the improvement in itself is very good, but what we really came here for is the widening of Jones Street. We find that the southern sections of our city have been divided by this alley, and it somewhat congests traffic along that particular way.

Commissioner Brennan? Somewhat?

Mr. Hare: A great deal. It is almost impossible for an automobile to pass through that street while a Public Service trolley is going through. I am here for the purpose of asking whether your body would consider the widening of Jones Street at this time.

Mayor Raymond: I propose to bring in an ordinance next week to widen Jones Street. I have the maps ready and propose to bring it in at the next meeting. (loud applause). We have been studying the whole situation there. I wish we

could go even further and make a thoroughfare across the city, but we are moving cautiously. However, as far as Jones Street goes, I think that will be an accomplished fact in a short time.

Mr. Hare: Is it the idea of the city to take away that little park right opposite Clinton Avenue? I thought by removing that, it would give us a wider roadway.

Mayor Raymond: That will be removed. They have been a failure where they have been put in.

Mr. Hare: Is it your purpose to narrow the sidewalk along Belmont Avenue?

Mayor Raymond: It is a very wide street. I didn't think we needed to cut into the sidewalk.

Mr. Hare: Are you going to improve on the lighting along Belmont Avenue?

Mayor Raymond: We are going to make a splendid thoroughfare. It will be the 125th Street of Newark. You gentlemen may be interested in seeing the map, and I will get Mr. Costello to show it to you.

Does any other citizen desire to be heard?

Hon Edward Schoen: I just want to say something. I came here this morning at the solicitation of this large body of property owners who do business and own property in this new hive of activity, the section at Belmont and Springfield

Avenue, and I assume the reason why they were so insistent upon asking me to accompany them was because of the fact that I had recently taken the management of an institution which we hope will be a great credit to Newark, and which operates at that point. I told a number of these gentlemen when they came to me about coming here, to make this request to you in particular, Mr. Mayor, in charge of this Department—that I didn't think it was necessary to impress upon you or the other Commissioners the advisability or necessity of this improvement, and we ought to go now. You have anticipated what was said, and we ought not to take your time, and we ought to go, and go well satisfied that you are going to give these property owners what they want, but I feel in justice to your Honor the Mayor and the Commissioners who are here that I ought to say a word notwithstanding the fact that the request has already been granted. I said a moment ago that I told these men it was not necessary to come here. The reason I said it was not necessary was because I had an abiding faith in the judgment and vision of the members of this City Commission, and I want to say here publicly to you gentlemen—it is not often that people will be willing to bestow praise upon their public servants; I know how grudgingly it is given and how freely property owners are to criticize—I say to these property owners and citizens here assembled, that in my humble judgment I know of no city in the United States that is governed by men with more honesty, more

sincerity and more vision, who are endeavoring to do constructive things for Newark, than the Commission we have in the City today and the action of our Mayor in considering this matter as he has, and granting this request to you property owners, so spontaneously, without asking you to stay here by the hour and hour and scrape and beg for something that will be a benefit to the City of Newark, but to hand it to you, manifests what I have said about the constructive character and integrity of the men who are governing the City of Newark.

Mayor Raymond: We appreciate these kind words very much.

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance and moved its adop-

tion on first reading:

The clerk then read the ordinance as follows:

An ordinance granting a license or privilege to Seaboard Chemical Company, a corporation of the State of New Jersey, to construct and maintain a 10 inch pipe and a 2 inch pipe underneath the surface of Blanchard Street, between the Passaic River and a point 750 feet southwesterly from the Passaic River.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That a license or privilege be and the same is hereby given to Seaboard Chemical Company, a corporation of the State of New Jersey, upon the conditions hereinafter stated, to construct and maintain underneath the surface of Blanchard Street, between the Passaic River and a point distant therefrom 750 feet southwesterly from said river, a 10 inch pipe line and a 2 inch pipe line, in accordance with plans on file in the office of the Director of the Department of Public Affairs.

2. That such license or privilege be and the same is hereby given upon the following express conditions:

a. That the 10 inch pipe line shall be of Standard Class "B" pipe 0.57 inches in thickness and shall not be used for any purpose other than the conveying of molasses from boats or barges in the Passaic River to the premises of the company.

b. That the 2 inch pipe shall be of

standard extra heavy steam pipe and shall not be used for any purpose other than the carrying of steam from the premises of the company to boats or barges in the Passaic River discharging molasses therefrom to the premises of the company.

c. That there shall be no derangement of any of the pipes and conduits now lying in said street, which are used for sewerage, water, gas or other public purposes, but that all such pipes and conduits shall be held in their present location and condition and be properly protected, supported and maintained by said company in the construction and operation of its said pipe lines.

d. That said company will make the necessary construction, according to the plans approved by the Chief Engineer of the Department of Public Affairs, in the most complete and substantial manner, and will fully protect all pipes laid in said street used for public purposes and such other constructions as may be necessarily placed therein for like purposes, and that it will restore the said street and do all the work of construction and restoration under the supervision and to the satisfaction of the Chief Engineer of the Department of Public Affairs of said City.

e. That during such construction said company will keep open and free a sufficient passageway for all foot passengers, wagons and other vehicles, and fully protect the same from accident, as far as practicable.

f. That said company will assume all risk of loss, damage or injury to per-

sons or property occasioned by, arising out of or connected with the installation, laying, maintenance, removal, repair, use, or existence of said pipe lines on said premises, whether occasioned in whole or in part by the negligence of said City, its officers, agents servants and employes or otherwise, and expressly agrees to indemnify and save harmless said city, its successors and assigns, from and against all such loss, damage or injury and from all claims arising out of such loss, damage or injury, whether resulting or accruing to said city or to any other party or parties.

g. That if the City shall at any time during the continuance of this license or privilege desire to place within the bed of Blanchard Street any additional utilities or other structures over or near said pipe lines which shall in any way interfere with said pipe lines or require removal or change in their location, the cost of such interference, removal or change of location shall be borne exclusively by said Seaboard Chemical Company, and the provisions of this ordinance shall apply in like manner after said additions are made, as at present.

h. That this license or privilege may be revoked, cancelled and terminated at any time by said city by giving 60 days' notice, in writing, to that effect, which notice may be served personally or by mail directed to Seaboard Chemical Company, at its office in the City of Newark. Upon the expiration of the time limited in such notice, all rights of said company to further maintain said pipe lines in Blanchard Street shall immediately cease and determine, and if said pipe lines have not been removed from said street the City may remove the same

and charge the cost and expense thereof to said company, which the latter hereby agrees to pay on presentation of bill or voucher therefor.

i. That no vested right in said street is hereby granted or conveyed to said company, and the license or privilege hereby given is subject to any and all conditions, restrictions and reservations upon or under which the City holds said street.

j. That the rights, privileges, duties and obligations hereby granted and assumed under this ordinance shall carry to and be binding upon the successors and assigns of the City and the Seaboard Chemical Company, respectively.

k. That the company shall pay to the City for said license or privilege dockage or wharfage rates that are now in force or that may hereafter be put in force.

3. That this license or privilege is hereby given upon the further condition that said Seaboard Chemical Company file with the City Clerk of the City of Newark its written acceptance of the provisions of this ordinance within 30 days of the date on which it takes effect.

4. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that May 4th, 1926, at 10 A. M. Standard

Time, 11 A M Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen: Here is an ordinance we are introducing regarding the regulation of the emission of dense smoke from chimneys. It is becoming a great nuisance in the City of Newark, and has damaged property to a great extent. It is difficult to keep buildings and houses clean, and during the recent hard coal famine, consumers were permitted to burn most anything, and now that it is an easy matter to get hard coal—anthracite is plentiful at the present time—we feel that the burning of soft coal throughout the city of Newark should be abated forthwith. If it is burned in well regulated plants where the proper apparatus is installed to prevent the nuisance being created we have no objection, but this ordinance is to take the place of the old ordinance, and it gives the Smoke Abatement Department full power to proceed against all offenders, and I want to serve notice on the citizens throughout the city that we will proceed without any mercy in the matter. I offer this ordinance for first reading.

Commissioner Murray: Is there a date set in that as to when that shall become effective?

Commissioner Gillen: Immediately.

Commissioner Murray: What are you going to do where they have a supply of soft coal in?

Commissioner Gillen: For some time we have been warning them. We have been warning them that they must turn to hard coal. They have received plenty of notice. We have notified them through the newspaper columns.

Mayor Raymond: Soft coal is ruining the City. It is quite a while now since the strike was ended.

Commissioner Gillen: There is plenty of anthracite coal now and there has been for weeks.

Commissioner Murray: There is no excuse for getting soft coal now, but there are some places where soft coal is in.

Commissioner Gillen: There are some industrial power plants that have the proper apparatus, that can burn soft coal without creating any nuisance. It is an expensive apparatus. But the old ordinance did not apply to residences. A private house could burn soft coal and get away with it. Under this ordinance everybody in the city is now prohibited from burning soft coal.

Commissioner Howe: How long would it take to install this apparatus?

Commissioner Gillen. Not a great deal of time.

Mayor Raymond: Have you made any provision for the abatement of it if there should be any further coal strike?

Commissioner Gillen: No, we would have to close our eyes. The Smoke Abatement Department is a very small department, consisting of two men, the boss and the assistant. Of course that department is not adequate to properly enforce a very comprehensive ordinance of this character, so we will be obliged to call upon Director Murray's Department of Health and even Director Brennan's Police Department to report all violations. I think it should be done for the good of the city.

Commissioner Murray: We have fifty or sixty tons of soft coal in the power plant at Ivy Hill. We want time to burn that before we get arrested.

Commissioner Gillen: There is no use procrastinating. If we say we won't enforce it for a certain time it will give all those who are burning soft coal an excuse to buy more.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance relating to and regulating the emission of dense smoke from chimneys, stacks, steam rollers, steam shovels, steam hoisting engines, tar kettles, locomotives and other contrivances, within

the corporate limits of the City of Newark; creating the Bureau of Smoke Abatement and the position of Smoke Inspector and Assistants, prescribing the duties and salaries and the manner in which the work shall be done, controlled and supervised; defining dense smoke; and providing penalties for the violation of this ordinance.

BE IT ORDAINED By the Board of Commissioners of the City of Newark:

Section 1. That it shall be unlawful to permit the emission of dense smoke, as hereinafter defined in section eight from any steam boiler, furnace or similar device or contrivance, or from the smoke stack or chimney of any house, apartment house, office building, institution, place, premises or any building whatsoever used as a factory or for any purpose of trade, or business, except for a period of six minutes in any one hour during which the fire is being cleaned or a fresh fire is being made in the furnace. The same shall apply to the chimneys of steam rollers, steam shovels, steam hoisting engines, tar kettles or any other similar machine, device or contrivance.

Section 2. That it shall be unlawful to permit the emission of dense smoke, as hereinafter defined from the smoke stack of any locomotive, and no firing shall be permitted while the locomotive is not in motion, except in case of extreme necessity or emergency. No firing shall be done until the locomotive shall be moving and at least ten (10) steam exhausts have occurred; provided, however, that dense smoke for a period of six minutes shall be allowed in any one hour if it is necessary to start a fresh fire in a locomotive fire box. The smoke

Inspector, however, shall have discretionary power to regulate unusual conditions.

Section 3. All prosecutions for the violation of this ordinance shall be instituted by the Smoke Inspector and shall be prosecuted in the name of the City. Any owner, agent, manager, lessee, occupant, or any person or persons in charge or control of any furnace, boiler, engine or other device or contrivance involved in a violation, of this ordinance, shall, upon receipt of a notice in writing, served upon him or them, by the Smoke Inspector or any person authorized by him, abate the condition complained of in the time specified in the notice.

Section 4. If alterations to plants require extensive changes in the equipment, such as installation of smoke preventing devices, continuous feeding furnaces or new boilers; and it is not possible to make these changes within the time limit of the notice, the Smoke Inspector may, if satisfied that the person or persons upon whom such notice has been served are acting in good faith and application has been made to him in writing requesting an extension of time, grant a reasonable time to complete the work during the which time such person or persons shall not be liable for the violation of this ordinance.

Section 5. That there shall be and hereby is created the Bureau of Smoke Abatement and the position of Smoke Inspector under the Department of Parks and Public Property. Said Smoke Inspector and any assistant smoke inspectors, when said assistants shall be necessary, shall be appointed by the Director

of the Department of Parks and Public Property, provided, however, that nothing herein contained shall be construed to affect in any way the term of office of any present incumbent now protected by any tenure of office act. He or they shall be citizens of the United States and residents of the City of Newark. The salary for said Smoke Inspector and said assistants shall be fixed by the Board of Commissioners and shall be paid as other salaries are paid. It shall be the duty of the Smoke Inspector and his assistants, to inspect all chimneys, smoke stacks and other appliances for the escape of smoke, and he and they shall have authority in the performance of his and their duties, to enter any building or premises, and any person or persons obstructing said inspectors or interfering with the performance of their duties, shall upon conviction, be liable to the penalty hereinafter provided.

Section 6. The Smoke Inspector shall make an annual report to the Director of the Department of Parks and Public Property on or before February 1st and at such other time as may be required by the said Director.

Section 7. Dense smoke shall be taken to mean and include smoke which is so heavy and thick as to prevent the seeing of objects through it at the point of emission into the external air; or the equivalent of No. 3 grade of the Ringelman Smoke Scale, the standard device used by the United States Bureau of Mines.

Section 8. Any person, firm or corporation owning or any agent, manager, lessee, occupant, or any person operating

or in charge or control of any building (except a private dwelling) within the corporate limits of the City of Newark who shall suffer or permit dense smoke as hereinbefore defined, and in excess of the amount specified, to issue from any smoke stack, chimney, apparatus or contrivance into the external air and thereby cause a violation of this ordinance, or any persons, firm or corporation using, permitting or causing to be used any furnace, retort, steam roller, steam derrick, steam shovel, hoisting engine, locomotive, tar kettle, or other similar contrivance, shall upon conviction thereof, in a court of competent jurisdiction be fined not less than one hundred dollars or confined to the county jail for ten (10) days, at the discretion of said court; and each and every day said smoke shall be emitted and such furnace, apparatus or contrivance is operated, in violation of the ordinance, shall be deemed to be a separate violation of this ordinance.

Section 9. Any person or persons hindering or obstructing the Smoke Inspector, Assistant Smoke Inspectors or anyone duly authorized by him in the performance of his or their duties, in entering any premises for inspection, shall, upon conviction in any court of competent jurisdiction, be fined not less than twenty-five dollars, nor more than fifty dollars.

Section 10. All ordinances and parts of ordinances inconsistent herewith are hereby repealed. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that May 4th, 1926, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: One week from today this ordinance will be on final passage. If anybody wants to be heard that is the time for them to appear.

Commissioner Brennan: I have an amendment to the Building Code which I desire to present for your attention that prohibits the use of frame buildings for hospitals or places of treatment, charitable or otherwise, and which I feel should be given due consideration by the Commission because of the dangers resultant from the furnishing of frame buildings, in a great many instances, by private parties, where people who are unable to help themselves, are housed receiving medical treatment, and where, if anything should happen, there might be serious reflection upon this government as a whole.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," adopted July 15, 1924.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 447, of Article XXVII, of an Ordinance entitled: "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," adopted July 15, 1924, be and the same is hereby amended to read as follows:

Section 447. Frame Buildings.

1. No existing frame building shall be used in whole or in part as a hospital or place in which persons are to be harbored to receive medical, charitable or other care or treatment.

2. No existing frame building over two (2) stories high shall be used in whole or in part as a factory, hotel, dormitory or lodging house.

Section 2. That Section 448, of Article XXVII, of the above entitled ordinance, be and the same is hereby amended to read as follows:

Section 448. Non-Fireproof Buildings.

1. No existing non-fire-proof building over two stories high shall be used in whole or in part as a hospital or place in which persons are to be harbored to receive medical, charitable or other care or treatment unless such buildings are protected throughout by automatic sprinklers or by other methods equally as good, approved by the Superintendent of Buildings.

2. No existing non-fireproof building over three (3) stories high shall be used in whole or in part as a dormitory or lodging house, unless protected throughout by approved automatic sprinklers.

3. No existing non-fireproof building over four (4) stories high shall be used in whole or in part as a hotel or business building, unless protected throughout by approved automatic sprinklers.

Section 3. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

Section 4. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that 4th, 1926, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further con-

sidered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

A further supplement to an ordinance entitled "An Ordinance to establish the names of certain streets in the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the names of the following public streets or highways situate in the City of Newark be and the same hereby are changed and shall hereafter be known and designated as follows:

Belleville Avenue from Broad Street to Washington Avenue to be changed to Broad Street;

Washington Avenue from Belleville Avenue and Herbert Place to the Newark-Belleville Line to be changed to Broad Street;

Broad Street from Belleville Avenue

and Clay Street to Harvey Street to be changed to North Broad Street.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same hereby are repealed.

Mayor Raymond: I understand there are some citizens who wish to be heard.

Mr. Joseph Steiner, 790 Broad Street: I appear here for a group of citizens, and I have not had an opportunity of seeing the ordinance. I wonder would I be taking too much of the Commissioners' time to have the ordinance read in full?

(The ordinance was then read in full by the Clerk).

Mayor Raymond: What is your difficulty, sir? What is now commonly called North Broad Street will be officially named North Broad Street, and Washington and Belleville Avenues will be Broad Street from the City Line in.

Mr. Steiner: Well, now, I don't know, Mr. Mayor whether that was generally understood among the group of citizens who were here. I think they have been under the impression that Broad Street, with any prefix such as North Broad Street, was to be entirely eliminated from that street. I would like an opportunity of talking with them to see if they are still feeling the same way about it.

Mayor Raymond: We can put this ordinance off now for a week or two so that you can be heard on it and have

time to prepare This is only the first reading, and I will lay it over for two weeks.

Mr. Steiner: I think that will be helpful. May I ask you does that necessarily follow that that will involve the renumbering of all the present properties for the entire length of Broad Street as now constituted?

Mayor Raymond: Yes.

Commissioner Howe: It wouldn't affect North Broad Street.

Mr. Steiner: The intent of the ordinance is to call Belleville Avenue, Broad Street, and to leave North Broad Street as is, numbered as it is?

Mayor Raymond: Yes.

Mr. Steiner: And Broad Street as reconstituted to be renumbered?

Mayor Raymond: Yes.

Mr. William J. Foley, 268 Broad Street: We came down here to have our street remain as it is, Broad Street.

Mayor Raymond: You mean what is now called North Broad Street?

Mr. Foley: There is no North Broad Street. It is only known as North Broad Street because it was located at the north end.

Mayor Raymond: You are referring to what people call North Broad Street? I'm not quarreling with you about the

name, but just the geographical location of the portion you refer to.

Mr. Foley: Yes. There is a body here to object to it. We have at least four hundred signers—property owners. We wish to remain as we are. We are taxed that way, and the people on Belleville Avenue don't want Broad Street. They want Broadway. We have no objection to calling it Broadway. We wish to remain as we are, Broad Street.

Mr. C. H. Vanderhof, 285 Broad Street: We have got here a protest of nearly four hundred citizens of Newark. They comprise property owners as well as tenants, and we are protesting of having the name Broad Street changed to North Broad Street. We have been Broad Street—I was going to say since our forefathers gave us that name, and now to change us to North Broad Street is going to incur quite an expense. Not only with us on Broad Street, but also on Belleville Avenue and Washington Avenue, for Belleville Avenue starts with their numbers at the junction of Belleville Avenue and Broad Street, commencing with Number One and so on. Washington Avenue commences with a number from where it starts, up to the City Line. Broad Street is numbered starting from the cemetery at the head of Broad Street. Now if you change that at Belleville Avenue and Broad you have got to renumber commencing clear up at the end of Belleville, which will then change all these numbers clear on down to Broad Street, and I don't think that the majority of the property owners down-town here, say below Clay Street, will like it, and they will enter a protest if they have their numbers changed, but

if you reconsider this and call Belleville Avenue and Washington Avenue North Broad Street, commencing at Clay Street, the numbering of Belleville Avenue starts with Number One, so that you could go right on with your North Broad Street clean up to the end of the line. You understand, don't you?

Mayor Raymond: Yes, I do.

Mr. Vanderhof: And leave us just where we are. We have been told we are a dead street, leading up to the cemetery. Only a few years ago we were down here because we wanted the street resurfaced with asphalt, and we thought then we should have a general assessment instead of a local assessment, and as it turned out I think we passed it as 10% or 20%, for the property owners, making it 80% for the City at large. It cost us \$3.00 a lineal foot for the resurfacing of Broad Street. Now here the other morning we get our tax bills and behold they have been jacked up just one hundred per cent. Do you know, why, Mr. Mayor? Do you want me to tell you? Just because we are on Broad Street. Because we are on Broad Street, they want to assess us one hundred per cent valuation of our property.

Of course Broad Street is not a really commercial street, but Belleville Avenue, being as the electric cars run up through that section, has become more or less of a commercial street. Then, Mr. Mayor, I don't think you ought to stop. If you don't consider our petition and grant what we ask, don't stop right there. Start at the other end and continue Broad Street on, as you have from the Belleville line, clear down to Elizabeth, taking in Clinton Avenue and Elizabeth

Avenue, or Frelinghuysen Avenue, and let it run from one end of the City to the other, but our protest, Mr. Mayor, is that we want to be kept as Broad Street. We have always been known as that. I don't know the wishes of the Belleville and Washington Avenue property owners, but as long as they are going to pay the expense of changing their numbers, and changing their deeds, and mortgages, and assessment records, let them pay it by calling them North Broad Street, and keep us as Broad Street.

Mayor Raymond: Their deeds and mortgages don't have to be changed.

Mr. Vanderhoff: They wouldn't?

Mayor Raymond: No. The tax records will have to be changed. I think your suggestion is perfectly logical—the thing should be changed right through the City. I think that is a perfectly logical suggestion. You can't work yourself logically in as part of Broad Street, because your street has an end.

Mr. Vanderhoff: Yes, but every long road has a turning point. The property owners of the Mount Pleasant Cemetery have been approached relative to where their lots are, where Broad Street would run through, and if you put your finger on the map there you will find that Broad Street, if continued through the cemetery will end right at Washington Avenue.

Mayor Raymond: We can't disturb the dead.

Mr. Vanderhoff: They are disturbing them in several places.

Mayor Raymond: We aren't doing it.

Mr. Vanderhoff. It can be done, though.

Mayor Raymond: I don't think that can be done in Newark. So far as I am concerned I can see your point and I think all our minds are open on this matter. It is not a vital matter. If it causes great inconvenience, I don't know if it is really worth while to change the names, although the street should be for the convenience of the public, all of one name. You are right about Clinton Avenue.

Mr. Vanderhoff: If you pass one, pass the other.

Mayor Raymond: We Commissioners have a lot of trouble and we don't have to look this way for more trouble.

Mr. Vanderhoff: You are appointed by us people and we have come as citizens and property owners with our protests. We have had people go from house to house, and everyone of them has gone up Broad Street. If Belleville Avenue wants to be changed, give them any name they want, Broad Street or North Broad Street or Broadway, but keep us as Broad Street.

Commissioner Howe: Last week, you will recall that I contended that this change should not be made. I had ten reasons. Every one of those were enumerated on the editorial page of the News last night. No doubt some of you read it. I couldn't see any reason for the change, but I was alone—there wasn't even one citizen from Broad Street who backed me up. My department will suffer more than any other. Every tax

book will have to be changed. Every tax bill will have to be changed. Every letterhead, whether on private stationery or business stationery will have to be changed, every number on every house, every number on the side of a wagon or truck, butchers or grocers, will have to be changed. There wasn't a soul to back me up, and I said if the people in that section didn't object I was willing to go along with the rest. I contend yet there wasn't any reason in the world why Broad Street should have been changed. If you want to give them North Broad Street or Broadway, let them have their wishes. If I lived on upper Broad Street I would protest.

Mr. Vanderhof. If upper Belleville Avenue wants to be changed let them change it, but don't change our name.

Commissioner Howe: I am opposed to it.

Mayor Raymond: You did vote for it, Commissioner Howe.

Commissioner Howe: Everyone who was here knows I spoke against it.

Commissioner Murray: This matter originated among property owners on Belleville Avenue and Washington Avenue. The City Commission didn't take any initiative. These people came down and asked that the change be made, and there was no objection to our making the change.

Mr. William Lazaroff, 244 Belleville Avenue: The thing has not been started that way. We wanted to eliminate duplication of streets and some wanted it called Broadway.

Mayor Raymond: You want it to remain Belleville Avenue?

Mr. Lazaroff: We don't care what it remains. The word Belleville is misleading. I lived for four years on the other end of the city and every time Belleville Avenue was mentioned I took it for granted it was Belleville. Somebody started a petition to change it to Broadway. There is no reason why the City of Newark shouldn't have a through street like Philadelphia, changing all the streets connecting in a line with Broad Street, to Broad Street, all the way through. It is much easier to tell a man to follow Broad Street all the way through than to tell him to follow three or four different streets, particularly a stranger going through the town.

Mr. Steiner: So long as this sentiment is here this morning, I will take perhaps four or five minutes in stating my views. This petition which the people whom I represent have, was hastily prepared in the last few days, and it comprises the displeasure and sentiment of all the people along North Broad Street. There are over four hundred signers, representing property owners and also voters—people who live in houses up there, and who have accustomed themselves to the Broad Street environment, who feel that there is no valid reason why the name Broad Street should be taken away from them. I am talking about the people who live on what is called Broad Street now. They don't want to tell the City Commissioners how to run their City, but they do want to come down and have their views come before you before any ill-advised action might be innocently put through.

Mayor Raymond: We are always glad to hear their views and they have a perfect right to be heard. We want to hear their views.

Mr. Steiner: They say that this is the first time in the history of this City that a name was taken bodily from one street and given to another street. They know that during the War certain changes were made in the names of certain streets for patriotic reasons, but they were eliminated and other names substituted. They say they have purchased properties, they have placed leases, they have rented stores—and I speak advisedly because I have a parcel on Broad Street north of Clay at the present time, where I have given leases in that building on the strength of the fact that grocery stores and other interests were renting Broad Street property, and they say there is no legitimate reason why the vested interests they have acquired in the use of that name should be suddenly taken away from them and given to merchants on a block paralleling them. If the Commission feels that for some civic or some real reason the name should disappear from the City street lists, that might be an entirely different matter, but to take the name Broad Street away from them and give it to another fellow around the corner, they feel, is a loss of a valuable property right.

The second thing they have in mind is the endless confusion arising from a change. I call the attention of the Commission to the fact—I know as a lawyer that the deeds and mortgages would not have to be changed—but it would cause confusion in the receiving of mail. A man who lives at 57 Broad Street, if this change is made, would have to have

his mail addressed to 57 North Broad Street. Just imagine the confusion in the summer time when the regular mail carriers are away on vacation and substitutes are taking their places. They are listed in the phone book as Broad Street—they are listed in the Public Service Corporation, with their electric and gas meters, as Broad Street. They say to you, "Let us keep this name Broad Street, but let Belleville Avenue have the name North Broad Street, or Broadway or any other name they want. They don't want their street disturbed.

Now there is another feature of this also, and that is the re-numbering of the street. Every number on Broad Street will have to be changed. I walked down here from the Kinney Building and I noticed that street numbers are chiseled in marble—No. 855—I am sure the number is chiseled in there. There are large display signs on the windows with the street numbers on them. I purchased a piece of property down on South Broad Street with a group of associates and following a New York custom we called it by its street number, 1016 Broad Street. If an apartment house in New York goes up at 28 Park Avenue, they call it 28 Park Avenue, Inc. I should, as an owner, hate to wake up some morning and find that 1016 represented a frankfurter stand or a place where peanuts were sold. I have filed a certificate of incorporation franchise stock certificate, have issued stock certificates, and printed stationery with the name 1016 Broad Street upon it. I agree with the Commission that a continued thoroughfare should be recognized. I don't want to put my judgment against the judgment of five men around the table here, but it does seem that your problem could be solved by calling Belle-

ville Avenue, North Broad Street, and leaving Broad Street as now constituted, exactly the way it is.

Mayor Raymond: This is not a vital matter to us. The changing of the name I don't consider a vital matter, but these hearings bring out points and that is what they are provided for, so that the Commission may have the benefit of the views of the citizens. I don't think this Commission wants to disturb. All it does is suggest. You take the situation of Washington Avenue. Washington Avenue and Washington Street are confusing. The gentleman over there was correct in saying that that was the cause of this argument, in attempting to change the name of Washington Avenue and first Belleville Avenue was suggested and that was opposed, and then Broad Street was suggested and now that is opposed. The unanimous opinion seems to be against a change.

Commissioner Murray: I move that the matter be laid over without date.

Mr. Herman Weckstein, Kinney Building: May I at this time say I appear for ninety per cent of the owners on Belleville and Washington Avenue, and if your Honor will recall we had no intention of calling ourselves Broad Street. We wanted either Broadway or North Broad Street, in order to avoid the present confusion, and I am inclined to say I agree with Mr. Steiner's contention.

Mayor Raymond: Don't you suppose that the property owners will come here from Belleville Avenue and Washington

Avenue, with a protest when they find they are to be changed?

Mr. Weckstein: They have filed petitions—ninety per cent of them, for a change to North Broad Street or Broadway. The name Broad Street is a name that any citizen of Newark would cherish.

Mayor Raymond: I guess the Commissioners feel that Broad Street owners have a right to their name.

Mr. Weckstein: I think if it is in order to amend it to North Broad Street, and pass the ordinance in that form, we would like that.

Mayor Raymond: North Broad Street—there is no point in that. Then you will have only the letter N to distinguish between them.

Commissioner Murray: I move that we reconsider the vote on the introduction of the ordinance.

Mayor Raymond: I think we had better tear the whole thing down and start all over again. I think the whole Commission feels as I do. I will withdraw the ordinance. It has only been offered for first reading and I will withdraw it. Now as it stands there is nothing on the records to change anything. We will be glad to have suggestions from your groups as to what you think we should do. I think it is important that we should change the name of Washington Avenue.

Mr. H. M. Morris: I am the writer of the article which appeared in the News

last night, and I am also representing the estate of L. B. Morris. The speakers previously have overlooked one fact. The New York Telephone Company issues a book on May 1st.

Mayor Raymond: Are you opposed to this change?

Mr. Morris: Absolutely.

Mayor Raymond: Why do you go further with it?

Mr. Frank Kaiser, 239 Washington Avenue: Why not make it Broadway, which ninety per cent of the property owners are satisfied with. It will begin at Clay Street, and end at the City Line in Belleville. It is a continuation of Broad Street, and it would be practically the same name.

Mayor Raymond: You might make some of us down in the center of the city jealous.

Mr. Kaiser: Why should they object to Broadway?

Mayor Raymond: You have got to have it named one or the other or it is not a main thoroughfare.

Commissioner Howe: Broad Street is a characteristic Newark name, and I have some respect and reverence for traditions.

Mr. Kaiser: Are you afraid to give us Broadway?

Mr. Herman Brams, 961 Broad Street:

I am going to talk with reference to this change.

Mayor Raymond: There is no change impending.

Mr. Brams: I think if we are to stop at this time we will have wasted all this energy. I think something should be done at this time in view of the necessity of changing Washington Avenue, as this man has said, but Belleville Avenue, to a great many people means nothing. They imagine it is in Belleville. The property owners on Belleville Avenue believe that if it was changed to Broad Street it would make a great deal of difference so far as values of property are concerned. I believe one of our Commissioners has said that it is time North Broad Street came into its own. South Broad Street has increased in value, and North Broad Street has not. I think it behooves us to anticipate changes in growth. Broadway, New York, was never the length it is now, and it was the anticipation that it would grow that led the government there to change the different names it has all along its route to Broadway. In New York they have an East Broadway. East Broadway is also an important Street and nobody has ever confused the name or questioned the worth of that street, and I see no reason why Newark should not change the entire length of Broad Street, including Belleville and Washington Avenue to one big street. I have signed petitions by people who live on Belleville Avenue and Washington Avenue, and the majority of them favor the change to Broad Street. I think we should not stop at this time. Those

people on Broad Street from Clay Street on will not be hurt in any way. They will still retain the name. North Broad Street is just as nice a name as Broad Street, and everybody will know just where it is. They will keep their numbers. They won't be compelled to change their numbers, and possibly the objection made that their property assessments will stay where they are—I think possibly their taxes will be lowered by reason of the fact that they are losing the name of Broad Street. I think the Commissioners ought not to stop at this time, and lose the value of this work they have done up to now.

Mr. H. M. Morris: As long as this man has talked, can I have a right to be heard?

Mayor Raymond: Every citizen has a right to be heard.

Mr. Morris: Why should we copy New York City? We can better conditions far more than New York City has done. It has always been the custom of the Public Service car lines running out of town to follow the streets named for the towns they are running to, Elizabeth Avenue to Elizabeth, Bloomfield Avenue to Bloomfield, Orange Street to Orange, so why not Belleville Avenue to Belleville? That would be the only logical thing to do. There are more people into Newark by the south than ever come into Newark by way of the coming north. That is all; thank you.

Mayor Raymond: We have heard so many views expressed from time to time that I have almost forgotten why they objected to Belleville Avenue. Someone objected to Belleville Avenue.

Mr. Morris: I can probably furnish you with some 150 names on Belleville Avenue who don't want any change.

Mayor Raymond: We proposed to change Washington Avenue to Belleville Avenue.

Mr. Brams: The reason for the protest on that is that Belleville Avenue gives the impression that it is in Belleville, and people in Newark don't want to be given the impression it is in Belleville.

Mr. Steiner: I am sure these citizens are grateful to you for your time and attention.

A petition signed by 380 property owners and residents protesting against any change in the name of that Street; and a petition signed by twenty-four property owners on Belleville Avenue requesting that the name of Belleville Avenue be changed to North Broad Street or Broadway, were received and read and on motion ordered referred to Mayor Raymond.

of 1919, the estimate so submitted and presented be and the same is hereby adopted and ordered filed;

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commisioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

WHEREAS, in accordance with the provisions of Chapter 115 of the State Laws of 1919, an estimate has been submitted to the Board of Commissioners of the City of Newark by the Engineer in Charge of the Bureau of Sewers, showing the probable cost of constructing a sewer in Richelieu Terrace from Lenox Avenue 200 feet southerly together with house connections to the curb lines for the use of the abutting property only, to be \$900.00, said probable cost being based on the best information available as to the probable cost of such sewer;

AND WHEREAS, the entire cost of doing the work will be less than \$1,000.00;

THEREFORE BE IT RESOLVED, that in accordance with the provisions of the said Chapter 115 of the State Laws

AND BE IT FURTHER RESOLVED, that the Board hereby signifies its intention to construct a sewer in Richelieu Terrace from Lennox Avenue 200 feet southerly together with lateral connections to the curb lines; and that the Director of the Department of Public Affairs of the City of Newark will hear objections to the making of said improvement on Monday, the tenth day of May, 1926, at 10 o'clock A. M. (Daylight Saving) at the office of said Director on the second floor, City Hall, Newark, N. J.;

AND BE IT FURTHER RESOLVED, that the Engineer in Charge of the Bureau of Sewers be and he is hereby authorized and directed to mail a copy of this resolution to the last known owner of record as shown by the tax records of the City of Newark, N. J., of property abutting on the portion of the street or highway through which such sewer is proposed to be constructed; and that the Engineer be and he is further instructed to post or cause to be posted a copy of this resolution in the City Hall, Newark, N. J., at least five days prior to the introduction of a second

resolution setting forth the final decision of said Board to construct such sewer.

State of New Jersey Board of Public Utility Commissioners

Trenton, April 22, 1926.

Mr. W. J. Egan,  
City Clerk of Newark,  
Newark, New Jersey.

Dear Sir:

I send you herewith copy of the report of the Chief Inspector of the Board's Department of Railroads referring to the above mentioned matter. (Proposed abandonment of Macopin, R. R.)

Please advise if the City of Newark has any objection to the abandonment of this railroad. If so, the Board will afford the City a hearing before the matter is disposed of. If no objections are submitted to the Board before April 30th, it will be assumed that the City does not object to the railroad being abandoned.

Yours very truly,

A. N. Barber, Secretary.

Ordered referred to Mayor Raymond.

Commissioner Brennan: I move that we adjourn.

The following communication was received and read:

George L. Record  
Counsellor-at-Law

Commercial Trust Building  
Jersey City, N. J., April 29, 1926.

To the Commissioners of  
The City of Newark.

Gentlemen:

The Nevin Bus Lines, a corporation of the State of New Jersey, operates motor buses from Philadelphia to New York and return. This company finds a growing demand for the transportation of passengers between the cities in New Jersey hereinafter mentioned. Application is therefore hereby made to your Honorable

Board for a permit to transport passengers between your municipality and the municipalities in New Jersey of Jersey City, Elizabeth, Rahway, Metuchen, New Brunswick, Princeton, Hightstown, Trenton, Mt. Holly and Camden.

Respectfully submitted,

Nevin Bus Lines,

By George L. Record, Attorney.

Ordered referred to Mayor Raymond.

A bill from the New Jersey State League of Municipalities for membership dues from May 1st, 1926, to April 30th, 1927, at \$5.00 per thousand of inhabitants or fraction thereof, according to Federal census of 1920, amounting to \$900.00, was received, read and on motion ordered referred to Mayor Raymond.

Commissioner Howe: We are honored here today, Commissioners, and ladies and gentlemen by the presence of the representative young men of our City who are to act as Commissioners and Deputy and Assistant Commissioners for today, and I would like to call upon the "Mayor" for a few words.

Remarks were then made by the following junior officials:

Philip Scotch, Mayor; J. Edward Henderson, Director of Revenue and Finance; Louis Carodnick, Director of Public Safety; Walter F. Reilly, Direc-

tor of Parks and Public Property, Irving Worner, Director of Public Works; George Ginf, City Clerk; Joseph Kenny, Corporation Counsel; Miss Pauline Phelan, of Barringer High School; Miss Angelina Caruso, of Central High School; Miss Helen Kleplay, of Junior High School.

Commissioner Howe: I want to take this opportunity to thank you boys and girls for coming here today and showing the interest you have shown in your City Government. No one knows but what some one of you may be a future Commissioner. Some one of you may be Mayor. By the time you young ladies are voters we may have a woman Commissioner, so perhaps one of you, too, may be sitting here in one of our places some day.

Commissioner Murray: I move that the meeting adjourn.

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Approved:

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N. J., May 18, 1926

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

The minutes of meeting of May 11th were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

(No response).

Commissioner Brennan moved that the applications of the Public Service Railway Company for permission to locate, construct, operate and maintain an extension of its street railway system from Clinton Avenue, through Washington Street to a point north of West Kinney Street; and from a point south of Central Avenue, through Washington Street to Broad and Bridge Streets, be adjourned to June 1st, 1926.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the erection of a City Hall Annex upon lands owned by the City at the rear of the City Hall, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a City Hall Annex, to be erected upon lands owned by the City in the rear of the City Hall, be and the same is hereby authorized;

Section 2. That the total cost of the erection and equipment of said building shall not exceed the sum of one million dollars (\$1,000,000.);

Section 3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark in an aggregate principal amount not exceeding one million dollars (\$1,000,000); bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said erection and equipment. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby

authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

Section 4. The sum of one million dollars (\$1,000,000) to be raised by the issuance of said temporary bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Gillen moved that May 25th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a twenty-four (24) inch pipe sewer shall be constructed in North Thirteenth Street between Beardsley Avenue and Abington Avenue, together with a fifteen inch branch pipe sewer in Abington Avenue between North 13th Street and North 12th Street, together with all the appurtenances necessary to complete the same and these sewers to be used for storm water only, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 14, 1926, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$6,000.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and tempo-

rarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$6,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized and directed to execute and issue said bonds or notes.

An ordinance to provide for the grading, curbing, flagging and paving of Empire Street from Frelinghuysen Avenue to Meeker Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Empire Street from Frelinghuysen Avenue to Meeker Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of

the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated May 15, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvements, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. The said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$47,100.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, tem-

porary bonds or notes shall be issued from time to time in an amount not to exceed \$47,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Pennsylvania Railroad System

Eastern Region

New Jersey Division

New York, May 13, 1926.

To the Honorable

The Board of Commissioners of  
The City of Newark, N. J.

Gentlemen:

We would call attention to the poor condition of Jabez Street, between Wilson Avenue and New York Avenue, and as owner of fifty per cent of the property abutting this street we would respectfully petition you to make necessary arrangements for the paving of this street.

As indicated above, this application is to cover only the paving of that portion of Jabez Street between Wilson Avenue and New York Avenue.

It would be appreciated if this matter could receive early consideration.

Yours very truly,

R. K. Rochester,

General Superintendent

Ordered referred to Mayor Raymond.

Robert Treat Shirt Mfg. Company

Newark, N. J., May 13, 1926.

The City Commissioners,  
City Hall, City.

Gentlemen:

Having purchased the property known as numbers 24 to 36 Norfolk Street and 21 to 33 Newark Street, formerly belonging to Mrs. Effie B. Walter, we respectfully petition your Honorable Body to change this property from a business zone to a light industrial zone.

Very respectfully,

Robert Treat Shirt Mfg. Company,

Frank A. LaCapra, President.

Ordered referred to the Board of Adjustment.

The following report of City Officers was received and ordered filed:

Auditor's report for April, 1926.

Commissioner Howe offered the following resolution:

Inasmuch as four hundred and fifty of the nearly two thousand blind of the State of New Jersey are residents of Newark and the New Jersey State Com-

mission for the Blind fosters the public school training of the blind and near blind youth of our city, retrains the newly blinded adults, seeks employment for the capable blind, does much toward the prevention of blindness and directs the Outdoor Relief for the Needy Blind, we commend to the citizens of our great City the work of the State Commission and bespeak the patronage of the public of the demonstration and sale of the work of the blind of the State now being conducted by public spirited citizens of Newark and vicinity during the third annual "Week for the Blind" in the Mosque Theatre Building, Broad Street, Newark, daily from eleven thirty A. M. to ten o'clock in the evening.

The Board of Commissioners of the City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N J, May 25th, 1926

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of May 18th, 1926, were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

Mrs. F. F. Robertson: Mayor Raymond and Commissioners, I come to ask you for an appropriation of one hundred dollars for a floral offering for the G. A. R. Veterans. I am staging a spectacle under the auspices of the G. A. R. in front of the City Hall reviewing stand on Memorial Day. The street is to be carpeted with a Victory Carpet of green leaves. We are to have two hundred and fifty girl scouts as a guard of honor, and behind them one hundred and fifty boy scouts standing at attention. This does not in any way conflict with your ceremonies at the Van Horn Monument, which is one of the masterpieces of one of the greatest sculptors. The Decoration Day Committee have not been able to give me more than one hundred dollars because of all their other obligations, so I am appealing to you, on my own behalf unbeknown to the old G. A. R. Veterans, in asking you for your patriotic contribution of one hundred dollars to add to the hundred that I already have, so that those girl scouts, instead of having a small armful of flowers will

have big armfuls of them, and we are to have the Pathe people take pictures of the event which will put Newark on the map as a large city that knows how to spend for a special tribute to the old Civil War veterans.

I shall appreciate it, and thank you, and I shall be very glad at the meeting of the Decoration Day Committee tomorrow at four o'clock, to report to them that the Mayor and Commissioners have given me one hundred dollars more so that the girls will have good sized armfuls of flowers.

Mayor Raymond: Commissioner Murray, isn't this in your charge?

Commissioner Murray: Yes.

Mayor Raymond: Can you take care of it for this lady?

Commissioner Murray: The one hundred dollars she refers to has been set aside. We have only a small amount.

Mayor Raymond: She wants an extra hundred.

Commissioner Murray: I will get the hundred somewhere.

Mrs. Robertson: I thank you all very much.

Mayor Raymond: Does any other citizen desire to be heard?

Mr. Maurice J. Zucker, 24 Branford Place, Newark, N. J. I took up with Mr. Congleton the question of the paving of Schuyler Avenue and Huntington Terrace from Lehigh Avenue to

Sheppard Avenue. You have paved Mapes Terrace which is one block long, which runs between the two streets, and neglected to pave the other streets, because of the fact that there is question as to the title of the land in Schuyler Avenue and Huntington Terrace, about a one hundred foot strip.

Mayor Raymond: And we told you to go to Mr. Congleton and straighten the matter out.

Mr. Zucker: I did and it can't be done. The only way it can be straightened out is by a condemnation.

Mayor Raymond: Do you want to do that?

Mr. Zucker: I have purchased that land and I have tried to get the mortgages to release that to the City, but they won't do it. The only thing to be done, now—in the mean time this procedure is going to take quite some time. These people can't keep their tenants—they are all two-family houses, and you can't get in and out if it rains—you go to your hubs in mud. There is no reason why it could not be paved from Lehigh Avenue to the border of this lot on Schuyler and Huntington, and then take care of that later, because when you go to pave Sheppard Avenue you can just as well turn in that little piece there and pave that, as you have got Sheppard Avenue in quite a mess there, too.

Mayor Raymond: That is a matter for my department, and I think we will take care of it in some way or other. We will do all we can for you. There is no action the City Commission can take today.

You can take this up with Mr. Costello and we will get it straightened out for you as soon as we can, and try to give you relief.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of The City of Newark Do Ordain:

Section 1. That an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions, adopted December 31, 1919, is hereby amended by extending the 85 Foot

Height District and the "B" Area District, so as to include the area described as follows:

BEGINNING at a point in the easterly side of Mt. Prospect Avenue at its intersection with Mt. Prospect Place; thence south  $61^{\circ} 13'$  east 222 feet, 11 inches, to Garside Place; thence northerly along Garside Place 199.86 feet; thence north  $61^{\circ} 13'$  west 229 feet; 8 inches; thence southerly along Mt. Prospect Avenue 200 feet to the place of BEGINNING.

and that the Height and Area District Maps which accompany the ordinance to which this ordinance is an amendment be and the same are hereby changed so as to include the area above described.

Section 2. This ordinance shall take effect immediately.

**MINUTES OF MEETINGS**  
**OF THE**  
**Board of Commissioners**  

---

**JUNE, 1926**

Newark, N. J., June 1, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioner's Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Raymond.

The minutes of meeting of May 25th  
were read and approved.

Mayor Raymond: Does any citizen de-  
sire to be heard this morning?

Mr. Frederick Hoadley, representing  
the Broad Street Association appeared  
before the Board and requested that the  
sale of the Market Plaza scheduled to  
take place on the 4th of this month  
be postponed, and presented the following  
resolution adopted by the Broad Street  
Association:

May 29th, 1926.

To the Honorable Commissioners  
of the City of Newark.

Gentlemen:-

In view of the consideration which  
you are giving to the sale of a certain

tract of land belonging to the City of  
Newark, known as the Market Plaza, in  
the centre of the City, a special meeting  
of the Board of Directors of the Broad  
Street Association was held on May 28th,  
1926, to obtain an expression of the views  
of its members. After careful con-  
sideration it was:

RESOLVED: By the Board of Dir-  
ectors of the Broad Street Association  
that it is the sense of this Board that  
the proposed sale by the City of New-  
ark of the parcel or parcels of land com-  
monly known as the Market Plaza, ad-  
vertised to take place June 4th, next,  
ought to be postponed until some future  
date so that the citizens of Newark may  
have more time to become informed and  
consider this important matter.

The Board of Directors of this civic  
body feel that there would not accrue  
any loss or harm to the city by a post-  
ponement, but that considerable good,  
from many viewpoints, might result.  
In view of the many important plans for  
large improvements affecting the im-  
mediate vicinity of the land in question,  
which are now pending and unsettled,  
it would be a mistake to dispose of the  
same at this time without more deliber-  
ation than is possible upon such short  
notice, and without an ample opportunity  
for the crystalization of public opinoin  
upon the subject. Therefore be it

RESOLVED. That the Honorable Board of Commissioners of the City of Newark be memorialized and requested to consider the opinion expressed by this resolution and take suitable action for a reasonable postponement of the proposed sale.

Very truly yours,

(Signed) Moses Plaut,  
President

Commissioner Brennan: I move that the matter be referred to Commissioner Gillen.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented An ordinance providing for a change in the zoning ordinance on the easterly side of Mt. Prospect Avenue at Mt. Prospect Place, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Mr. Benjamin Greenberg: I know nothing about it and I want to ask whether the matter could not be heard for two weeks.

Mr. Harrison Van Duyne: If the Commissioners think it wise we are

perfectly willing to do it. We suggest one week, which would give him ample time to look into the merits of it.

Mayor Raymond: I wasn't worried so much about the matter of time in view of the circumstances. I think it is fair to the people who have settled residence you shouldn't destroy their neighborhood in a week. We have always taken the position we wouldn't do it when you had better take it up with them in the meantime.

Commissioner Brennan: I move the hearing on the ordinance be laid over one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Dr. David Corson, Rabbi Charles I. Hoffman and Rev. William F. Lawler, appeared before the Board and requested permission to hold a parade of school Children on the afternoon of June 17th on Broad Street in connection with the Sesqui-Centennial Celebration.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the purchase of Fire Apparatus and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the purchase of fire apparatus for use by the Division of Fire, in the Department of Public Safety, at a cost not to exceed one hundred thousand (\$100,000), is hereby authorized;

2. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of the City of Newark in an aggregate principal amount not exceeding one hundred thousand dollars (\$100,000), bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary bonds shall be determined by the director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time of times and in such amounts as he may

deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Clerk and City Auditor are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

3. The sum of one hundred thousand dollars (\$100,000), to be raised by the issuance of said temporary bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

4. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that June 8th, 1926, at 10 A. M. Standard Time 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Dung Yard Lane from Walnut Street southerly about 440 feet to a former property line.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Dung Yard Lane from Walnut Street southerly about 440 feet to a former property line shall be vacated as a public street or highway excepting from such vacation that part of Dung Yard Lane above described lying within the limits of New York Avenue, as shown on a map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1334-V, under and by virtue of the provisions of Section 1, sub-division (b), of Article XXII, of an act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities" approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or part of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N. J., June 8, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 o'clock A. M.

Present: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Raymond.

The minutes of the meeting of June  
1st, 1926, were read and approved.

Mayor Raymond: Does any citizen de-  
sire to be heard?

Dr. Corson: Mr. Mayor, the sub-Com-  
mittee representing the Committee on  
the Sesquicentennial has come back this  
morning to ask the City Commission to  
decide the question as to the street on  
which the parade is to be held. The date  
selected was the seventeenth of June, and  
the street that is desired is Broad Street.

If I were to undertake to argue the  
matter, I would only have to repeat what  
was said last week, when we appeared  
before you, but the President of the  
Sesquicentennial Committee is here, if  
you would be willing to hear him, I  
would like to give way to him. Mr.  
Cavicchia, President of the Board.

Mr. Peter A. Cavicchia: Being a law-  
yer, I am almost ashamed to confess to  
your honorable body that I did not know  
that the City of Newark had an ordin-  
ance affecting parades on Broad Street,

and I am mainly responsible for the fix  
that we are in.

At the time that we discussed having  
a parade on Broad Street of the school  
children, we all had in mind the splendid  
spectacle that they gave the citizens of  
Newark ten years ago, at the 250th An-  
niversary, and we thought we wanted to  
repeat such a spectacle as that on Bunker  
Hill Day, and go it one better.

We have made all preparations for the  
public and the parochial schools. Father  
Lawler has gone out of his way to co-  
operate with us. I hate to ask your body  
to break an ordinance, but after all, The  
Sesquicentennial isn't celebrated every  
year. School children don't parade every  
year. It is ten years since they have  
shown themselves to the public, and we  
ask your indulgence and your permission  
to have a parade on Bunker Hill Day,  
June 17th. Probably the streets will be  
blocked for two hours.

I have spoken with members of the  
Chamber of Commerce and members of  
the Broad Street Association, and I have  
frankly stated to them that had we known  
that conditions are as bad as they are,  
we would probably have made other ar-  
rangements, but they have gone so far,  
if you don't give us this permission, I am  
afraid thousands of school children will  
be disappointed.

Mayor: Raymond: Any other person  
desiring to be heard?

The City Commission had a conference  
this morning on the subject, and they

concluded that it wouldn't be advisable to interfere with the ordinance, or change it in any respect at this time, and we would suggest that you hold the parade the last Saturday afternoon in June.

Rabbi Hoffman: Of course, that would be entirely objectionable to your Jewish citizenship; they would not possibly sanction a thing of that kind on Saturday.

Mayor Raymond: That did not occur to us. The Commission is in a difficult position in this matter. There are a great many streets in Newark where a parade may be held, and the suggestion of some of the commission was that you have a parade on High Street.

We have no right to violate the ordinance ourselves any more than you have, and the Broad Street Association and Chamber of Commerce might consent to the breaking of the law, but it does not make it effective if they do.

Mr. Cavicchia: We will not consent.

Mr. Wollmuth: So that the record might be straight, through the co-operation of Commissioner Brennan and other gentlemen of the commission, about three years ago, with the assistance of the Corporation Counsel, Mr. Congleton, an ordinance was drawn which was completely satisfactory to those who were interested in the matter of parades on Broad Street and preservation of business.

As stated at the last meeting, the chamber doesn't believe that it can with grace come before the commission and ask the commission to violate an ordinance.

The suggestion has been made, however, to the committee, and I certainly don't want to work in opposition to the committee—it has been suggested that perhaps these functions being new, a precedent should be started and set, and be held in the public parks, and the streets be reserved for transportation, and not disorganize our transportation functions or Police Department.

Mayor Raymond: We want to make this more than a one street city. This is a one street city now, and it has got to be changed.

You asked us to change an ordinance—change the existing law, to meet a single occasion, and I don't think the commission feels that that should be done.

Mr. Cavicchia: Give us High Street.

Mayor Raymond: That is a matter with Commissioner Brennan.

Mr. Cavicchia: It doesn't lend itself to marching, but since we have to give up we will take High Street and give the best parade we can.

Mayor Raymond: That is very nice, and relieves us.

Commissioner Murray: I think this is a good suggestion.

Mayor Raymond: Any other person desiring to be heard on any other matter?

(No response.)

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the purchase of the Gutzon Borglum original "Lincoln" Model and five Models of the "Wars of America", and providing for the financing thereof.

The Board of Commissioners of The City of Newark Do Ordain:

Section 1. That the sum of twenty-thousand dollars (\$20,000) be and the same is hereby appropriated to the Trustees of the Newark Museum Association of the City of Newark for the purchase of the Gutzon Borglum original "Lincoln" Model and five models of the "Wars of America"; and the Trustees of said Newark Museum Association be and they are hereby authorized to make said purchase from said Gutzon Borglum, upon condition that said models be placed on exhibition in the Newark Museum.

Section 2. That the total cost of said purchase shall not exceed the sum of twenty thousand dollars (\$20,000).

Section 3. Pursuant to the provisions of—

Section 13, of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto.

there shall be issued temporary bonds of the City of Newark, in an aggregate

principal amount not exceeding twenty thousand dollars (\$20,000), bearing interest at a rate not exceeding six per centum per annum, payable semi-annually, for the purpose of acquiring said models. All other matters in respect of said bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, and the Director of the Department of Revenue and Finance is hereby authorized to issue said Temporary Bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute such bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

Section 4. That the sum of twenty thousand dollars (\$20,000), to be raised by the issuance of said Temporary Bonds, is hereby appropriated for the purposes for which said bonds are hereby authorized to be issued.

Section 5. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that June 15th, 1926, at 10 A. M. Standard

Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the construction of a twenty-four inch pipe sewer in North Thirteenth Street between Beardsley Avenue and Abington Avenue with a fifteen inch branch pipe sewer in Abington Avenue between North 13th Street and North 12th Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

and two (2) feet outside of said tracks and concrete pavement between the railroad tracks and two (2) feet outside of the center rails thereof.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1: That Doremus Avenue from Lincoln Highway to about 390 feet south of Port Street shall be paved and repaved as follows: From Lincoln Highway to Wilson Avenue, asphalt resurfacing over the old granite block pavement after regrading where required; from Wilson Avenue to about 390 feet south of Port Street with asphalt pavement on new six (6) inch reinforced concrete base exclusive of the area between the railroad tracks and two (2) feet outside of said tracks and concrete pavement between the railroad tracks and two (2) feet outside of the outer rails thereof, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plan, specifications and profiles dated May 29, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3 That the sum of \$233,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$233,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city,

borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Ordered filed.

Commissioner Gillen: I desire to report on the sale of the Market Plaza. As you remember, a number of protests were made and up to the time the sale was to be held some other protests came in and I thought that in view of the protests and requests for postponement of the sale that the Commissioners had no desire to push the sale in the face of the protests, and I thought that we would postpone the sale and between now and

next week we will probably have a hearing to the citizens who are protesting against selling it at this time and give them a chance to submit their objections and report back to the Commission next Tuesday and take further action.

Commissioner Howe moved that the Commission concur in the action taken by Commissioner Gillen.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved to adjourn.

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN, City Clerk.

June 15, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of June 8, 1926, were read and approved.

Mayor Raymond: Does any citizen desire to be heard? I think there are some citizens waiting here. Does any person desire to be heard on any matter this morning?

The City Clerk presented an ordinance to amend an ordinance entitled, "An ordinance entitled, 'An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purpose, and providing penalties for the violation of its provisions,'" adopted December 31, 1919," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard? This is the Mt. Prospect Avenue ordinance.

Mr. William Hamilton Osborne: Mr Mayor, I appear in support of this ordinance, if necessary. If I really wanted to say a word or two, I represent the interests of the corporation formed by Mr. Kolb and Mr. Whitehead for the erection of an apartment house at 375 Mt. Prospect Avenue, and the ordinance, I understand, merely extends the line, it doesn't create a new district. On both sides of the street.

Mayor Raymond: Now is there anybody here opposed to this ordinance? Is there any communication in reference to this ordinance or anybody opposed to it? I would like to hear what the opposition has to say. Since the City has initiated the ordinance it is assumed that they wanted to put it through, and if there is no objection to it I do not think there is any use spending time talking about it. There are no petitions on file. This matter was laid over, I think, in the presence of certain objectors.

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

Not voting: Commissioner Howe.

An ordinance to provide for the grading and paving of Third Street from Bloomfield Avenue southerly to the Morris Canal with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Third Street from Bloomfield Avenue southerly to the Morris Canal shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 10, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating, and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and di-

rected to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$19,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$19,400.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum

per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The following communications were received and read:

Township of Hillside

Union County, N. J., June 8, 1926.

Board of Commissioners, Newark, New Jersey.

Gentlemen:

Attention: Wm. J. Egan, City Clerk.

This will acknowledge receipt of certified copy of a resolution adopted by the Board of Commissioners of the City of Newark, May 18, 1926, granting permission to Messrs. Robert Dreskin, Max Masin and Joseph Dreskin to connect sewers to be constructed in the Township of Hillside with the Newark sewer system.

Kindly be advised that this matter was taken up at the Township Committee meeting held Wednesday evening, June 2, 1926, and I was instructed to inform you that due to the fact that there is a strong probability of the Township of Hillside having its own sewer system in the very near future that the Township Committee deems it inadvisable to connect sewers in the Township of Hillside with the Newark sewer system and in any event sewers should be laid in the streets to conform with the grades as established by the township engineer.

Yours very truly,

Howard J. Bloy, Town Clerk.

Ordered referred to Mayor Raymond.

Robert H. Doherty  
Counsellor-at-Law

Jersey City, N. J., June 11, 1926.

City Clerk, City of Newark, N. J.

Dear Sir:

Application is made on behalf of the Jersey City Transportation Company, Inc., to operate three Garford De Luxe busses through the City of Newark through the following route:

"West on Passaic Avenue to Christie Street, to Fleming Avenue, to Market Street, to Mulberry Street to Walnut

Street, to Broad Street to Vanderpool Street to Frelinghuysen Avenue."

I wish that you would give this matter your immediate consideration and advise me in the premises.

Very truly yours,

Robert H. Doherty.

Ordered referred to Mayor Raymond.

#### OFFICERS' REPORTS

The following reports of City officers were received and ordered filed:

Auditor of Accounts for May, 1926.

Commissioner Howe: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

#### APPROVED:

THOMAS L. RAYMOND,  
W. J. BRENNAN,  
JOHN HOWE,  
JNO. F. MURRAY, JR., ....  
CHARLES P. GILLEN,

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN, City Clerk.

Newark, N J., June 22, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan and Howe.

Absent: Commissioners Gillen, Murray, Mayor, Raymond.

Commissioner Howe presided.

Commissioner Brennan: I move that owing to a lack of a quorum the meeting be adjourned until eleven o'clock tomorrow

morning, Wednesday, June 23rd, 1926, and that all matters scheduled for hearing be continued at that time.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe.

APPROVED:

JOHN HOWE,

W. J. BRENNAN,

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN, City Clerk.

Newark, N. J., June 23, 1926.

An adjourned regular meeting of the Board of Commissioners of the City of Newark was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gilen, Howe, Murray:

Absent: Mayor Raymond.

Commissioner Howe: Any matter to come before the Commission?

Mr. Gottlieb: I am here today, representing the Veterans' Alliance of Essex County—not representing them in a professional capacity, but simply as a member of that organization and as a veteran.

The Veterans' Alliance, at its last meeting, passed a resolution adopting a flag code, approving of it, and they request you gentlemen to enact an ordinance which will make a flag code obligatory.

Let me state briefly that the flag code is simply this: On June 14, 1923, over sixty-eight national organizations—Sons of the American Revolution, Daughters of the Revolution, American Legion Veterans of Foreign Wars and organizations of every place, met in the City of Washington to modify the laws relative to the use of the flag. Two years thereafter they met again, and they have formulated a definite code, which has now been endorsed by forty-five other organ-

izations, in addition to the sixty-eight; so today it has the support of about twenty million of people, represented in these organizations, who have endorsed it. It also has the sanction and approval of the Navy and Army, and other cities and towns—one in this State—Red Bank—has enacted an ordinance, and we are particularly anxious that you gentlemen should consider the advisability and expediency of enacting an ordinance.

Let me say this—this is said without any reflection upon anyone—our decorations in the City of Newark are barely ever correct on our public buildings.

I have in mind the City Hall and Market and other buildings from time to time that are decorated, and it is not the fault of any particular individual. The offender is the professional decorator. We have educated the average citizen and we are making great progress, but the professional decorator seems to violate all the rules laid down with impunity. We believe that if there were some sanction behind this, something in the form of a municipal ordinance, that it will act as a deterrent, and it will be notice to the professional decorator that we require our decorations to be in order.

Take the attitude of the professional decorator. I have in mind Military Park Building. Major General Gilmore came out in a proclamation and requested that the decorations in Newark be in accordance with the flag code. I saw the decorations on the Military Park Building when they were just about to start. I went in and spoke to them—the agents and managers of the building, and they

told us frankly that they would not interfere; that the matter had been referred to the professional decorator, and they took his advice and were guided by what he said.

What we want is for the City of Newark to show proper respect and proper reverence to the National Colors.

I have sent to each one of you gentlemen a copy of this "Etiquette of the Stars and Stripes" and a copy of the Flag Code as embodied in the Legion's pamphlet, and a proposed ordinance which can be molded, and I wish, therefore, on behalf of the Veterans Alliance, that you give serious consideration to the proposition. It meets with their approval, and I am here, as I said before, as a member of that Alliance, and not as a practicing lawyer.

Commissioner Gillen: I move, Mr. Mayor, that the Law Department prepare such an ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance providing for the vacation of Dung Yard Lane from Walnut Street southerly about 440 feet to a former property line, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen desire to be heard?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of Dung Yard Lane from Walnut Street southerly about 440 feet to a former property line.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the ordinance by section:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The clerk than read the title of the ordinance as follows:

The roll being called, the motion was declared adopted by the following votes:

An ordinance providing for the vacation of Dung Yard Lane from Walnut Street southerly about 440 feet to a former property line.

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The ordinance having been read three times was then declared to be upon its third and final passage.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the ordinance was declared adopted by the following votes:

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

Commissioner Howe: Any person wish to be heard?

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the title of "An ordinance providing for the vacation of Dung Yard Lane from Walnut Street southerly about 440 feet to a former property line," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Mr. Hindenlang: I appear for Mr. Charles Seitel, who is the owner of the corner of Springfield Avenue and Jones Street. Mr. Seitel, whom I represent, is the owner of the corner of Springfield Avenue and Jones Street. There is a frontage by actual survey measurement of some 81 feet on Springfield Avenue, and runs back to a depth of 129 feet on Jones Street. Under the proposed plan under this present ordinance it is contemplated to take the entire frontage of Mr. Seitel's property and leave us a little triangular plot of land, very similar to the piece that is here at Market and Washington Streets. The present inten-

... under this ordinance, is to increase the width of Jones Street to a width of eighty-four feet. The original ordinance provided for a depth of eighty feet, which would necessarily make the mouth of Jones Street at Springfield Avenue, if our entire piece is taken, something like one hundred and thirty feet. We cannot see the necessity for taking this entire frontage of our property. The property is an unusually valuable piece, and it is our belief that this improvement can be readily made, and made satisfactorily, if only a part of our property is taken. We realize that an improvement of some character ought to be made there, but we do not feel that the entire property that we have there should be taken for this purpose. We feel that if the line were run straight, leaving the opening of Jones Street eighty-four feet at Springfield Avenue and Jones Street, it would satisfactorily serve any purpose for which this improvement is contemplated.

Mr. Congleton: Wouldn't that create a situation similar to what we had at Market and Washington Streets, which we just paid a million dollars to overcome?

Mr. Hindenlang: I think the situation here is entirely different. If we study the traffic conditions existing at that point we will find that the only traffic that would utilize Jones Street in a northerly direction is what comes over Belmont Avenue and what comes up Court Street. There is no benefit by taking our entire property for any traffic that may be coming east on Springfield Avenue.

Commissioner Howe: Can you imagine

what that will be when Belmont Avenue is repaved?

Mr. Hindenlang: That may be very true, but, nevertheless, if the street is eight-four feet wide at that point, or even perhaps a little wider at the mouth, it will take care of all the traffic coming from Belmont Avenue. You have a different situation at Washington Street—you haven't the congestion of traffic at our corner, as you have had at Washington and Market Street.

Commissioner Brennan: There is very little difference.

Mr. Hindenlang: Any traffic that comes down will necessarily turn in, and will not be benefitted by this corner at all.

Commissioner Murray: How much of your property will be taken?

Mr. Hindenlang: That would leave us about thirty-five feet and that is very valuable.

Commissioner Murray: You will be compensated for it.

Mr. Hindenlang: It is our belief that the actual necessity does not exist there to take the entire piece.

Mr. Congleton: Even with this widened out, we will still have to have quite a turn, the same as we have at Washington Street.

Commissioner Murray: This is an

expensive improvement, but it should be made right.

Mr. Congleton: Ultimately we hope to do something with Norfolk Street, but it must be a step at a time.

Mr. Hindenlang: We believe that this plan could be satisfactorily worked out and that part of our property could remain there. I cannot see the necessity for taking the entire frontage that we have there.

Commissioner Murray: It leaves you a triangular piece?

Mr. Hindenlang: Yes, running from zero, at Springfield Avenue, to some little triangle there.

Mr. Congleton: I would like to take the whole piece there, so as not to have to go into the question of the damage to the remainder, but, unfortunately, we haven't the power to excess condemnation.

Mr. Hindenlang: We believe that if the street line were run to a point fifty feet upon our property, it would be satisfactory.

Commissioner Gillen: I move that the matter be referred to Mayor Raymond and the engineers to study the protest, and continue the hearing until June 29th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$500,000 public improvement bonds of the City of Newark.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. Pursuant to the provisions of Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of the City of Newark, to be known as "Public Improvement Bonds," and to be dated July 1, 1926, are hereby authorized to be issued in the aggregate principal amount of \$500,000 for the purposes hereinafter stated, for which purposes the sum of \$500,000 is necessary to be raised.

Section 2. The money to be raised by the issuance of said bonds shall be applied in the following amounts, respectively, to the purpose of paying for the following described properties or improvements, to be acquired or made by the City of Newark:

(a) Acquisition of lands to enable the construction of additions to the present City Hall, \$185,000.

(b) Erection of buildings of fire-proof construction as defined in Clause (c) of Sub-division (1) of Subsection (2) of Section 4 of Chapter 252 of the Laws of 1916, as amended, to be used as branches of the Public Library owned and maintained by the City of Newark, including the acquisition of lands therefore on Commerce Street and Alexander Street, in the City of Newark, \$300,000.

(c) Improvement of the lands owned by the City of Newark and now occupied by buildings of the Newark Museum Association, by the construction of a brick wall or fence, for the purpose of enclosing said lands, \$15,000.

Section 3. In the event that there is any outstanding temporary indebtedness incurred for the cost of said improvements, the money herein authorized to be applied to the cost of each of such improvements shall be applied to the payment of such indebtedness.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements or properties for which bonds are hereby authorized to be issued were not completed or acquired prior to July 1, 1925, and said improvements are of the classes described in Sub-divisions (H), (I) and (U), respectively, of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable periods of usefulness of said improvements or properties are forty years, forty years and ten years, respectively, and the average of said probable periods of usefulness, taking into consideration the amount of bonds to be issued on account of each of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is thirty-nine years, ending July 1, 1965.

(c) No part of the cost of the improvements or properties for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$559,006,119.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$29,872,938.72.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that July 6th, 1926, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$100,000 Fire Apparatus Bonds of the City of Newark.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of the City of Newark, to be known as "Fire Apparatus Bonds," and to be dated July 1, 1926, are hereby authorized to be issued in the aggregate principal amount of \$100,000, for the purposes hereinafter stated, for which purpose it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the purchase of fire engines, fire trucks, hose carts or other vehicles for use in the Fire Department of the City of Newark.

Section 3. In the event that there is any outstanding temporary indebtedness incurred for the cost of said properties the money herein authorized to be applied to the cost of such properties shall be applied to the payment of such indebtedness.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The properties for which bonds are hereby authorized to be issued were not acquired prior to July 1, 1925, and said properties are of the class described in Sub-division (P) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(B) The probable period of usefulness of said properties, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is five years, ending July 1, 1931.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said City of Newark, computed upon the next preceding three valuations thereof in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$559,006,119.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$29,872,938.72.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that July 6th, 1926, at 10 A. M. Standard Time, 11 A. M. The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$2,000,000 Port of Newark Improvement Bonds of the City of Newark.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of the City of Newark, to be known as "Port Newark Improvement Bonds," and to be dated August 1, 1926, are hereby author-

ized to be issued in the aggregate principal amount of \$2,000,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the following described improvements to be made by the City of Newark, pursuant to authority conferred by Section 13 of Article XXVIII of Chapter 152 of the Laws of 1917, and Sub-division (J) of Section 1 of Article XX of said statute, and other statutes of the State of New Jersey, viz.:

(a) The making and construction of a channel or channels in navigable waters upon which front the lands heretofore acquired by the City of Newark pursuant to Chapter 272 of the Laws of 1907, and other statutes, for the purpose of constructing and establishing docks and shipping facilities (which lands and the improvements thereon are commonly known as "Port Newark Terminal");

(b) The filling in of said lands;

(c) The construction of bulkheads and docks on said lands and in the water adjacent thereto; and

(d) The acquisition of additional lands for wharves, piers, docks, slips and basins, and for the purpose of connecting docks with highways and railroads within the City, and with other public docks of the City.

Section 3. In the event that there is any outstanding temporary indebtedness incurred for the cost of said improvement the money herein authorized to be applied to the cost of such improvement shall be applied to the payment of such indebtedness.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to August 1, 1925, and said improvements are of the class described in Sub-division (U) of Sub-section (2) of Section 4 of the said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, ending August 1, 1966.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$559,006,119.00.

e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$29,872,-938.72.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

A communication, dated June 18, 1926, from the Newark Museum Association, acknowledging receipt of copy of an ordinance providing for the purchase of the Gutzon Borglum original "Lincoln" model and five models of the "Wars of America" was received, read and, on motion, ordered filed.

The following communication was received and read:

The Board of Commissioners of the City of Newark.

Honorable Sirs:

In reference to the petition of the Robert Treat Shirt Manufacturing Co., to amend the Building Zone Ordinance so as to include the properties known as 24-26 Newark Street and 21-33 Norfolk Street within the industrial district, and which was referred to the Board of Adjustment by your Honorable Body on May 18th, we beg to report as follows:

The Board of Adjustment respectfully recommends that both sides of Newark Street, beginning 100 feet north of Central Avenue and ending 100 feet south of Orange Street, be changed to an industrial district.

At this time the Board of Adjustment is not in favor of including Norfolk Street within the Industrial District, owing to the character of the neighborhood, but would, however, entertain favorably an application for a factory on the plot in question.

Respectfully submitted,

The Board of Adjustment.

R. B. Rankin, Secretary.

Commissioner Gillen moved that the communication be referred to the Law Department to draw the necessary ordinance.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Howe: Does any citizen desire to be heard?

(No response).

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

APPROVED:

JOHN HOWE,  
CHARLES P. GILEN,  
W. J. BRENNAN,  
JNO. F. MURRAY, JR.,

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN, City Clerk.

Newark, N. J., June 29, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gilen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

The minutes of the meetings of June 15th, 22nd and 23rd were read and approved.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and abolishing the boundaries of the districts for said purposes and providing penalties for the violation of its provisions, adopted December 21, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an ordinance entitled: "An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions, adopted December 31, 1919, is hereby amended by extending the "Industrial District" so as to include the area described as follows:

Bounded on the north by a line 100 feet south of an parallel to Orange Street on the east by a line 100 feet east of and parallel to Newark Street; on the south by a line 100 feet north of and parallel to Central Avenue; and on the west by a line 100 feet west of an parallel to Newark Street;

and that the Use District Map which accompanies the ordinance to which this ordinance is an amendment be and the same is hereby changed so as to include within the "Industrial District" the area above described.

Section 2. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

Section 3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that July 13th, 1926, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the opening and widening of Jones Street, from Springfield Avenue to South Orange Avenue, the opening and widening of Norfolk Street, from South Orange Avenue, 100 feet northerly; and the opening of Fourteenth Avenue, from Hayes Street to Jones Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Theodore D. Hindenlang: I re-

present Mr George A Sitel, who is the owner of the corner of Springfield Avenue and Jones Street. Mr. Sitel's property has a frontage of 81 feet on Springfield Avenue and runs back to a depth of 129 feet on Jones Street. Now, under the proposed ordinance the entire frontage of our property on Springfield Avenue will be taken and we will be left a tri-angler plot running from the rear on Springfield Avenue to a depth of some 89 feet by a depth in the rear of some 21 feet. Now, we contend it isn't essential to this improvement that all of our property on Springfield Avenue be taken. We feel if some fifty feet were taken that it would suffice for this improvement. We have analyzed traffic conditions there and we find as far as we are able to ascertain, that traffic going in a westerly direction will never use Jones Street. This improvement is made solely for traffic which would go from north to south and south to north. Now, our proposition is just simply this: we feel that the engineering department of Newark certainly has condemned more land, or will condemn more land than is necessary and that there is an excess condemnation. Now, we respectfully submit,

if it may please your Honorable Board, that we be permitted to retain a portion of our land on Springfield Avenue.

Commissioner Murray: I think we ought to get some information from the engineers.

Commissioner Howe: Any other citizen desire to be heard on this ordinance with reference to Jones Street?

Mr. Herman Inlander, No. 8 and 10 Jones Street: According to your ordinance it would practically wipe out my business. It is a peculiar situation because it is restricted.

Commissioner Howe: Why can't you do business? When the Assessment Commissioners make a final award that will be given consideration. (Addressing Mr. Costello). The question was raised about the wisdom of opening Jones Street to the width decided to do so.

Mr. Costello: The street as it now is planned only leaves twenty feet between the curbline and the safety isle. You couldn't narrow it down any more than that and have a free passage of vehicles there.

Mr. Hindenlang: I don't know. Is provision made for a safety isle on the northeast corner?

Mr. Costello: East side.

Mr. Hindenlang: On Jones Street and Springfield Avenue?

Mr. Costello: Yes, sir.

Mr. Hindenlang: There is a question if there is a safety isle required.

Commissioner Howe: In your opinion there should be one?

Mr. Costello: Oh, yes, unquestionably, while there are trolleys there. But even if the safety isle were not there,

you haven't any more roadway than will be needed there when that street is ultimately widened to its ultimate width there.

Mr. Hindenlang: Of course, the mouth of the street with the proposed improvement would be something like 132 feet on Springfield Avenue.

Mr. Costello: But if we widen it according to your suggestion, or narrow it, it would leave a decided right angle jog. Northbound traffic would have to jog to the left out of Jones Street.

Mr. Hindenlang: Even if you take the fifty feet of our property you would still have a mouth there on Jones Street of something like one hundred and some odd feet.

Mr. Costello: But you won't have a continuous street passage for your vehicles.

Mr. Hindenlang: Even now of necessity they will have to turn out and make a bend of some angle to go into Jones Street.

Mr. Costello: They just bear to the right—the left and then the right and there is no decided turn.

Mr. Hindenlang: Of course, your real improvement would be if it were feasible to take over that corner by the bank, but that, I presume, is not feasible.

Mr. Costello: It isn't feasible at all. We studied your suggestion that you

made last week to see if we would increase your property width, but we don't see how we can, and in our judgment this is the only way we can see to do it.

Commissioner Howe: Any other citizen desire to be heard?

Mr. Henry V. Jacobson, 53 Osborne Terrance:

Commissioner Howe: What property are you interested in?

Mr. Jacobson: The northwest corner of South Orange Avenue and Norfolk Street. In looking at the atlas you will observe that the east side of Belmont Avenue strikes the property line between Jones and Beacon just about at the midway point. It would seem as though when this is under way that the new street line coming across that block will just strike in the center of that and follow the hundred foot depth line right across the center line and probably take off the jog of what would then be the southwest corner of the new block. I mean the lot in back of what is the New Workmen's B. & L. Building. Instead of that it bears to the west and cuts off the block in which I am interested. I don't know what the purpose or what the idea persuaded the engineering department to do this because both as a matter of engineering and simplicity, and as a matter—

Mr. Costello: Aren't we obliged to make provision for traffic north and southbound? That plan was suggested a couple of years ago and the cost is

almost excessive and the design and layout and parkway in the center isn't feasible. You would be taking there about 180 feet of property, 144 feet of property.

Mr. Jacobson: You would be taking more of the Springfield Avenue frontage than is now being taken. I suppose what persuaded it on the other end was the matter of looks to have that corner down in the roadway?

Mr. Costello: You mean here? In order just to ease traffic into this artery, make an easier turn.

Commissioner Howe: Are you interested in No. 123?

Mr. Jacobson: Yes.

Commissioner Howe: That is the corner lot?

Mr. Jacobson: Yes.

Commissioner Howe: Do you own the next one?

Mr. Jacobson: No; only the corner.

Commissioner Howe: Any other citizen desire to be heard?

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Frelinghuysen Avenue at the northwesterly corner of Meeker Avenue shall be opened and widened as a public street or highway by the addition thereto of the following described tract:

Beginning at the northwesterly corner of Frelinghuysen Avenue and Meeker Avenue; thence running along the westerly line of Frelinghuysen Avenue north 30 degrees 52 minutes east, 54.24 feet to a tangent point; thence curving to the right toward Meeker Avenue with a radius of 19 feet for a distance of 46.88 feet to the northerly line of Meeker Avenue; thence running along the northerly line of Meeker Avenue 7 degree 44½ minutes east, 54.24 feet to the place of beginning.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map also is on file in the office of the chief engineer, Department of Public Affairs, known and designated as No. 1255-O, dated May 15, 1926.

Under and by virtue of the provisions

of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof shall be assessed against the City at large.

Section 3. That the sum of \$33,000 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$33,000.00 under and by virtue of of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

An ordinance to provide for the grading and paving of Fourth Avenue West from North Fifth Street to Roseville Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Fourth Avenue west from North Fifth Street to Roseville Avenue shall be graded and paved with asphalt pavement (1½" top-1½" binder)

on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 19, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$14,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$14,300.00 under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916 (P. Section 4. The bonds shall be sold at public sale upon sealed proposals, at 11

o'clock A. M., Daylight Saving Time, on July 26th, 1926, at the office of the Director of the Department of Revenue and Finance of The City of Newark, in the City Hall, after notice of such sale, published in the manner required by law. The Director of the Department of Revenue and Finance is hereby authorized and directed to cause such notice to be published and to receive such proposals, and the power of the Board of Commissioners to award the bonds and reject bids therefor is hereby delegated to him.

Section 5. The notice of sale of the bonds shall be in substantially the following form:

#### NOTICE OF SALE

THE CITY OF NEWARK,  
 NEW JERSEY

\$2,000,000 4¼% PORT NEWARK  
 IMPROVEMENT BONDS

Sealed proposals will be received by the undersigned at his office in the City Hall, Newark, New Jersey, until Monday, July 26th, 1926, at 11 o'clock A. M. (Daylight Saving Time), when they will be publicly opened, for the purchase, at not less than par and accrued interest, of bonds of The City of Newark, New Jersey, of the following authorized issue, viz., \$2,000,000 Port Newark Improvement Bonds, of the denomination of \$1,000 each, dated August 1, 1926, maturing serially, forty bonds on August 1st in each of the years 1927 to 1946, inclusive, and sixty bonds on August 1st in each of the years 1947 to 1966, inclusive, and bearing interest from their date at the rate of four and one-quarter

per centum (4¼%) per annum, payable semi-annually on February 1st and August 1st. The bonds will be coupon bonds, registerable at the option of the holder as to principal alone or as to both principal and interest. Principal and interest will be payable in gold coin of the United States, at the National Bank, in the City of Newark, New Jersey.

The amount necessary to be raised by the sale of said bonds (exclusive of the amount of any interest accrued on the bonds) is \$2,000,000, and no more bonds will be sold than will produce the amount necessary to be raised by the sale of the bonds (exclusive of accrued interest) and an additional sum of less than \$1,000. If less than the maximum authorized amount of the bonds is sold, the unsold bonds will be those last maturing. Unless all bids are rejected, the bonds will be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the amount necessary to be obtained as above stated and to take therefor the least amount of bonds, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds, then the bonds will be sold to the bidder or bidders offering to pay therefor the highest additional price (such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery. The right is reserved to reject all bids.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope

marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per centum (2%) of the face amount of the bonds bid for, drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of The City of Newark," to secure the City against any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs. Reed, Dougherty, Hoyt & Washburn of New York City, that the bonds are valid and binding obligations of The City of Newark. The bonds will be prepared under the supervision of the United States Mortgage & Trust Company, which will certify to the genuineness of the signatures of the officials and the seal impressed on the bonds.

By order of the Board of Commissioners of The City of Newark.

Dated, June , 1926.

JOHN HOWE,

Director of the Department of Revenue and Finance of The City of Newark.

Section 6. The Director of the Department of Revenue and Finance is hereby authorized to cause said bonds to be prepared and to obtain the opinion of Messrs. Reed, Dougherty, Hoyt & Washburn, Attorneys, of New York City, as to the validity of the bonds, to be furnished to the purchaser or purchasers

thereof, and the Mayor, Director of the Department of Revenue and Finance and the City Clerk are hereby authorized to execute said bonds, and the Director of the Department of Revenue and Finance is hereby authorized to deliver said bonds to the purchaser or purchasers thereof upon receipt of the purchase price.

Commissioner Brennan moved to ad-  
journ.

The Board of Commissioners of the City  
of Newark, N. J.

The roll being called, the motion was  
declared adopted by the following votes:

W. J. EGAN,  
City Clerk.

Newark, N J., July 13, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Absent: Commissioner Brennan.

The minutes of meeting of July 6th were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

(No response).

The City Clerk presented an ordinance to provide for the paving and repaving of Doremus Avenue from Lincoln Highway to about 390 feet south of Port Street, as follows: From Lincoln Highway to Wilson Avenue, asphalt resurfacing over the old granite block pavement after regrading where required; from Wilson Avenue to about 390 feet south of Port Street with asphalt pavement on new six (6) inch reinforced concrete base, exclusive of the area between the railroad tracks and two (2) feet outside of said tracks and concrete pavement between the railroad tracks and two (2) feet outside of the outer rails thereof, and stated that today was the time fixed for a continuance of the hearing on same.

The Board then entered upon said hearing:

Mayor Raymond: Does any citizen desire to be heard?

Ma. Wilgus: I represent the Balbach Smelting and Refining Company. It was agreed with Mr. Hurley and me that it would be laid over until today so we could have an opportunity to get together. Up to today we haven't had a chance. Speaking for the Balbach I want to say that our disposition is this: We do not object to the improvement, a proper apportionment of the cost to be made between the City and the property owners. Mr. Andrews, with whom the Ironbound Manufacturers' Association had a talk two or three weeks ago, said the cost would run around, I think he said, sixteen to twenty dollars a lineal foot, making eight to ten per front foot. Balbach has some 3,500 feet, which would make the assessment around \$35,000. Four years ago the assessment for the Doremus Avenue paving was confirmed. At that time the City assumed seventy-five per cent and twenty-five per cent was assessed to the property owners. If something like that were done in this instance I do not think there would be any objection on the part of anyone. I know our assessment on the 25 per cent basis ran about \$15,000. But we will object to resurfacing which will cost us \$35,000 for a street which was laid only about three year ago and cost us \$15,000.

Mayor Raymond: Of course this is a large burden on you, Mr. Wilgus.

Mr. Wilgus: I have been repeating this for some years. One company paying upwards of a hundred thousand dollars for the past few years. This meeting, as I understand—this street, as I understand, is more or less a direct route down to Port Newark. It is for the benefit of the city at large.

Commissioner Murray: What was the apportionment?

Mr. Wilgus: But I would much rather have, as far as I am concerned, much rather have the Commissioners take some stand because the method of confirming the reports and objections to the Assessment Commissioners before the Circuit Judge is rather a cumbersome method.

Mayor Raymond: You are quite right, and we represent all the public citizens and we must honestly admit that this is not done solely for the benefit of the property owners along Doremus Avenue, but to open up and make accessible to the general commercial world our Port, so it is only fair that you should have some understanding without taking chances before the Assessment Commission.

Mr. Wilgus: Under the old procedure we had the right, after the Assessment Commissioners made their report, to come back to the Council with our objections and the back to the Board again. But under the present law their report goes before the Circuit Judge and in a couple of days comes on for hearing, and before you know about your objections, and it is a long, drawn out process. I know because I have one on now.

Mayor Raymond: How long will you need to pave that street, Mr. Costello?

Mr. Costello: Sixty days.

Mayor Raymond: To lay the pavement?

Mr. Costello: Yes.

Mayor Raymond: To do the work?

Mr. Costello: Yes.

Mayor Raymond: Then you have time. I think your point is well taken. I don't know what my brethren on the Board feel, but it seems to me there should be some leeway.

Mr. Wilgus: Your Honor will remember on the paving of Doremus Avenue four years ago—

Mayor Raymond: That was a war measure at that time.

Mr. Wilgus: Just the same, this is merely resurfacing of what was done then and it seems to me that the division made at that time would be perfectly fair division at this time.

Mayor Raymond: What was the division?

Mr. Wilgus: On the basis of 75-25.

Mayor Raymond: Yes. It is a Port Newark Improvement principally, but it will, of course, enhance your property very much.

Mr. Wilgus: Oh, yes.

Mr. Fred Smith. Mr. Hurley is unable to be here this morning and he is engaged in court—

Mayor Raymond: Will some one move that the ordinance be amended?

Commissioner Gillen presented the following amendment:

Section 2. That said improvement be undertaken as a local improvement and 75% of the cost thereof shall be paid by the City at large and 25% of the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that further consideration of the ordinance be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

A communication from Watson, Godley, Sheppard & Willguss, dated July 12th, 1926, attorneys for The Balbach Smelting & Refining Co., relative to assessments for the resurfacing of Doramus Avenue was received and read and on motion ordered referred to Mayor Raymond.

The City Clerk presented an ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions, adopted December 31, 1919, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk

of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions, adopted December 31, 1919.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioner Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that the title of "An ordinance to amend an ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions, adopted December 31, 1919," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating

bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding the buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions, adopted December 31, 1919.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Sandford place from Ellery Avenue to City Line with asphalt pavement (1½" top, 1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Sandford Place from Ellery Avenue to the City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top, 1½" binder) on a six (6) inch con-

crete foundation, with the necessary new curbing and resetting of curb, together with all other appertenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 6th, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$13,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$13,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that August 3rd 1926, at 10 A. M., Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of Schuyler Avenue from Lehigh Avenue to about 364 feet northerly with asphalt pavement (1½" top, 1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, do ordain:

Section 1. That Schuyler Avenue from Lehigh Avenue to about 364 feet northerly shall be graded, curbed and paved with asphalt pavement (1½" top,

1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 6th, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited.

Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$8,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$8,300.00 under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

APPROVED:

THOMAS L. RAYMOND  
CHARLES P. GILLEN  
JOHN HOWE  
JNO. F. MURRAY, JR.

The Board of Commissioners of the City  
of Newark, New Jersey.

WILLIAM J. EGAN,  
City Clerk.

Newark, N. J., July 20, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe, presiding.

The minutes of meeting of July 13th, 1926, were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Martin Fitzsimmons, 136 Sherman Avenue, Newark: I am here in regard to the Miller Street Playground.

Commissioner Howe: That is a matter for the Board of Education.

Mr. Fitzsimmons: They are aware of the conditions down there, and I have got all I have in the world in a house down there and my tenants are kicking about it, and moving out. The playground runs there until nine o'clock at night, and after that they crawl under the fence and play until late at night. I work hard all day and I want to sleep at night.

Commissioner Howe: We have no jurisdiction here. That is a matter for the Board of Education. Go up to the third floor. They will take care of it.

Mr. Fitzsimmons: What relief will they give me?

Commissioner Howe: I suggest you go before the Board of Education. They are the people to see.

Mr. Fitzsimmons: That Board is appointed by this Commission here.

Commissioner Howe: The Mayor appoints them. After they are once appointed they do as they please.

Mr. Congleton: They are a power unto themselves.

Commissioner Howe: If they don't do anything go to the Captain of the Precinct.

Mr. Fitzsimmons: My tenant has been calling up there for the past few years. These see-saws they have got there are of hard oak plank. They put all their weight on the handle bars so as to make a noise.

Commissioner Murray: Do you object to the children making a noise up to nine o'clock at night?

Mr. Fitzsimmons: I do.

Commissioner Murray: Why?

Mr. Fitzsimmons: Because they make such a noise.

Commissioner Murray: Have you got any children?

Mr. Fitzsimmons: No.

Commissioner Murray: Have any of your tenants?

Mr. Fitzsimmons: No.

Commissioner Murray: They ought to have some place to play. They are better off there than they would be in the street.

Mr. Fitzsimmons: I only want my rights. I don't object to children.

Commissioner Murray: You would be more used to them if you had a couple around the house.

Commissioner Howe: How many families have you there?

Mr. Fitzsimmons: Three.

Commissioner Howe: Have you any objection to renting to families with children?

Mr. Fitzsimmons: No.

Commissioner Murray: If that playground is to be kept open until nine o'clock at night they should be kept out after that time.

Mr. Fitzsimmons: They go under the fence.

Commissioner Howe: That is a matter you can adjust with the Board of Education, and see that the holes are closed up.

Commissioner Gillen: Mr. Warden is the man to see.

Mr. Congleton: Mr. Schwartz is Chairman of the Playground Committee.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquirement of lands on the southerly side of Green street, in the City of Newark, for public use, to wit: City Hall Extension, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, do ordain:

1. That the plots of ground on the southerly side of Green Street, in the City of Newark, hereinafter more particularly described, shall be acquired by the City of Newark, either by purchase or condemnation, for public use, to wit: City Hall Extension:

FIRST TRACT. BEGINNING in the southerly line of Green Street at a point therein distant easterly 493 feet, 7 inches, from the southeast corner of Broad and Green Streets; thence easterly along the southerly line of Green Street 24 feet, more or less, to land now or formerly of Frederick W. Baldwin; thence southerly along Baldwin's land 89 feet,  $4\frac{1}{4}$  inches, more or less; thence in a westerly direction 24 feet, more or less, to lands now owned by the City of Newark; thence northerly along said line 90 feet, more or less, to the southerly line of Green Street and the point or place of BEGINNING.

Being known and designated as Lot 43, Block 873, on the Tax Maps of the City of Newark, and also known and designated as No. 43 Green Street on said map.

**SECOND TRACT: BEGINNING** in the southerly line of Green Street at a point distant easterly 517 feet, 7 inches, from the southeast corner of Broad and Green Streets, said point being the northeast corner of lot sold to Wilcox & Dunlap; thence southerly along the easterly line of Wilcox & Dunlap lot 90 feet, more or less to the southeast corner thereof; thence easterly parallel to said southerly line of Green Street 23 feet, 6 inches, more or less, to the southwest corner of lot now or formerly of Frederick Dittler; thence northerly along westerly line of said Dittler's lot 90 feet, more or less, to said southerly line of Green Street; thence westerly along said southerly line 23 feet, 6 inches, more or less to the point or place of **BEGINNING**.

Being known and designated as lot 44, block 873 on the Tax Maps of the City of Newark, and also known and designated as No. 45 Green Street on said map.

Section 2. That the total cost of the purchase of said lands shall not exceed the sum of Forty Thousand Dollars (\$40,000);

Section 3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark in an aggregate principal amount not exceeding Forty-Thousand Dollars (\$40,000), bearing in-

terest at a rate not exceeding six per centum (6%) per annum, payable semi-annually for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

Section 4. The sum of Forty-Thousand Dollars (\$40,000.) to be raised by the issuance of said temporary bonds is hereby appropriated for the purposes for which said lands are hereby authorized to be issued.

The Board then entered upon said hearing.

Commissioner Brennan moved that the ordinance be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

**Yeas: Commissioners Brennan, Gillen, Howe, Murray.**

Mr. J. Victor D'Aloia: This is an ordinance to prohibit the opening of butcher shops on the first day of the week, commonly called Sunday, and providing for penalties. This ordinance is backed by an organization of the Master Butchers of the City. They have in-

corporated and there is a petition, signed by nearly two hundred butchers, and I think within a week or so every other butcher asked to sign will sign. I submit this petition and ordinance to the Commissioners, providing for the closing of butcher shops on Sundays.

The Clerk then read the petition as follows:

To The Honorable City Commissioners of the City of Newark:

We, the undersigned, members of the Master Butcher's Ass'n of Newark and Vicinity, organized under the laws of the State of New Jersey, hereby respectfully request and petition your Honorable Board, to pass a City Ordinance to close all the Butcher Shops on Sundays.

( Signed by Sixty-eight).

Ordered filed.

Mr. D'Aloia then read the ordinance entitled: "An ordinance to prohibit the opening and operation of Butcher Shops and Retail Meat Markets in the City of Newark on the first day of the week commonly called Sunday, and providing for penalties for the violation thereof.

Commissioner Brennan: I would suggest you be sure you have a majority. Further, have we got any enabling power to enact such an ordinance?

Commissioner Gillen: We do it in the case of barber shops.

Commissioner Brennan: We do that under special legislation.

Mr. D'Aloia: This ordinance is nothing more than an expression on the part of the City Commission under the laws that exist, the Blue Laws. It is nothing more than that the City Commission gives expression to the Blue Laws.

Commissioner Brennan: We don't desire to re-enact or resurrect any of the Blue Laws.

Mr. D'Aloia: We have got a city market where people don't shop on Sun-

day. The people there, who pay the rents claim they do not make enough money. This would make their Saturday business larger.

Commissioner Brennan: What provision are you making for the poor families who are unable to obtain an ice box to preserve meats?

Mr. D'Aloia: Every butcher shop is kept open until 12 o'clock. Meats don't spoil in six hours. They spoil in forty-eight hours. I would like to submit this ordinance to you gentlemen and if there is a public hearing we will stand the brunt of it, and you find what we say is true, that the majority of the butchers are in favor of this ordinance.

Commissioner Brennan: I am in favor of them having a day off, but I am in favor of them having another day than Sunday. I am not opposing it. I am only calling your attention to expediences.

Mr. D'Aloia: I am willing to bear the brunt of a public hearing to meet whatever opposition there may be.

Commissioner Murray: I move that a public hearing be had two weeks from today in the matter.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe offered the following resolutions:

RESOLVED: That the sum of Thirty-Eight Dollars (\$38.00) be and the same is hereby appropriated to the persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance as follows:

An ordinance to provide for the paving and repaving of Frelinghuysen Avenue from Dayton Street to the City Line with asphalt pavement on a built up base, on both side of the street railway tracks with the exception of one foot on each side of said tracks.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Frelinghuysen Avenue from Dayton Street to the City Line shall be paved and repaved with asphalt pavement on a built up base, on both sides of the street railway tracks with the exception of one foot on each side of said tracks, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental

to the paving of said street, including the laying of concrete sidewalks at street interesections and elsewhere, wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 16, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the mproved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be as-

assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$245,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$245,400.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and, all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Miller Street from Avenue B to about 275' east of Avenue C shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be

affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 27, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$34,400.00

is hereby appropriated to pay the cost of said improvement, and the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$34,400.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

MINUTES OF MEETINGS  
OF THE  
**Board of Commissioners**  
August, 1926

Newark, N. J., August 3rd, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chambers, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of July 27, 1926, were read and approved.

The City Clerk presented an ordinance to provide for the grading, curbing, flagging and paving of Sandford Place from Ellery Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

Yeas: Commissioners Brennan, Gillen,  
Howe, Murray, Mayor Raymond.

The roll being called, the motion was declared adopted by the following votes:

Mayor Raymond: Any person desire

to be heard this morning? I might say there is a hearing on an ordinance this morning. I presume a great many of you citizens are here for that purpose. To save your time we will proceed with it at once.

Hearing on an ordinance to prohibit the opening and operation of butcher shops and retail meat markets in the City of Newark on the first day of the week, commonly called Sunday, and providing for penalties for the violation thereof.

Mayor Raymond: Does any citizen desire to be heard on this ordinance?

Judge D'Aloia: I appear for the Master Butchers' Association of the City of Newark, which is incorporated and which, I think has a membership of about ninety per cent. of the retail butchers. Now, the only opposition to be expected here was on the part of the Kosher butchers. Mr. Schotland represents those gentlemen and also the chicken market gentlemen. The ordinance excepts Kosher butchers who observe the seventh day of the week and it also excepts from its provisions those who are permitted licenses under the Board of Health of this city as chicken markets. This crowd over here is the organization I represent. They are all butchers and they think they are entitled to a day of rest, not only among themselves but among their journeymen, their clerks and their helpers.

Mr. Schotland: Mr. Mayor, I represent the Kosher butchers. We have agreed—we have no objections to the

proposed ordinance provided it contains this amendment: Provided this act shall not apply to any person who religiously observes the seventh day of the week as the Sabbath and does not conduct business on said seventh day of the week, and provided further that a person religiously observing the seventh day of the week as the Sabbath shall not so conduct business on Sunday as to interfere with the peaceful observance of Sunday as the Sabbath by his neighbors and the community in general; and provided further that this ordinance shall not apply to duly permitted and licensed chicken markets."

Mayor Raymond: Any other person desire to be heard on this ordinance?

Commissioner Murray: I move the ordinance be introduced as amended.

Mayor Raymond: I think the ordinance should be referred to the Law Department to be reduced to proper form.

Commissioner Murray: I understood the Law Department has been consulted.

Mayor Raymond: This is just a rough draft and I think the ordinance should be put in proper shape.

Commissioner Brennan: I move the ordinance be referred to the Law Department.

Mayor Raymond: It is moved that the ordinance be referred to the Law Department for preparation, to be put in

proper form and then it will be introduced at the next meeting of the Commissioners next week, and duly published according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Public hearing adjourned until September 14, 1926.

Mr. Wilgus: Now that a new sewer has been recently constructed through Doremus Avenue, why wouldn't it be feasible to run it down Alleghany Avenue, to Avenue P and down Roanoke and connect with the new Doremus Avenue sewer?

Mayor Raymond: I am sure I don't know. Why don't you take it up with the Chief Engineer and the Sewer Department.

Mr. Wilgus: I think I will do that because at the time discussing the opening of Avenue P they stated it would be likely twenty to twenty-five years before that further end—

Mayor Raymond: If we can do it the more reasonable way we will be glad to do it. Take it up with Mr. Costello.

The City Clerk presented an ordinance to provide for the resurfacing of Vassar Avenue from Elizabeth Avenue to Bergen Street with asphalt pavement (1½" top, 1½" binder) on the old telford foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

The Board then entered upon said hearing.

Mayor Raymond: Any person desire to be heard on this ordinance?

Mrs. McTigue, 62 Willoughby Street,  
appears objecting to the improvement.

August 10th, 1926.

Mayor Raymond: How about the  
other people?

Mr. W. J. Egan,

City Clerk, City Hall,

Mrs. McTigue: I was talking to a  
few of them last night and they are all  
opposed to it.

Newark, New Jersey.

Mayor Raymond: Now, are any per-  
sons here in favor of this paving?

Dear Sir:

Mrs. McTigue: It is very expensive  
and we are already connected:

We have received notification of a  
proposed ordinance providing for the  
grading, curbing, flagging and paving of  
Miller Street from Avenue B eastward  
to Avenue C. As owners of 260' of the  
Miller Street frontage of the block in  
question, i. e., between Avenue B and  
Avenue C, we know of no need of such  
improvement and hereby wish to enter an  
emphatic protest against the proposed  
ordinance because of the useless outlay  
of money involved with no prospective  
or adequate returns thereon.

Mayor Raymond: I think if you feel  
that way about it and nobody takes an  
interest in it, we will entertain a motion  
to strike out the ordaining clause of  
the ordinance.

Commissioner Brennan: I so move.

Very truly yours,

The roll being called, the motion was  
declared adopted by the following votes:

Chas. H. Ault Corporation

Yeas: Commissioners Brennan, Howe,  
Murray, Mayor Raymond.

By Chas. H. Ault,

Mayor Raymond: Now we won't pave  
it at all.

President and Treasurer.

The following petition was received  
and read:

Ordered filed.

CHAS. H. AULT CORPORATION  
24 Avenue B  
Newark, N. J.

The City Clerk presented an ordinance  
to provide for the grading, curbing,  
flagging and paving of Miller Street  
from Avenue B to about 275' east of

avenue C with asphalt pavement (1½" top, 1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any person desire to be heard? There is a great deal of objection to that and I think a motion to strike out the ordaining clause would be proper.

Commissioner Brennan: I move the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to provide for the grading, curbing, flagging and paving of Sunset Avenue from Lindsley Avenue to Valley Street with asphalt pavement (1½" top, 1½" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

An ordinance to provide for the grading, curbing, flagging and paving of Garibaldi Avenue from McClelland Street to Pennsy Place with asphalt pavement (1½" top, 1½" binder) on a six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1 That Garibaldi Avenue from McClelland Street to Pennsy Place shall be graded, curbed, flagged and paved with asphalt pavement (1½" top, 1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 12th, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making

said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$9,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$9,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordi-

nances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that September 7th, 1926, at 10 A. M., Standard Time, 11 A. M., Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. #### NOTICE OF HEARING ON ACCESSORIAL TERMINAL CHARGES

(Docket No. 12,681 I. C. C.)

August 16, 1926.

NOTICE is hereby given that a public hearing of The Port of New York authority will be held in Room 715, 75 West Street, New York City, on September 23, 1926, at 2:30 o'clock.

The object of said hearing is to ascertain the view of governing bodies of municipalities, of commercial and trade organizations, of transportation agencies or interests and all others concerned, with the Port of New York District, with respect to Docket No. 12,681 of the Interstate Commerce Commission. This proceeding embodies an investigation into the costs to railroad carriers,

f Wharfage, Handling, Storage, and other accessorial Terminal Services at Atlantic and Gulf ports, and whether or not such services should be included in the carriers "line-haul" rates.

The importance of competent representation at the hearing is urged.

Very truly yours,

Wilson J. Vance, Secretary.

Ordered referred to the Mayor.

To the Mayor and Honorable  
Board of Commissioners,

Newark, N. J.

Gentlemen:

We, the undersigned citizens and taxpayers of Tichenor Street between Railroad Avenue and Hermon Street, request your Honorable Body to put the roadway of our street in a more presentable condition, as it is full of holes and liable to cause an accident at any time.

We would like to call your attention to the manner in which the people of our street throw their waste food and other material in the streets we think the Board of Health can help us by sending out some sort of a notice and

have the health inspector make an example of the first person caught; we want to try and keep our street in as good condition as possible for the benefit of the people living on it and their health, but we cannot do it alone, but with your assistance we can make conditions a great deal better. Will you help us do this.

Thanking you in advance for a reply and also prompt action, we beg to remain,

Yours very truly,

Signed by Antonio Guisti, 108 Tichenor Street, and 26 others.

Ordered referred to the Mayor.

Commissioner Brennan moved that the meeting adjourn.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Avenue C from Emmet Street to Vanderpool Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a

sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resting of the curb under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 18th, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the

benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$16,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$16,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission, approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

An ordinance to provide for the repaving of Academy Street from Halsey Street to Plane Street with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Academy Street from Halsey Street to Plane Street shall be repaved with asphalt pavement (1½" top-½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental

to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may be necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319 and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 18th, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$12,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$12,300.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Kempel Street from the City Line to about 323 feet northerly shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other oppurtunances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 30th, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making

of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$8600.00 is hereby appropriated to pay the cost of said improvement, and the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$8600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the sup-

plements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The Board of Commissioners of The  
City of Newark, N. J.

MINUTES OF MEETINGS  
OF THE  
**Board of Commissioners**  

---

**September, 1926**

Newark, N. J., September 7, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, N. J.

Present: Commissioners Brennan, Howe, Mayor Raymond.

Absent: Commissioners Gillen and Murray.

The minutes of meeting of August 31 were read and approved.

Mayor Raymond: Does any citizen desire to be heard?

(No response).

The City Clerk presented An ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard? I don't know whether Mrs. Giffkin is here so I will ask the Commissioners to lay that over for four weeks. The title is not quite clear and the Law Department has had some difficulty in lining it up.

Commissioner Brennan moved that the ordinance be laid over for four weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Raymond.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Garibaldi Avenue from McClelland Street to Pennsy Place with asphalt pavement (1½" top-1½" binder" on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard?

Mr Shryer, 29 Garibaldi Avenue, Mr. LaSalle, 40 Garibaldi Avenue, Mrs. Dorso, 30 Garibaldi Avenue and Mr. George Stroma, 27 Garibaldi Avenue, appeared and opposed the grading, curbing, flagging and paving of Garibaldi Avenue.

Mr. and Mrs. William Philipowitz appeared and favored the grading, curbing, flagging and paving of Garibaldi Avenue.

Mayor Raymond: I will ask that the matter be laid over for a week so I can look into this petition and see if it is properly signed.

Commissioner Brennan moved that the hearing be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Raymond.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a twelve inch pipe sewer in Roseville Avenue between Warren Street and Sussex Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a twelve (12) inch pipe sewer shall be constructed in Roseville Avenue between Warren Street and Sussex Avenue, together with all the appurtenances necessary to complete the same under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. City Hall, Newark, N. J.

Dear Sir:

Re: An ordinance to provide for the  
grading, curbing flagging and paving of  
Avenue C from Emmet Street to Van-  
derpool Street.

We have just received a notification of  
a proposed ordinance referred to above,  
and as owners of 200' Avenue C front-  
age therein included, we protest against  
this proposed improvement as entirely  
unnecessary at this time for that locality  
and hereby wish to enter our emphatic  
protest against same as there are no  
prospective or adequate returns to be  
derived from same and it would be a use-  
less outlay of money.

Our neighbor, Mr. J. Neida, who has  
the same amount of frontage, agrees  
with the foregoing and is also writing  
in protest.

We trust that this matter will have  
your usual good attention and that the  
ordaining clause providing for this im-  
provement will be stricken out.

Yours very truly,

Chas. H. Ault Corporation,

By Chas. H. Ault, President.

Mrs. Liebeskind, 59 South Orange Avenue, appeared and protested against the noise emanating from the factory located at this address. She requested

the Commission to have this noise stopped as it interferes with the renting of her apartments.

Mayor Raymond: This commission, madam, has no control over the matter. I would suggest that you get a lawyer and have him take steps. We have no power to help you. If we had we would. I can't suggest anything else. We have no power to do anything.

Commissioner Brennan: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Raymond.

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N. J., September 14, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Murray, Gillen, Mayor Raymond.

The minutes of meeting of September 7th were read and approved.

Mayor Raymond: Does any citizen desire to be heard this morning?

Mr. Myron W. Morse appeared and presented the following petition:

To the Board of Commissioners of the City of Newark.

Gentlemen:

We, who are property owners, business people and residents in the vicinity of Bloomfield and Mt. Prospect Avenue, in the City of Newark, County of Essex and State of New Jersey, respectfully ask that your Honorable Board will listen to our request, and take steps to rectify a most serious condition which now exists at and near the location mentioned, namely:

The street traffic on Bloomfield Avenue at night and on Sundays is beyond imagination, with pleasure automobiles

from New York and other points motoring to the country and farmers' trucks coming to the city and thousands of other traffic, including trolley cars; cars and busses, it is impossible to cross Bloomfield Avenue owing to the steady stream of cars with no official to make an opening for a pedestrian to cross the Avenue without great danger to life and limb.

We, therefore, ask that an officer be stationed at said Bloomfield Avenue and Mt. Prospect Avenue from seven o'clock in the morning until twelve o'clock midnight each day, Sundays included.

Trusting that your Honorable Board will give this matter your immediate attention, we are,

Signed by Fifty-One Persons.

Commissioner Howe moved that the communication be referred to Director Brennan.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance prohibiting the sale of jewelry, by auction between the hours of Five o'clock P. M. and Eight o'clock A. M.

The Board of Commissioners of the City of Newark, Do Ordain:

1. No person, firm or corporation shall sell or dispose of, or offer for sale, at public auction, between the hours of five o'clock in the evening and eight o'clock the following morning, any gold, silver, plated ware, precious and semi-precious stones, watches, clocks or jewelry of any nature whatsoever.

2. Any person, or persons, firm or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, forfeit and pay a fine not exceeding two hundred dollars (\$200), or be imprisoned in the county jail for a period not exceeding ninety days (90), or both, in the discretion of the court imposing the same, and each day any such violation shall be continued shall be taken and construed to be a separate and distinct offense.

3. This ordinance shall take effect immediately.

The following communications were received and read:

Newark, N. J., September 7, 1926.

To the Honorable  
Board of Commissioners,  
City of Newark, N. J.

Gentlemen:

As the owners of property situate on the northeast corner of Lyons Avenue and Osborne Terrace, this City, said plot being approximately 264 feet on the northerly side of Lyons Avenue and 207 feet on the easterly side of Osborne Terrace, we respectfully petition your Honorable Board that the same be put into the mercantile zone.

At the present time it is zoned against business, being restricted to residences, but due to the character of the immediate neighborhood, we feel that we are being discriminated against by this property being placed in the residential zone, as the attached map will show.

One block west, on the northwest corner of Lyons Avenue and Irving place, there are stores, and also two blocks west; on the northeast, northwest and southeast corners of Lyons Avenue and Clinton Place, while, on the southeast corner there is a gasoline station. One block east of Osborne Terrace, on the southeast corner of Lyons Avenue and Parkview Terrace there is a vacant plot, on which, we understand, permits have been granted for the erection of stores, while two blocks east is Bergen Street, with stores and a bank.

We furthermore understand that permits have been obtained for stores to be erected on the northwest corner of Lyons Avenue and Osborne Terrace, opposite corner from our property.

In view of the business conditions on Lyons Avenue, and as that thoroughfare is one of the main arteries to Irvington, we respectfully ask that this plot be withdrawn from the residential zone, that it may be used for mercantile purposes.

Yours very truly,  
Charles Selvage Company,

By Charles Selvage, President.

Ordered referred to the Board of Adjustment for recommendation and report.

Keiner & Company, Inc.  
398 Adams Street.

Newark, N. J., September 9, 1926.

City Commissioners,  
Newark, N. J.

Dear Sirs:

We hereby make application to have the following streets closed:

Parkhurst Street, beginning at 398 Adams Street and ending at the now closed Avenue F.

Harper Street, beginning at Adams Street and ending at the now closed Avenue F.

The reason for this application is that both these streets do not serve any public interests whatsoever, inasmuch as Avenue F, has already been vacated by the city.

All of the property surrounding these streets is owned by ourselves and it would hamper the progress of our business considerably were they left open. We have purchased the William F. Taylor Barrel Company, and the title will pass on or about January 2nd. We have purchased also all of the property formerly belonging to the Newark Paving Company on Adams Street and in the rear of Adams Street, to which we now hold title. So that virtually the sections of Parkhurst and Harper Streets mentioned are serving our own land.

Trusting that our application will be granted, and assuring you that we are at your disposal with any further information you may require, we remain.

Very truly yours,

Keiner & Company, Inc.  
E. G. Keiner.

Ordered referred to the Mayor.

Commissioner Brennan: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

September 20, 1926.

The Board of Commissioners of  
The City of Newark.

Addressed.

Gentlemen:—

In pursuance of a resolution of this Board, I advertised for sale on Monday, September 20, 1926, at 10 A. M., at my office, property in the City of Newark, described as follows:

BEGINNING in the northeasterly line of Goldsmith Avenue as the same is laid down on a map entitled "Map of propefty of the Weequahic Park Land and Improvement Company, revised in 1909 by George H. Gardner, Surveyor, revised in 1912 by John E. Laird, Surveyor," where the same meets the northwest line of lot 1310 on the aforesaid map, which point is distant 667.91 feet northwesterly along the said line of Goldsmith Avenue from the northwest line of Elizabeth Avenue; thence (1) northwesterly along said northeast line of Goldsmith Avenue 52 feet; thence (2) northeasterly at right angles to said line of Goldsmith Avenue 6 feet, more or less, to the old northeast line of Goldsmith Avenue as it was before vacation proceedings in September 1915 were ef-

fectd, which line was also the northeast line of property conveyed to the Mayor and Common Council of the City of Newark by the Weequahic Park Land and Improvement Company, by deed dated October 21, 1909, and recorded in Book B. 46 of Deeds for Essex County on pages 326, etc.; thence (3) southeasterly along said line 52 feet to the northwest line of the aforesaid lot 1310; thence (4) southwesterly along said line of lot 1310 and at right angles to the said line of Goldsmith Avenue 6 feet, more or less, to the place of beginning.

Said property was offered for sale and the highest and best bid received was that of Harvey W. Harper, in the sum of \$50. I accordingly struck off said property to said Harper, at his bid of \$50, such sum being the highest and best price which I could obtain for said land.

Yours very truly,

Thomas L. Raymond,

Director Department of Public Affairs.

Ordered filed.

Mayor Raymond offered the following resolutions:

WHEREAS, by resolution adopted by this Board, the Director of the Department of Public Affairs was authorized to sell, at public sale, for cash, to the highest bidder, all of the right, title and interest of the City of Newark, in certain lands situate in said City of Newark, Essex County, New Jersey:

BEGINNING in the northeasterly line of Goldsmith Avenue as the same is laid down on a map entitled "Map of property of the Weequahic Park Land and Improvement Company, revised in 1909 by George H. Gardner, Surveyor, revised in 1912 by John E. Laird, Surveyor," where the same meets the northwest line of lot 1310 on the aforesaid map, which point is distant 667.19 feet northwesterly along the said line of Goldsmith Avenue from the northwest line of Elizabeth Avenue; thence (1) northwesterly along said northeast line of Goldsmith Avenue 52 feet; thence (2) northeasterly at right angles to said line of Goldsmith Avenue 6 feet, more or less, to the old northeast line of Goldsmith Avenue as it was before vacation proceedings in September, 1915, were effected, which line was also the northeast line of property conveyed to the Mayor and Common Council of the City of Newark by the Weequahic Park Land and Improvement Company by deed dated October 21, 1909, and recorded in Book B. 46 of Deeds for Essex County on pages 326, etc.; thence (3) southeasterly along said line 52 feet to the northwest line of the aforesaid lot 1310; thence (4) southwesterly along said line of lot 1310 and at right angles to the said line of Goldsmith Avenue 6 feet, more or less, to the place of beginning.

and,

WHEREAS, in accordance with said resolution the Director of the Department of Public Affairs did expose, at public sale, the interest of the City in said land, and the best bid received therefor was that of Harvey W. Harper, in the sum of \$50, and did accept said bid;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the action of the Director of the Department of Public Affairs in accepting the aforesaid bid of said Harper, in the sum of \$50, be and the same is hereby ratified and confirmed; and the Mayor and City Clerk are hereby authorized and directed to execute a Bargain and Sale Deed, with covenant against Grantor's Acts, for said property to said purchaser, conveying the interest of the City in the lands above described.

The following report of City Officers

The Report of Shade Tree Assessments for assessments for trees planted in the Spring of 1926 was received, approved and on motion ordered referred to the Comptroller.

The following communication was received and read:

Centre Market Merchants Association  
Centre Market

Newark, N. J., September 17, 1926.

To the Honorable Commissioners,  
City of Newark, N. J.

Gentlemen:—

We, the Centre Market Merchants' Association, do hereby beg to call your attention to and protest against conditions existing at present on Mulberry Street between Commerce and Clinton Streets in front of the new Market. In this section foodstuff, particularly fruit and vegetables, are displayed in great quantities upon the sidewalks. This is a violation of a number of city ordinances forbidding such practices including health regulations.

To a considerable extent also, there occurs obstruction of the walks along which persons wishing to visit the Centre Market must proceed. The sale of articles from these places not only causes a condition of congestion but also brings about many sanitary nuisances due to refuse and offal disposal.

Furthermore, it is a well known observation that the quality of the food exposed there is of the poorest grade. Devices for cheating customers are widespread such as placing inferior merchandise under a layer of fairly good looking foodstuff, or what is known as "topping." The dissatisfaction of customers by such business methods has an adverse affect

upon us as it causes them to believe the market stand owners to be of the same character.

We humbly beg that your honorable body will make every effort through the police and other channels, to bring about a discontinuance of the sale of food upon these sidewalks. It is our experience that such a practice seriously effects our business and that of the city itself in its conduct and renting of the Centre Market.

Yours very respectfully,  
Fred A. Schwartz, President.

J. C. Vogeler, Jr., Secretary.

Ordered filed.

Mr. Fred Schwartz, 13 Sanford Place, and Mr. F. G. Johnson, appeared and further detailed conditions existing on Mulberry Street and suggested that a follow-up system be inaugurated; that inspectors be assigned to Mulberry Street on Fridays and Saturdays and that they co-operate with the Board of Health inspectors assigned to the market.

Mayor Raymond: I think, as far as my department is concerned, those in charge of this particular business will be glad to have you visit them from time to time and make these suggestions to them and possibly go along with them. Any other citizen wish to be heard on this matter? If not, a motion to adjourn will be in order if there is no other business.

Commissioner Howe: I move that the meeting adjourn.

Charles P. Gillen

The Board of Commissioners of  
The City of Newark, N. J.

W. J. Egan,  
City Clerk.

Newark, N J., September 28, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of September 21, 1926, were read and approved.

Mayor Raymond: Any person desire to be heard by the Commission this morning? I believe there are some citizens here in regard to Mechanic Street.

Mr. E. B. Twardus, 810 Broad Street: If the Commission please, as a taxpayer and property owner and citizen of this city, it has been brought to my attention on many occasions about the neglected condition on Mechanic Street. Mechanic Street between Broad and Mulberry Street is about 37 feet wide, one way traffic. Beyond that point it widens out into 50 feet and continues as East Mechanic Street to Ferry Street and Market. Newark at the present time has only one central cross street, that is Market Street. Anybody trying to come from High to the Pennsylvania Railroad spends twelve to fifteen minutes in the traffic, if he goes by automobile. A start was made about ten or twelve years ago when Branford Place was cut through, and I have a sketch here showing where Branford Place can be extended between the National State Bank Building and the church, demolishing two old buildings on Mechanic Street which should be condemned. They are now unoccupied, and widen Mechanic Street 19 to 20

feet from number 24 to a distance about 200 feet easterly of Mulberry Street. The present assessments are about \$1,000 a front foot, and with the increased width in the street giving way to two-way traffic, the assessments can be raised to \$3,000 a front foot, which would mean the ratables would be close to \$4,000,000 to that block and a half. That would give the city \$120,000 a year in taxes without considering the buildings that would be placed on the streets. At the present time number 12 and 14 are being improved with new limestone fronts—number 14 is a new building and number 12 is now being improved with a new limestone front and being remodeled. 16 to 22 should be condemned and torn down, which would give access from Branford Place across Broad Street, through part of the church property, and then angling into Mechanic Street, cutting off 20 feet on the southerly side of Mechanic Street. This would cost the city very little on account of the buildings there being of no real value. The entire street has dilapidated buildings on it and it is a shame for a city the size of Newark to allow such a condition to be there. The street is full of holes. A street within 400 feet of Broad and Market Street should surely be considered the Wall Street of Newark. At the present time beyond that point up to Ferry Street the ratables are about \$100 a foot, and with through traffic there the ratables could be raised to \$1,000. This would give the city many thousand dollars a year, if this street was widened now to allow traffic to go through to Branford Place. At the present time South Orange Avenue and Springfield Avenue all lead to one place and when they come to Broad Street there comes

a delay because traffic runs left and right. Allow that traffic to move from Branford Place through Mechanic Street to relieve congestion on Broad Street. The city has the right to go through that church property. The statute gives the right to the Board of Health in case a cemetery is neglected, abandoned or becomes a nuisance, for the city to take that part over for public use. I would strongly urge that the Commissioners give this matter serious consideration. I have several pieces of property there. I had a New York man interested in a building. When he saw Mechanic Street as narrow as it is, traffic on both sides—trucks cannot get through there—he said, "Newark is not for me, not for the present, anyway." This condition should not be tolerated any longer in that section. Anybody trying to get to any point on Broad Street going west on Market must continue all the way up to Washington Street in order to make the necessary turn to get on Broad Street somewhere. If that condition is relieved and Mechanic Street between Broad and Mulberry is made a two way street, that would save congestion of people going west on Market Street to Washington to get anywhere on Broad Street where they want to shop. I strongly urge the commissioners to give this matter serious consideration.

Mayor Raymond: The Department of Public Affairs will give the matter its consideration, and has given it its consideration because—the matter of expense has entered into it somewhat; it is a very expensive proceeding. Any other citizen wish to be heard?

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$2,000,000 water bonds of The City of Newark.

The Board of Commissioners of The City of Newark do ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amandatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Water Bonds" and to be dated November 15, 1926, are hereby authorized to be issued in the aggregate principal amount of \$2,000,000 for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the payment of the cost of the construction and acquisition of water supply systems for The City of Newark, and any part or parts of such systems, and buildings, land and rights in land therefor, or any or all of such items, including the payment of the cost and expense of such of said properties or improvements as the City itself is authorized by law to acquire or make, and also the payment of amounts required to be paid by the City to the North Jersey District Water Supply Commission under the provisions of Chapter 71 of the Pamphlet Laws of 1916 of the State of New Jersey, as amended, and con-

tracts between the City and said Commission, for the purpose of defraying the cost and expense of a water supply system in the watershed of the Wanaque River.

Section 3. In the event that there is any outstanding temporary indebtedness incurred for the cost of said improvement, the money herein authorized to be applied to the cost of such improvement shall be applied to the payment of such indebtedness.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to November 15, 1925, and said improvements are of the class described in Clause (C) of Subsection (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, ending November 15, 1966.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Howe moved that October 5th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. An ordinance providing for the grading, curbing, flagging and paving of Varsity Road from Sanford Avenue to Eastern Parkway with asphalt pavement (1½" top 1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Varsity Road from Sanford Avenue to Eastern Parkway shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may be necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319 and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated September 18, 1926, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making

of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$44,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$44,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supple-

ments thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances of parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: I am very much pleased, gentlemen, to be able to introduce an ordinance authorizing the lease for another substantial tract of land on the dock development of Port Newark which will bring us in a total rental in twenty years of \$622,960. The lease is made with the privilege of renewal on better terms, and it covers eleven and some fraction acres.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the making and execution of a lease between the City of Newark and Joseph C. Eggart, of a tract of land at the Port Newark Terminal, in The City of Newark.

WHEREAS, a proposed lease between The City of Newark and Joseph C. Eggart, has been prepared setting forth the terms and conditions agreed upon between The City of Newark, acting by and through Thomas L. Raymond, Mayor, and Director of the Department

of Public Affairs, in charge of Port Newark Terminal, and said Joseph C. Eggart;

NOW, THEREFORE, The Board of Commissioners of The City of Newark

Do Ordain:

Section 1. That a lease between The City of Newark and Joseph C. Eggart, of premises located at Port Newark, in the City of Newark, County of Essex and State of New Jersey, and described as follows:

BEGINNING at a point in the northerly side line of Marsh Street distant 593.107 feet from the intersection of said northerly line of Marsh Street and the easterly side line of Terminal Street; running thence (1) on a course north  $24^{\circ} 22' 55''$  east at right angles to said northerly line of Marsh Street a distance of 565 feet, measured along the easterly line of a public street to a point, said point being 150 feet south of the face line of the city marginal quay on the south side of the city channel at Port Newark Terminal; running thence (2) along a line 150 feet south of and parallel to said city dock face line on a course south  $65^{\circ} 37' 05''$  east a distance of 864.864 feet; running thence (3) on a course parallel with the first mentioned course south  $24^{\circ} 22' 55''$  west a distance of 565 feet to the northerly line of Marsh Street running thence (4) along said northerly line of Marsh Street and parallel to the second mentioned course north  $65^{\circ} 37' 05''$  west a distance of 864.864 feet to the point or place of BEGINNING. Said tract containing 11.218 acres of land, be the same more or less.

Subject to a perpetual easement, in favor of the City, to maintain at all times a 24 inch sewer, now constructed across the premises above described, running from Marsh Street northerly across said premises, and also to the encroachment of railroad tracks across the southeasterly corner of the premises above described, running into the premises heretofore leased to Sears, Roebuck & Company.

All as shown on map of this section of Port Newark Terminal Development, entitled "Property leased for manufacture of industrial alcohol to Joseph C. Eggart, dated October 1st, 1926, filed in the office of the Chief Engineer of the Department of Public Affairs, a blueprint of which is attached hereto, marked "Exhibit A," for identification and made part thereof;

upon the terms and conditions hereinafter described, be and the same is hereby authorized, and the Mayor and City Clerk are hereby authorized and directed to execute the same on behalf of The City of Newark;

Section 2. That said lease shall be in the form now on file in the office of the Director of the Department of Public Affairs, which is hereby made a part hereof by reference, and is approved, and which contract provides that:

THE CITY COVENANTS AND AGREES;

(a) To lease the premises above described for a term of twenty years, commencing on the first day of December, 1926, and ending on the last day of November, 1946, with an option to the tenant to renew said lease for a further

term of twenty years, commencing December 1, 1946, and ending on the last day of November, 1966, upon the same terms, covenants, agreements and restrictions as apply for the first twenty years, except as to rental;

(b) That the rent for the original term of twenty years shall be the sum of Six Hundred Twenty-Two Thousand, Nine Hundred Sixty Dollars (\$622,960), payable as follows—each and every year during the first five years of said term, the sum of Twenty-Six Thousand, Eight Hundred and Sixty-Two Dollars (\$26,862), payable in equal monthly installments, in advance, on the first day of each and every month; each and every year during the second five years of said term, the sum of Twenty-Nine Thousand, Three Hundred and Four Dollars (\$29,304), payable in equal monthly installments, in advance, on the first day of each and every month; each and every year during the third five years of said term, the sum of Thirty-One Thousand, Seven Hundred Forty-Six Dollars (\$31,746), payable in equal monthly installments, in advance, on the first day of each and every month; each and every year during the fourth five years of said term, the sum of Thirty-Six Thousand, Six Hundred and Eighty Dollars (\$36,680), payable in equal monthly installments, in advance, on the first day of each and every month;

Provided the twenty year renewal period provided for is exercised, the annual rental shall be a sum equal to ten per centum upon the true market value of said property. For the purpose of ascertaining said true market value from time to time

during the term of said renewal period said term of twenty years shall be divided into four periods of five years each, and two months prior to the commencement of each of said periods of five years said City and Tenant shall agree, if possible, upon said true market value; but if said City and Tenant are unable to agree upon said true market value at the time specified, that is, two months prior to the commencement of any five year period as above specified, the question of said true market value of said property shall be referred to arbitrators to be chosen as provided for in the fifth paragraph of the said lease, and any two of them shall have the power to name and fix by writing, under their hands, the true market value of said property, and such writing, so naming and fixing the said true market value, shall be and become a part of this lease, and said Tenant shall pay annually, as rent, during the said five year period, a sum equal to ten per centum (10%) upon the said true market value so fixed, and said City shall accept said sum during said period. The said rental above provided for shall be paid in the same manner as provided for the payment of rent under the original term.

The term "true market value," as used herein shall be taken to mean the fair selling value, free of all encumbrances and without regard to the leasehold estate hereby created.

If the question of true market value is submitted to arbitrators, the expense thereof shall be borne equally by said City and said Tenant.

(c) That the tenant shall have the privilege during the term of said lease, or any renewal thereof, to erect upon the leased premises buildings and other structures suitable for his business, provided, however, that all such buildings and structures which may be erected by the tenant during the term of the lease or any renewal thereof shall be in accordance with the ordinance of the City of Newark and/or the rules and regulations of any department thereof, and/or the rules of the State of New Jersey, and/or the rules and requirements of the National Board of Fire Underwriters, so far as the same relate to buildings or structures of the type erected by the tenant, and/or the regulations of the Internal Revenue Regulations of the United States relative to the construction of industrial alcohol plants, and that all such improvements shall at the end of such term or any renewal thereof become the property of the City, provided, however, that the tenant shall have the right to remove therefrom all machinery, trade fixtures and equipment;

(d) That the tenant shall at all times during the term of the lease have a right to the use of the dock in front of the premises leased and along the southerly side of the city channel, in common with others, it being understood and agreed that the City will guarantee the tenant docking facilities at said dock upon three days' notice from the Tenant to the City, and it being further understood that the dock is not leased to said tenant but remains at all times under the ownership and jurisdiction of the City, and that said use of the dock by the tenant is to be exercised at all times subject to the rules and regulations of the

City governing the use and cost of docks and dock machinery, including dock and wharfage, loading and unloading charges, as are now or in the future may be established by the authorities having supervision over them.

(e) That the City grants to the tenant the right to take off a siding or sidings from the railroad tracks owned by the City and now constructed upon Marsh Street or Dock Street as may be designated by the City into and upon premises hereby leased, said sidings, if constructed, to be at the expense of the tenant, and to be constructed in accordance with plans approved by the Director of the Department of Public Affairs.

(f) That the City shall provide and maintain in front of the dock and in the City channel from the dock to the channel in Newark Bay, during the term of the lease or any renewal thereof, thirty (30) feet of water at mean low tide, the said City channel to be maintained at a width of at least 200 feet;

(g) That the tenant shall at all times during said lease have the right to install and maintain one or more twelve inch pipe lines under the water front area and under the railroad tracks thereon, if any, running from the inside face of the dock to the demised lands so as to permit the unloading of liquid cargo from ships into the tenant's tanks on the demised premises;

(h) That the City shall maintain and keep in repair at all times during the lease the docks and pavements and a sewer system into which the tenant may discharge liquid refuse from its

plant, excluding therefrom all discharges which might injuriously affect the integrity of the sewer or sewers when constructed, and a supply of potable water (except that the tenant will be required to repair any and all damage to said dock caused by the docking of ships which are serving the tenant), and to furnish municipal service in the cleaning of the streets and the removal of snow therefrom similar to that now furnished by the City in other manufacturing districts or which may hereafter from time to time be furnished;

(i) That the City will covenant that the tenant, upon the payment of the rent herein reserved, and upon performing the covenants and agreements on its part to be performed as contained in said lease shall, during the full term demised, quietly and peaceably hold, possess and enjoy said demised premises, without any interruption or hindrance from any person or corporation whomsoever or whatsoever;

### Section 3. THE TENANT COVENANTS AND AGREES:

(a) That all improvements erected upon the leased premises shall, at the end of the lease, become the property of the City, except that the tenant shall have the right to remove therefrom all machinery, trade fixtures and equipment;

(b) That he will, throughout the term of the lease, pay unto the City the rent in said lease reserved, and in the respective amounts above stipulated on the days and in the manner limited

and prescribed for the payment thereof, without any defalcation, fraud or other delay, and on the last day of the term or other earlier determination, will peaceably and quietly leave, surrender and yield up to said City all and singular the demised premises;

(c) That he will not let, sublet or underlet said premises or any part thereof, nor assign nor sell said lease, without first obtaining the written consent of the City, except that said lease may be assigned by the tenant to a company about to be incorporated through the efforts of the tenant herein named, and to be known as the General Alcohol Corporation, or a corporation similarly named, without obtaining such consent; and may also be further sold or assigned without such written consent, to any individual, firm or corporation carrying on a similar business; provided, further, however, that such assignments shall contain an obligation on the part of said company assuming all of the obligations assumed by the tenant under said lease, and that such assignment shall not relieve the tenant of any of his obligations;

(d) That he will not use nor permit said leased premises nor any part thereof to be used for any purpose other than for the manufacture of industrial alcohol and allied products and by-products without first obtaining the written consent of the City;

(e) That he will permit the City, by its properly accredited agents, to enter the leased premises on business days, at reasonable hours, to examine the same, and if the premises shall be

abandoned, deserted or vacated during said term, he will permit the City or its agents to re-enter the same by force or otherwise, without being liable to any prosecution therefor, and to relet the same as the agent of said tenant and receive and apply the rent so received first to the payment of the rent due by said lease and then to such expenses as the city may be put to, and will preserve said demised premises, and quit and surrender the same at the expiration of said term in as good condition as reasonable use and wear thereof will permit, damages by the elements excepted;

(f) That he will permit the City, or its agent, during the last three months of his term of occupancy under said lease, to show the premises to persons wishing to hire or purchase the same, and will permit the usual notice "To Let" or "For Sale" to be placed upon said premises and remain thereon without hindrance or molestation;

(g) That he will pay for the use of the water used by him at the rates now established or which may hereafter be from time to time established;

(h) That he will and does hereby grant to the City a perpetual easement for the 24 inch sewer now constructed across the premises hereby leased, as shown on map attached to said lease, with the right at all times to enter upon said premises for the purpose of maintaining and repairing said sewer, and that he, said tenant, in the event of constructing buildings over or adjacent to said sewer, will protect said sewer from damage;

(i) That he will and does hereby grant to the City a perpetual easement for the railroad tracks now constructed across the southeasterly corner of the demised premises, as shown on map attached to said lease;

(j) That in the event that the tenant shall, during the term of the lease, be adjudicated insolvent or a bankrupt, or if a receiver shall be appointed for him for any cause, then the City may, at its option, terminate the lease and any rights or privileges of the tenant hereunder, by giving thirty days' notice to the tenant or its receiver or trustee, or other officer of the court in charge of the assets and affairs of the tenant, and, upon the expiration of said thirty days, this lease and any rights or privileges of the tenant shall thereupon become null and void;

(k) That if any rent, or any part thereof, shall not be paid when the same shall become due and payable, as above provided, it shall be lawful for the City to enter upon the demised premises or any part thereof and distrain for the same according to law to obtain such arrears of rent, and in case said rent or any part thereof shall remain unpaid for the space of thirty days after any day upon which the same ought to be paid and after ten days' notice, in writing, to be given by the City to the tenant in such default, or if the tenant shall refuse or neglect to perform any of the covenants and agreements in said lease contained to be kept and performed by him and after like notice given, it shall be lawful for the City to re-enter and repossess and receive the whole or any part of said demised premises;

(l) That he will indemnify the City against any act or negligence by him for any occurrence on or adjoining the demised premises during the term of said lease or any renewal thereof;

(m) That he will covenant and agree that no waiver or any breach of any of the conditions of said lease shall be deemed to be a waiver of any subsequent breach of such condition;

Section 4. The City and tenant covenant and agree that all notices, demands and communications to said City or to said tenant shall be validly and sufficiently served, given or made if the same be in writing and mailed by registered mail, postage prepaid, and, if intended for said City, addressed to said City or its Director of the Department of Public Affairs or his successor from time to time, or, if intended for said tenant, addressed to said tenant at his place of business in the City of Newark. Either party hereto may designate, by writing, a new address to which any such notices, demands or communications shall thereafter be so addressed and mailed.

Section 5. The City and tenant agree that the words "City" and "Tenant" wherever used shall include the successors and assigns, executors and administrators and assigns, of the respective parties hereto.

Section 6. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed and this ordinance shall take effect immediately upon final passage and publication, in accordance with the statutes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that October 13th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. The clerk then read the ordinance as follows:

An ordinance providing for the construction of a system of sewers to be known and designated as the "Ivy Street Sewers and Branches."

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That a system of sewers to be known and designated as the "Ivy

Street Sewers and Branches" shall be constructed in the following streets: A thirty (30) inch reinforced concrete pipe sewer in Ivy Street between Florence Avenue and Eastern Parkway and a twenty-four (24) inch reinforced concrete pipe sewer in Eastern Parkway from Ivy Street for a distance of approximately five hundred feet northerly. These sewers to be used for storm water only. Also the construction of ten (10) inch pipe sewers, for house sewage only in Ivy Street between Florence Avenue and Eastern Parkway and in Eastern Parkway from Ivy Street for a distance of approximately five hundred feet northerly, together with house connections to the curb lines, and all other appurtenances necessary to complete the same, under and by virtue of provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated September 24, 1926, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as local improvements and the cost thereof shall be assessed against the property benefitted by said improvements, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

A resolution fixing the form and terms and providing for the sale of \$2,000,000 bonds of The City of Newark, to be issued pursuant to an ordinance heretofore adopted.

Be it resolved by the Board of Commissioners of The City of Newark, New Jersey, as follows:

Section 1. The \$2,000,000 Water Bonds of the City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$2,000,000 Water Bonds of The City of Newark," adopted by the Board of Commissioners of The City of Newark on October 5, 1926, shall be two thousand in number, numbered from 1 to 2,000, inclusive, of the denomination of \$1,000 each, and shall mature and be payable in annual installments, as follows: Forty bonds on November 15th in each of the years 1927 to 1946, inclusive, and sixty bonds on November 15th in each of the years 1947 to 1966, inclusive.

Section 2. The bonds shall be dated November 15, 1926, shall bear interest from their date at the rate of four and one-quarter per centum ( $4\frac{1}{4}\%$ ) per annum, payable semi-annually on May 15th and November 15th in each year, and shall be coupon bonds, registerable at the option of the holder as to principal alone or as to both principal and interest. They shall be signed by the Mayor, countersigned by the Director of the Department of Revenue and Finance and the seal of The City of Newark shall be thereto affixed and attested by the City Clerk. The coupons to be attached to said bonds shall bear the fac-simile signature of the Director of the Department of Revenue and Finance. Both principal and interest of the bonds shall be payable at The National State Bank in The City of Newark in gold coin of the United States of America of the standard weight and fineness existing on the date of said bonds.

Section 3. The said bonds shall be

issued in substantially the following form:

Section 4. The bonds shall be sold at public sale, upon sealed proposals, at 11:00 o'clock, A. M., on Monday, November 8th, 1926, at the office of the Director of the Department of Revenue and Finance of The City of Newark, in the City Hall, after notice of such sale published in the manner required by law. The Director of the Department of Revenue and Finance is hereby authorized and directed to cause such notice to be published and to receive such proposals, and the power of the Board of Commissioners to award the bonds and reject bids therefor is delegated to him.

Section 5. The notice of sale of the bonds shall be in substantially the following form:

NOTICE OF SALE  
THE CITY OF NEWARK, NEW  
JERSEY

#### \$2,000,000 4¼% WATER BONDS

Sealed proposals will be received by the undersigned at his office in the City Hall, Newark, New Jersey, until Monday, November 8th, 1926, at 11:00 o'clock A. M., when they will be publicly opened, for the purchase, at not less than par and accrued interest, of bonds of the City of Newark, New Jersey, of the following authorized issue, viz: \$2,000,000 Water Bonds, of the denomination of \$1,000 each, dated November 15, 1926, maturing serially, forty bonds on November 15th of each of the years 1927 to 1946, inclusive, and sixty bonds on November 15th in each of the years 1947 to 1966, inclusive, and bearing interest from their date at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on May 15th and November 15th. The bonds will be coupon bonds, registerable at the option of the

holder as to principal alone or as to both principal and interest. Principal and interest will be payable in gold coin of the United States, at the National State Bank in the City of Newark, New Jersey.

The amount necessary to be raised by the sale of said bonds (exclusive of the amount of any interest accrued on the bonds) is \$2,000,000, and no more bonds will be sold than will produce the amount necessary to be raised by the sale of the bonds (exclusive of accrued interest) and an additional sum of less than \$1,000. If less than the maximum authorized amount of bonds is sold, the unsold bonds will be those last maturing. Unless all bids are rejected, the bonds will be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the amount necessary to be obtained as above stated and to take thereof the least amount of bonds, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds, then the bonds will be sold to the bidder or bidders offering to pay therefor the highest additional price (such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery. The right is reserved to reject all bids.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per centum (2%) of the face amount of the bonds bid for,

drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of the City of Newark," to secure the City against any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs. Reed, Dougherty, Hoyt & Washburn, of New York City, that the bonds are valid and binding obligations of the City of Newark. The bonds will be prepared under the supervision of the United States Mortgage & Trust Company, which will certify to the genuineness of the signatures of the officials and the seal impressed on the bonds.

By order of the Board of Commissioners of The City of Newark.

Dated, October ..., 1926.

John Howe,

Director of the Department of  
Revenue and Finance of The  
City of Newark.

Section 6. The Director of the Department of Revenue and Finance is hereby authorized to cause said bonds to be prepared and to obtain the opinion of Messrs. Reed, Dougherty, Hoyt & Washburn, Attorneys, of New York City, as to the validity of the bonds, to be furnished to the purchaser or purchasers thereof, and the Mayor, Director of the Department of Revenue and

Finance and the City Clerk are hereby authorized to execute said bonds, and the Director of the Department of Revenue and Finance is hereby authorized to deliver said bonds to the purchaser or purchasers thereof upon the receipt of the purchase price.

The following communications were  
received and read:

59 Sherman Avenue,

Newark, N. J., October 1, 1926.

Mr. W. J. Egan,  
City Clerk, City.

Dear Sir:

Will you kindly advise me if it is possible to put on the ballots at the coming election "For or Against daylight saving." There is so much controversy on this subject there are those who would like to see it put to a vote and it occurred to me that you might give me a line as to how to proceed. If putting the question on the ballots is not practicable, could you advise me as to the proper course to take in the matter.

Thanking you in advance for any courtesy you may extend,

Yours very truly,  
John W. Bird.

Ordered received and placed on file,  
and acknowledged by the City Clerk  
with information as to situation.

To the Honorable Men  
of City Commission.

Dear Sirs:

Kindly have your men observe the condition of Fulton Street. The autos parking during theatre time a menace to fire and we cannot have an auto stop for our own use; also the many children playing in the streets, screaming sometimes day and night. Last Sunday it was in the morning and night.

I feel sure that if you ask the men to protect us from both of these nuisances, we will have comfort in the future.

Thanking you in advance,

Yours truly,

Mrs. G. Kingsland Camp,  
30 Fulton Street.

Ordered referred to Director of Public Safety.

Department of Public Safety,  
Division of Buildings.

Newark, N. J., October 5, 1926.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

The Board of Adjustment has considered the application of Charles Selva Company to change the northeast corner of Lyons Avenue and Osborne Terrace from a residence district to a business district, which application was referred by your Honorable Body for recommendation and report.

The Board of Adjustment respectfully recommends that the application be not granted, as it is the opinion of the Board that if any change is made in Lyons Avenue the change should effect the entire frontage between Bergen Street and Clinton Place.

Respectfully submitted,

The Board of Adjustment,  
R. B. Rankin, Secretary.

The Board of Commissioners of The  
City of Newark, N. J.

W. J. Egan,  
City Clerk.

Newark, N J, October 19, 1926

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

The minutes of meeting of October 13th were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

(No response).

Commissioner Brennan offered the following ordinance, and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$100,000 Street Cleaning Apparatus Bonds of the City of Newark.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. Pursuant to the provisions of Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Street Cleaning Appar-

atus Bonds," and to be dated November 15th, 1926, are hereby authorized to be issued in the aggregate principal amount of \$100,000, for the purposes hereinafter stated, for which purposes the sum of \$100,000 is necessary to be raised.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the acquisition of equipment, apparatus or furnishings to be used for the cleaning of the public streets of the City of Newark.

Section 3. In the event that there is any outstanding temporary indebtedness incurred for the cost of said properties, the money herein authorized to be applied to the cost of such properties shall be applied to the payment of such indebtedness.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The properties for which bonds are hereby authorized to be issued were not acquired prior to November 15th, 1926, and said properties are of the class described in Subdivision (T) of Sub-Section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said properties, computed in the manner described by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is five years, ending November 15th, 1931.

(c) No part of the cost of the properties for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$559,006,119.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$30,469,036.62.

(f) The statements required by said Section 12 (showing said net debt, etc.), have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that October 26th, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby di-

rected to publish said ordinance and give notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

The following communication was received and read:

BROAD STREET ASSOCIATION  
INCORPORATED  
KINNEY BUILDING, NEWARK,  
NEW JERSEY

October 2nd, 1926.

Hon. Board of Commissioners  
of the City of Newark, N. J.

Gentlemen:

The Directors of the Broad Street Association, in common with other citi-

zens, have observed with concern the increasing prevalence of crimes of violence in this state and the apparent helplessness of our citizenry and police forces in the presence of this grave menace to public safety and order.

We are conscious of a civic obligation to contribute to the formation of a more definite and outspoken public opinion by making known at this time our sense of outrage and horror at the conditions which have permitted the growth and outlawry and brigandage and the escape of so many bloodstained criminals, unpunished, to prey further upon the community.

It was accordingly, at a meeting held this day, RESOLVED, that we commend most heartily all efforts and undertakings of our State and Municipal authorities looking to the suppression and severe punishment of crimes committed by highwaymen and marauders, and we especially applaud the announced determination of the Governor of this State to seek the enactment of more effective crime laws. We believe that Governor Moore should be supported in his endeavor to obtain legislation similar to the Baumes laws recently put upon the statute books in New York State, or even more severe, if necessary.

We are also gratified to learn that the United States Postal authorities have ordered a Marine guard for the United States mail carriers and given these Marines instructions to shoot to kill when attacked by highwaymen.

We urgently request the Director of Public Safety and the other commission-

ers of the Newark City Government to consider ways and means of increasing the quota of effective police officers and men available for constabulary, patrol and detective duty, which effective strength has been enormously depleted by the necessities of adequate traffic sustined praise and admiration to the perversion.

And above all, while according unmembers of our police, both State and Municipal, for their vigilance and their bravery we urge that these courageous guardians of the peace and of our lives and property be given greater power and authority as well as more efficient weapons, in order that they may be free in emergencies to deal summarily with hardened and brutal criminals.

Very truly yours,

Officers and Directors of the

BROAD STREET ASSOCIATION

Commissioner Murray: I move it be acknowledged and referred to the Director of Public Safety.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: I might say in reference to this communication from the Broad Street Association, that the Governor has called a conference of all the county officials having to do with the prosecution of criminals, prosecutors, judges and sheriffs, and also the muni-

principal directors of public safety, and police officers, and he has asked the members of the Crime Commission which he appointed last spring, including myself and Mayor Hague, and three county judges, also to be present next Friday morning at ten o'clock at the State House. That will be an assemblage of all the officials in the State charged with the administration of law and the prosecution of crime, and I am sure that the matter being in the hands of Governor Moore, as it is, and having the hearty co-operation of other officials, that whatever can be done will be done in this very serious crisis. Commissioner Brennan and myself will be there, I have no doubt, and I know that in Newark here an exceedingly difficult problem is being handled in a splendid way. Would you like to say anything, Commissioner Brennan?

Commissioner Brennan: No; there is nothing I have to add, Mr. Mayor. Everything that can be done is either being done or is on the way at the present time. I might say on Thursday next there is going to be a conference in this Chamber of the Directors and other executive heads of the police departments of the entire northerly section of our State. There was a conference held on last Friday by the Chiefs of Police of all these municipalities which has resulted in the promulgation of suggested legislative and municipal acts and ordinances coming from the practical side of the men handling crime and safety commissions, which is to be discussed and given consideration by the conference on Thursday. I think it is coming here at an opportune time, the Governor's conference on Friday morning, we possibly

may be able to have something more concrete.

Mayor Raymond: Commissioner Murray, don't you think it would be well to answer the latter by saying that the City Commission is keenly alive to the serious situation and is doing everything in its power to relieve the situation, and that the officials are actively engaged in so doing at this time? Don't you think that would be more—

Commissioner Murray: I think that would be well.

Mayor Raymond: I think, in acknowledging that, I would say that, and then the matter might be referred to the Director of Public Safety.

Commissioner Brennan: I might say, our department in this city has been extremely vigilant and have been fortunate in running down some of those charged with the commission of some of those dastardly crimes committed in the past year, and I believe have got the right parties, from my information.

Mayor Raymond: Have they got a clue to that outrage across the street?

Commissioner Brennan: Yes.

Mayor Raymond: You see, the automobile is a cause of this and it makes it exceedingly difficult—

Commissioner Brennan: It has been exceedingly difficult, but I feel, Mr. Mayor, before many weeks are past, through co-ordination of the various departments surrounding us, and in ad-

dition to our own activities, that we will have our city, at least as free and clear of the criminal element as any city in the country. In fact, we have done it.

Mayor Raymond: I think we ought to say to you, Commissioner Brennan, that the heavy burden you have as commissioner, that we stand ready to do anything in our power to aid you and cooperate with you to the extent of providing you with further funds, if necessary, to carry on this work that you are doing.

Commissioner Brennan: I appreciate that.

Mayor Raymond: And I may say the whole commission feels that way about it. I know in the matter of funds—

Commissioner Brennan: At the present time it isn't exactly funds, it is the finding of proper methods by which we can combat this condition confronting us. We might spend all kinds of funds and accomplish nothing, and I am not entirely keen on spending funds without knowing where it is going.

Mayor Raymond: I know you have an overtaxed police department from your traffic problem, but this is an abnormal problem which might make necessary some increase in your force.

Commissioner Brennan: I have been discussing that with some gentlemen from the budget—

Mayor Raymond: I thought if you cared to consider that before the budget is considered we might be able to take care of you in an emergency.

Commissioner Brennan: We are in pretty good shape at the present time, Mr. Mayor.

Mayor Raymond: Any person desire to be heard? Mr. Boggs, I believe you do.

Mr. Herbert Boggs: Mr. Mayor, I appear on behalf of Fleissner Realty Company, and Mr. Fleissner, the principal owner and president of that company. They are the owners of a large piece of property with frontage on Ward Street, 300 to 310, and about four years ago the City passed an ordinance to open Ward Street north from Market Street through to Commerce Street. Proceedings were had thereon, sent to the Commissioners to assess the damages, and long hearings were had, but the commissioners never made any report. Before the commissioners had made their report the commission passed an ordinance rescinding the ordinance opening Ward Street. That was, I think, some two years ago, or a little more than two years ago. Since that time there have been numerous rumors, unofficial, of course, not in any way binding upon the city, that the city did contemplate the opening of this street to Commerce Street and putting Mr. Fleissner in such a position that he has been unable to do anything with his land, not knowing what the situation will be and not being willing, if the city intended to open the street, to make improvements simply to be paid for by the city and torn down. It has also affected him in the question of making long leases. Now that situation has prevailed up to the present time and Mr. Fleissner has planned a project which will probably call for a very large tearing down

of the present buildings and a large reconstruction costing a great deal of money, and the new reconstruction, when finished, it will mean that if the city then opens the street it will certainly increase the damages very materially, and if the street is opened while the improvement is being made it will, of course, be an increase of damages and it will all be thrown away, and if the city means to open the street, all this construction work, or a great portion of it, is useless expenditure ultimately on the part of the city and Mr. Fleissner felt it was right and fair to the commissioners and the city, before taking any steps, to come down here and speak to the commissioners and tell them just what the situation was as far as he was concerned, not with the idea of making any threats or anything of that kind, but simply to say that he felt that he was justified now, that as an owner he should have the right to put the land to the highest use without waiting upon the city and that he was justified now in going ahead and making those alterations and changes, and would be compelled to do so in the very near future, if he was going to do it at all, perhaps in the course of three or four weeks. The plans, as I understand, it, have been drawn and he will be ready now to make bids I understand. I think I may say, that part of the plans might call for the—there is a picture theatre on the ground, a large increase in the size of that picture theatre. The old plan of the opening of the street took off a portion of the theatre and this would be a much larger theatre and the increased damage, if that was torn down, would be very great, so that we do feel that we are justified in going ahead and using the property as we please, al-

though we do not want to interfere with the city. If the city has an immediate mind, or can tell us that in the near future it proposes to and is going to, we don't want to increase simply for nothing—

Mayor Raymond: Mr. Boggs, I think the city has unwittingly, and not willingly, treated some of these property owners unfairly, not meaning to, but the ordinance which we originally had provided for an appropriation which was not sufficient to take care of the cost as determined by the Assessment Commissioners, and just at that time, strangely, the suggested changes by the Pennsylvania Railroad came up and not knowing just what their plans were or where they were to locate, or where the station was to be located, or what street changes would be made there we had to, with all discretion, lay the matter over for a while until we could find out where we were at.

Mr. Boggs: I understood that was the situation.

Mayor Raymond: Now the Pennsylvania Railroad matter is approaching a conclusion, I think we are coming together, and I hope the thing will be settled soon, and I may say we certainly have not abandoned our contemplated taking of that street, and I think that Mr. Fleissner and the other owners there are justified in asking if we are going to take it, and if so to hurry up and take it. All I can say is we will hurry and do it. Will you prepare the ordinance, Mr. Congleton? We will try to get the thing done so he will know where he is at.

Mr. Boggs: I don't know whether the Engineer ever considered and reported what was considered a modified plan of the opening that would reduce the damages very much, and that modified plan, I think a sort of an understanding with the property owners in the block as to what the cost would be with the modified opening, whether they would hold to that today or not—

Mayor Raymond: I don't know. You notice I didn't say anything about it, Mr. Boggs.

Mr. Boggs: I didn't know that it ever came to your attention.

Mayor Raymond: We will have to take this up de novo. Have you got the modified plan, Mr. Kane, which was supposed to be the cheaper?

Mr. Kane: Yes, we have that.

Mayor Raymond: I suppose we had better have Mr. Fleissner and the others come in—

Mr. Boggs: If there is immediate action contemplated, that is all we want to know.

Mayor Raymond: There is immediate action contemplated.

Mr. Fleissner: I would like to say a few words. I have got a pretty good tenant and I will have to build unless I can see that something is going on there within the immediate future. As it is now, I would say the street got to go through Ward Street under a different plan, a plan that I once suggested, and I

think Mr. Kane has a plan now that is no good today any more because there have been all empty grounds in the back has been built up, but there is still a way open whereby you can put it through, a sixty-six foot street, for \$400,000: from Market Street.

Mayor Raymond: I will ask Mr. Costello to take those up with you, Mr. Fleissner, and you and Mr. Kane will take it up with Mr. Fleissner. Will you send word to Mr. Fleissner when you can see him? We will take it up with you. We are very glad to have your suggestion.

Mr. Boggs: The other cut through property in such an irregular way it was of very little value.

Mr. Fleissner: It is a straight street from Market to Commerce Street.

Mayor Raymond: We would like to have your suggestion and will send you word.

Mr. Costello: Thursday morning.

Mayor Raymond: Mr. Fleissner, how will Thursday morning suit you?

Mr. Fleissner: All right.

Mayor Raymond: Go to the Chief Engineer's office about half-past ten and we will see if we can't relieve you. Really, the City owes you an apology.

Mr. Fleissner: It cost me about \$50,000.

Mr Boggs I think also equitably they also owe us something more.

Mayor Raymond: We don't admit that. We will admit we owe on apology and that is as far as we will go.

A communication dated October 22nd, 1926, from the Atlantic Deeper Waterways Ass'n., relative to a luncheon to be tendered Mr. William E. Bernard at the Hotel Bellevue-Stratford, Philadelphia, on Tuesday, November 9th, was received and read and on motion ordered filed.

The following reports of City Officers were received and ordered filed:

City Auditor for September, 1926.

A communication from the New Jersey Society of Architects, dated October 21st, with copy of a resolution relative to the sale of the Farmers' Market, was received and read and on motion ordered referred to Director Gillen.

A communication from Mr. Wm. M. Halsey, Agent, Public Service Electric and Gas Company, relative to supply power and light for the proposed new annex building was received and read and on motion ordered referred to Director Gillen.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

A supplement to an ordinance entitled

"An ordinance to authorize the erection of a power house upon premises now owned by the City or hereafter acquired by it at the rear of the City Hall, and providing for the financing thereof," adopted May 25, 1926.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That in addition to the two hundred thousand dollars (\$200,000.) appropriated for the erection of a new power house upon premises now owned by the City or hereafter acquired by it, in the rear of the City Hall, authorized by the ordinance to which this ordinance is a supplement, there is hereby appropriated the further sum of Two Hundred and Fifteen Thousand (\$215,000.) Dollars.

Section 2. Pursuant to the provisions of Section 15 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding Two Hundred and Fifteen Thousand (\$215,000.) Dollars bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said erection. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable.

The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

Section 3. The sum of Two Hundred and Fifteen Thousand (\$215,000.) Dollars to be raised by the issuance of said temporary bonds, is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued, and is in addition to the two hundred thousand dollars (\$200,000.) heretofore appropriated under said ordinance adopted May 25th, 1926.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that November 3rd, 1926, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The following communication was received and read:

Department of Public Works  
City Hall

Newark, N. J., October 25, 1926.

Subject: Re sale of Part of Alms House Lands to Gunne.

To the Board of Commissioners of  
The City of Newark.

Addressed.

Gentlemen:

Pursuant to resolution of this Board, I advertised for sale on Monday, October 25, 1926, at 10 A. M., premises in the Township of Maplewood, Essex County, New Jersey:

BEGINNING at the southwesterly corner of property of Peter Gunne, which point is distant north  $60^{\circ} 41'$  west 285.90 feet from the westerly side of Mercer Place, where the same is intersected by the southerly line of said Gunne property; running thence along line of said Gunne property north  $65^{\circ} 20' 40''$  east 263.06 feet to an angle in the same; thence still along line of said Gunne property north  $8^{\circ} 46' 30''$  east 66 feet; thence still along line of said Gunne property north  $50^{\circ} 8' 30''$  west 481.80 feet to line of lands belonging to Seton Hall College; thence along said College lands south  $43^{\circ} 24' 30''$  west 30.21 feet; thence still along line of lands of said Seton Hall College south  $52^{\circ} 50' 30''$  west 75.50 feet; thence south  $34^{\circ} 54' 30''$  west 220 feet; thence through property of the City of Newark south  $54^{\circ} 14' 40''$  east 403.56 feet to the point or place of BEGINNING.

Said property was offered for sale and the highest and best bid received was that of Peter Gunne, in the sum of \$6,600. I accordingly struck off said property to said Gunne, at his bid of \$6,600, such sum being the highest and

best price which I could obtain for said land.

Yours very truly,

Jno. F. Murray, Jr.  
Director.

Ordered filed.

Commissioner Murray offered the following resolution:

WHEREAS, by resolution adopted by this Board, the Director of the Department of Public Works was authorized to sell, at public sale, to the highest bidder, for cash, all the right, title and interest of the City of Newark, in certain lands situate in the Township of Maplewood, Essex County, New Jersey:

BEGINNING at the southwesterly corner of property of Peter Gunne, which point is distant north  $60^{\circ} 41'$  west 285.90 feet from the westerly side of Mercer Place, where the same is intersected by the southerly line of said Gunne property; running thence along line of said Gunne property north  $65^{\circ} 20' 40''$  east 263.06 feet to an angle in the same; thence still along line of said Gunne property north  $8^{\circ} 46' 30''$  east 66 feet; thence still along line of said Gunne property north  $50^{\circ} 8' 30''$  west 481.80 feet to line of lands belonging to Seton Hall College; thence along said College lands south  $43^{\circ} 24' 30''$  west 30.21 feet; thence still along line of lands of said Seton Hall College south  $52^{\circ} 50' 30''$  west 75.50 feet; thence south  $34^{\circ} 54' 30''$  west 220 feet; thence through property of the City of Newark south  $54^{\circ} 14' 40''$

east 403.56 feet to the point or place of BEGINNING.

and,

WHEREAS, inaccordance with said resolution the Director of the Department of Public Works, did expose, at public sale, the interest of the City of Newark in said lands, and the best bid received therefor was that of Peter Gunne, in the sum of \$6,600, and did accept said bid;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the action of the Director of the Department of Public Works in accepting the aforesaid bid of said Gunne, in the sum of \$6,600, be and the same is hereby ratified and confirmed; and the Mayor and City Clerk are hereby authorized and directed to execute a Bargain and Sale Deed, with covenant against grantor's acts, for said property to said purchaser, conveying the interest of the City in the lands above described.

A communication from Fred Schmidt, 450 Hawthorne Avenue, relative to the

fast growing annoying noises due to the excessive and unnecessary use of the auto horn in the city, was received, read and on motion ordered referred to the Director of the Department of Public Safety.

November 3, 1926

The following petition was received and read:

To the Honorable

Commissioners of the  
City of Newark:

I have been the owner of number 22 Honorable Commissioners of the City of Newark, New Jersey, to change North Thirteenth Street, from Orange Street to the Delaware, Lackawanna and Western Railroad crossing, from a residential to a light industrial district.

In support of my petition I am submitting the following reasons for this change:

I have been the owner of nimer 22 and 24 North 13th Street for some time. At present there are two old shacks on the premises and a small lot adjacent to the railroad. This property is in a dilapidated condition and would cost a considerable sum of money to put in repairs.

In view of the fact that the entire streets consists of old frame dwellings and more particularly the fact that my property is adjacent to the railroad, it would be very impractical to invest additional money to repair my property

and make it habitable. First, as to the character of the neighborhood inasmuch as it is populated by negroes and whites. Second, as this property immediately adjoins the railroad and it not suitable for residence in view of the noise and smoke of passing trains. And third, that the character of the neighborhood has undergone a change from residential to that of an industrial district in view of the fact that in the rear of my property there are two public garages and an ice plant.

I respectfully submit unto this Honorable Body that my investment is a total loss unless this Honorable Commission will allow me to replace the present old frame buildings and substitute a modern, substantial, fireproof building in which space could easily be rented for some light manufacturing purposes, and that the aforesaid buildings would be more adaptable to the location and beneficial to the neighborhood.

I wish also to bring to this Honorable Commission's attention the fact that North 13th Street from Orange Street to railroad crossing is approximately two hundred feet, that one hundred feet from Orange Street is classified as a business district; that to change the rest of the street to a business district would not answer my purpose, in view of the fact that the street is blocked by the railroad, and would make business property there unproductive, and not worth the investment.

I further submit that the adjoining property owners have given their consent, and are not adverse to changing

this section from a residential to a light industrial district.

Respectfully submitted,

Izsak Klepner

The following communication was received and read:

To The Honorable Commissioners of the City of Newark.

We, the undersigned property owners in Fulton Street, Newark, hereby protest against and respectfully petition your Honorable Commissioners for relief from the intolerable condition resulting from the parking of automobiles in front of our property in that street by people attending the theatre at the Broad Street corner, from about 7 to 12 o'clock P. M. Such cars are parked in a solid line from one end of Fulton Street to the other (even being placed in and in front of private driveways thus preventing their use) and in addition to the inconvenience to residents, constitute a grave danger, as it would be impossible for the fire department to get near enough to the buildings to fight a fire.

We respectfully ask, therefore, your Honorable Commission to take steps to remedy this condition by ordinance or otherwise as you may find most fitting under the circumstances. The present ordinances as to the parking in front of

hydrants on the street are constantly violated by the parking in question.

(Signed by eleven property owners.)

Ordered referred to Director Brennan.

Division of Buildings  
Newark, New Jersey

November 9, 1926.

To the Board of Commissioners of the  
City of Newark.

Honorable Sirs:

The Board of Adjustment has considered the application of Izaak Klepner to change North 13th Street between Orange Street and the Lackawanna Railroad from a Residence to an Industrial District, which was referred for recommendation by your Honorable Body.

The Board of Adjustment respectfully recommends that this application be not granted, as a visit to the premises convinced the Board that the application was not justified, in that it would change both sides of an entire block so that one owner might build a factory.

Respectfully submitted,

The Board of Adjustment,  
R. B. Rankin, Secretary.

Newark, N J.,  
November 16, 1926.

A regular meeting of the Board of Commissioners was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Bremman, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

The minutes of meeting of November 9th were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

Dr. William Buermann, Lincoln Park: Gentlemen of the Commission, we regret very much that our Honorable Mayor is not here owing to illness, but we certainly send through you our good wishes for his speedy recovery so he may be able to come back soon and assume the responsibilities, which we know are very great.

Gentlemen, we have here before you a delegation from the south side of the City of Newark, the south end, and this delegation, known as the South Side Tube Extension Committee, would like to have you understand not only represents themselves, but also for the great body of citizens in our end of the town. We could bring many more here, but you realize that through us that these other citizens that are not here, are expressing their sentiment.

We have come here, as you no doubt realize, on an important mission, and that is endeavoring to help and suggest to you a solution and solving of a solution, namely, the terrible traffic congestion in the center of our city. We know the town is growing, and we know that that is one of our big problems and one that you folks are battling with, and the citizens have, unfortunately, got to contend with. This traffic congestion is so vital that it is not only affecting the economical welfare of the town, and the business interests, but it is a matter of safety to the citizens; it is a matter of life and death to many of them, inasmuch as we know the accidents that are necessarily the result of this congestion. We understand that shortly there will be before you a plan, one that has been in contemplation for over two years, inasmuch as we have already been organized almost going on two years, to help take care of this problem,—the matter of the Union Station, with enough facilities to help solve the problem. We believe this matter is a matter that should be taken care of in its entirety. We believe it is not a matter to be taken care of just in part, because it will not solve the situation. Not for the present time, and if we leave it to a future time none of us know when it will ever be solved.

Gentlemen, I want to call your attention specially, to you representatives of the City of Newark. We have received in the past your word of honor over your signatures. I could present to you numerous sayings of yours, numerous newspaper clippings in which you have most heartily and cheerfully endorsed our proposition and our cause, namely, to have the tube facilities ex-

tended to the south end of the city. We know you are with us. We, as I say, could quote many of your sayings. We also hear that there is a possibility of the financial status of the city holding off perhaps some of this improvement and making a piecemeal business of it. We trust that you will be able to see your way to finance this proposition as a whole. We have endorsed to you in the past big problems. You have found ways and means financially to solve many of them. I could cite instances,—your responsibilities in the development of the Port Newark. You have spent millions there. You no doubt will have to continue to spend millions. The citizens have given you the endorsement of spending those millions. Perhaps we cannot get the returns from that money for some time, but we feel confident that the future will take care of that and will show that it was wise to expend those funds. You have and are going to continue. Among them, a solution of the water supply of Newark. We are now spending millions that we at the present time need not have necessarily have any direct benefit from, but we know it has to be done, and our future generation will have the results of your wise policy.

You have other problems before you. Now, we have one that we know is not only one of the future, it is one of the present time, and one that we sincerely hope that you will solve for us while we are here to get some benefits therefrom. I want to quote, if you will permit me, the words at a hearing that was held here in the City Hall a year ago last July when you thought at that time there would be, within a few months we would probably be able to have this work

begin. I would like to, with your permission, quote the sayings of our Honorable Mayor when he stated, "I, for one part, representing the people of Newark, am most desirous, and so told them," the Pennsylvania Railroad—"that the tube service be extended to South Street." Another quotation I would like to give you of the Mayor's, "That I am entirely in sympathy with your proposition that this thing be extended to South Street. I think I could go so far as to say that if the Pennsylvania Railroad can be urged to do so, to extend this service to South Street. If the Public Service Corporation can be induced and see its way clear in view of operating expenses and other outputs, if they can do it I think that we can say the City Commission, representing you, would spend all the money necessary and would dispose of the transportation there." I am merely quoting to you that we have had full confidence at that time from the assurances that we have received, that this matter will be taken care of and taken care of very soon.

Commissioner Howe: We have no knowledge that the Mayor has changed his mind on that.

Dr. Buermann: I merely want to bring this to you—

Commissioner Howe: The Mayor is just as anxious today as he was then, and he would say today what he did then, that he is interested in the extension. Nothing has come to our mind or attention, not authentic, that anything is changed in the situation, except possibly some newspaper rumors. Now, I know

that we are daily awaiting news from the Pennsylvania Railroad, and the Mayor has assured us that any information he gets he will immediately impart to his colleagues. I know that Mr. Congleton is in touch with the situation and keeping us informed in the absence of the Mayor, who is home through illness. I might ask Mr. Congleton if there is anything new or anything that he has learned in the past few days that we have not heard.

Mr. Congleton: Doctor Buermann, these remarks are made, perhaps, because of some of the newspaper stories that have appeared lately that the Pennsylvania Railroad plans now contemplate merely a Market Street Station and that the South Street or south extension of the Manhattan Tube trains was to be abandoned. Now, we are not responsible for the newspaper story and I want to say that I have been in touch with Mayor Raymond in all of these negotiations, and so far as we know there is absolutely not a word of truth in the newspaper stories. We are expecting when the plans come from the Pennsylvania Railroad Company that they will provide for the Market Street Station at Market Street, and for a station upon the Hudson and Manhattan Tube Line to the southward just as the Mayor's last statement said.

(Loud applause.)

There has been no conference between the Pennsylvania Railroad officials and the Mayor, or his representatives, which gives any basis for the newspaper stories that have recently appeared. Now, with respect to the money that is ex-

pended at Port Newark, it may be interesting for you people to know that at present we have leases which are producing today \$142,000 in annual rentals, so that is some return that we are getting.

With respect to the city's finances, I can say we have that well in hand, and I have in my pocket just this very morning, a draft of a bill which we hope we may get through in the New York Legislature this year, as we have tried for the past three previous years, to make a little change in their law which will not interfere with the bonds of the City of Newark being illegal investments for the savings banks and other institutions in New York, so we have not been neglecting any of the matters. We have the large vision that I think you folks have, and we are doing everything that we can do to place ourselves in that position to carry out what has been said heretofore by the Commissioners that they wanted to do.

Dr. Buermann: Gentlemen, I hope we are not imposing on your time. Our object in coming here is to emphasize our cause. Our citizens naturally are deeply interested in this. We feel sometimes it is wise to anticipate some things that are likely to come, and we perhaps have reasons to think that some of this project of ours has had some opposition. We know there has been none so far as the citizens are concerned; we feel that there has been none so far as you folks are concerned; we feel by expressing our sentiment here it might go even to the other parties who are interested in this case with whom you will have to deal, and perhaps it will make it a good deal

easier for you to take care of the problem when it comes. We are merely speaking for the big problem of central traffic congestion needs a solution, it needs help at once, and we are asking you to take care and in this problem hasten it, if it possibly can be hastened so as to take care of thousands of people that we know—I estimate at the very conservative estimate 20,000 people who are obliged to go through the heart of the City of Newark, through the rush hours of the day and use conveyances which no doubt helps to make the traffic through the city more hazardous and certainly it is not helping to solve the problem. We feel also if this problem is not taken care of when the time comes as one whole problem, and we don't get facilities down at the south end, the problem will be worse than it is now.

Now, we have come before you as a delegation and we would like to have the privilege of having perhaps some of the other citizens speak and possibly give you some facts which we feel ought to be in your possession, and we would be pleased if you will give us the privilege of asking our representative, Judge Osborne, to have the floor for a few moments. Thank you. (Applause.)

Mr. Harry V. Osborne: Mr. Chairman, and gentlemen of the Commission, while it is true that these newspaper reports may not be authorized and they may be just the product of the imagination of some enthusiastic reporter, at the same time they are very disturbing, and they have been very disturbing to the people who are interested in this south side tube extension, and when a representative of the city publishes a detailed

statement of finances evidently intended to back up such a position, why, naturally the people who read these reports give them some credence. Now, the men who are here today represent not only the property owners on the south side, but they represent every organization on the southerly side of the city and in the Ironbound district, and the Chamber of Commerce is also back of this proposition.

I don't take the position that these gentlemen are coming here pleading with you for something. I take the position that while the responsibility is yours, the citizens have got to pay the bill, and they have rights which it is your duty as their representatives to respect. I

don't assume, as Doctor Buerman may have done, that all of the wisdom in this matter lies around this Board. I take it that you men are just as other men are, susceptible to the same limitations as other men are. And that is one reason why we feel at liberty to come here and tell you, as our representatives, what we want and what we think we are entitled to have as citizens of this town, and as taxpayers. In doing that we don't mean, of course, that you are not going to give the people what they are entitled to have and if there is no reason why you cannot do it, but we want to make it clear that in doing this and in appropriating so much of the city's money as may be necessary to carry out this great improvement, that you are going to have these people, these citizens, these taxpayers and these organizations back of you, because you are entitled to that support. That is going to take some money, of course, not the fabulous sums that some

people have imagined, that there has been talked about, but some money, and you have got the responsibility for voting it and you ought to know, and we want you to know, that the people here that are interested in this great improvement, approve of whatever action you may take to bring it about.

Now, let me say this, that the report of the separation of the extension of the tube and the installation of a new station without—station on the south side, is one of the greatest catastrophes that could have happened to the City of Newark. I don't have to tell you, you are men of experience, you know the ways of the world, I don't have to tell you what will happen to the City of Newark if the Pennsylvania Railroad ever gets its four tracks through there and we don't get this station on the south side, this tube extension.

Mr. Congleton: Judge Osborne, I would like to say to you that the stand has been taken by the city, and we have stood right fast to it, that there will be just one contract with the Pennsylvania Railroad Company which contemplates everything that we can finally agree upon, which includes, as I have said the extension to the southward.

Mr. Osborne: That is fine; we are glad to have that assurance. (Loud applause).

Mr. Osborne: And we want you to know that the citizens of this town approve of that policy and that we will not stand by without raising our voices in protest if there is any change. (Applause).

On this question of money, I have had an analysis made of the tax value of the assessed valuations, and they are a practical answer to that question. The taxes are assessible to the City, they know what the figures are, you gentlemen know, and when I remind you that the assessed valuation of the property on the westerly side of the railroad is only a little over \$500,000 to South Street, what, that is a complete answer to any question which may be raised about the ability of the city to finance that part of the improvement. In view of the assurance given by the City Council, I don't deem it necessary to say anything further at this time, but we want to leave you with this knowledge and with this assurance that we are back of this commission so far as public opinion is concerned, so far as public approval is concerned, of everything that it does to bring about the relief which we are asking for. We believe that the benefit to the city will be incalculable, that it will much more than amply repay any outlay at its initiation, and that if it is necessary and to whatever extent it is necessary, and the extent, of course, must be left to your judgment—you gentlemen find to spend the money of the city, we are going to stand back of you in that matter. This is a benefit to the whole city, and we firmly believe that you will, as you have already said, see that that is so, and that it is something that we ought to have now, because if we don't get it now we never will.

(Loud applause).

Commissioner Howe: I might say, Judge Osborne, and Doctor Buermann, and those you represent, that we are at

all times willing to give the public anything that they want that they are willing to pay for and can afford to, and that everyone of the members of this commission are as anxious as you are for the relief you ask for.

(Applause).

Dr. Buermann: I don't think there is anything more that our folks want to say. I want to thank you for the time we have consumed and appreciate this interview.

Commissioner Howe: I don't think there is anything they could do that hasn't been fully covered. It would be merely repetition of what Dr. Bermann and Judge Osborne have said. You understand how we feel and we know what you want, and that is the object of your visit.

Dr. Buermann: Thank you for the interview.

Commissioner Howe: Thank you for the call.

The City Clerk presented an application of the Evergreen Cemetery to enlarge its cemetery, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does anyone desire to be heard?

Mr. John C. Howe appeared and urged that the application be granted.

Commissioner Howe said it has been suggested that the city be compensated in a sum equivalent to the amount of taxes to be lost on this for all time.

Corporation Counsel Congleton said it has been the practice that when a piece of land was going out of the tax ratables a lump sum was paid to the city which would produce an income sufficient to the taxes that are being paid at the time. The land goes out of the tax ratables forever.

Mr. John C. Howe stated that he was not prepared to offer a sum, and that the owners do not feel that they ought to offer a sum in view of the fact that they cannot sell this property for any other purpose, and that the money received is to be used in the erection of another plant from which the city will gain far more taxes than they can gain now.

Commissioner Brennan stated that he was opposed as a matter of principle to the use of any more lands in the City of Newark for cemetery purposes, and that while this property cannot be sold just now for industrial purposes there is certainly a need coming in the very near future for all vacant property, no matter in whatever section of the city, for industrial purposes.

Commissioner Howe stated that he had inspected the property and it is only because of its location and its detriment to the cemetery and the Park Commission that he would agree to vote for it. The head of the cemetery says that the smoke from the bakeshops and japan blacken their headstones, and that the Essex

County Park Commission would be glad to see the factory removed and would prefer the cemetery to the present factory.

Commissioner Murray moved that the matter be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance providing for the vacation of Putnam Street from the easterly line of Marsac Place easterly about 40 feet to the Newark-Irvington boundary line as the same existed in 1925, A. D., and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

The following communication was received and read:

Law Offices Henry Gottfried,

786 Broad Street.

Newark, N. J., Nov. 12, 1926

William J. Egan, Esq.,

City Clerk, City Hall,  
Newark, N. J.

Dear Sir:—

A petition having been filed with the Board of Commissioners requesting a change in the zoning ordinance on North 13th Street, from Orange Street to the Delaware, Lackawanna and Western Railroad crossing, from a residential to a light industrial district, and in accordance with my conversation with you, I would appreciate if you would withhold said petition from action by the Board of Commissioners until Tuesday, November 23, 1926, thereby enabling me to appear before the Zoning Board on November 18, 1926.

Thanking you for this courtesy, I remain

Very truly yours,

Henry Gottfried,

On motion the matter was laid over for two weeks.

Commissioner Howe: Any other citizen wish to be heard?

Mr. Isidore V. Davis, 24 Commerce Street, appeared representing a group of haberdashers and vendors of men's and boys' clothing, and presented an ordinance to prohibit the opening and operation of stores for the sale of men's and

boys' wear, clothing and haberdashery in the City of Newark, on the first day of the week, commonly called Sunday, and providing for penalties for violation thereof, and requested its adoption.

He also presented a petition in favor of the ordinance.

After some discussion the matter was laid over for one week.

Commissioner Howe: Any other citizen wish to be heard? If not, a motion to adjourn will be in order.

Commissioner Brennan: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

APPROVED:

The Board of Commissioners of the City of Newark, N. J.

W. J. Egan,

City Clerk.

Newark, N. J.,  
November 23, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presided.

The minutes of meeting of November 16th were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

The City Clerk presented an application of the Evergreen Cemetery for permission to enlarge its cemetery facilities, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

John C. Howe: The only question left open last week is whether or not this cemetery, or the owner, would pay to the city a certain amount in lieu of taxes, and I have authorization to pay to the city \$3,000. That is the highest amount that has been paid to the city at any time. The last three applications that

went through, one at \$2,000 and one at \$3,000, and I would ask that the Board approve this now in the sum of \$3,000. I ask that they take a vote at this time.

Commissioner Brennan: I would like to ask, Mr. Mayor, if anything has been considered relative to future assessments. As I understand, cemetery properties are exempt from local improvement assessments.

Commissioner Howe: Not that I know of.

Commissioner Brennan: Cannot be assessed for anything. Just picture what the city will have to have on our assessments when improvements are made.

Judge Howe: May I point out that there is only a short piece on the street and the rest of this is inside.

Commissioner Brennan: Even short or otherwise, I think if there is any reason that can be advanced for granting further non-assessments to cemetery properties within the city that the city at least should be taken care of in the matter of assessments when local improvements come along.

Commissioner Murray: Your idea being that regardless of the fact that legally they cannot be compelled to pay assessments, that they might agree—

Commissioner Brennan: The city should be safeguarded against having to take care of local improvements abutting on that property in the future.

Commissioner Howe: What proportion of that is in Newark, do you know?

Judge Howe: All of this piece is in Newark. There is a very small portion on a public street. All the rest is inside. I don't think any of the other cemeteries stand for the payment of assessments.

Commissioner Brennan: As I understand it, it is only recently we have had such a ruling on it.

Mr. Congleton: The Court of Errors and Appeals handed down their decision last term or so. Judge Dungan rendered his decision, I should say a year or so ago. These cemetery properties cannot be assessed for local improvements.

Commissioner Murray: Did Fairmont Cemetery contribute anything on account of the improvement of South 18th Street?

Mr. Congleton: Until this decision came down we had always insisted, and I think collected, that cemetery properties were liable for assessments for local improvements, but not for taxes.

Commissioner Gillen: People in cemeteries don't use the streets.

Commissioner Howe: They don't use the street, and they couldn't very well sell the property and use it for any other purpose.

Commissioner Brennan: That may be true, but I can see what will be put on the city at large in the future. Im-

provements on South Orange Avenue, such as may—

Commissioner Howe: Well, it is like the poor—we will always have it with us.

Commissioner Brennan: You have from the school up to the Veledrome. East Orange will be in worse shape than we are. Grove Street will be all practically exempt if they ever do any further improvement on it.

Judge Howe: I don't think the Board will ever be called upon to consider a piece of property as peculiarly situated as this piece in question. All these other pieces of property are definitely situated, but this piece is in the extreme corner of Newark and cannot be used for anything else. The park won't take it, you cannot sell it to an industrial; the cemetery is the only people who will take it.

Commissioner Brennan: Can't sell it to industrial people?

Judge Howe: No, sir.

Commissioner Brennan: And I think there are hundreds of industrial people who would only be too pleased to get hold of it. Of course, if they don't want to pay the price set on it—

Commissioner Howe offered the following resolution:

WHEREAS, The Evergreen Cemetery, a corporation of the State of New Jersey, is desirous of enlarging its pres-

ent cemetery by acquiring and adding thereto, thirteen and six hundred and sixteen one-thousandths acres, adjoining said cemetery, which proposed addition, now belonging to George Stengel, Inc., and situate, lying and being in the City of Newark, County of Essex and State of New Jersey, is described as follows:

BEGINNING at a point in the Northwestern line of Dayton Street, where same is intersected by the line dividing the property of George H. Stengel, Inc., and Weequahic Park; thence along said property line North 64 degrees, 52 minutes west 1188.43 feet to line of Evergreen Cemetery; thence along said line south 17 degrees 31 minutes west 315.50 feet; thence still along said line South 4 degrees, 34 minutes, east 393.18 feet, to another line of Evergreen Cemetery; thence along said line South 78 degrees 28 minutes East 867.96 feet to the said Northwestern line of Dayton Street; thence along said line of Dayton Street, north 40 degrees 44 minutes east 175.00 feet; thence still along said line of Dayton Street, north 37 degrees 19 minutes east, 288.75 feet, to the point and place, of beginning, containing 13.616 acres, and

WHEREAS, said Cemetery is advised that it cannot enlarge its said Cemetery without the consent of the Board of Commissioners and Department of Health of said City of Newark,

BE IT RESOLVED, By the Board of Commissioners of the City of Newark that The Evergreen Cemetery be and it hereby is given full consent to enlarge its present Cemetery or burying ground

by adding thereto the above described 13.616 acres, owned by George Stengel, Inc., and that said premises, if and when acquired, may be used for burial purposes.

This resolution shall become effective upon payment to the City of Newark, of the sum of Three Thousand Dollars (\$3,000.00) which sum shall be accepted as in lieu of taxes.

John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

Commissioner Gillen: I think the Board voted to turn down all applications for cemeteries in the City of Newark, and I think that probably is the general rule, but I am going to vote for this, although I think it will be the last cemetery I will ever vote for in the City of Newark for the reason the property is peculiarly situated. I have gone down and looked it over myself, a piece right in an angle between the park and the cemetery. Now, the cemetery wants the land for cemetery purposes. Of course, that isn't an inducement for us to vote for it. If the park were to purchase it, the only other purchaser that I think would want it, that is, in the immediate future, anyhow, if the park purchased the property we would never get any more taxes out of that by assessments or anything else. It wouldn't be a good idea to continue an industry right there; it wouldn't be an advantage to the park; it would be an eyesore. I think it is an advantage for the city to get that factory out of there. Now, in addition to that we have the assurance of the owner

that he is going over to his other plant and he is going to erect a new plant; he is going to add to the ratables over there, probably more than he is taking out of this spot, so I don't think the city loses on the transaction, but I want to say right now that it will be the last cemetery I will ever vote for unless it is a very, very peculiar case similar to this. So I will vote yes.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray.

Nays: Commissioner Brennan.

Commissioner Howe: I want to say I will never vote for a new cemetery in the City of Newark. Unless it is an addition to one of the present cemeteries that the same such condition arises that will be—

Commissioner Murray: I hope you will put an explanation on that declaration of yours, Mr. Mayor, because in my opinion, and I think most of you will agree with it, that the present City Cemetery is no fit place to bury a human being, and we have got eventually to find another place to put those unfortunates who have to come in—

Commissioner Howe: You mean Potters Field?

Commissioner Murray: Potters Field. We have got ten acres down there that I wouldn't bury a dog in. It is prac-

tically filled up and we have got to get some other place. We may have to find some other place down in that vicinity that is at least free from the defects that accompanies putting a body in such a spot.

Commissioner Howe: There is a very large cemetery down there now. You might be able to buy a part of that.

Commissioner Murray: Somewhere down there, but we have got to soon come to it and it is hardly decent to put bodies in there. I have been down there a dozen times and I have been there on rainy days and you couldn't get in the place. The subsurface must be in terrible condition.

Commissioner Howe: I might add in connection with the cemetery, I personally asked the Essex Park Commission to buy that property and have a letter from them that they would not.

The City Clerk presented an ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance

to prohibit the opening and operation of stores for the sale of men's and boys' wear, clothing and haberdashery in the City of Newark, on the first day of the week, commonly called Sunday, and providing for penalties for violation thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mr. Isador V. Davis, 790 Broad Street, appeared and urged the adoption of the ordinance, stating he represented a group of merchants in the vicinity of Mulberry and Market Streets who desired such an ordinance.

Commissioner Brennan stated he felt the ordinance was not enforceable and for that reason did not desire to offer it.

On motion the ordinance was ordered filed.

Commissioner Howe offered the following resolutions:

The following reports of City Officers were received and ordered filed:

Overseer of the Poor for September and October, 1926.

Auditor of Accounts for October, 1926.

A communication dated November 22nd, 1926, from the South Side Tube Extension Committee, expressing appreciation of the courtesy shown the representatives of that body at the meeting of this Board on November 16th was received and read and on motion ordered filed.

Commissioner Howe: Any other citizen wish to be heard?

Mr. Michael Leveen: Mr. Mayor and Honorable Commissioners, I have a little petition here, Mr. Mayor, that I would like to have the clerk read. It is sort of a little sore eye up in the Vailsburg section that we would like to bring to a prosperous success, if possible. Honorable Commissioner Brennan knows what sort of a sore eye—

The clerk then read the petition as follows:

November 15, 1926.

The Mayor and Commissioners,  
City of Newark, N. J.

Gentlemen:—

We, the undersigned property owners and residents of Newark, respectfully request your Honorable body to open a street which will be the continuation of Tremont Avenue East of North Munn Avenue to Oraton Parkway, also to open Watson Avenue North to the East Orange City Line, and the continuation of Maybaum Avenue North to the East Orange City Line. A similar petition has been filed with the East Orange Council to continue Whittlesey Avenue and Watson Avenue South to the Newark City Line. The opening of these streets is desired as soon as possible.

(Signed by six property owners.)

Mr. Leveen: I want to say to the Board that each and every one of the Commissioners know what a sore eye it is up next to the Veledrom, up there to have such a tremendous amount of ground vacant there, that it would be just as well to improve that property and to improve it very quickly so that the City of Newark would be able to receive some taxes in return.

Mr. Congleton: Where is this property?

Mr. Leveen: Pointng fom Munn

Avenue down to Maybaum Avenue and the Parkway is going through there.

Mr. Congleton: Isn't that part of the property we are taking over for the cemetery?

Commissioner Gillen: We don't know whether they are going to use it for cemetery purposes.

Mr. Congleton: Well, they fought us all the way through the courts and got it.

Commissioner Gillen: But I don't think they are going ahead with the cemetery.

Commissioner Howe: Don't you think we should wait and see what the Park Commission is going to do there?

Mr. Congleton: The Park Commission is going right straight across to Central Avenue. They are going to continue that Parkway right through to Central Avenue.

Mr. Leveen: To advise you, Mr. Mayor, is this: If you talk with the property owners up there we have been assessed for sewerage there which is running through Maybaum Avenue and it is a very fine opportunity in order to develop that tract up there, and I want to tell you that the resident people up in that location in Vailsburg will honor the Board here if a thing of this kind comes through. It is very important. It really is some sore eye to Newark to allow such an important tract of land to lie

idle, and it is only for the reason that streets ought to be cut through there. Commissioner Brennan lives up that way and he can bear me out. We feel that this thing is very important and we are perfectly satisfied in order to wait to see how the Speedway comes through and to leave it to you to fix it up in the right way.

On motion the petition was ordered referred to Mayor Raymond.

Commissioner Brennan moved to adjourn.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Mr. Herman Chivian, 60 Park Place, appeared and presented the following petition:

We, the undersigned, hereby petition the Honorable Commissioners of the City of Newark to pass an ordinance in the regular manner, decreeing that all retail cleaning, dyeing, and all tailoring stores, shops, or factories be closed on the first day of the week, being commonly known as Sunday, during the entire year under penalty of fine or imprisonment.

This ordinance may be patterned after the ordinance adopted by the Honorable Commissioners of the City of Newark, N. J., at a regular meeting of the Board of Commissioners held on August 24, 1926, relating to the closing of Butcher Shops on the first day of every week, commonly known as Sunday, during the entire year under penalty of fine or imprisonment.

(Signed by 150.)

Commissioner Howe: Does this ordinance permit anybody to work on Sunday?

Mr. Chivian: All retail stores, in which they do cleaning or dyeing or tailoring shall be closed.

Commissioner Howe: Any exceptions?

Mr. Chivian: No exceptions whatsoever that we know of. If the gentlemen of the Commission please, I just want to say another word or two. The reason we are asking for the passing of such an ordinance at this time is because we have developed an organization of retail tailors, cleaners and dyers in the City of Newark, whose aim is to develop the trade to such an extent that the members of the trade shall feel as though they are really true American citizens. We have amongst our midst Americans of the true blood, and foreigners. There are certain members who realize there is a Sunday, a Sabbath, in the week, and others who do not. These others are slaves, perhaps, to convention. They are living in the early nine-

teenth century and not in the twentieth. They do not realize they are destructing their mental and moral standards by keeping open on Sunday. They are ruining their health by reason of the business they are engaged in, and we humbly petition the various commissioners to act on this in our favor. Thank you.

Mr. Henry Green, 239 Avon Avenue: Mr. Commissioners, we are coming to you to petition for this closed Sunday for the tailor. It isn't anything that you are going to force upon them; they are pleading with you in the interest of their families. They do desire one day of rest. But on account of the intricate conditions of the trade they fear one another. They all desire to close, but they are afraid that someone of them might not. But the majority of those people working at that particular dangerous trade with benzine, and inhaling foul air from all the clothes that is brought to them, they want a one day's rest. It is too bad that in the twentieth century we have got to have a law passed. It is too bad that it isn't natural. They do want one day, and we ask you in the name of this wonderful city of ours,—we are proud of it,—and these people do want to enjoy a wonderful respectable Sunday out in our parks with their little ones and have an enjoyable Sunday, and I know it will be appreciated whatever you do for us in the shape of co-operation. You will have no trouble at all. There is nobody protesting, there is nobody against it. Whoever I asked for the signing of the petition, they done it voluntarily, and they said, "I hope that we succeed in having it passed," and I assure you that I know almost positive that we wouldn't have to resort to force them

to close, because I know that they will volunteer once we have a passed ordinance, and they are law-abiding people. Just as soon as they hear that a law has been passed they will be glad to shut their places on Sunday and go out and have one day's rest, and we will be very thankful if you co-operate with us. Thank you.

Commissioner Gillen moved that the report be received and referred to the Law Department for report.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Mr. Green, I hope your desires will be gratified.

Mr. Green: Thank you, Mr. Commissioners. I know you will co-operate.

Commissioner Brennan offered the following resolution:

WHEREAS, The Director of Public Safety publicly solicited proposals covering the furnishing of Dog License Tags, Motor Drivers' Badges, etc., for the License Division, Department of Public Safety; and,

WHEREAS, the proposal submitted by B. Conlan & Company, the only one received, at the prices mentioned below, meets with the specifications and is deemed acceptable in the interests of the City:

1000 or more Brass Dog License Tags (with clasps) .....	30.00 per M.
1000 or more Dog License Tags Nickel Silver (no clasp).....	30.00 per M.
1000 or more Dog License Tags Nickel Silver (with clasp).....	35.00 per M.
100 or more Motor Owners' Badges.....	.50 each
100 or more Peddlers' License Badges.....	.50 each

The Plans and Specifications for the  
new Power House in the rear of the  
City Hall were presented by Commis-  
sioner Gillen and ordered filed.

Commissioner Gillen: I would like  
to say a word with respect to zoning.  
It seems that the Supreme Court of the  
United States has upheld the zoning laws,  
by recent decision. The zoning law that  
the Supreme Court of the United States

has upheld is similar to the zoning law  
that was passed by the Town of Nut-  
ley, which was declared null and void by  
the highest court of this State. It was  
always thought by those who were in-  
terested in zoning, including the bigger  
municipalities, that the time that this  
decision of the Nutley case was upset,  
that if some persons in this State had the  
power or the means to bring the mat-  
ter before the Supreme Court of the  
United States, that the United States Su-  
preme Court would have upset the deci-  
sion of the highest courts of this State.  
It has always been a puzzle to the peo-  
ple of this State why our courts have  
declared null and void many of the zon-  
ing laws that have been passed here. The  
reasons generally given were that they  
were unconstitutional according to the  
Constitution of the State of New Jer-  
sey, but the recent decision of the United  
States Supreme Court is higher, of  
course, than any decision given by our  
State courts, and carries more power and  
weight to it, and now I think that it is  
the duty of the City Commission of New-  
ark to take some action. We have great  
interests at stake here in the City of  
Newark. The City government years  
ago spent a considerable sum of money  
to make a study of zoning and to have  
proper zoning ordinance prepared by ex-  
perts, and after a work which covered a

period of several years, zoning ordinances were prepared and were enacted by the City Commission of Newark. Subsequently we found that according to the decision of the courts of New Jersey, these zoning ordinances didn't amount to a row of pins, and we were terribly disappointed, because it seems that in this City of Newark we had many beautiful residential sections which we were trying to protect, places to which men had gone to build nice homes for themselves and their families where they intended to live for the rest of their lives, and they found, after they had spent probably their whole fortune in constructing a comfortable, and in many instances a beautiful home for themselves and their families, that some person of a mercenary nature would invade their section with some industrial building, or some business building, which immediately destroyed the beauty of the quietude and the comfort of the home that the owner had spent so much money upon. Now, as a result of this, we find that many of the best families of Newark have moved out of the City of Newark, and have gone away into the suburbs where they found large districts protected by deed, restrictions which cannot be upset by the courts, where these districts were used exclusively for residential purposes, and in those districts they could build a beautiful home and they could live there for the rest of their natural lives in comfort, in peace and without any disturbance. Now, it seems that that was the desirable thing for Newark, and there are still left in Newark a few spots where people have nice homes, and these we should protect to our full power so far as we are able. Now, it isn't the duty of some individual to spend vast

sums of money to carry these cases down to the Supreme Court of the United States, or to carry a litigation through the State courts. Everybody hasn't got the money to do that, but this is a matter of such public welfare, a matter that involves the interests of so many of our citizens; in fact, I would say without fear of contradiction that 90 per cent of our citizens, because they have a few speculators that have no regard or any respect for the investment of the people in their homes for the comfort of these people and for their pleasure. They are in the minority. There are only a few of those fellows, and 90 per cent of our population are interested in seeing that our zoning ordinances be upheld. Otherwise, nobody who wants a nice home is going to live in the city of Newark. Now, we, representing the people of Newark, should make every effort to prevent a condition of that kind and to correct a condition which is injuring so many. I would therefore offer a motion, Mr. Mayor, and gentlemen, that this recent decision of the Supreme Court of the United States be referred now to the Law Department for a close study, and that a report be submitted to this Board of the power of this Commission, to prepare some cases on zoning that are in litigation and to carry these cases to the Supreme Court of the United States, if necessary, and to find means of financing same.

Commissioner Murray seconded the motion.

Yeas: Commissioners Brennan, Gillen,  
Howe, Murray.

The following communication was received and read:

Board of Adjustment  
City Hall

Newark, N. J., December 6, 1926

The Board of Commissioners of  
The City of Newark.

Honorable Sirs:

In the matter of the application of  
Izsack Klepner to change North 13th  
Street between Orange Street and the  
Lackawanna Railroad from a residence  
district to an industrial district.

On November 9th the Board of Ad-  
justment recommended to your Honor-  
able Body that this application be not  
granted, as a visit to the premises con-  
vinced the members that the application  
was not justified in that it would change  
both sides of the entire block for the  
benefit of one piece of property.

In compliance with your instruction  
of November 16th the Board granted a  
re-hearing to the applicant on December  
2nd, but the Board is still of the opinion  
that this entire block should not be  
changed merely to permit one owner to  
improve one piece of property. A  
change of this block to an industrial  
district would open the door to the  
building of certain hazardous lines,  
which in the opinion of the Board should  
not be permitted without giving the  
neighboring property owners and mer-  
chants on Orange Street an opportunity  
to be heard in the matter.

The Board would be glad to entertain  
an application from Mr. Klepner for a

particular building to be used for a cer-  
tain definite commercial or industrial  
purpose.

The Board of Adjustment, therefore,  
respectfully recommends that the ap-  
plication be not granted.

Respectfully submitted,

R. B. Rankin,  
Secretary.

On motion the matter was laid over  
for one week.

Commissioner Murray offered the fol-  
lowing resolution:

RESOLVED: that the sum of Forty-  
seven thousand three hundred forty-seven  
dollars and eighteen cents (\$47,347.18)  
be and the same is hereby appropriated  
to the City Treasurer, being the semi-  
monthly payroll of the Department of  
Public Works from November 16th to  
30th, 1926, as follows:

Director's Office .....	\$1,275.82
Employment Bureau .....	932.50
Bureau of Health .....	15,399.75
City Hospital .....	17,419.92
Bureau of Baths .....	4,372.75

Commissioner Howe: Any citizen  
anything to bring before the Commis-  
sion? If not, a motion to adjourn will  
be in order.

Commissioner Brennan: I move that  
the meeting adjourn.

W. J. Egan,  
City Clerk.

Newark, N. J., December 14, 1926.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, N. J., at 11 A. M.

Present: Commissioners Brennan, Howe, Murray.

Absent: Commisisoners Gillen, Mayor Raymond.

Commissioner Howe presiding.

The minutes of meeting of December 7th were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Henry Gottfried: I appear for a taxpayer on petition to change North 13th Street from Orange Street to D. L. & W. Railroad, to change that from a business and residential to a light industrial district. I might say at this time that 14th Street in the rear of North 13th Street is an industrial district at the present time. The D. L. & W., which is adjacent to this petitioner's property, has changed that entire district there. The property at present is in a dilapidated condition and it would cost more to repair it than the property is worth, because of the railroad smoke and noise. You have a street there the property is inhabited by colored and whites. The properties on the street, there are some 22 properties on the entire street. The street is approximately 250 feet in length from Orange Street

to the D L & W., where it cuts off the street here. Now, this petition I have here is signed by all the residents on the street and we are respectfully submitting that the street be changed from a business and residential to a light industrial.

Commissioner Brennan: We have referred this proposition before to the Zoning Commission. I think we have their second recommendation on it.

Commissioner Murray: I think that North 13th Street, because of the railroad and the character of the structures all around it, that it wouldn't hurt it a bit.

The following communication was received and read:

December 6, 1926.

The Board of Commissioners

Honorable Sirs:—

The Board of Adjustment, therefore, respectfully recommends that the application be not granted.

R. B. RANKIN,  
Secretary.

Ordered filed.

Mr. Gottfried: I might state at the time the petition was presented—I now present a petition with all the signatures of the property owners on the

block. They have joined in the petition.

Commissioner Howe: Are you one of the owners?

Mr. Gottfried: No; I represent one of them.

Commissioner Howe: Have you any idea what they want to build there?

Mr. Gottfried: At the present time I haven't, but my client has in mind to tear down the property and to try to rent it for some purpose and build to suit. At the present time it is a residential district and restricted to building anything but residences.

Commissioner Murray: I moved that the petition be received and filed and referred to the Board of Adjustment. I don't think it would wreck the neighborhood by a jugful. It would seem that the railroad has killed this for residential purpose that it would be a good thing to refer it for further action.

Commissioner Howe: It might be possible. Judge Murray, that your client might make application for the erection of a building that might not be objectionable.

Mr. Congleton: The Board of Adjustment can grant permission for a particular piece of property, even though it is in a residential section, for a particular use.

Commissioner Murray: If they are going to do it piece by piece, they can do it.

Commissioner Howe. Any question on the motion of Judge Murray?

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to repeal Section 5, of Article 1, of an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," adopted July 15, 1924.

An ordinance granting permission to the New York Bay Railroad Company

to construct, operate and maintain a single track siding in Rose Street and Jelliff Avenue.

The Board of Commissionere of the City of Newark, D. Ordain:

Section 1. That permission be and the same is hereby granted to the New York Bay Railroad Company to construct, operate and maintain a single track siding in Rose Street and Jelliff Avenue as follows:

Beginning at a point in the southerly line of Rose Street distance sixteen feet easterly from the southeasterly corner or Jelliff Avenue, thence running northerly on a tangent at an angle of sixteen degrees and thirty minutes with the present easterly main track a distance of eighty-three feet, thence by curve, with a radius of three hundred feet, a distance of one hundred and thirty-three feet to the westerly line of Jelliff Avenue and the lands of the New York Bay Railroad Company, being one hundred and ten feet distant northerly from the northerly line of Rose Street, as measured along the westerly line of Jelliff Avenue.

Section 2. That such permission be and the same is hereby given upon the condition and provision that the said single track siding shall be removed within ninety (90) days after the receipt by the said New York Bay Railroad Company or its successors, of notice from the City of Newark, ordering the discontinuance of said single track siding; and upon the further condition and provision that the said single track siding shall be changed in grade

to correspond to any changes that may be made in the grade of Rose Street and Jelliff Avenue, and upon the still further condition that the portion of the single track siding within the limits of Rose Street and Jelliff Avenue shall be constructed with nine-inch Trilby rail and the area between the rails shall be paved with new granite blocks on a concrete foundation with asphalt and sand filled joints, and that a watchman with proper signals shall be stationed at the crossing whenever necessary to give warning of the passing of cars or locomotives.

Section 3. That the said permission be and the same is granted upon further condition that the said New York Bay Railroad shall at its own expense make all changes in the pavement, curb and sidewalk, including sewer basin work, made necessary by the installation of said single track crossing at grade to the satisfaction of the Director of the Department of Public Affairs.

Section 4. That the said New York Bay Railroad Company shall indemnify and save harmless the said City of Newark, its officers, agents and servants from any and all claim or claims whatsoever for any damage to any person, firm or corporation arising from or in any way connected with the granting of said privilege or by reason of the location, grade, maintenance and existence of said single track siding at grade.

Section 5. That such permission be and the same is hereby granted upon the further condition that the said New York Bay Railroad Company shall file with the Clerk of the City of Newark their written acceptance of the provisions of

this ordinance within thirty (30) days of the date on which it takes effect and shall pay on demand of the City of Newark the amount of the cost and expense to the City of all official publications of this ordinance.

The following communications were received and read.

FIRST CRIMINAL COURT OF  
THE CITY OF NEWARK

Newark, N. J. December 9, 1926.

Broad of Commissioners,  
City of Newark, N. J.

Through courtesy of Hon. William J. Brennan.

Honorable Sirs:

We, the undersigned Deputy Clerks of the Criminal Courts of the City of Newark respectfully petition your Honorable Body for an adjustment of salary from the present rate of \$2,500 per annum to \$3,000 per annum.

Our request takes this form for the reason that there has not been provided for our class of service any yearly automatic increase, and in view of the fact that each of us has been employed by the City for a term of years without having received any salary raise, we feel that we are entitled at this time to consideration by your Honorable Body.

Deputy Clerks are obliged to leave their homes at night and on Sundays and holidays to take complaints and to hold offenders to bail. They are required by law to assist the Clerks and the Judges in the performance of their duties, and in the absence of the Clerk or Judge assume full responsibility for the functioning of the Courts.

Increase of salary has recently been granted to the Deputy Clerks of the

District Courts of this City from \$2,500 to \$3,000 per annum. Deputy Clerks in the Criminal Courts of our sister first-class city receive \$3,600 per annum, and in our city a Deputy Clerk does not receive a salary equal to that of a sergeant of police.

Present living costs in the city make it difficult to maintain in appearances in keeping with the dignity of the positions which we hold.

Your respectfully,

Ellsworth R. Noble,  
Deputy Clerk, 3rd Criminal Court.  
Harry Grundman,  
Deputy Clerk, 1st Criminal Court.  
Robert J. Beckley,  
Deputy Clerk, 2nd Criminal Court.  
FIRST CRIMINAL COURT OF  
THE CITY OF NEWARK

December 11, 1926.

Broad of City Commissioners,

Newark, N. J.  
Gentlemen:

Attention of Hon. William J. Brennan:

We have been informed that the Deputy Clerks of the Criminal Courts have applied to your Honorable Body for an increase in salary.

Being in close touch with these men and knowing the nature of their duties, and the manner in which they perform them, we heartily indorse their application, and recommend that your Honorable Body act favorably upon it.

Respectfully yours,

Frank A. Boettner,  
Judge, 1st Criminal Court.  
Nicholas Albano,  
Judge, 2nd Criminal Court.  
John C. Howe,  
Judge, 3rd Criminal Court.

Referred to Budget Conference.

Commissioner Brennan: I move that a conference of the Commission on budget be held a week from tomorrow, Wednesday, December 22, 1926, in the Auditor's Office, at 11 o'clock in the morning.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray.

Commissioner Howe: Any citizen desire to appear before the Commission? It not, a motion to adjourn will be in order.

Commissioner Brennan: I move that the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray.

Approved:

JOHN HOWE  
W. J. BRENNAN  
JNO. F. MURRAY, JR.

The Board of Commissioners of the  
City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., December 21, 1926

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Muray.

Absent: Mayor Raymond.

Commissioner Howe presided.

The minutes of meeting of December 14th were read and approved.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Nathan Harris, 24 Branford Place: I have a plan here for a twelve story hotel to be built down at Broad and Emmett Street, Newark, and we would like to have the height limit raised down there so we can build the hotel. At the present time we are limited to eight stories and we believe that in so far as it is Broad Street, there is nothing down there—that we are only bettering the neighborhood, and we should be given permission——

Mr. Congleton: What is the height?

Mr. Harris: 85 feet.

Mr. Congleton: And you want to go what?

Mr. Harris: 120 feet.

Commissioner Gillen: You want to go to 120 feet?

Mr. Congleton: Where is that 85 foot limit?

Mr. Harris: It commences on the other side of the Elks' Club, although I understand the Industrial Building—

Commissioner Gillen: I move it be referred to the Law Department to prepare an ordinance changing the height.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions, adopted December 31, 1919.

The Board of Commissioners of the City of Newark Do Ordain:

Section 1 That an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions, adopted December 31, 1919, is hereby amended by extending the 50 foot height district and the "C" Area District, so as to include the area described as follows:

BEGINNING at a corner formed by the intersection of the westerly line of Sanford Avenue with the southerly line of Marion Avenue; thence northerly along the southerly line of Marion Avenue 115.24 feet; thence southerly 100 feet; thence easterly 98.66 feet; thence northerly 102.35 feet to said corner and place of BEGINNING.

and that the Height and Area District Maps which accompany the ordinance to which this ordinance is an amendment be and the same are hereby changed so as to include the area above described.

Section 2. This ordinance shall take effect immediately upon final passage and publication in accordance with Law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that December 28th, 1926, at 11 A. M. or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to repeal Section 5, of Article I, of an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," adopted July 15, 1924, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to repeal Section 5, of Article I, of an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey," adopted July 15, 1924.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

City Hall

Newark, N. J., December 20, 1926.  
Mr. William J. Egan,

City Clerk, City Hall,  
Newark, N. J.

Dear Sir —

Enclosed please find resolutions passed by the Newark Real Estate Board. Will you bring the matter up at the meeting tomorrow.

Yours very truly,

CHARLES P. GILLEN,  
Director.

WHEREAS, the Department of our State Highway Commission under the leadership of Major Sloan, has recently presented a plan to build a viaduct across Broad Street, at the intersection of Central Avenue, Newark, N. J.; and

WHEREAS, it is proposed to continue this elevated roadway through our City for the purpose of solving our present and future traffic problems, and care for the increased traffic that will develop upon the opening of the vehicular tunnel and bridge connecting New York with New Jersey; and

WHEREAS, we appreciate it is timely and imperative that some plan will have to be evolved and adopted that will meet conditions confronting us, we have given the viaduct proposition considerable study and thought. We believe that some other and better plan can be devised in this age of underground transportation service;

NOW, THEREFORE BE IT RESOLVED, that the Newark Real Estate Board at its regular monthly meeting, held this 16th day of December, 1926, express our objection to the viaduct over Broad Street, Newark, N. J., for the

purpose of requesting our Highway Commissioners to devise and give consideration to other plans; and

BE IT FURTHER RESOLVED, that a copy of this resolution be sent to the President of the Highway Commission of New Jersey, Mayor and Commissioners of the City of Newark, N. J., and the press.

Chairman of  
Resoluton Committee.

Real Estate Board  
Seal.

Commissioner Gillen: I move that this matter be referred to Mayor Raymond for report.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

WHEREAS, in accordance with Chapter 175 of the State Laws of 1919, the Joint Meeting shall before the first day of December of each year make an estimate and determine the cost and expense of maintaining and opening such public improvement for the year beginning the 1st day of January then next, and shall cause the same to be certified by the Secretary of the Joint Meeting to each of the municipalities contracting for said improvement;

THEREFORE BE IT RESOLVED, that the Joint Meeting hereby estimated and determines the cost and expense of maintaining and operating Joint Outlet

Trunk Sewer for the year beginning January 1, 1927, to be the sum of \$9,100.00 and the Secretary is hereby directed to mail a copy of this resolution to each of the municipalities represented on the Joint Meeting.

I hereby certify that the foregoing resolution was adopted by the Joint Meeting on December 16, 1926.

EDWARD S. RANKIN,  
Secretary Joint Meeting.

Order referred to Commissioner Howe.

Board of Adjustment  
City Hall

Newark, N. J., December 20, 1926.

The Board of Commissioners of  
The City of Newark.

Honorable Sirs:—

After careful consideration of the second application of Izaac Klepner for a change in the restrictions covering his property in No. 13th Street, the Board of Adjustment respectfully recommend as follows:

That the three properties adjoining the south ramp of the bridge over the Lackawanna Railroad on the west side of North 13th Street, known as street numbers 20, 22 and 24 and lots 23, 24 and 25 on block 1901 according to the tax maps, be placed in the industrial district.

The purpose of this recommendation is to allow the owner to develop this property along industrial lines, as the possibility of development for residential purpose is remote.

Respectfully submitted,

R. B. RANKIN,  
Secretary.

Referred to Law Department for purpose of drafting ordinance which is to be according to the recommendation of the Adjustment Board.

The following report of city officers was received and ordered filed:

Acting City Auditor for November, 1926.

Commissioner Howe: Any citizen desire to be heard?

Mr. Congleton: May it please you, Mr. Commissioners, I have had handed to me by representatives of the owners of the property involved, a petition drawn in the manner prescribed by statute and verified in the same manner, requesting the annexation to the City of Newark of a part of Maplewood Township, the part shown in red outline, which is immediately to the west of our present city line, and goes up far enough to take in the property owned by the city where our Almshouse and Convalescent's Hospital are, and other property too, that is being developed. It has \$179,000 worth of tax ratables according to the assessor's book, and I have been requested to present it to you for action.

To the Board of Commissioners of The  
City of Newark:

Your petitioners, whose names are  
hereunto subscribed, by this, this petition,  
respectfully set forth:

1. That no legal voters reside on the  
land hereinafter described and that said  
petitioners are the persons and corporations  
at the present time owning sixty  
per centum and upward of the land here-  
inafter described, as shown by the as-  
sessor's duplicate of assessment for  
taxes, in the Township of Maplewood in  
which said land lies for the preceding  
year, to wit: 1926.

2. That your petitioners are the own-  
ers of the land in said Township of Ma-  
plewood appearing on the assessor's du-  
plicate of assessment for taxes and tax  
map of said Township, on Plate 41, Lots  
Nos. 268 to 271 inclusive, 289 to 302 in-  
clusive, and 305 to 317 inclusive, assessed  
in the name of Hannah S. Strauss for  
\$2,300.00; on Plate 41, Lots Nos. 151 to  
172 inclusive, assessed in the name of Ivy  
Realty Company, for \$3,300.00; on Plate  
41, Lots 121 to 150 inclusive, assessed  
in the name of Marsac & Company, for  
\$11,500.00; Plate No. 41, Lots Nos. 176  
to 200 inclusive, assessed in the name of  
Amos F. Brown for \$5,700.00; Plate 4,  
Lots Nos. 201 to 220 inclusive, assessed  
in the name of Philip Rose for \$9,200.00;  
Plate 41, Lots No. 221 to 230 inclusive,  
assessed in the name of Marsac & Com-  
pany for \$8,400; Plate 41, Lots Nos. 231  
to 250 inclusive, assessed in the name of  
A. C. Brown for \$5,600; said land here-  
tofore having been conveyed by the own-  
ers as shown by the assessor's duplicate  
of assessment of taxes in said Township

of Maplewood and are now owned by  
your petitioners as appears from vari-  
ous deeds recorded in the office of the  
Register of Essex County.

3. That your petitioners request that  
such land lying and being in the Town-  
ship of Maplewood, County of Essex,  
may be annexed to and become part of  
the City of Newark to which said land  
is contiguous.

4. That the said land is all that por-  
tion of the Township of Maplewood, in  
the County of Essex, which is included  
within the boundaries designated by red  
lines on the map represented by Mar-  
shall A. Congleton, which map is at-  
tached hereto and made a part hereof.

5. That this resolution has attached  
hereto a certified copy of the resolution  
of the Township Committee of the  
Township of Maplewood in which said  
land is located, consenting to said an-  
nexation.

Your petitioners therefore pray that  
your Honorable Body will, by ordinance,  
annex the said land in this petition spe-  
cifically described, to said City of New-  
ark according to the statute in such case  
made and provided.

Commissioner Murray: I move we  
express our acceptance of the annexa-  
tion of this property to the city, and that  
the matter be referred to the Law De-  
partment for the preparation of an or-  
dinance to properly cover it.

The roll being called, the motion was  
declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen,  
Howe, Murray.

Commissioner Gillen: There is a  
question of the viaduct over Broad  
Street to the Lackawanna Railroad Sta-  
tion, over Broad Street. For sometime  
there have been persistent rumors that  
the Lackawanna Railroad is going to  
make some radical changes, some  
changes up Broad Street, and these ru-  
mors have been more persistent in the  
recent weeks than they have been even  
during the past two years. Now, if the  
Lackawanna Railroad is really going to  
make any substantial changes at that  
point, I think that the City of Newark,  
particularly the Commission here,  
should be very much interested in the  
character of the changes. I don't know  
that they are going to make any changes,  
only the rumors persist, and if so, we  
should make a careful study of what is  
intended, and to that end I think we  
should confer with representatives or  
officials of the Lackawanna Railroad  
Company. The bridge crossing Broad  
Street, the Lackawanna Railroad bridge  
which now crosses Broad Street, isn't a  
suitable bridge for a street of the char-  
acter of Broad Street. In fact, it is very  
unsightly. It looks like a railroad  
freight bridge that we would see in a  
one-horse town. That isn't the kind of a  
bridge that ought to cross the most im-  
portant thoroughfare of the City of  
Newark. When the Lackawanna Rail-  
road makes improvements in little bits  
of towns all through New Jersey, they  
construct very ornamental depots and  
very ornamental bridges wherever they  
construct bridges, and these structures  
are a credit to the town, and they are  
beautiful, in most cases. If you go  
through Morristown and these different  
towns along the Lackawanna Railroad,  
you find beautiful bridges wherever you

go In Newark they have probably the most unsightly bridge of all of the bridges they have in New Jersey towns, and if they are going to make any changes, I think that this Board ought to confer with the officials of the Lackawanna Railroad with a view to having a beautiful bridge, a creditable bridge crossing Broad Street at that point, and with the view to possibly eliminating from Broad Street the freight depot. I think a conference of that kind can do no harm, and may possibly do a great deal of good, so if this meets with the approval of the Board, I move that the officials of the Lackawanna Railroad be invited to confer with the representatives of this Board on the question of Broad Street changes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Any citizen desire to be heard? If not a motion to adjourn will be in order.

Commissioner Brennan: I move that the meeting adjourn.

Newark, N. J., Dec. 23, 1926.

Honorable Board of Commissioners,  
City of Newark,

City Hall, Newark, N. J.

Gentlemen:

Attention Mr. William J. Egan, City  
Clerk.

We hereby apply for a change in the  
zone covering property owned by this  
company and fronting on Hanford,  
Wharton, Van Vechten, Carrington and  
Ludlow Strets, being block Nos. 3761-  
3762. It is our desire to have this prop-  
erty changed from the residential zone  
to the light industrial zone.

We have owned this property for some  
time and have made every effort to de-  
velop the same, or sell the land, for de-  
velopment along residential lines, but be-  
cause of the fact that it is in the heart  
of an industrial district, and because the  
property directly to the east is in the in-  
dustrial zone, we have found it impos-  
sible to sell the land for residential pur-  
poses.

We are quite sure that an inspection  
of this location and the contiguous  
properties will bear out our contention

that this property properly belong in the  
light industrial zone.

Respectfully yours,  
F. & B. Investment Co.,  
By John F. O'Brien,  
Secretary.

Ordered referred to the Adjustment  
Board.

ceived an read:

Patten Avenue  
Long Branch, N. J., Dec. 27, 1926.

To the Board of Commissioners,  
City Hall, Newark, N. J.

Gentlemen:

You are hereby cordially invited to at-  
tend the double installation of the  
Kearney Sheridan Post No. 1, G. A. R.  
of New Jersey, and the Phil Sheridan  
Circle No. 6, Ladies of the G. A. R., of  
New Jersey, to be held on January 3,  
1927, at 473 Broad Street, Newark,  
N. J., at 8 o'clock P. M.

As you are an honorary member of the  
Kearney Sheridan Post No. 1, your pres-  
ence will be highly appreciated by the  
members of both the post and the circle.

Yours in F., C. and L.,  
Chas. W. Hopper,  
Commander.

Attest.

James H. White, Adjutant.

Communication received and invitation accepted by as many commissioners as possibly can attend.

Commissioner Howe: Any other citizen wish to be heard?

Hon. Paul J. Moore: Mr. Mayor and Commissioners: On behalf of the citizens of Roseville, I appear before you this morning to protest against the re-routing of the trolley line on Orange and Warren Streets. We want the present conditions to prevail. At the present time the Elizabeth car proceeds along Orange Street to the car barns, the upper end of Roseville. The proposed change is to cut the Orange line in half, that is half of the present trolley line that runs on Warren Street, or Orange line, to proceed down along Orange Street and enter the Terminal. The other half to go down Warren Street. Now, at the present time the service proceeds down South Broad Street to Elizabeth. If the proposed change goes into effect, anybody that wants to go south on Broad Street further than the Public Service Terminal will have to change and pay an additional fare; not alone that, but the inconvenience and time lost. Now, we want the conditions as they are. We do not want to dictate to the Public Service Corporation just what line they will run on Orange Street, but we would like them to continue the service down along South Broad Street as at the present time. The Orange trolley, if it is run down along Orange Street, by the time it gets to the Roseville Section will be filled to capacity, thereby causing great inconvenience to residents of Roseville. Now, there are

other citizens here. We would like this right, Commissioners, to take this matter up with the Public Utility Commission and voice the sentiment, if you will, of the citizens of Roseville in protest against this proposed change. Now, there are other citizens of Roseville that desire to be heard.

Commissioner Howe: We will be glad to hear any of your friends.

Mr. Fred Bowden: I am here, gentlemen, not only as a citizen of Roseville, but as an officer of the Mutual Bank of Roseville. It is necessary for us several times during the day to send our messengers downtown. Now, if they have to get out at the Terminal and walk all the way from the Terminal down to the Financial District, under present conditions as they exist today, is a very dangerous proposition, and it is necessary for the bank to maintain a cab on the outside for the convenience of the messengers, almost all day long, and it works out in a very bad way for everybody in Newark. You cannot get down Market Street excepting you walk about four blocks to transfer, and in bad weather—you can manage as it is today, you couldn't get a better example of that than today—old women and children, and everybody else, and we are not asking anything unfair from the Public Service; they are entitled to a square deal, but we would like to get something from them in return, and we are asking that this service be continued as it is to run to the southern end of the city, at least, or better, if possible. Gentlemen, I thank you.

Commissioner Howe: Any other citizens?

Mr. W. W. Michaels: We find that a great many of the citizens of Roseville are employed in the southern end of the district of the city, out toward the Durant plant, and many of the leather factories, and to make the change on the Elizabeth line would work a considerable hardship upon those men who go to and from work each day. Should this proposed proposition go into effect, it would mean the loss each way each day of something like 15 or 20 minutes time, besides the additional carfare, which is something that is very undesirable to the workers and it would work a handicap on them, not only from that standpoint, but we find that the workers are more inclined to get closer to their work and be more proficient, and so forth, but it doesn't protect property owners of our district as it should if this proposed change should go into effect, because men would be inclined to move out of the district and go closer to their work and avoid these delays and extra carefare, and we feel it would be a handicap, not only to the worker, but also to the property owners and the citizens of the district, and for that reason we would ask the indulgence of the Commission of the City to endeavor to uphold this proposition and assist in the matter as much as possible, and that is all we can expect, of course, and if there is anything else, if it had to go further, use such measures as would be necessary, even I might suggest to the extent of holding up this proposed change until the citizens of this district can be properly heard before this state commission.

Commissioner Howe: Chief, have you any others?

Mr. Moore: There are others here, but that is all.

Commissioner Howe: Are you folks satisfied with the present condition?

Mr. Moore: Yes; with present conditions.

Commissioner Howe: Mr. Costello, what do you know of the contemplated change that is before the City Commission today?

Mr. Costello: The Public Service has made this application for the change of route, and we don't altogether approve of it, and we recognize the rights of these Roseville citizens to go south on Broad Street, and I think that before this would be approved by us that the Roseville citizens be satisfied. There is some merit in this application, but if the present service is satisfactory, why, I think their claim should be considered and the service given that they ask for on South Broad Street. Mr. Crawford and the traffic experts are studying it, and they believe there is merit in the claim of these citizens to continue south, which I believe they will keep, if we can help them.

Commissioner Gillen: As it is now the change cannot be made until the city consents?

Mr. Costello: I understand it is the Public Utilities and the city doesn't have any power over it. Do they, Mr. Congleton?

Mr. Congleton: I am not in a position to say. I understand it is under the Public Utilities.

Commissioner Gillen: There are a great many industries in that southern

end of the city in which citizens of Rosevill are engaged, citizens from the north end and northwestern section, and you cannot say over night that they have got to pay 10 cents and not 5 cents fare. That would be entirely wrong within the city limits, and whatever may be the ultimate change in fares outside of the City of Newark, certainly within the city limits we should work for the 5-cent fare and stick to it. There isn't any good reason for increasing the fare in the city. If you reroute lines and make a passenger who has to go to some other point in the city to change cars and cost him, as the Congressman says, to cause him unwarranted delay, and you make him pay 10 cents instead of 5 cents, and these changes are so frequent that we cannot say any longer we have a five-centfare in the City of Newark. If they keep on you won't be able to go from any part of the city to another part of the city unless you pay 10 cents. That, of course, the citizens of Newark should oppose, unless it is absolutely proven that transportation systems cannot operate under a 5-cent fare. That hasn't been proven yet, and until it is proven the citizens should oppose an increase within the city limits, at least, I think this Board should do everything within its power to protect the citizens' rights in this matter, and I think the Board will. So these changes should not be made over night without full consideration and without the consent of the people of Newark. After all, they have some rights in these matters and their rights must be recognized in one way or other. Therefore, I move you, Mr. Mayor, that when these changes are considered, if there is any conference between the Public Service Company and the Engineering Department, that a committee of the Roseville citizens be invited and permitted to sit

in that conference.

Commisisoner Murray: I second that motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following communication was received and read:

Broad Street Association, Inc.  
Kinney Building

Newark, N. J., Dec. 24, 1926.

Hon. William J. Brennan,  
Director of Public Safety,  
City Hall, Newark.

Dear Director Brennan:

You will recollect that some time ago the Broad Street Association submitted to the Commissioners of the City of Newark a report of our Traffic Committee (which had been approved by the members of our Association) which contained certain suggestions regarding the regulation of traffic on Broad Street.

This report was referred to you and we appreciate the courteous treatment it received at your hands and the way in which you have put into effect many of the suggestions it contained.

One of the suggestions on which you have not acted, up to the present time, was the elimination of parking on several of our main thoroughfares, including Broad Street, during the rush hours.

We understand that it is your intention to put this plan into practice on Market

Street for a period of one month, beginning January 3, and the Directors of the Broad Street Association earnestly request you to extend this prohibition of parking during the rush hours, both morning and evening, to Broad Street, from the Lackawanna Railroad to Lincoln Park.

We have the assurance of the engineers engaged by the city to study traffic conditions that this request will not conflict with any suggestions they will make when their report is ready for the City Commissioners.

Hoping you will see your way clear to grant our request and wishing you the compliments of the season.

Sincerely yours,

Moses Plaut,  
President.

Ogden H. Bowers,

Executive Manager.

Order filed.

Commissioner Brennan offered the following resolution:

WHEREAS, the Broad Street Association, in conference with the Director of the Department of Public Safety, has signified its willingness to co-operate in testing out temporarily on Broad Street, between the Delaware, Lackawanna and Western Railroad Company Station and the southerly line of Lincoln Park, a "No Parking" regulation; and

WHEREAS, in the judgment of the Director of the Department of Public Safety, such regulation will promote the general welfare of business interests of the City if said regulation can be properly enforced;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that beginning on Monday, January 3, 1927, and continuing throughout the month of January, 1927, a "No Parking" Regulation on Broad Street, between the Delaware, Lackawanna and Western Railroad Company Station and the southerly line of Lincoln Park, between the hours of 8 and 9 o'clock A. M., and 4:30 and 6 o'clock P. M., be enforced; and

BE IT FURTHER RESOLVED, that this Board express to said Broad Street Association its appreciation of the co-operation of said Association in this matter.
